As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. The Shift doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda.

You'll get through this. It won't be painless. It won't be quick. But God will use this mess for good. Don't be foolish or naïve. But don't despair either. With God's help, you'll get through this. You fear you won't make it through. We all do. We fear that the depression will never lift, the yelling will never stop, the pain will never leave. In the pits, surrounded by steep walls and aching reminders, we wonder: Will this gray sky ever brighten? This load ever lighten? In *You'll Get Through This*, pastor and New York Times best-selling author, Max Lucado offers sweet assurance.

"Deliverance is to the Bible what jazz music is to Mardi Gras: bold, brassy, and everywhere." Max reminds readers God doesn't promise that getting through trials will be quick or painless. It wasn't for Joseph--tossed in a pit by his brothers, sold into slavery, wrongfully imprisoned, forgotten and dismissed--but his Old Testament story is in the Bible for this reason: to teach us to trust God to trump evil. With the compassion of a pastor, the heart of a storyteller, and the joy of one who has seen what God can do, Max explores the story of Joseph and the truth of Genesis 50:20. What Satan intends for evil, God redeems for good.

Serena Dyer, one of those children, has contemplated these ideas throughout her life. "Don't die with your music still in you" has been the most*

important principle for Serena: to her, it means that you don't allow yourself to live any life other than the one you were born to live. In this book, Serena sets out to explain what it was like to grow up with spiritual parents. She touches upon all ten of her dad's original secrets, imparting her own experiences with them and detailing how they have affected the way she approaches various situations in life. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. This unique father-daughter collaboration will warm the hearts of all parents . . . and inspire anyone who is looking to find the "music" inside themselves.

The perfect gift, and the easiest gift—because we all know someone who deserves a pat on the back, a big thumbs-up, or just a special thank-you! *You Are Doing a Freaking Great Job* is a vibrant, colorful, pocket-size book of encouragement. Created by more than 20 artists and designers—from the well-known Etsy favorites Emily McDowell and Mary Kate McDevitt, to emerging talents Lindsay Whitehead and J. Zachary Keenan—this powerful little book is filled with nearly 200 uplifting and inspiring quotes, lyrics, and words of advice rendered in the original hand-lettered style of art that is pinned and repinned on Pinterest and sold on Etsy. There are mantras: “You are in charge of your own happiness.” Galvanizing words of action: “Make it now.” Heartening quotes: “You are capable of more than you know.” Bursts of motivation: “Be a Warrior, Not a Worrier” and “Spread Your Arms and Trust Your Cape.” Interweaved throughout is complementary text—including surprising playlists, sweet and simple recipes, and suggestions for inspirational films to watch and commencement speeches to read.

In this perpetual calendar, which you can use year after year, Esther and Jerry Hicks present the teachings of the nonphysical entity Abraham. You will learn how to manifest your desires so that you're living the joyous and fulfilling life you deserve, you will understand how your relationships, health issues, finances, career concerns, and more are influenced by the Universal laws that govern your time/space reality, and you'll discover powerful processes that will help you go with the positive flow of life.

Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas . . . I'm too old or too young . . . I'm far too busy and tired . . . I can't afford the things I truly want . . . It would be very difficult for me to do things differently . . . and I've always been this way . . . may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for

all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life—and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses . . . Begone!

For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." I Can See Clearly Now is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

The Universe is here to remind us that we are in control. To have the life you desire, all you have to do is ask. The secret to manifesting change is not focusing on the how, but in the end result of what you're after and the kind of life you want. Then, once you are truly focused, the Universe will conspire on your behalf. Author Mike Dooley has turned over every stone, knocked on every door, and followed every impulse. From the lessons he learned, Dooley is now able to share the Universe's wisdom with the world. He serves as an intimate guide for the Universe and this second collection of empowering, invaluable truths can be read forward to back or at random.

The #1 New York Times best-selling author Wayne Dyer has been inspiring people to change their lives for many years. Now three of his most fascinating books are collected in this volume: • *The Power of Intention* details Wayne's research on intention as a force in the universe that allows the act of creation to take place. He explains that it is not something you do, but rather an energy we're a part of. This is the first book to look at intention as a source of energy that we can access to begin co-creating our lives. • *Inspiration* dissects feelings of emptiness, the idea that there must be something more, and trying to determine the meaning of life . . . all evidence of a yearning to reconnect with our soul space. This book explains why we've chosen to enter this world of particles and form, and each chapter is filled with practical specifics for living an inspired life. From a very personal viewpoint, Wayne offers a blueprint through the world of Spirit to inspiration, our ultimate calling. • *Excuses Begone!* reveals how to change the self-defeating thinking patterns that have prevented us from living our highest levels of success, happiness, and health. Wayne presents many of the conscious and subconscious crutches most of us employ, along with ways to cast them aside once and for all. The old, habituated ways of thinking will melt away as the absurdity of hanging on to them is exposed, and we ultimately come to realize that there are no excuses worth defending. The Essential Wayne Dyer Collection is a must-read for those wanting to explore the power and potential of the human mind, as well as anyone who is finally ready to live the best life possible!

Based on the New York Times bestseller *Unfu*k Yourself* comes an all new book of prompts, questions, and exercises, giving you the tools to intentionally commit to finally unfu*king your life. In *Unfu*k Yourself*, Gary John Bishop inspired people to put his words into action to transform their fu*king lives. Through seven paradigm shifting assertions such as: "I am wired to win," "I embrace the uncertainty" and "I expect nothing and accept everything" Bishop helped millions of readers to move past their self-imposed limitations. Still, Bishop knows it's hard to go from reading the book, feeling inspired, and then actually doing the necessary work. That's where *Do the Work* comes in: it's the kick in the ass you need to get moving and create the life you want. The workbook drills down into three categories — people, and purpose — to help you identify and remedy the challenges that frustrate and cripple us. Filled with entirely new material, including personalized prompts and exercises with ample lined space to journal and process, *Do the Work* expands the lessons in *Unfu*k Yourself*, giving you the tools to intentionally commit to taking on your life. "This is a personal workshop for your brain, a legit resource where you can work your life out, w

matters to you, what's going to make the biggest difference and empower you to act that make some palpable change to the direction your life is currently taking." The truth set you free, right? So what are you waiting for?

"What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." - Dr. Wayne W. Dyer.....INSPIRATION In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting our life process in motion. So why not think along these same lines? Why put the responsibility and blame on any one or any thing that's not a part of us? On Earth we have the capacity for free will - we can choose - so let's assume that we had the same capacity when we were in the spiritual realm. We chose our physical body, and we chose the parents we needed for our life trip. It doesn't seem too great a stretch to move into the idea that we chose this life path with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration - your ultimate calling.

In Hope for Each Day, Billy Graham offers spiritual comfort to guide us through our daily lives. Rev. Graham is a national treasure and has counseled numerous political leaders and provided comfort in times of public crisis.

When Moses led the Israelites through the desert, God provided manna for them each day. In that daily provision, he was teaching the Israelites to learn to trust him, one day at a time (Exodus 16:4). We are not unlike the Israelites. We need encouragement and God's provision each and every day. In this beautiful desktop flip calendar, author Agnes Kovacs shares daily encouragement, including passages from Scripture and the teachings of the Church, all focused on our Blessed Mother.
