

Into The Storm Destroyermen 1 Taylor Anderson

Continuing the saga of the bestselling game series! With the Locust Horde apparently destroyed, Jacinto's survivors have begun to rebuild human society on the Locusts' stronghold. Raiding pirate gangs take a toll—but it's nothing that Marcus Fenix and the Gears can't handle. Then the nightmare that they thought they'd left behind begins to stalk them again. Something far worse, something even the Locust dreaded, has emerged to spread across the planet, and not even this remote island haven is beyond its reach. Gears and Stranded must fight side by side to survive their deadliest enemy yet, falling back on the savage tactics of another bloody siege—Anvil Gate.

The alien Catteni invaded Earth and enslaved thousands of humans on the planet Botany, where they struggle to survive while colonizing the world for their overseers. Now that they've proved Botany is capable of sustaining life, Kris Bjornsen and her fellow settlers have no intention of surrendering the home they've created for themselves. Armed with the knowledge that the true enemy behind the Catteni is the Eosi race, Kris has begun a campaign to free Botany's settlers by raising a rebellion among her people against their parasitic oppressors. Aided by her Catteni lover, Zainal, Kris and the colonists manage to steal warships—and discover dissidents on other Eosi-controlled worlds. If all of the subjugated races join forces, they will have an army large enough to win their freedom and their worlds. The war of liberation has begun.

In Taylor Anderson's acclaimed Destroyermen series, a parallel universe adds an extraordinary layer to the drama of World War II. Now, Lieutenant Commander Matthew Reddy, the crew of USS Walker, and their allies battle an ever-growing host of enemies across the globe in a desperate battle for freedom — War has engulfed the other earth. With every hard-won victory and painful defeat, Matt Reddy and the Allies encounter more friends—and even more diabolical enemies. Even, at last, in the arms of the woman he loves, there is little peace for Reddy. The vast sea, and the scope of the conflict, have trapped him too far away to help on either front, but that doesn't mean he and Walker can rest. Cutting short his honeymoon, Reddy sails off in pursuit of Hidoiame, a rogue Japanese destroyer that is wreaking havoc in Allied seas. Now that Walker is armed with the latest "new" technology, he hopes his battle-tested four-stacker has an even chance in a straight-up fight against the bigger ship—and he means to take her on. Elsewhere, the long-awaited invasion of Grik "Indiaa" has begun, and the Human-Lemurian Alliance is pushing back against the twisted might of the Dominion. The diplomatic waters seethe with treachery and a final, terrible plot explodes in the Empire of New Britain Isles. Worse, the savage Grik have also mastered "new" technologies and strategies. Their fleet of monstrous ironclads—and an army two years in the making—are finally massing to strike... SEALS—America's best just got better. On the heels of a bloody first contact

comes Earth's most important diplomatic mission in history: a summit meeting with the three alien empires vying for control of the galaxy. Assurance that Earth's first extraterrestrial ambassadors aboard the spaceship Pangaea will be safe means little to Lieutenant Thomas "Stonewall" Jackson. After all, a job's a job. As escorts on the voyage, Jackson and his sixteen-man team of new-breed Navy SEALs (Sea, Air, Land, and Space) must be neither seen nor heard. Unless, of course, the op hits the fan. While Jackson and his team respond to a distress call from an allied fleet, the Pangaea, with all its diplomatic passengers, goes missing, forcing the SEALs to follow the trail to an ice moon at the edge of the galaxy, a harsh environment crawling with crack commandos and hostile enemies. But for these warriors with their outrageous firepower, what seems an impossible quest is just another day in deep space.

Never Let Me Go

The Sunrise Lands

Return of the Crimson Guard

How Firm a Foundation

Mecha Samurai Empire

A generation after the Change that rendered all technology inoperable around the world, a man known as the Prophet, head of the Church Universal and Triumphant, begins exhorting his followers to destroy the remnants of technological civilization.

The Center of Military History is pleased to present the second volume in the U.S. Army in Action series, a facsimile reprint of Brigadier General S.L.A. Marshall's Bastogne: The First Eight Days. Originally published in 1946, this brief study provides a combat history of a critical battle during the Allied liberation of Europe in World War II. Outnumbered and surrounded for five days, a U.S. Army combined arms force of airborne infantry, armor, engineers, tank destroyers, and artillery conducted a successful defense of the Belgian crossroads town of Bastogne in late December 1944. They separated the German combined arms formations and destroyed the pieces, halting the offensive. The outcome of this battle was critical to the successful Allied defense against the German Ardennes offensive. Bastogne offers unique insights, capturing the immediate impressions of the soldiers who fought in this harsh winter engagement. The author penetrates the "fog of war" with a coherent narrative that clearly captures the strategy, tactics, and leadership of the battle. This action strangled the German logistical flow to their forward assault divisions, disrupting their offensive tempo and slowing their advance. What emerges is a vivid case study of how decisive leadership and incidents of individual heroism can contribute to overcoming enemy forces and weather.

The Romulan Star Empire engages in all out war against Earth, determined once and for all to stop the human menace from spreading across the galaxy. Earth stands alone. The Coalition of Planets has shattered, with Vulcan, Andor, and Tellar abrogating the treaty. Their pledge to come to the mutual defense of any power that is attacked has been shunted aside. Horrified by how easily the Romulans can seize control of their advanced starships, turning them into weapons, Andor and Tellar have joined Vulcan on the sidelines. Humanity is now the only thing that stands between the Romulan Star Empire and total domination of the galaxy. To drive humans from the stars, the Romulans employ ruthless and murderous tactics...and even dare to strike on the Vulcan homeworld with the hopes of demoralizing their Vulcan brethren. Heartened by their victories, the Romulans carry their all-out war assault closer to the heart of humanity—Earth. But the tattered remains of Starfleet stand unwavering, with the resolution that never again would any enemy strike ever reach Earth. On the front lines of the Earth- Romulan War is the United Earth flagship, the Starship Enterprise. Her captain, Jonathan Archer, has seen his vessel of exploration become a battleship.

Once hailed for his work bringing the Coalition of Planets into existence, Archer is now a pariah. Undaunted, the captain keeps fighting, searching for allies and determined to do his duty: to save Earth and forge a new federation of planets.

One of the best examples of the alternate history genre.

Starstrike: Operation Orion

Storm Surge

Star Corpsman: Book Two

The Story of the First Eight Days

The Romulan War: To Brave the Storm

From the Booker Prize-winning author of The Remains of the Day and When We Were Orphans, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. Never Let Me Go breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

In the Pacific, as USS Walker is repaired and updated after a previous battle and Matt Reddy is healing from his wounds, planning begins for a bold raid on the very heart of the Grik Empire. But time is running out for the Alliance army in Indiaa, and the Allied forces in the west must gather in an unprecedented land, air, and sea campaign to destroy the mighty Grik battle fleet and break through to their relief. All other plans go on hold when the attempt proves more difficult—and more heartbreakingly costly—than anyone imagined. Meanwhile, the struggle continues on other fronts near and far: in the jungles of Borno in distant southern Africa and in the Americas, where the Allies are finally learning the terrible truth about the twisted Dominion. The Alliance is on the offensive everywhere, but their enemies have a few surprises, including new weaponry and new tactics...and a stunning geographic advantage that Reddy never suspected. Until now.

New York Times bestselling author Ian Douglas's virtuosic Star Corpsman series proves one thing: The Marines are still the toughest sons of guns in the galaxy. As Bravo Company defuses a hostage crisis on an orbiting mining station, Navy Corpsman Elliot "Doc" Carlyle not only saves the lives of a wounded Marine and two extraterrestrial friendlies—he averts a terrorist strike intended to kill billions. His reward? Deployment on a recon mission into the darkest depths known to man. Abyss Deep is a foreboding ocean planet torn by extremes: boiling storm

world on one side, unbroken glacier on the other. Humans established a research colony there to study the planet's giant sea serpents—but the colony has gone ominously silent. When Carlyle's team arrives, they discover a vessel belonging to a warlike alien species hovering above the atmosphere. But below the ice lurks a mystery so chilling it will make even Elliot Carlyle's blood run cold.

“In this luscious alternative universe, sidekicks quote the Lone Ranger and Right inevitably triumphs with panache. What more could adventure-loving readers ask for?”—Publishers Weekly Oakland, 1946. Ex-soldier John Rolfe, newly back from the Pacific, has made a fabulous discovery: A portal to an alternate America where Europeans have never set foot—and the only other humans in sight are a band of very curious Indians. Able to return at will to the modern world, Rolfe summons the only people with whom he is willing to share his discovery: his war buddies. And tells them to bring their families... Los Angeles, twenty-first century. Fish and Game warden Tom Christiansen is involved in the bust of a smuggling operation. What he turns up is something he never anticipated: a photo of authentic Aztec priests decked out in Grateful Dead T-shirts, and a live condor from a gene pool that doesn't correspond to any known in captivity or the wild. It is a find that will lead him to a woman named Adrienne Rolfe—and a secret that's been hidden for sixty years...

The Lost Fleet: Dauntless

The Last Colony

“Utterly engaging...a page-turner that is certain to win the author legions of new readers and fans.”—George R. R. Martin, author of A Game of Thrones It's spring on Nantucket and everything is perfectly normal, until a sudden storm blankets the entire island. When the weather clears, the island's inhabitants find that they are no longer in the late twentieth century...but have been transported instead to the Bronze Age! Now they must learn to survive with suspicious, warlike peoples they can barely understand and deal with impending disaster, in the shape of a would-be conqueror from their own time.

Willa Cather was the 1922 winner of the Pulitzer Prize. Her breakthrough in literature were the three novels featured here in this edition, the so-called Prairie trilogy. All three novels stage in Nebraska and the surrounding Great Plains territory and deal with the life there, family challenges and romance. Featured here are: O Pioneers! The Song of the Lark My Antonia The Destroyermen series continues from the New York Times bestselling author of Straits of Hell. The ambitious, long-planned raid on the Grik Empire has grown dangerously ill defined. Only Matthew Reddy, commander of the old destroyer USS Walker, seems focused on the original intent. While many Lemurians see an opportunity to reconquer their stolen homeland, others—Lemurian and human—have their own agendas, which could compromise the Alliance. Complicating matters further is Reddy's suspicion that his task force is being stalked by some unknown power bent on aiding the Grik for reasons of its own. As the raid begins and chaos reigns, Reddy has no choice but to risk everything in a desperate act that results in a sprawling, nightmare battle on the beaches of “Grik City,” on the very decks of Walker, and in the labyrinthine passageways of the Celestial Palace itself. The final cost could be more than Matt Reddy—or the Alliance—can bear.

The skies explode in this thrilling alternate history novel in Taylor Anderson's New York Times bestselling Destroyermen series. After the terrible battle between the men of the destroyer USS Walker and their Lemurian allies against the savage Grik, Lieutenant Commander Matthew Reddy is shocked by the arrival of a strange ship captained by Commodore Jenks of the New Britain Imperial Navy—an island-nation populated by the descendants of British East Indiamen swept through the rift centuries before. With the Walker undergoing much-needed repairs, Reddy knows the Grik have only been fended off, not defeated, and he will need all hands on deck to fight them off when they next attack—but Jenks' loyalties seem uncertain. As tension between the Allies and the Imperials mount, Reddy will come to realize that his suspicions are not misplaced—and that a greater danger than the Grik is about to be revealed...

Caliban's War

The Lost Fleet: Beyond the Frontier: Dreadnaught

Deadly Shores

Destroyermen

Lest Darkness Fall

The impossible has spawned the unthinkable. A near-future military experiment has thrust a US-led multinational armada back to 1942, right into the middle of the naval task force speeding towards Midway Atoll—and what was to be a spectacular Allied triumph in the war in the Pacific. In the chaos that ensues, thousands are killed, but the ripples have only just begun. For these veterans of Pearl Harbor have never seen a helicopter, or a satellite link, or a nuclear weapon. And they've never encountered an African American colonel or a female Australian submarine commander. While they embrace the armada's awesome firepower, they may find the twenty-first-century sailors themselves far from acceptable. Initial jubilation at news the Allies would win the war is quickly doused by the chilling realisation that the time-travellers themselves—by their very presence—have rendered history null and void. Celebration turns to dread when the possibility arises that other elements of the twenty-first-century task force may also have made the trip—and might now be aiding the enemy forces. What happens next is anybody's guess - and everybody's nightmare...

As the Crimson Guard marches toward Quon Tali, the heart of the Malazan Empire, many citizens, and even her own generals and mages, wonder whether Empress Laseen is losing her grip on power.

The fight to free the Earth from alien domination began in *Live Free or Die*, and continued in *Citadel*. Now Tyler Vernon, and his troops aboard the gigantic battle station *Troy*, face a desperate battle with the forces of galactic tyranny. And the very survival of the Earth and its people is not all that is at stake. The galaxy itself must choose to live free or die—and if the tyrants win this battle, darkness will fall across the galaxy for millennia to come. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Perfect for fans of Bernard Cornwell, Steve Berry, Naomi Novik, and Harry Turtledove, Alan Smale's gripping alternate history series imagines a world in which the Roman Empire has survived long enough to invade North America in 1218. Now the stunning story carries hero Gaius Marcellinus deeper into the culture of an extraordinary people—whose humanity, bravery, love, and

ingenuity forever change his life and destiny. In A.D. 1218, Praetor Gaius Marcellinus is ordered to conquer North America and turning it into a Roman province. But outside the walls of the great city of Cahokia, his legion is destroyed outright; Marcellinus is the only one spared. In the months and years that follow, Marcellinus comes to see North America as his home and the Cahokians as his kin. He vows to defend these proud people from any threat, Roman or native. After successfully repelling an invasion by the fearsome Iroqua tribes, Marcellinus realizes that a weak and fractured North America won't stand a chance against the returning Roman army. Worse, rival factions from within threaten to tear Cahokia apart just when it needs to be most united and strong. Marcellinus is determined to save the civilization that has come to mean more to him than the empire he once served. But to survive the swords of Roma, he first must avert another Iroqua attack and bring Cahokia together. Only with the hearts and souls of a nation at his back can Marcellinus hope to know triumph. Praise for Alan Smale and Eagle in Exile " In Alan Smale, speculative fiction has been dealt a winning hand. Part historian, part anthropologist, part scientist, Smale is a Renaissance man with a storyteller's gift for letting tireless research inform the narrative without overwhelming it. Smale entertains, educates, and enraptures. " —Myke Cole, author of Javelin Rain " [Eagle in Exile] has the pace and scope of a Michener or Uris epic. . . . Smale's action scenes slash across page after page, intense and bloody. . . . Grab your dagger and sword, for the battle continues. " —Kirkus Reviews (starred review)

" Warfare, political conflict, family strife—these are all presented in an epic scope where any decision or wrong move can forever change society. " —Tech Times " Thoroughly believable . . . Marcellinus is a complicated man, a hero we can all get behind. " —Historical Novels Review

"It is absolutely unique--without question the most fascinating Civil War novel I have ever read." Professor James M. McPherson Pulitzer Prize-winning BATTLE CRY OF FREEDOM January 1864--General Robert E. Lee faces defeat. The Army of Northern Virginia is ragged and ill-equipped. Gettysburg has broken the back of the Confederacy and decimated its manpower. Then, Andries Rhodie, a strange man with an unplaceable accent, approaches Lee with an extraordinary offer. Rhodie demonstrates an amazing rifle: Its rate of fire is incredible, its lethal efficiency breathtaking--and Rhodie guarantees unlimited quantities to the Confederates. The name of the weapon is the AK-47.... Selected by the Science Fiction Book Club A Main Selection of the Military Book Club

The Alliance woke Captain John "Black Jack" Geary from cryogenic sleep to take command of the fleet in the century-long conflict against the Syndicate

Worlds. Now, Admiral Geary's victory has earned him the adoration of the people—and the enmity of politicians convinced that a living hero can be a very inconvenient thing... The war may be over, but Geary and his newly christened First Fleet have been ordered back into action to investigate the aliens occupying the far side of Syndic space and determine how much of a threat they represent to the Alliance. And while the Syndic Worlds are no longer united, individually they may be more dangerous than ever before. Geary knows that members of the military high command and the government question his loyalty to the Alliance and fear him staging a coup—so he can't help but wonder if the fleet is being deliberately sent on a suicide mission...

The crew of a WWII destroyer face their greatest challenge yet as they try to survive in a strange new world in the next thrilling book in the New York Times bestselling series. Commander Matt Reddy and his crew are afraid it may finally be the end of the USS Walker. Ever since their ship was transported to another world, and they became embroiled in a deadly conflict between the Lemurians and the vicious Grik, the Walker has been taking a pounding. With Walker out of commission for repairs, Reddy takes command of a different ship and joins a desperate battle to block the Grik swarm. Meanwhile, the humans and their allies face a deadly second front in the Republic to the south. All of Reddy's forces are committed, and there's no turning back. Either they'll win—or lose—everything...

The Man in the High Castle meets Pacific Rim in this action-packed alternate history novel from the award-winning author of United States of Japan. Germany and Japan won WWII and control the U.S., and a young man has one dream: to become a mecha pilot. Makoto Fujimoto grew up in California, but with a difference--his California is part of the United States of Japan. After Germany and Japan won WWII, the United States fell under their control. Growing up in this world, Mac plays portical games, haphazardly studies for the Imperial Exam, and dreams of becoming a mecha pilot. Only problem: Mac's grades are terrible. His only hope is to pass the military exam and get into the prestigious mecha pilot training program at Berkeley Military Academy. When his friend Hideki's plan to game the test goes horribly wrong, Mac washes out of the military exam too. Perhaps he can achieve his dream by becoming a civilian pilot. But with tensions rising between the United States of Japan and Nazi Germany and rumors of collaborators and traitors abounding, Mac will have to stay alive long enough first...

A captain and his crew journey out of time and into battle in the first novel in New York Times bestselling author Taylor Anderson's alternate history Destroyermen saga. Pressed into service when World War 2 breaks out in the Pacific, USS Walker—a Great War-era destroyer—finds itself in full retreat from pursuit by Japanese battleships. Its captain, Lieutenant Commander Matthew Patrick Reddy, heads Walker into a squall for cover. They emerge somewhere else... Familiar landmarks appear, but the water teems with vicious, monstrous fish—and there appear to be dinosaurs grazing onshore. Matt and his crew have entered an alternate world...and they are not alone. Humans have not evolved, but two other species have. And they are at war. Reddy and the crew of the Walker have the power and weaponry capable of turning a primitive war into a genocidal Armageddon. Now they must decide which species they will support, because the side they choose will be victorious...

Taylor Anderson's enthralling New York Times bestselling alternate history series continues as game-changing revelations upend the Grand Alliance in a potentially cataclysmic war. Reddy and his crew have given their all to protect the oppressed Lemurians. But with Walker in desperate need of repairs just as the Grik's First General is poised to strike, Reddy is desperate. With more enemies than ever before arrayed against them, the crew of Walker needs new allies. That means combing the lethal wilds of Madagascar to find the Lemurians' fabled ancestors, as well as the enigmatic dwellers east of the Pass of Fire. But what Reddy's crew unearths are discoveries so shattering they could tilt the balance of the war in either direction. But Reddy's greatest adversary is from his past: a madman named Kurokawa whose single-minded mission of revenge will shake the Alliance to its core and raise the stakes to the most personal and terrifying levels Reddy has ever faced....

A young ensign, recently graduated from the Northern Hemisphere Space Academy, is awakened abruptly in the middle of the night by alarms, flashing lights, and dire messages to abandon ship. The petite blonde pulls on some clothes and races through the spaceship in a desperate search for an available life pod-- but it appears all have already departed. So begins the epic story of Jenetta Carver. Get a tight grip on your book and prepare for an exciting adventure like few others because Jenetta is ready to take names and kick butt from one end of the galaxy to the other. She may be small, but she has an intellect as large as Colossus of Rhodes and makes General Sun-Tzu look like an amateur military enthusiast.

After the collapse of civilization, when the social fabric of America has come apart in bloody rags, when every man's hand is raised against another, and only the strong survive. "Jeebee" Walther was a scientist, a student of human behavior, who saw the Collapse of the world economy coming, but could do nothing to stop it. Now he must make his way across a violent and lawless America, in search of a refuge where he can keep the spark of knowledge alive in the coming Dark Age. He could never make it on his own, but he has found a companion who can teach him how to survive on instinct and will. Jeebee has been adopted by a great Gray Wolf.

The spectacular alternate military history saga continues in the third novel in the New York Times bestselling Destroyermen series... Lieutenant Commander Matthew Reddy, along with the men and women of the battleship Walker, are once again at war. Having sided with the peaceful Lemurians against the savage, reptilian Grik, they now find themselves scrambling to prepare for the attack that is sure to come. Meanwhile, the Japanese juggernaut Amagi, also trapped in this strange world, is under Grik control. Soon, they will have amassed a force that no amount of fire-power and technology will be able to stop. Reddy, his crew, his allies, and his loved ones face annihilation. But if there is one thing they have learned about their new world, it is that hope-and help-may just be over the horizon...

A Union regiment marches aboard a transport ship only to be buffeted through space and time and shipwrecked in an alien land, where these Civil War soldiers introduce unheard-of ideas of freedom, equality, and democracy

Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David Weber's epic Off Armageddon Reef is can't-miss sci-fi. The Guns of the South

Wolf and Iron

Blood In the Water

A Novel in the Safehold Series (#1)

Rally Cry

Hurtled through time and space from the World War II Pacific, Lieutenant Commander Matthew Reddy, and the crew of the USS Walker find themselves in a strange alternate world where they and the destroyer Mahan ally themselves with the Lemurians in their battle against the warlike reptilian Grik, who have seized control of the Japanese battleship Amagi.

BURNING WATERS Designated Supreme Commander of the Allied Forces, Matt Reddy must now contend with a new threat; the Dominion—humans whose lust for power matches the Grik. But even though the Grand Alliance recognizes the danger of the Dominion, it must deal with the land-based Grik first, leaving the Imperial navy—and USS Walker—with little assistance. As war rages, more Japanese ships come through the time-space maelstrom that the Americans call The Squall. One is a “Hell Ship,” carrying prisoners of an Imperial Japan that is growing ever more ruthless in the face of looming defeat. Escorting it is a new, state-of-the-art destroyer, whose officers recognize no rules of war. Fighting on two fronts, Reddy is plunged into a firestorm of loyalty, betrayal, and sacrifice. But nothing can prepare him for a devastating new Grik weapon—a weapon that could wipe out all who oppose them...
