The Micro and Meso Levels of Activism

The Politics of Globalization

Studyguide for Introduction to Comparative Politics by Mark Kesselman, Isbn 9781111834173

*Focusing on the Attac movements in France and Germany, this book seeks to explain the dramatic differences that exist between the individual and organisational levels of activism. The author derives engagement patterns for various types of activists and develops a typology of social movement organisations positing possible trends in membership.*

*Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. *With its comprehensive, authoritative coverage and student-centered pedagogy, DISCOVERING BEHAVIORAL NEUROSCIENCE: AN INTRODUCTION TO BIOLOGICAL PSYCHOLOGY, 3rd Edition is ideal for a broad range of students taking a beginning undergraduate course in biological or physiological psychology. Retitled in this edition to reflect the increasing interest in, and importance of, neuroscience, the book provides a foundational understanding of the structure and function of the nervous system and its relationship to both typical and disordered human behavior. Written by an author with more than 30 years of teaching experience at schools ranging from community colleges to the Ivy League, this text presents classic concepts, current topics, and cutting-edge research in a style that is both accessible to beginning and less-prepared students and appealing to students with stronger backgrounds. As a result, the book allows instructors to teach a rigorous course that does not oversimplify the material, while keeping students excited and engaged. Reviewers have praised the text's clear narrative, high-interest examples, pedagogy, and purposeful art program. Updated with hundreds of new citations and to reflect changes in the DSM-5, this edition also includes new boxed features on ethics, careers, research, and health to engage students in the material, promote critical thinking, and prepare students for their future professions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.*

*This book explains the contrasting strategies of social democratic parties and their electoral fortunes in the major European democracies in the 1970s and 1980s. Going beyond approaches that focus on the influence of class structures and political economic institutions, Herbert Kitschelt analyzes a party's competitive situation in the electoral arena, the constraints and opportunities of party organization, and ideological legacies to explain the strategic choices made by social democratic parties and their electoral results. Social democracy is far from being doomed to decline, but its success depends on its ability to transform its political message and construct new electoral coalitions.*

***Inventors of Ideas: Introduction to Western Political Philosophy  
Political Challenges and Changing Agendas***

***Introduction to Comparative Politics, Brief Edition***

***Political Challenges and Changing Agendas by Mark Kesselman, Joel Krieger, Ervand Abrahamian, William A. Joseph, Christopher S. Allen***

**COMPARATIVE POLITICS uses a unique theme-Domestic Responses to Global Challenges-to introduce key concepts and examine the growing interdependence of strong and weak states. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Written by a distinguished group of comparativists, this innovative text has been organized around levels of political development and themes to make comparative politics accessible and easy to understand. Readers can use the Geographic Setting sections in each chapter, as well as maps, tables, charts, photographs, and political cartoons to further their understanding of each country studied. The Fifth Edition has been completely redesigned to engage readers with additional pedagogy and color.**

**READINGS IN COMPARATIVE POLITICS, 2nd Edition, is a collection drawn from a variety of published, unpublished, and electronic sources. The author has carefully selected these readings, which are theoretical in nature, to offer students a good sample of the wide range of popular and scholarly views relevant to the major topics presented in introductory comparative courses. The works are divided into seven sections--an Introduction, States and Regimes, Governing the Economy, the Democratic Challenge, Collective Identity, Political Institutions and Political Challenges and Changing Agendas.**

**LEARNING AND BEHAVIOR, Seventh Edition, is stimulating and filled with high-interest queries and examples. Based on the theme that learning is a biological mechanism that aids survival, this book embraces a scientific approach to behavior but is written in clear, engaging, and easy-to-understand language. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. The success of this best-selling text lies in the author's belief that a good text talks with, rather than at, its readers. Shaffer does an extraordinary job of anticipating students' interests, questions, and concerns while treating them as active participants in the process of learning about social and personality development. The Sixth edition of SOCIAL AND PERSONALITY DEVELOPMENT features clearly written, current coverage of social and personality development that aids students in discovering the causes, processes, and complexities that underlie developmental change. Students learn why biological and environmental factors, contextual factors such as cross-cultural, familial, neighborhood, school, and peer-group influences cause change in children. Shaffer also explores the approaches that researchers use to test their theories and answer important questions about developing children and adolescents. This book's effective coverage of field research stands out from other texts not only for its accuracy and currency, but because Shaffer consistently juxtaposes classic research with the latest breakthroughs in a way that helps students appreciate how knowledge builds on earlier findings. This edition features a much stronger emphasis on cultural influences on development. Introduction to Politics of the Developing World: Political Challenges and Changing Agendas

Introduction to Comparative Politics: Political Challenges and Changing Agendas

Why Don't Women Rule the World?

A Critical Introduction to American Government

**Why are some countries rich and others poor? Colonialism, globalization, bad government, gender inequality, geography, and environmental degradation are just some of the potential answers to this complex question. Using a threefold framework of the West, the South, and the natural world, Shaping the Developing World provides a logical and intuitive structure for categorizing and evaluating the causes of underdevelopment. This interdisciplinary book also describes the social, political, and economic aspects of development and is relevant to students in political science, international studies, geography, sociology, economics, gender studies, and anthropology. The Second Edition has been updated to include the most recent development statistics and to incorporate new research on topics like climate change, democratization, religion and prosperity, the resource curse, and more. This second edition also contains expanded discussions of gender, financial inclusion, crime and police killings, and the Middle East, including the Syrian Civil War.**

**INVENTORS OF IDEAS connects the major philosophers' original political and societal views with current politics and political thought. Significantly revised to give increased coverage to the major thinkers, the Third Edition covers the traditional canon of writers. INVENTORS OF IDEAS gives students the practical and historical foundations with which to look at contemporary political issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.**

**WHY POLITICS MATTERS: AN INTRODUCTION TO POLITICAL SCIENCE is a full-color, accessible introduction to Political Science. WHY POLITICS MATTERS follows a foundational approach to learning and gives students a big picture of the field, examining Theory, Comparative Politics, including a look at the U.S. government, and International Relations. The authors approach the subject through a theme of theory and practice and emphasize why politics matters to the reader through current, global examples, encouraging critical thinking, discussion, and participation throughout the text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.**

**This brief edition of the bestselling, full-length Introduction to Comparative Politics uses the same key themes to frame the presentation of each country's politics, placing a strong emphasis on political economy. This edition's easy to read 8½x10 format and two-color design features new pedagogy, such as a marginal glossary, while maintaining the essential material of the full text.**

**Outlines and Highlights for Introduction to Comparative Politics, Brief Edition by Mark Kesselman, Joel Krieger, Ervand Abrahamian, William a Joseph**

**Social and Personality Development**

**The Politics of Power**

**Discovering Behavioral Neuroscience: An Introduction to Biological Psychology**

**The Transformation of European Social Democracy**

This derivative of the innovative Introduction to Comparative Politics includes the same organizing framework, themes, and features, but focuses on developing nations. Country studies include China, India, Mexico, Brazil, Nigeria, and Iran. New! Streamlined chapters and updated descriptions of political developments take into account major events and regime changes. New! An expanded Chapter One provides a more extensive survey of the many approaches to studying comparative politics as well as a richer discussion of democratic transitions. New! The country studies now include more focused coverage of the consequences of globalization on domestic politics.

The broad range of selections in this reader gives students a foundation for understanding globalization. Each of the four sections—an introduction to the topic; political economy; civil society; and governance—examine the national and intra-national implications of globalization. The readings present views both for and against globalization and include scholarly discussions and a diverse range of selections on emerging topics. The writing style and format of the readings make them accessible to students at all levels of understanding.

A collection of 71 documents in American diplomatic history, designed for a one-semester course.

Outlines & Highlights for Introduction to Comparative Politics

INTRODUCTION TO COMPARATIVE POLITICS: POLITICAL CHALLENGES AND CHANGING AGENDAS.

Two Centuries of U.S. Foreign Policy

Introduction to Comparative Politics Advanced Placement 3rd Edition

This book provides a global overview of populist actors and strategies around the globe from a comparative perspective. By presenting six country studies on the United States, Poland, Turkey, the Philippines and Argentina, the contributors analyze how parties from both the radical left and right use a populist discourse combining people-centeredness, elitism, and the exclusion of certain population cohorts from the national community. They illustrate how populist actors mobilize and persuade citizens by using simple, emotionally based language and charismatic leadership while offering simple solutions to complex problems. Each case study describes the history of populism in the respective country, the populist actors, the strategies these parties and movements employ, and how successful these tactics are within the population. These case studies are embedded within chapters that link the cases to the theoretical and empirical literature on populism. This timely book will appeal to anyone interested in understanding the current and future of populist movements around the globe.

Written by a distinguished group of comparativists, this innovative and accessible introductory text surveys 12 key countries organized according to their level of political development: established democracies, transitional democracies, and non-democracies. The country studies illuminate four comparative themes in a global context: the world of states and the interaction of states within the international order; governing the economy, covering the role of the state in economic management; the democratic idea, discussing the quest for more democracy and the challenges of democratization; and the politics of collective identities, studying the political impact of diverse attachments and sources of group identity. Country studies, as well as two additional studies, are available in an online database. Instructors may choose from among these chapters (a minimum of 7) to create a course. Updated to reflect today's political climate, the seventh edition of INTRODUCTION TO COMPARATIVE POLITICS offers a country-by-country approach that allows students to fully examine similarities and differences among countries and within and between political systems. Each chapter offers an analysis of political challenges and changing trends in the country and provides detailed descriptions and analyses of the politics of individual countries. The text offers a condensed narrative and student-friendly pedagogy, such as key terms and questions that will help them make meaningful connections and comparisons about the countries presented. This edition consists of 13 country case studies, including a case study on the European Union, providing an interesting sample of political regimes, levels of economic development, and geographic regions. Important Notice: Media not referenced within the product description or the product text may not be available in the ebook version.

Why don't women have more influence over the way the world is structured? Written by four leaders within the national and international academic caucuses on women, *Why Don't Women Rule the World?* by J. Cherie Strachan, Lori M. Poloni-Staudinger, Shannon Jenkins, and Candice D. Ortbal helps you to understand how the underrepresentation of women manifests within politics, and the impact this has on policy. Grounded in theory with practical, job-related activities, the book offers a thorough introduction to the study of women and politics, and will bolster your political interests, ambitions, and efficacy.
