Topics reviewed include: Valuation and its various forms of analysis, including comparable companies, precedent transactions and discounted cash flow analysis Leveraged buyouts—from the fundamentals of LBO economics and structure to detailed modeling and valuation M&A sell-side tools and techniques, including an overview of an organized M&A sale process M&A buy-side strategy and analysis, including a comprehensive merger consequences analysis that includes accretion/dilution and balance sheet effects The lessons found within will help you successfully navigate the dynamic world of investment banking and professional investing. Investment Banking WORKBOOK will enable you to take your learning to the next level in terms of understanding and applying the critical financial tools necessary to be an effective finance professional.**

**The hilarious New York Times bestseller “sharply observes the lives of globe-trotting, overindulging investment bankers” (Entertainment Weekly). “Some chick asked me what I would do with 10 million bucks. I told her I’d wonder where the rest of my money went.”—@GSElevator For three years, the notorious @GSElevator Twitter feed offered a hilarious, shamelessly voyeuristic look into the real world of international finance. Hundreds of thousands followed the account, Goldman Sachs launched an internal investigation, and when the true identity of the man behind it all was revealed, it created a national media sensation—but that’s only part of the story. Where @GSElevator captured the essence of the banking elite with curated jokes and submissions overheard by readers, Straight to Hell adds John LeFevre’s own story—an unapologetic and darkly funny account of a career as a globe-conquering investment banker spanning New York, London, and Hong Kong. Straight to Hell pulls back the curtain on a world that is both hated and envied, taking readers from the trading floors and roadshows to private planes and after-hours overindulgence. Full of shocking lawlessness, boyish antics, and win-at-all-costs schemes, this is the definitive take on the deviant, dysfunctional, and absolutely excessive world of finance. “Shocking and sordid—and so much fun.”—Daily News (New York) “LeFevre’s workplace anecdotes include tales of nastiness, sabotage, favoritism, sexism, racism, expense-account padding, and legally questionable collusion.”—The New Yorker**
