Now available in paperback, Shakespeare and Postcolonial Theory is an up-to-date guide to contemporary debates in postcolonial studies and how these shape our understanding of Shakespeare's politics and poetics. Taking a historical perspective, it covers early modern discourses of colonialism, 'race', gender and globalization, through to contemporary intercultural appropriations and global adaptations of Shakespeare. Showing how the dialogue between Shakespeare criticism and postcolonial studies has evolved, this book offers a critical vocabulary that connects contemporary and early modern cultural struggles. Shakespeare and Postcolonial Theory also provides guides to further reading and online resources which make this an essential resource for students and scholars of Shakespeare.

Malala, a Brave Girl from Pakistan/Iqbal, a Brave Boy from Pakistan

NATIONAL BESTSELLER • Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, *White Teeth* revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence. Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith.

For Fatima, Maria and the other unseen children of Hussain Khan's carpet factory, Iqbal Masih's arrival is both the end of hope and its beginning. It is Iqbal who tells them that their family's debt will never be cancelled, no matter how many inches of progress they make in their rugs, nomatter how neat their knots or how perfect the pattern they weave. But it is also Iqbal who is brave enough to talk about the future, to plan their escape - and to encourage the children to stand together against their master's injustice. Who promises Fatima that next spring they are going to fly akite 'whatever happens.'Based on a true story, this is a poignant and lyrical novel about child labour and human rights issues.A pack containing:* 15 copies of the Rollercoasters Educational Edition of Iqbal by Francesco D'Adamo* 15 Iqbal Reading Guides to support the student in their study of the novel

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

When young Iqbal is sold into slavery at a carpet factory, his arrival changes everything for the other overworked and abused chidren there. It is Iqbal who explains to them that despite their master's promises, he plans on keeping them as his slaves indefinitely. But it is also Iqbal who inspires the other children to look to a future free from toil...and is brave enough to show them how to get there. This moving fictionalized account of the real Iqbal Masih is told through the voice of Fatima, a young Pakistani girl whose life is changed by Iqbal's courage.

Bringing together Islamic studies, a postcolonial literary perspective, and a focus on the interaction between aesthetics and politics, this book analyses Iqbal ' s Islamism through his poetry. It argues that his notion of an Islamist selfhood was expressed in his verse through the interplay between poetic tradition and creative innovation. It also considers how Iqbal expressed an Islamist geopolitical imagination in his work, and examines his exploration of the relationship between the modern West and a reconstructed Islam. For the first time, Iqbal ' s personal letters have been drawn upon to provide an insight into his inner conflicts as articulated in his poetry. Concentrating on the complexity of his work in its own right, the book eschews the standard appropriation of Iqbal into any one political agenda — be it Indian nationalism, Muslim separatism or Iranian Islamic republicanism. With its analytical and in-depth reading of Iqbal ' s verse and prose, this book opens a fresh perspective on Islam and postcolonialism. It will be a fascinating study for general readers and readers with interests in the intellectual and political history of modern South Asia, colonialism and postcolonialism, Islamic studies, and modern South Asian literature (especially Urdu and Persian poetry).

One of the great challenges that many participants in foreign exchange (FX) markets face is sifting through the often overwhelming amount of information that is available. Media outlets stream updates on international politics, economics, and other factors that move FX prices twenty-four hours a day. It is difficult to work out what is and what is not important. This book helps its reader overcome these challenges by combining the insights gained from a market practitioner who has traded FX at Goldman Sachs, PIMCO, and Barclays Investment Bank, with textbook-level modern financial macroeconomic theory. The book covers macroeconomics relating to exchange rate determination. While you could obtain this information from a disparate set of sources – textbooks, academic literature, industry research notes, conversations with other market practitioners, and theories cited in media reports – this book brings all of these sources together to translate the information into concrete FX views that are firmly rooted in the macroeconomic theory of risk premiums, interest rates, and inflation, among other topics. The book promotes time consistent thought that avoids the daily temptation to jump from that day's economic narrative to the next. Of particular interest to buy- and sell-side industry practitioners, finance and economics graduate students, academics, and others interested in FX markets, this book teaches its readers how to do this and improve their own trading and understanding of the FX markets.

Chosen by the Guardian as one of the Best Books of the 21st Century From the MAN BOOKER PRIZE- and WOMEN'S PRIZE-SHORTLISTED author of *Swing Time*, *On Beauty* and *Grand Union* 'BELIEVE THE HYPE' The Times The international bestseller and modern classic of multicultural Britain - an unforgettable portrait of London One of the most talked about debut novels of all time, *White Teeth* is a funny, generous, big-hearted novel, adored by critics and readers alike. Dealing - among many other things - with friendship, love, war, three cultures and three families over three generations, one brown mouse, and the tricky way the past has of coming back and biting you on the ankle, it is a li affirming, riotous must-read of a book. 'The almost preposterous talent was clear from the first pages' Julian Barnes, *Guardian* 'Street-smart and learned, sassy and philosophical all at the same time' *New York Times* 'Outstanding' *Sunday Telegraph*

World literature advocates have promised to move humanistic study beyond postcolonial theory and antiquated paradigms of national literary traditions. Aamir Mufti scrutinizes these claims and critiques the continuing dominance of English as both a literary language and the undisputed cultural system of global capitalism.

This exploration of one of the most concentrated immigrant communities in Britain combines a fascinating narrative history, an original theoretical analysis of the evolving relationship between progressive left politics and ethnic minorities, and an incisive critique of political multiculturalism. It recounts and analyses the experiences of many of those who took part in over six decades of political history that range over secular nationalism, trade unionism, black radicalism, mainstream local politics, Islamism and the rise and fall of the Respect Coalition. Through this Bengali case study and examples from wider immigrant politics, it traces the development and adoption of the concepts of popular frontism, revolutionary stages theory and identity politics. It demonstrates how these theories and tactics have cut across class-based organisation and acted as an impediment to addressing socio-economic inequality; and it argues for a left materialist alternative. It will appeal equally to sociologists, political activists and local historians.

This edited volume on religious dynamics features source texts from all over Asia, the Middle East, and Europe, which show original authors' thoughts on religion as they the shared challenges of an age dominated by imperialism and colonialism.

Global Activism in an American School: From Empathy to Action analyzes the evolution of the Kids' Campaign and Operation Day's Work at Broad Meadows. It demonstrates how teacher facilitator, Ron Adams, in conjunction with his students created a democratic after school community and provides teachers with unique field tested strategies they could use to promote student activism at the global or local level.

This book was written by a Hindu, the grandson of Mohandas K. Gandhi. His intent, in writing on eight Muslims and their influence on India in the twentieth century, is to reduce the gulf between Hindu and Muslims. Focusing on figures viewed as heroes by sub-continent Muslims, he shows that they can be admired by Hindus as well.Āthat they need not be frozen in Hindu times as foes. Here is a fascinating account of twentieth-century India, Pakistan, and Bangladesh told through biographical sketches of eight men: Sayyid Ahmed Khan (1817-1898), Fazlul Huq (1873-1962), Muhammad Ali Jinnah (1876-1948), Muhammad Iqbal (1876-1938), Muhammad Ali (1878-1931), Abul Kalam Azad (1888-1958), Liaqat Ali Khan (1895-1951), and Zakir Husain (1897-1969).

Literacy is defined as the ability to read and write. One would expect that as the world enters the 21st century of the Third Millennium, we wouldn't even need to discuss such a topic. But alas, that is not the case. Even in the United States, the only so-called superpower left standing at the moment, the rate of illiteracy is astonishing. Some cynics say that there is no cause for alarm since the rich elite class needs millions of workers for low-paid jobs and the less educated the better. Others say that the lack of literacy is the fault of the schools and that if we double the pay of the teachers, they will somehow suddenly be interested in teaching. Still others say that with television and VCRs everywhere, who needs to read and write anyway. In this book we have collected citations, sorted and indexed them in a way which we hope will be useful for those seeking further information on this

topic. At the beginning, we offer excerpts from some of the fundamental reports summarising the dismal situation.

In Britain's highly politicised social climate in the aftermath of the 7/7 London bombings, this book provides an in-depth understanding of British Muslim identity. Nahid Kabir has carried out over 200 in-depth, semi-structured interviews with young Muslims in five British cities: London, Leicester, Bradford, Leeds and Cardiff. By emphasising the importance of biculturalism, Kabir conveys a realistic and hopeful vision for their successful integration into British society.

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English—language edition A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi's masterpiece, adding more than 100 pages of newly translated text. Davis's elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as The Kite Runner and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This book examines anti-imperialist thought in European philosophy. It features an international group of both emerging and established scholars who directly respond to Timothy Brennan's far-reaching call to rethink intellectual histories, literary histories, and the reading habits of postcolonialism, in relation to the anti-imperialist tradition of critique. Each contributor rethinks postcolonial and world literature, Continental thought, and intellectual history in relation to anti-imperialist histories and traditions of critique, through geographically diverse analysis. This book provides a forum for the next generation of scholars to draw on and engage with the marginal yet influential work of the first generation of dissidents within postcolonial studies. It will appeal to researchers and students in the field of postcolonial studies, world literature, geography, and Continental thought.
