*Arms and the Man, The Devil's Disciple, Caesar and Cleopatra are some of Shaw's most popular and frequently performed works. They demonstrate the development of Shavian comedy and contain early formulations of his idea of the Superman, an extraordinary individual who catalyzes the evolution of mankind.*

*This is a story about the hunt for a serial killer. It explores the thoughts that drive this killer. It also explores the psychologically damaging effects that the investigation has on the detectives who are hunting for the killer.*

*The Encyclopedia of Psychology and Law addresses the interface of psychology and law and draws from the related discipline of criminal justice. These two volumes represent an outstanding collection of entries describing a wide array of contemporary and historical psychology and law topics. With more than 400 entries, this comprehensive resource is perfect to fill the substantial gap in the holdings of academic, professional, and personal libraries on this topic. Key Themes: Criminal Competencies, Criminal Responsibility, Death Penalty, Education and Professional Development, Forensic Assessment in Civil and Criminal Cases, Juvenile Offenders, Mental Health Law, Police and Investigative Psychology, Psychological and Forensic Assessment Instruments, Psychology of Criminal Behavior, Sentencing and Incarceration, Symptoms and Disorders Relevant to Forensic Assessment, Trial Processes, Violence Risk Assessment, The Encyclopedia of Psychology and Law allows individual students, scientists, and practitioners to keep abreast of the growing knowledge base outside their individual areas of expertise, making it a must-have resource for any academic library.*

You can lose weight like crazy, and you can achieve anything! Autumn Calabrese shares the revolutionary step-by-step approach to lose weight that made her one of the top fitness and nutrition celebrities in the world. No cutting corners and no BS: In this book she reveals the personal struggles that shaped her approach to overcome excuses that led to this 30-day plan to succeed at weight loss, and life! Hey there! I'm Autumn Calabrese. I'm a Midwest girl, a single working mom who really had no business being in the business of health and fitness. But I found my passion in helping people achieve their weight-loss and health goals. I turned myself into a mini mega-mogul of nutrition and fitness with two of Beachbody's most successful programs ever: 21 Day Fix and The Ultimate Portion Fix. I've led a crazy life and it's still crazy—probably a lot like yours. I've faced tremendous hardships and disappointments that have deflated my self-confidence. But I've found a way to turn “failures” into “redirections” that have transformed my life. And you can do it, too! Over the past five years, I've helped hundreds of thousands of people finally get control of food and lose 10, 20, 30, even more than 100 pounds with my breakthrough weight-loss programs. And, now I'm going to do the same for you! Imagine enjoying your favorite CARBS, WINE AND COCKTAILS, AND EVEN CHOCOLATE CAKE and still melt fat to build the lean, fit, healthy body you've always wanted! Here's my proposition: Give me just 30 days of your time, trust my process, GO ALL IN, and see what happens to your body. If you've ever struggled to lose weight before, I know why, and I have the solution. Lose Weight Like Crazy is NOT a DIET. There's Zero Deprivation. It works by automatically controlling your portion sizes, eliminating those unhealthy, sugary processed foods that trigger cravings, and filling you up on a proven ratio of healthy whole foods. It's simple. It's backed by science. And it works. Here's what YOU can expect while you lose weight like crazy: You won't count calories! You won't feel hungry or deprived! You can enjoy dessert! You can have a cocktail with your friends! You can speed up your results by adding fast, fun exercise routines that you'll love! (free lifetime access to my 2 new workout videos included with the book!) You can maintain your new body and feel amazing—for life!

Extraordinarily comprehensive in both historical beginnings and modern-day practice, Dr. Robert Sadoff's The Evolution of Forensic Psychiatry features prominent leaders and researchers in the field who continue to have the greatest influence on the growth of forensic psychiatry.

Is insanity a myth? Does it exist merely to keep psychiatrists in business? In Insanity: The Idea and Its Consequences, Dr. Szasz challenges the way both science and society define insanity; in the process, he helps us better understand this often misunderstood condition. Dr. Szasz presents a carefully crafted account of the insanity concept and shows how it relates to and differs from three closely allied ideas—bodily illness, social deviance, and the sick role.

Every human born in this world inherits a right to choose his / her destiny. Not everyone makes a righteous choice but a right of choice is available to all. In order to make a righteous choice, one must consider life in this world and the life hereafter in to account. The choice shall be to reverse unto ONE who creates, never dies and lives in eternity that is Almighty The-God. Goodness is the perception and dream of every human in this life. That dream could only be achieved when human is not in conflict within self. The self shall be maintained pure by abidance of life principles recommended by Almighty The-God. When human abides by such principles of life, conscious becomes clear, self-confidence evolves, futuristic events become understandable and human life is fully consoled.

Life Lessons and a Breakthrough 30-Day Nutrition and Fitness Solution

*Jesus came to this earth to offer an alternative lifestyle, in total contrast and opposition with the mundane lifestyle predominant in our societies. He did this through his living example and his inspired teaching. While Jesus invites people to choose the narrow path, he warns of terrible danger confronting those who follow the wide and easy road that leads to perdition. His restricted path, embraced by few, is strewn with sufferings, persecutions, lack of material possessions, and all the miseries known to mankind. On the contrary, the highway to perdition, taken by many, offers considerable amount of pleasures, riches, and satisfactions. By opposing the basic human tendencies, Jesus offers the bitter medicine of service, poverty, and abstinence instead of power, riches, and sex. This radical opposition to the corrupt human nature is topped with a brand of faith unknown to the world and revolutionary to many that subverts all the fundamental categories of human knowledge.*

*Steven Lomelino experienced insane success in three distinct forms.\* During his 20's by means of a quick series of promotions.\* During his 30's by literally going insane trying to recreate that short-lived success.\* During his 40's by applying God's, insane-sounding, definition of success. Now in his early 50's Steven has abandoned his pursuit of the American Dream for the greater goal of fulfilling God's will for his life. His life is now one of true insane success. Join Steven on his journey through career success, losses, despair, injustice, recovery, and hope to discover that God has a plan for your life that also leads to insane success.*

*In 1981, Toronto activist Mel Starkman wrote: "An important new movement is sweeping through the western world.... The 'mad,' the oppressed, the ex-inmates of society's asylums are coming together and speaking for themselves." Mad Matters is the first Canadian book to bring together the writings of this vital movement, which has grown explosively in the years since. With contributions from scholars in numerous disciplines, as well as activists and psychiatric survivors, it presents diverse critical voices that convey the lived experiences of the psychiatricized and challenges dominant understandings of "mental illness."*

*The connections between mad activism and other liberation struggles are stressed throughout, making the book a major contribution to the literature on human rights and anti-oppression.*

Insane Success! From Losing the American Dream to Finding God's Abundant Life

An Inside View into the Dark Side of a Music Icon He was the King of Pop, a superstar without equal, the idol of millions of young people around the world. But was Michael Jackson also a sexual predator without equal, someone who preyed on the very fans who adored him? Bad is the revelatory untold true story of the strange and larger-than-life career of Michael Jackson, the King of Pop. In the wake of the controversial two-part documentary Leaving Neverland, which told the stories of two young boys who were befriended by the singer and have claimed they suffered years of agonizing abuse, Dylan Howard set out to investigate Jackson 's life and death in unprecedented depth, to determine—as one lawyer suggested—that the pop star ran " the most sophisticated child sexual abuse procurement and facilitation operation the world has known." After all the highly publicized trials and unfounded accusations, stunning new information has finally come to light: irrefutable evidence that one of the best-known, best-loved figures in the world was a monster behind closed doors—a foul-mouthed, abusive, drug-sodden freak whose deeds and the reasons for those deeds are revealed now for the first time. A dramatic narrative account based on dozens of interviews, Howard shares Jackson 's own riveting personal journal—obtained exclusively for this book—interviews with family members, multiple first-person sources—as well as thousands of pages of court documents. What he uncovers is a man who was both naive and Machiavellian, unorthodox, a devoted father, shrewd businessman, and drug addict whose life was out there but whose sound and style have influenced artists of various genres and generations. Remarkably though, in death, there remains two portraits of Michael Jackson: the reigning King of Pop, and a pedophile whose pattern of abuse ruined his reputation. Fans and individuals alike will forever be asking if the insidious claims being made about MJ are true. This is the new narrative and the sad legacy of one of the best-selling music artists of all time. Here is his life story, told for the first time with stories and testimony that will leave you shaken.

Insanity and insane asylums

The Victorian Age saw the transformation of the madhouse into the asylum into the mental hospital; of the mad-doctor into the alienist into the psychiatrist; and of the madman (and madwoman) into the mental patient. In Andrew Scull's edited collection Madhouses, Mad-Doctors, and Madmen, contributors' essays offer a historical analysis of the issues that continue to plague the psychiatric profession today. Topics covered include the debate over the effectiveness of institutional or community treatment, the boundary between insanity and criminal responsibility, the implementation of commitment laws, and the differences in defining and treating mental illness based on the gender of the patient.

In 1807, Thomas Worthington was born into a wealthy and powerful Ohio family. Though his path in life should have led to fortune and prestige, he died alone and penniless, having spent his life and his fortune trying to remove the stain of shame from his reputation and name. This is the previously untold story of Worthington, West Point graduate, leader of men in both the Mexican War and War Between the States, and bitter enemy of the man who would ruin his life—General William Tecumseh Sherman. As commander of the 46th Ohio Volunteer Infantry, Worthington valiantly led his men into battle at Shiloh, but his knowledge of Sherman's blunders, both before and during the battle, resulted in his being illegally court-martialed and cashiered out of the Army. The last twenty years of his life were spent in a desperate quest to tell his side of the story, the true events of Shiloh as he saw them. Colonel Worthington's story is one of war, both public and personal, honor, and a quest for vindication. Photographs and maps illustrate Worthington's dramatic life and struggle.
