

Intimate Relationships Miller Sixth Edition

Miller's groundbreaking first novel, banned in Britain for almost thirty years. Henry James's Daisy Miller was an immediate sensation when it was first published in 1878 and has remained popular ever since. In this novella, the charming but inscrutable young American of the title shocks European society with her casual indifference to its social mores. The novella was popular in part because of the debates it sparked about foreign travel, the behaviour of women, and cultural clashes between people of different nationalities and social classes. This Broadview edition presents an early version of James's best-known novella within the cultural contexts of its day. In addition to primary materials about nineteenth-century womanhood, foreign travel, medicine, philosophy, theatre, and art—some of the topics that interested James as he was writing the story—this volume includes James's ruminations on fiction, theatre, and writing, and presents excerpts of Daisy Miller as he rewrote it for the theatre and for a much later and heavily revised edition.

Now with more balanced coverage of Western and non-Western regions, this leading text has been revised and updated with the latest theories, policy information, and interdisciplinary research. The book explores the causes, dynamics, and consequences of international population movements, as well as the experiences of migrants themselves. Chapters examine migration trends and patterns in all major world regions, how migration transforms both destination and origin societies, and the effects of migration and increasing ethnic diversity on national identity and politics. Useful pedagogical features include boxed case studies; extensive tables, graphs, and maps; end-of-chapter Guides to Further Reading; and a companion website with additional case studies, interactive flashcards, and other resources for students and instructors. --

An album-by-album celebration of the life and music of Mac Miller through oral histories, intimate reflections, and critical examinations of his enduring work. "One of my most vivid memories of him is the way he would look at you while he was playing you a song. He tried to look you right in the eyes to see how you were feeling about it." —Will Kalson, friend and first manager Following Mac Miller's tragic passing in 2018, Donna-Claire Chesman dedicated a year to chronicling his work through the unique lens of her relationship to the music and Mac's singular relationship to his fans. Like many who'd been following him since he'd started releasing mixtapes at eighteen years old, she felt as if she'd come of age alongside the rapidly evolving artist, with his music being crucial to her personal development. "I want people to remember his humanity as they're listening to the music, to realize how much bravery and courage it takes to be that honest, be that self-aware, and be that real about things going on internally. He let us witness that entire journey. He never hid that." —Kehlani, friend and musician. The project evolved to include intimate

interviews with many of Mac's closest friends and collaborators, from his Most Dope Family in Pittsburgh to the producers and musicians who assisted him in making his everlasting music, including Big Jerm, Rex Arrow, Wiz Khalifa, Benjy Grinberg, Just Blaze, Josh Berg, Syd, Thundercat, and more. These voices, along with the author's commentary, provide a vivid and poignant portrait of this astonishing artist—one who had just released a series of increasingly complex albums, demonstrating what a musical force he was and how heartbreaking it was to lose him. "As I'm reading the lyrics, it's crazy. It's him telling us that he hopes we can always respect him. I feel like this is a message from him, spiritually. A lot of the time, his music was like little letters and messages to his friends, family, and people he loved, to remind them of who he really was." —Quentin Cuff, best friend and tour manager

The Age of Migration, Sixth Edition

Realizing Opportunity for All Youth

A noted psychologist researches the make-up of love, citing three main ingredients--intimacy, passion, and commitment--that determine the success of a relationship and offers guidelines for enhancing personal relationships

Pia Mellody creates a framework for identifying codependent thinking, emotions and behaviour and provides an effective approach to recovery. Mellody sets forth five primary adult symptoms of this crippling condition, then traces their origin to emotional, spiritual, intellectual, physical and sexual abuses that occur in childhood. Central to Mellody's approach is the concept that the codependent adult's injured inner child needs healing. Recovery from codependence, therefore, involves clearing up the toxic emotions left over from these painful childhood experiences.

The fourth edition of this trusted text preserves the personal appeal of the subject matter and vigorous standards of scholarship that have made the earlier editions so successful. Written in a unified voice, this text features the reader-friendly tone that was established in the first three editions and presents the key findings on intimate relationships, the major theoretical perspectives, and some of the current controversies in the field. Brehm, Miller, Perlman, and Campbell illustrate the relevance of close relationship science to readers' everyday lives, encouraging thought and analysis. The new edition includes more illustrations, tables, and figures that complement the thoroughly updated, new-and-improved text.

After decades of failed relationships and painful drama, Donald Miller decided he'd had enough. Impressing people wasn't helping him connect with anyone. He'd built a life of public isolation, yet he dreamed of meaningful relationships. So at forty years old he made a scary decision: to be himself no matter what it cost. From the author of *Blue Like Jazz* comes a book about the risk involved in choosing to impress fewer people and connect with more, about the freedom that comes when we stop acting and start loving. It is a story about knocking down old walls to create a healthy mind, a strong family, and a satisfying career. And it all feels like a conversation with the best kind of friend: smart, funny, true, important. *Scary Close* is Donald Miller at his best.

Drawing on psychology, family studies, sociology, communication studies, and neuroscience, *Intimate Relationships* is a comprehensive and current overview of relationship science, written in an engaging and accessible style. Supported by SmartBook™, McGraw-Hill Education's adaptive and personalized reading experience, the eighth edition of this best-selling text includes hundreds of new discoveries and findings from the last three years, as well as over 600 new references.

How do you love with no love in return? How do you love when no one notices or cares? Best-selling author Paul Miller tackles these tough questions at the heart of our struggle to love head-on. Drawing from the book of Ruth, *A Loving Life* offers the help we need to embrace relationship, endure rejection, cultivate community, and reach out to even the most unlovable around us as we discover the power to live a loving life.

Reflecting the latest APA Guidelines and accompanied by an exciting, new, formative, adaptive online learning tool, *Psychological Science, Fifth Edition*, will train your students to be savvy, scientific thinkers.

Evaluating Practice comes with a free CD-ROM featuring numerous programs, including the unique and innovative SINGWIN program for analyzing single-system design data (created by Charles Auerbach, David Schnall, and Heidi Heft Laporte of Yeshiva University); the CASS and CAAP programs for managing cases and scoring scales (created by Walter Hudson); and a NEW set of Microsoft Excel Workbooks and interactive exercises. Principles of Addiction

Guidelines for the Accountable Professional

Proceedings and Debates of the ... Congress

Comprehensive Addictive Behaviors and Disorders

Aversive behaviors have greater influence on social interactions than is generally acknowledged, determining personal satisfaction, interpersonal attraction, choice of partners, and the course of relationships. What motivates aversive behaviors? To what extent do they obtain desired outcomes? In what ways are they unnecessary and destructive? How do other people respond, emotionally and behaviorally? These are just a few of the many interesting questions addressed by the 16 respected researchers who contribute to

Aversive Interpersonal Behaviors. Nine chapters give this heretofore neglected subject the attention it is due, probing a dark side of interpersonal relationships to understand both its destructive and adaptive nature.

"David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. But chaos seemed out to get him. His fish collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake-which sent more than a thousand of his discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life's work was shattered. But instead of giving it to despair, Jordan introduced one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool-a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth about his life would transform her understanding of nature, history, morality, and love."--Back cover.

Principles of Addiction provides a solid understanding of the definitional and diagnostic differences between use, abuse, and disorder. It describes in great detail the characteristics of these syndromes and various etiological models. The book's three main sections examine the nature of addiction, including epidemiology, symptoms, and course; alcohol and drug use among adolescents and college students; and detailed descriptions of a wide variety of addictive behaviors and disorders, encompassing not only drugs and alcohol, but caffeine, food, gambling, exercise, sex, work, social networking, and many other areas. This volume is especially important in providing a basic introduction to the field as well as an in-depth review of our current understanding of the nature and process of addictive behaviors. Principles of Addiction is one of three volumes comprising the 2,500-page series, Comprehensive Addictive Behaviors and Disorders. This series provides the most complete collection of current knowledge on addictive behaviors and disorders to date. In short, it is the definitive reference work on addictions. Each article provides glossary, full references, suggested readings, and a list of web resources Edited and authored by the leaders

in the field around the globe – the broadest, most expert coverage available Encompasses types of addiction, as well as personality and environmental influences on addiction

In a World of Broken Relationships

A Story of Loss, Love, and the Hidden Order of Life

Remembering Mac Miller

Are you afraid of or unable to create intimacy or closeness with your intimate partner? Do you find that sometimes you create emotional, communicative, or even physical distance from that special someone in your life, even when, deep down, you really don't want to? If so, you share the relationship style psychologists refer to as the distancer. Distancers are often afraid of being engulfed or controlled by their partners. They fear rejection, vulnerability, and dependence. Sadly, they also tend to have short and unhappy relationships. If you want to stop running from love in your life, this book offers a simple, step-by-step approach you can use to move beyond your fear of intimacy and start building strong and lasting relationships. The exercises and self-evaluations in the book will help you become aware of how you operate in romantic relationships. You'll review and reassess your relationship patterns, deciding what changes you want to make in future relationships. Then you'll commit to actions that can make it happen.

Susan Brownmiller ' s groundbreaking bestseller uncovers the culture of violence against women with a devastating exploration of the history of rape—now with a new preface by the author exposing the undercurrents of rape still present today Rape, as author Susan Brownmiller proves in her startling and important book, is not about sex but about power, fear, and subjugation. For thousands of years, it has been viewed as an acceptable “ spoil of war, ” used as a weapon by invading armies to crush the will of the conquered. The act of rape against women has long been cloaked in lies and false justifications. It is ignored, tolerated, even encouraged by governments and military leaders, misunderstood by police and security organizations, freely employed by domineering husbands and lovers, downplayed by medical and legal professionals more inclined to “ blame the victim, ” and, perhaps most shockingly, accepted in supposedly civilized societies worldwide, including the United States. Against Our Will is a classic work that has been widely credited with changing prevailing attitudes about violence against women by awakening the public to the true and continuing tragedy of rape around the globe and throughout the ages. Selected by the New York Times Book Review as an Outstanding Book of the Year and included among the New York Public Library ' s Books of the Century, Against Our Will remains an essential work of sociological and historical importance.

A “ lyrical, impassioned ” document of the intimate relationship between the two authors that was first disclosed in *Henry and June* (Booklist). This exchange of letters between the two controversial writers—Anaïs Nin, renowned for her candid and personal diaries, and Henry Miller, author of *Tropic of Cancer*—paints a portrait of more than two decades in their complex relationship as it moves through periods of passion, friendship, estrangement, and reconciliation. “ The letters may disturb some with their intimacy, but they will impress others with their fragrant expression of devotion to art. ” —Booklist “ A portrait of Miller and Nin more rounded than any previously provided by critics, friends, and biographers. ” —Chicago Tribune Edited and with an introduction by Gunther Stuhlmann

Human intelligence is sexually attractive, and strongly predicts the success of sexual relationships, but the behavioral sciences have usually ignored the interface between intelligence and mating. This is the first serious scholarly effort to explore that interface, by examining both universal and individual differences in human mating intelligence. Contributors include some of the most prominent evolutionary psychologists and promising new researchers in human intelligence, social psychology, intimate relationships, and sexuality. David Buss' foreword and the opening chapter explore what 'mating intelligence' means, and why it is central to human cognition and sexuality. The book's six sections then examine (1) our mating mechanisms -- universal emotional and cognitive adaptations for mating intelligently -- that guide mate search, mate choice, and courtship; (2) how mating intelligence strategically guides our choice of mating tactics and partners given different relationship goals, personality traits, forms of deception, and the existence of children; (3) the genetic and psychiatric causes of individual differences in mating intelligence; (4) how we use mental fitness indicators -- forms of human intelligence such as creativity, humor, and emotional intelligence -- to attract and retain sexual partners; (5) the ecological and social contexts of mating intelligence; (6) integrative models of mating intelligence that can guide future research. *Mating Intelligence* is intended for researchers, advanced students, and courses in human sexuality, intimate relationships, intelligence research, behavior genetics, and evolutionary, personality, social, and clinical psychology.

The Crisis of Love in an Age of Disillusion

Universally acclaimed, rapturously reviewed, winner of the National Book Critics Circle Award for autobiography, and an instant New York Times bestseller, Chanel Miller's breathtaking memoir "gives readers the privilege of knowing her not just as Emily Doe, but as Chanel Miller the writer, the artist, the survivor, the fighter." (The Wrap). "I opened *Know My Name* with the intention to bear witness to the story of a survivor. Instead, I found myself falling into the hands of one of the great writers and thinkers of our time. Chanel Miller is a philosopher, a cultural

critic, a deep observer, a writer's writer, a true artist. I could not put this phenomenal book down." --Glennon Doyle, #1 New York Times bestselling author of *Love Warrior* and *Untamed* "Know My Name is a gut-punch, and in the end, somehow, also blessedly hopeful."

--Washington Post She was known to the world as Emily Doe when she stunned millions with a letter. Brock Turner had been sentenced to just six months in county jail after he was found sexually assaulting her on Stanford's campus. Her victim impact statement was posted on BuzzFeed, where it instantly went viral--viewed by eleven million people within four days, it was translated globally and read on the floor of Congress; it inspired changes in California law and the recall of the judge in the case. Thousands wrote to say that she had given them the courage to share their own experiences of assault for the first time. Now she reclaims her identity to tell her story of trauma, transcendence, and the power of words. It was the perfect case, in many ways--there were eyewitnesses, Turner ran away, physical evidence was immediately secured. But her struggles with isolation and shame during the aftermath and the trial reveal the oppression victims face in even the best-case scenarios. Her story illuminates a culture biased to protect perpetrators, indicts a criminal justice system designed to fail the most vulnerable, and, ultimately, shines with the courage required to move through suffering and live a full and beautiful life. *Know My Name* will forever transform the way we think about sexual assault, challenging our beliefs about what is acceptable and speaking truth to the tumultuous reality of healing. It also introduces readers to an extraordinary writer, one whose words have already changed our world. Entwining pain, resilience, and humor, this memoir will stand as a modern classic. Chosen as a BEST BOOK OF 2019 by The New York Times Book Review, The Washington Post, TIME, Elle, Glamour, Parade, Chicago Tribune, Baltimore Sun, BookRiot

Always reflective of the latest research and thinking in the field, Patricia Miller's acclaimed text offers an ideal way to help students understand and distinguish the major theoretical schools of child development. This fully updated new edition includes a new focus on biological theories of development, and offers new instructor resource materials.

The first biography of rapper Mac Miller, the Pittsburgh cult favorite – turned – rap superstar who touched the lives of millions before tragically passing away at the age of twenty-six Malcolm James McCormick was born on January 19, 1992. He began making music at a young age and by fifteen was already releasing mixtapes. One of the first true viral superstars, his early records earned him a rabid legion of die-hard fans—as well as a few noteworthy detractors. But despite his undeniable success, Miller was plagued by struggles with substance abuse and depression, both of which fueled his raw and genre-defying music yet ultimately led to his demise. Through detailed reporting and interviews with dozens of Miller's confidants, Paul Cantor brings you to leafy Pittsburgh, seductive Los Angeles, and frenzied New York, where you will meet Miller's collaborators, producers, business partners, best friends, and even his roommates. Traveling deep into Miller's inner circle, behind the curtain, the velvet ropes, and studio doors, *Most Dope* tells the story of a passionate, gifted young man who achieved his life's ambition, only to be undone by his personal demons. *Most Dope* is part love letter, part cautionary tale, never shying away from the raw, visceral way Mac Miller lived his life.

Intimate Relationships, 3rd edition, by Sharon S. Brehm, Rowland S. Miller, Daniel Perlman, and Susan Campbell preserves the personal appeal of the subject matter and vigorous standards of scholarship that made the earlier editions so successful. Written in a unified voice, this text builds on the reader-friendly tone that was established in the first two editions. It presents the key findings on intimate relationships, the major theoretical perspectives, and some of the current controversies in the field. Brehm, Miller, Perlman, and Campbell illustrate the relevance of close relationship science to readers' everyday lives, encouraging thought and analysis. Classic contributions to the field are covered in addition to topics on the leading edge of research.

Evaluating Practice

Given the relationship between trauma, loss, and interpersonal bonds, the editors have assembled a noteworthy list of contributions discussing trauma associated with close relationships (divorce, infertility, widowhood). Certainly, trauma is closely associated with loss. This edited volume offers the perspective of over twenty leading scholars in the study of trauma and loss. Each chapter offers extensive coverage of contemporary issues (terror management, rational suicide, spirituality, stigmatization). Relationship issues within these topics are also explored.

Adolescenceâ€"beginning with the onset of puberty and ending in the mid-20sâ€"is a critical period of development during which key areas of the brain mature and develop. These changes in brain structure, function, and connectivity mark adolescence as a period of opportunity to discover new vistas, to form relationships with peers and adults, and to explore one's developing identity. It is also a period of resilience that can ameliorate childhood setbacks and set the stage for a thriving trajectory over the life course. Because adolescents comprise nearly one-fourth of the entire U.S. population, the nation needs policies and practices that will better leverage these developmental opportunities to harness the promise of adolescenceâ€"rather than focusing myopically on containing its risks. This report examines the neurobiological and socio-behavioral science of adolescent development and outlines how this knowledge can be applied, both to promote adolescent well-being, resilience, and development, and to rectify structural barriers and inequalities in opportunity, enabling all adolescents to flourish.

Hailed for his humor and passion, the internationally acclaimed performance artist Tim Miller has delighted, shocked, and emboldened audiences all over the world. *Body Blows* gathers six of Miller's best-known performances that chart the sexual, spiritual, and political topography of his identity as a gay man: *Some Golden States*, *Stretch Marks*, *My Queer Body*, *Naked Breath*, *Fruit Cocktail*, and *Glory Box*. In *Body Blows*, Tim Miller leaps from the stage to the page, as each performance script is illustrated with striking photographs and accompanied by Miller's notes and comment. This book explores the tangible body blows-taken and given-of Miller's life and times as explored in his performances: the queer-basher's blow, the sweet blowing

breath of a lover, the below-the-belt blow of HIV/AIDS, the psychic blows from a society that disrespects the humanity of lesbian and gay relationships. Miller's performances are full of the put-up-your-dukes and stand-your-ground of such day-to-day blows that make up being gay in America

Intimate Terrorism is a profound and beautifully written exploration of love and power that draws from psychology, literature, popular culture, current events, and the author's own therapeutic practice to examine the contemporary crisis of intimacy--and suggest what we all might do about it.

"Extraordinarily well written popular psychology A probing account of contemporary pain".--Kirkus Reviews.

Violence and Maltreatment in Intimate Relationships describes the magnitude, risk factors, and consequences of intimate violence. The text offers a multidisciplinary focus that examines traditional areas of interpersonal violence as well as forms of intimate abuse outside the family. Addressing intimate relationship violence across the developmental lifespan, the Second Edition offers a mix of historical and contemporary perspectives, as well as personal stories and high-profile cases to provide readers with ample opportunity for application of the explanations, research, and data. The authors discuss the professional and social response to violence and maltreatment in intimate relationships (VMIR) to further the understanding of how to treat victims and how to prevent future intimate violence. She's focused on winning gold. He wants to lose the player tag. Can a fake relationship become something real? Aussie short track skater Holly Travers has one goal - make the Vancouver Games, no matter what it takes. She has no time for distractions, even if they come in the handsome form of her Canadian best friend's twin brother. This hockey player may say he's not a player, but can she trust him? Brent Karlsson has one goal - make his sister's best friend realise he's a changed man and she should give him a chance. When a set-up in Hawaii helps these two opposites realize they have more in common than they thought, what happens when he wants to turn their fake relationship into something real? And how can a relationship work when these two elite athletes never see each other and live on opposite sides of the world? *Love on Ice* is the second book in the Original Six hockey romance series, a sweet, slightly sporty, contemporary romance series.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist--books. With the help of her accordion-playing foster father, she learns to read and shares her stolen

books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Women in Love follows lives of the Brangwen sisters, Ursula a schoolteacher, and Gudrun a painter. They meet two men who live nearby, school inspector Rupert Birkin and Gerald Crich, heir to a coal-mine, and the four become friends. Ursula and Birkin begin a romantic friendship, while Gudrun and Gerald eventually begin a love affair. The emotional relationships thus established are given further depth and tension by an intense psychological and physical attraction between Gerald and Rupert. All four are deeply concerned with questions of society, politics, and the relationship between men and women. The novel ranges over the whole of British society before the time of the First World War and eventually concludes in the snows of the Tyrolean Alps.

What It Is, Where It Comes from, How It Sabotages Our Lives

The New Science of Spirituality and Our Quest for an Inspired Life

A groundbreaking exploration of the neuroscience of spirituality and a bold new paradigm for health, healing, and resilience—from a New York Times bestselling author and award-winning researcher "A new revolution of health and well-being and a testament to, and celebration of, the power within."—Deepak Chopra, MD Whether it's meditation or a walk in nature, reading a sacred text or saying a prayer, there are many ways to tap into a heightened awareness of the world around you and your place in it. In *The Awakened Brain*, psychologist Dr. Lisa Miller shows you how. Weaving her own deeply personal journey of awakening with her groundbreaking research, Dr. Miller's book reveals that humans are universally equipped with a capacity for spirituality, and that our brains become more resilient and robust as a result of it. For leaders in business and government, truth-seekers, parents, healers, educators, and any person confronting life's biggest questions, *The Awakened Brain* combines cutting-edge science (from MRI studies to genetic research, epidemiology, and more) with on-the-ground application for people of all ages and from all walks of life, illuminating the surprising science of spirituality and how to engage it in our lives: • The awakened decision is the better decision. With an awakened perception, we are more creative, collaborative, ethical, and innovative. • The awakened brain is the healthier brain. An engaged spiritual life enhances grit, optimism, and resilience while providing insulation against addiction, trauma, and depression. • The awakened life is the inspired life. Loss, uncertainty, and even trauma are the gateways by which we are invited to move beyond merely coping with hardship to transcend into a life of renewal, healing, joy, and fulfillment. Absorbing, uplifting, and ultimately enlightening, *The Awakened Brain* is a conversation-starting saga of scientific discovery packed with counterintuitive findings and practical advice on concrete ways to access your innate spirituality and build a life of meaning and contribution.

At once a pioneering study of evolution and an accessible and lively reading experience, *The Mating Mind* marks the arrival of a prescient and provocative new science writer. Psychologist Geoffrey Miller offers the most convincing—and radical—explanation for how and why the human mind evolved. Consciousness, morality, creativity, language, and art: these are the traits

that make us human. Scientists have traditionally explained these qualities as merely a side effect of surplus brain size, but Miller argues that they were sexual attractors, not side effects. He bases his argument on Darwin's theory of sexual selection, which until now has played second fiddle to Darwin's theory of natural selection, and draws on ideas and research from a wide range of fields, including psychology, economics, history, and pop culture. Witty, powerfully argued, and continually thought-provoking, The Mating Mind is a landmark in our understanding of our own species.

"I love every aspect of this amazing book—a genderfluid hero, a deadly contest, and vicious courtly intrigue. Get! Read! Now!" —Tamora Pierce, #1 New York Times bestselling author of I Needed to Win. They Needed to Die. Sallot Leon is a thief, and a good one at that. But gender fluid Sal wants nothing more than to escape the drudgery of life as a highway robber and get closer to the upper-class—and the nobles who destroyed their home. When Sal steals a flyer for an audition to become a member of The Left Hand—the Queen's personal assassins, named after the rings she wears—Sal jumps at the chance to infiltrate the court and get revenge. But the audition is a fight to the death filled with clever circus acrobats, lethal apothecaries, and vicious ex-soldiers. A childhood as a common criminal hardly prepared Sal for the trials. And as Sal succeeds in the competition, and wins the heart of Elise, an intriguing scribe at court, they start to dream of a new life and a different future, but one that Sal can have only if they survive. More Praise for Mask of Shadows: A Bustle Most Anticipated YA of 2017!

"Compelling and relatable characters, a fascinating world with dangerous magic, and a dash of political intrigue: Mask of Shadows completely delivered. Fantasy fans will love this book."—Jodi Meadows, New York Times bestselling coauthor of My Lady Jane "An intriguing world and a fantastically compelling main character make for a can't-miss debut. Miller's Mask of Shadows will make you glad you're not an assassin—and even gladder Sal is."—Kiersten White, New York Times bestselling author of And I Darken and Now I Rise New Year. New Resolution. New Romance? Book 1 of the Original Six Christian contemporary romance series.

Dropping the Act and Finding True Intimacy

Daisy Miller

Facing Codependence

"A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But

there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider.
