

Introducing Christian Doctrine 2nd Edition

A compelling survey of ancient Jewish history chronicles the history of Judaism from the Babylonian Captivity to the Jewish Revolt. Original.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Freshly updated for this second edition with considerable new material, this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry, through to contemporary theological trends. A substantially updated new edition of this popular textbook exploring the entire history of Christian thought, written by the bestselling author and internationally-renowned theologian Features additional coverage of orthodox theology, the Holy Spirit, and medieval mysticism, alongside new sections on liberation, feminist, and Latino theologies, and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period, the Middle Ages and Renaissance, the reformation and post-reformation eras, and the modern period spanning 1750 to the present day, addressing the key issues and people in each Includes case studies and primary readings at the end of each section, alongside comprehensive glossaries of key theologians, developments, and terminology Supported by additional resources available on publication at www.wiley.com/go/mcgrath

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

Faith Seeking Understanding

Evangelical Theology

Bible Doctrine, Second Edition

An Introduction to Christian Doctrine Through the Apostles' Creed

Catechism of the Catholic Church

Alister McGrath's Christian Theology: An Introduction is one of the most internationally-acclaimed and popular Christian theology textbooks in use today. This 5th edition has been completely revised, and now features new and extended material, numerous additional illustrations, and companion resources, ensuring it retains its reputation as the ideal introduction to Christian theology. Fully updated 5th edition of the bestselling textbook, incorporating expanded material, numerous student features and new illustrations Features new sections on Copernicanism and Darwinism Includes extended discussions of Augustine's doctrine of creation, Trinitarian theologies of religion, and the relation of Christianity to other faiths May be used as a stand-alone volume, or alongside the Christian Theology Reader, 4th edition for a complete overview of the subject Retains the chapter structure of the 4th edition, ensuring comparability with earlier editions and courses based on these Accompanied by a revised instructor's website featuring expanded resources including study questions and answers; visit www.wiley.com/go/mcgrath for more details and to register for access

Evangelical Theology is a systematic theology written from the perspective of a biblical scholar. Michael F. Bird contends that the center, unity, and boundary of the evangelical faith is the evangel (= gospel), as opposed to things like justification by faith or inerrancy. The evangel is the unifying thread in evangelical theology and the theological hermeneutic through which the various loci of theology need to be understood. Using the gospel as a theological leitmotif—an approach to Christian doctrine that begins with the gospel and sees each loci through the lens of the gospel—this text presents an authentically evangelical theology, as opposed to an ordinary systematic theology written by an evangelical theologian. According to the author, theology is the drama of gospelizing—performing and living out the gospel in the theatre of Christian life. The text features tables, sidebars, and questions for discussion. The end of every part includes a "What to Take Home" section that gives students a run-down on what they need to know. And since reading theology can often be dry and cerebral, the author applies his unique sense of humor in occasional "Comic Belief" sections so that students may enjoy their learning experience through some theological humor added for good measure.

In the classic Mere Christianity, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books The Case for Christianity, Christian Behavior, and Beyond Personality, Mere Christianity provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith.

The Christian church has a long tradition of systematic theology, that is, of studying biblical teaching on centrally important doctrines such as the Word of God, redemption, and Jesus Christ. Wayne Grudem's bestselling Systematic Theology has several distinctive features: A strong emphasis on the scriptural basis for each doctrine Clear writing, with technical terms kept to a minimum A contemporary approach, treating subjects of special interest to the church today A friendly tone, appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross-reference subjects to a wide range of other systematic theologies.

Essential Teachings of the Christian Faith

A Biblical and Systematic Introduction

An Introduction to Early Judaism

An Introduction to Biblical Doctrine

Evangelical Theology, Second Edition

This book gives an accessible account of classical Greek history, from the aftermath of the Persian Wars in 478 bc to the death of Alexander the Great in 323 bc. The author describes the years which witnessed the flourishing of democracy in Athens; the establishment of the Athenian empire; the Peloponnesian war, which involved the whole Greek world; the development of Macedonian power under Philip II; and the conquests of Alexander the Great. His account combines narrative with analysis, and deals with major social, economic and cultural developments as well as political and military events. Rhodes details the evidence on which his narrative is based, which includes inscriptions, coins and material remains, and outlines the considerations which have to be borne in mind in using this evidence."

Gospel-Centered Theology for Today Evangelical Theology, Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel-centered theology that is accessible, rigorous, and balanced. According to author Michael Bird the gospel is the fulcrum of Christian doctrine; the gospel is where God meets us and where we introduce the world to God. And as such, an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology. The text helps readers learn the essentials of Christian theology through several key features, including: A "What to Take Home" section at end of every part that gives readers a run-down on all the important things they need to know. Tables, sidebars, and questions for discussion to help reinforce key ideas and concepts A "Comic Belief" section, since reading theology can often be dry and cerebral, so that readers enjoy their learning experience through some theological humor added for good measure. Now in its second edition, *Evangelical Theology* has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think, pray, preach, teach, and minister in the world.

How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then "systematic theology" is no abstract term. It's an approach to finding answers every Christian needs to know. *Bible Doctrine* takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem's award-winning *Systematic Theology*, *Bible Doctrine* covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like *Systematic Theology*, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don't need to have had several years of Bible school to reap the full benefits of *Bible Doctrine*. It's easy to understand—and it's packed with solid, biblical answers to your most important questions.

This book has earned wide acceptance as an outstanding single volume history of doctrine. It is ideally suited for classroom and seminar use as well as research and independent study. With remarkable conciseness and clarity Lohse, shows how doctrinal development has occurred in the various periods of the Church's history from the first century to the present. He explores and discusses, one by one, the dogmas and doctrines that constitute the milestones in the story of the Church's effort to proclaim the message of Jesus Christ to each age. This Revised American Edition includes a new preface by the author, an account of the significance of the Second Vatican Council and alterations in the "For Further Reading" section to bring it up to date.

Historical Theology

The Christian Faith

Mere Christianity

A Short History of Christian Doctrine

What Christians Ought to Believe

Leading evangelical scholar Millard Erickson offers a new edition of his bestselling textbook, now substantially updated and revised throughout. This edition takes into account feedback from professors and students and reflects current theological conversations, with added material on the atonement, justification, and divine foreknowledge. Erickson's comprehensive introduction is biblical, contemporary, moderate, and fair to various positions, and it applies doctrine to Christian life and ministry.

A modern classic, *A History of Christian Theology* offers a concise yet complete chronicle of the whole of Christian theology, from its background in the history of Israel to the liberation and postliberal theologies of recent years. This updated thirtieth anniversary includes expanded treatments of theological developments at the end of the twentieth century, and preliminary trajectories for theology in the twenty-first century. It also includes updated bibliographies and revised chapters on important innovations in biblical studies, and their impact on theology. This updated and revised edition will continue to aid the work of both students and faculty for years to come. William C. Placher is to be congratulated for having done what many would have considered impossible. In slightly more than 300 pages he has chronicled the whole history of Christian theology, from its background in the history of Israel to the various modes of liberation theology in the late 20th century. Moreover, he has touched almost all of the important bases and has dealt with significant figures, issues, movements in an incisive and illuminating manner. This intellectual history, a story of people and their ideas, is a delight to read. I predict it will be widely used not only in college and seminaries, but also in lay institutes and study groups. -- John D. Godsey in *The Christian Century*

This clear and concise text helps readers grasp the doctrines of the Christian faith considered basic from the earliest days of Christianity. Ronald Heine, an internationally known expert on early Christian theology, developed this book from a course he teaches that has been refined through many years of classroom experience. Heine primarily uses the classical Christian doctrines of the Nicene Creed to guide students into the essentials of the faith. This broadly ecumenical work will interest students of church history or theology as well as adult Christian education classes in church settings. Sidebars identify major personalities and concepts, and each chapter concludes with discussion questions and suggestions for further reading.

Explore *Answers to Life's Most Important Theological Questions*. Over 175,000 Copies Sold! How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then systematic theology is no abstract term. It's an approach to finding answers every Christian needs to know. The second edition of *Bible Doctrine* takes a widely used upper-level textbook on systematic theology and makes it accessible. Abridged from the second edition of Wayne Grudem's award-winning *Systematic Theology*, *Bible Doctrine* covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future. You don't need to have had several years of Bible college or seminary training to reap the benefits of *Bible Doctrine*. It's easy to understand and packed with biblical answers to your most pressing theological questions. This new edition is 144 pages longer than the first edition and now includes: New,

thoughtful critiques of open theism, the new perspective on Paul, Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" An extensive discussion on the eternal submission of the Son to the Father A discussion of recent criticisms of the penal substitutionary view of the atonement Numerous other updates and corrections that have been prompted by letters and emails from people around the world and by interaction with the students Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary

Classical Christian Doctrine

Systematic Theology, Second Edition

An Introduction to Thinking and Living Theologically

Revelation

An Introduction to Christian Doctrine

Modern Christians have often hesitated to embrace the ancient creeds because of our "nothing but the Bible" tradition. Christians Ought to Believe Michael Bird opens our eyes to the possibilities of the Apostle's Creed as a way to explore and understand the basic teachings of the Christian faith. Bringing together theological commentary, tips for application, and illustrations, What Christians Ought to Believe summarizes the basic tenets of the Christian faith using the Apostle's Creed as an entryway. After first emphasizing the importance of creeds for the formation of the Christian faith, each chapter, following the Creed's outline, introduces the Father, the Son, and the Spirit and the Church. An appendix includes the Apostles' Creed in its original Latin and Greek. What Christians Ought to Believe is ideally suited for both the classroom and the church setting, beginning students and laypersons the basics of what Christians ought to affirm if they are to be called Christians. A new edition of leading theologian Millard Erickson's classic text.

This introductory theology text explains key concepts in Christian doctrine and shows that doctrine is integrally linked to the practical realities of Christian life. In order to grow into more faithful practitioners of Christianity, we need to engage with the study of learning doctrine and understanding how it shapes faithful lives. Beth Felker Jones helps students articulate basic doctrines, think theologically so they can act Christianly in a diverse world, and connect Christian thought to their everyday faith. This book, written from a solidly evangelical yet ecumenically aware perspective, models a way of doing theology that is generous and charitable. It attends to history and contemporary debates and features voices from the global church. A mix of illustrative quotations, key Scripture passages, classic hymn texts, and devotional poetry punctuate the chapters. Most historical theology texts follow Christian beliefs chronologically, discussing notable doctrinal developments for each period of theology according to their historical appearance. And while this may be good history, it can make for confusing the classic theological loci scattered throughout various time periods, movements, and controversies. In Historical Theology Allison offers students the opportunity to study the historical development of theology according to a topical-chronological arrangement, setting out the history of Christian doctrine one theological element at a time. Such an approach allows students to concentrate on one tenet of Christianity and its formulation in the early church, through the Middle Ages, Reformation, and into the modern period. The text includes a generous mix of primary source material as well, citing the work of Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Allison references the most accessible editions of the theologians' work so that readers can continue their study of historical theology through Christian history's most important contributors. Historical Theology is a superb resource for those familiar with Wayne Grudem's Systematic Theology and those seeking to understand the development of Christian theology.

An Introduction

Introducing Christian doctrine, 2nd ed

Understanding Christian Doctrine

Christian Doctrine

Summary of Christian Doctrine

An abridged, less technical version of Erickson's Christian Theology covering the same topics, but at a level appropriate for the undergraduate reader.

Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.

Leading evangelical scholar Millard Erickson offers a new edition of his bestselling doctrine text (over 100,000 copies sold), now thoroughly revised throughout. This book is an abridged, less technical version of Erickson's classic Christian Theology. Pastors and students alike will find this survey of Christian theology and doctrine

to be biblical, contemporary, moderate, and fair to various positions. It is a practical and accessible resource that applies doctrine to Christian life and ministry. This book is supplemented with helpful web materials for students and professors through Baker Academic's Textbook eSources.

Introducing Christian Doctrine Baker Academic

The Second Media Age

An Introduction to Systematic Theology

Prolegomena and the Doctrines of Revelation, Scripture, and God

Bible Doctrine

Second Edition

Far from being solely an academic enterprise, the practice of theology can pique the interest of anyone who wonders about the meaning of life. Inviting readers on a journey of 'faith seeking understanding', this introduction to Christian theology - its basic concepts, confessional content, and history - emphasizes the relevance of the key convictions of Christian faith to the challenges of today's world. In the first part, this book introduces the project of Christian theology and sketches the critical context that confronts Christian thought and practice. In the second part, it offers a survey of the key doctrinal themes of Christian theology - including revelation, the triune God, and the world as creation - identifying their biblical basis and the highlights of their historical development before giving a systematic evaluation of each. The third part provides an overview of Christian theology from the early church to the present.

Michael Horton's highly anticipated *The Christian Faith* represents his magnum opus and will be viewed as one of—if not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this volume as "doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated." It is written for a broad cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians.

Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on exegetical, philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and to

Martin Luther wrote: "Faith takes hold of Christ and has Him present, enclosing Him as a ring encloses a gem." We hold faith as we seek to know Christ better, exploring Christian doctrines and deepening our understanding of their relevance to our day-to-day lives. Faith holds us as we respond to Christ's calling, negotiate life's challenges, and join in the work of bringing in God's kingdom. This introduction to Christian theology shows how various understandings of particular doctrines play out in relation to the way we live our lives. It explores the core Christian doctrines and celebrates the "so what?" of each. Using theological literature and Scripture, but also current events, social fiction, and movies, Rigby shows that theology is key to how we come to understand and negotiate our world. Holding Faith contends that some approaches to Christian doctrine are preferable to others, making persuasive arguments for creative ways of believing that can enrich our lives, and the life of the world. Theology has relevance because it can stymie or transform. How will we hold our faith? "Cynthia Rigby has written an accessible and lucid book of theological reflection for today's believers, seekers, and doubters. This is no small feat. She succeeds in the daunting challenges of presenting Christian theology with clarity and completeness, with commitment and generosity. It is an admirable text for theology students, pastors, and all those interested in understanding more deeply their faith and life." Leanne Van Dyke, President and Professor of Theology, Columbia Theological Seminary, Decatur, GA

"This is an extraordinary book. Cynthia Rigby is a Reformed theologian, a minister, and a teacher. All of these gifts are evident in *Holding Faith*, as Rigby offers an eloquent introduction to Christian theology that is academically rich, pastorally sensitive, and profoundly accessible. She does not make theology accessible by watering it down, but rather by explaining it with compelling clarity. *Holding Faith* is perfect for seminarians, pastors, church groups, and curious souls; for those who are new to Christianity and those who have been studying and living Christian faith their entire lives. It will be an enormous blessing to those who teach theology and those who preach the gospel." Shannon Craigo-Snell, Professor of Theology, Louisville Presbyterian Theological Seminary, Louisville, KY

"Cindy Rigby's is a timely, necessary, and accessible voice in theological discourse, not only for those who together comprise Christendom but also for those who are curious enough about what Christian doctrines offer by challenge, critique, and comfort in our increasingly distracted, fractious world. *Holding Faith* is a prophetic, priestly, and pastoral defense of a faith tradition that historically contributed to this oppressive state of affairs - yet undoubtedly remains rife with redemptive possibility for individuals, communities, nations, the cosmos. In its pages, Rigby provides church folks, people of other faiths, seminarians, and inquisitive "nones" with a "thoughtful place" to search out our private and corporate relationships to the God whom the doctrines signify, however imperfectly." JoAnne Marie Terrell, Associate Professor of Theology, Ethics, and the Arts, Chicago Theological Seminary

"For those of us who teach theology, it's rare to find a text that is accessible to those with no previous exposure to theology while also introducing readers to deep and expansive ways to major doctrinal teachings. But Rigby has managed to accomplish both here. This is a profoundly personal and invitational approach to thinking theologically in ways that demonstrate the relevance of ancient teachings for our world today. And it is a serious engagement with the biblical text, a vast array of historical and contemporary theological voices, poetry, literature, film, and more. This introduction to theology will empower readers to hold onto faith in new and exciting ways." Deanna A. Thompson, Professor of Religion, Hamline University, St. Paul, MN

Basing this work on his own full-scale *Systematic Theology*, Berkhof summarizes the body of church doctrine, beginning with the doctrines of Scripture and God and proceeding through statements on anthropology, Christology, soteriology, and more.

An Introduction to Christian Theology
A History of Christian Theology, Second Edition
An Introduction to Christian Doctrine : a Companion to Wayne Grudem's Systematic Theology
An Introduction to the History of Christian Thought
Practicing Christian Doctrine

Christian Doctrine has introduced thousands of laity, students, and theologians to the tenets of the Christian faith. This edition reflects changes in the church and society since the publication of the first edition and takes into account new works in Reformed theology, gender studies, references in the Bible, racism, pluralism, ecological developments, and liberation theologies. The comprehensive and engaging introduction to contemporary Christianity, revised and updated

The second edition of *Understanding Christian Doctrine* presents a completely updated and revised edition that builds on the most popular features of the first edition to offer a lively overview to the central beliefs of Christianity. Ian S Markham, a noted authority of Christianity, discusses the great thinkers of the Christian tradition and puts them in conversation with contemporary progressive theologies in a book that goes from Augustine, Aquinas, and Luther to Liberationist, Feminist, and Queer theologies. Designed to be a basic primer, the text is

written in a manner that assumes the reader has no prior knowledge of theology or Christian doctrine. The book is designed to present the basic options in all the key areas of Christianity as well as information on how to make complex theological decisions. The author tackles all the key questions from creation to eschatology. Furthermore, Markham makes his own distinctive contribution: he argues that theodicy (traditionally seen as a major difficulty with belief) is actually a theme that links many aspects of Christian doctrine. The revised second edition includes a wealth of new information, including: A lively and comprehensive introduction to Christianity that assumes no prior knowledge of the faith An overview to the great thinkers of Christian tradition that puts them in conversation with progressive liberationist theologies Suggestions that help even the most skeptical to learn to understand and possibly embrace theological assertions Breakout boxes that explain the significance of the text's various philosophical ideas and positions The text is ideal for anyone interested in learning about the foundations of Christianity as well as new ideas about the faith. Christianity is presented in a manner that embraces the richness of the tradition and affirms the central claims of the historical creeds, while engaging with liberationist challenges to the tradition.

What is Christian doctrine? The fourteen specially commissioned essays in this book serve to give an answer to many aspects of that question. Written by leading theologians from America and Britain, the essays place doctrine in its setting - what it has been historically, and how it relates to other forms of culture - and outline central features of its content. They attempt to answer questions such as 'what has, and does, Christian doctrine teach about God, the creation, the human condition and human behaviour?' and 'what is the part played in Christian doctrine by the Trinity, Jesus Christ and the Holy Spirit?' New readers will find this an accessible and stimulating introduction to the main themes of Christian doctrine, while advanced students will find a useful summary of recent developments which demonstrates the variety, coherence and intellectual vitality of contemporary Christian thought.

Long-Awaited Systematic Theology by Well-Known Pastor, Author, and President of the Master's Seminary Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more. Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

Introducing the Essentials of the Ancient Faith

Christian Theology

Systematic Theology

Manual of Christian Doctrine

Introduction to Christian Doctrine

This book examines the implications of new communication technologies in the light of the most recent work in social and cultural theory and argues that new developments in electronic media, such as the Internet and Virtual Reality, justify the designation of a "second media age".

This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture.

Completely revised chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels.

Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music.

Numerous other updates and corrections. Part of the brilliance of Systematic Theology has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and

possible objections, followed by personal application and key terms to know for personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you think theology is hard to understand or boring, then this new edition of Systematic Theology will change your mind. Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of Faith Seeking Understanding features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, "Confessing Jesus Christ in Context," explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and mujerista traditions. The second new chapter, "The Finality of Jesus Christ and Religious Pluralism," addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

This book presents the history of various doctrines in identical order to their appearance in Wayne Grudem's Systematic Theology. Readers can trace the development of vital Christian theology topic by topic.
