text, *Managerial Accounting*, by Garrison and Noreen. However, this is not simply a briefer book with chapters removed; it has been rethought and retooled to meet the needs demanded by the market: a more accessible, yet thorough student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course, cost accounting/cost management. Faculty and students alike will find this new text has retained the hallmark features of the Garrison/Noreen text: author-written supplements; excellent readability; terrific examples; thorough, relevant, and balanced end of chapter material. In sum, this is a book instructors can count on!

There's no mystery to understanding company financial statements Even if you have no financial or accounting background, you can read those intimidating-looking financial statements as easily as A-B-C. The second edition of *The Guide to Understanding Financial Statements*, by S.B. Costales and Geza Szurovy, makes all the numbers and jargon absolutely clear. In seconds you'll spot a company's strengths and weaknesses, see how its performance measures up, and have a solid basis for judging future prospects. The material is so easy to grasp, you'll know it all on first reading, Discover: what a balance sheet really reveals; the true significance of a profit and loss statement; what the six most important financial ratios are, and what each can tell you; how to tell when the numbers are favorable or not; how to spot fraud; how to discover whether the stated value of certain assets is true; much more.

The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

Each chapter offers a concise, self-contained treatment of one or two finance concepts, or institutions easily covered in a single class period. Students can build on what they learn through the text's Internet resources, number problems, illustrations using financial calculators, and a Microsoft Excel appendix. The time value of money is emphasized throughout. The 11th Edition includes numerous self-help problems with answers and relationships with answers, new coverage of classes of stock/preferred stock, new sections on Internet sources of information, and updated tax laws. **Important Notice:** Media content referenced within the product description or the product text may not be available in the ebook version.

Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and--most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes.

This book uses elementary versions of modern methods found in sophisticated mathematics to discuss portions of "advanced calculus" in which the subtlety of the concepts and methods makes rigor difficult to attain at an elementary level.

Financial accounting is undergoing a period of unprecedented change. The FASB and IASB have been working together to issue converged accounting standards that will dramatically change key reporting areas, and more generally have sought to converge accounting standards over time. However, at present the convergence process appears to have stalled with respect to new standards, and it is not clear when, if ever, IFRS will be fully incorporated into U.S. GAAP. So, while there is considerable overlap between U.S. GAAP and IFRS, important differences between U.S. GAAP and IFRS will remain for the foreseeable future. To help instructors deal with this very challenging environment, the Spiceland team is
