The latest iPad Pro includes the most significant changes Apple has made to its tablets in years. There's USB-C instead of Lightning, Face ID instead of Touch ID, and the device is more portable. The release of iPadOS 13 brought so many features that removed all my regrets about the iPad Pro. The addition of mouse support and full access to drives plugged into the USB-C port are game changers. And giving apps the ability to open multiple windows simultaneously greatly simplifies my workflow. Apple took the unusual route of waiting 9 months after the iPad Pro's debut to introduce a software update that makes the tablet shine. This book is written in simple and clear terms with a step-by-

most significant ongoing global developments in the entire field of education. Rather than focus on specific technologies, expert authors discuss how best to utilize technology in the service of improving teaching and learning. For more than a decade, researchers and practitioners have been exploring this area of study as the growing popularity of smartphones, tablets, and other such devices, as well as the increasingly sophisticated applications for these devices, has allowed educators to accommodate and support an increasingly mobile society. This handbook provides the first authoritative account of the theory and research that underlies mobile learning, while also exemplifying models of current and future practice. A Comprehensive User Guide to

Apple iPad Mini 5 The iPad mini 2019 is Apple's most complete iPad, and it's deceptively powerful for its small size. It has a bright 7.9-inch display that works with the Apple Pencil and a chipset that smokes the small tablet competition. It's Apple's most satisfyingly iPad and proof that things won't change very much when serious small tablet competition is nowhere to be found in 2020. The familiar 7.9-inch display feels perfectly sized to grip in one hand and operate with two, just as it did when the iPad mini 4 released nearly four years ago. There are many other factors that make up the overall goodness of the iPad Mini 5. We got a chance at handling the device and we are presenting our User Guide to help you maximize your iPad Mini 5.
