

Island Of Hope The Journey To America And The Ellis Island Experience

Island of HopeThe Story of Ellis Island and the Journey to America

It all started with a poem that I sent to Mother Teresa when she was still with us. The poem was called "The Nun I Love". She responded with a letter thanking me for the poem and, inviting me to come work with her and the Sisters of Charity in Calcutta, India. I could not resist answering her invitation and gladly accepted. Over 300 pages with 100+ quotes and pictures from Ana's journey to Calcutta.

Join in on this heartwarming story of the authentic tale of Antonio DeRosa's journey to Ellis Island and the life he created once awarded citizenship in the "Island of Hope." Become enveloped as you go back in time to the 1900s and educate yourself of the truths behind one of the greatest immigration stations and dates in history. From Italy to the United States, lives were changed forever and memories paved the future.

The immigration to America as told through the passionate voices and stories of those who passed through Ellis Island. On January 1, 1892, a fifteen-year-old Irish girl named Annie Moore made history when she became the first person to be processed at a new immigrant station at Ellis Island in New York Harbor. In the next 62 years more than 12 million other immigrants would follow. Many of these newcomers would be "pushed" into America--fleeing religious persecution, political oppression, or economic hardships in their native lands. Millions of others would be "pulled" into the United States by the promise of new opportunities. Once they arrived at Ellis, they were put through the traumatic experience

In this blockbuster novel, young protagonist Patrick Wu visits a future world - Vancouver in 2032 - brimming with innovation and hope, where the climate crisis is being tackled, the solar revolution is underway and a new cooperative economy is taking shape. Dauncey's "brilliant book shows solutions to the climate crisis that offer a future rich in opportunity and joy" - scientist and award-winning broadcaster David Suzuki. Scientists, activists and politicians are enthusiastic in advance praise for Guy Dauncey's ecotopian novel, Journey To The Future. From Elizabeth May, NDP MP Murray Rankin and UK Green Party leader Caroline Lucas, to activists Tziporah Berman, Angela Bischoff and Bill McKibben, and scientists David Suzuki, Andrew Weaver and Elisabet Sahtouris, the endorsements for Guy Dauncey's new book are united: Journey To The Future is a gamechanger that must be widely read. In this blockbuster novel, young protagonist Patrick Wu visits a future world - Vancouver in 2032 - brimming with innovation and hope, where the climate crisis is being tackled, the solar revolution is underway and a new cooperative economy is taking shape. But enormous danger still lurks. David R. Boyd, co-chair of Vancouver's Greenest City initiative, says Journey To The Future is "an imaginative tour de force, blending science, philosophy and fiction into a delightful story about how we can and must change the world." About the author, Guy Dauncey Guy Dauncey is a futurist who works to develop a positive vision of a sustainable future and to translate that vision into action. He is founder of the BC Sustainable Energy Association, and the author or co-author of ten books, including the award-winning Cancer:

101 Solutions to a Preventable Epidemic and The Climate Challenge: 101 Solutions to Global Warming. He is an Honorary Member of the Planning Institute of BC, a Fellow of the Findhorn Foundation in Scotland, and a powerful motivational speaker. The Journey to Me features seven steps to unstoppable success. Does something always seem to be missing from your life? Does success seem to be just out of reach? Do you (unknowingly) sabotage your success time and time again? As a professional woman, if you answered yes to one of these questions, you may be feeling stuck, perhaps even desperate and ready to navigate a new journey. Those of us who aren't in tune with our authentic selves are ignoring what our souls are crying out for, says Ann Ruznak, author, speaker, and self-confidence expert. Whether they put up with abusive situations, reside in a constant state of fear, or don't value their worth, women who are stuck may have one or several issues slowly eating away at their self-esteem. The problem is they don't know how to break free from old, self-sabotaging behaviors. The good news is, you can change course. In the book The Journey to Me, Marie, a woman who has a tolerance for remaining stuck, doesn't even realize that it all starts with her. Taking a trip with her best friend, Barb, Marie travels through the deep seas of guilt and doubt, which can unknowingly keep all of us stuck.

As you read this book, you may find yourself taking your own inner journey to discover the unlocked treasures to claim your life dreams. With a story designed to help women lead a richer life, Ann Ruznak teaches the principles behind the seven steps to unstoppable success in her groundbreaking book, The Journey to Me, as she brings a message of empowerment to women who chronically undervalue themselves. Isn't it time to go from stuck to unstoppable and live the life you richly deserve?

In To the Island of Tides, Alistair Moffat travels to – and through the history of – the fated island of Lindisfarne. Known by the Romans as Insula Medicaia and famous for its monastery, it even survived Viking raids. Today the isle maintains its position as a space for retreat and spiritual renewal. Walking from his home in the Borders, through the historical landscape of Scotland and northern England, Moffat takes us on a pilgrimage in the footsteps of saints and scholars, before arriving for a secular retreat on the Holy Isle. To the Island of Tides is a walk through history, a meditation on the power of place, but also a more personal journey; and a reflection on where life leads us.

Cleanse the doors of your perception and prepare to see things in a new light. This book is not like any other book of poetry you've ever read. It is not only a metaphoric journey, but a spiritual one. It is a journey that has no map.

Journey of Hope: Two Novels

The Journey of Hope - presents the authors struggles to uncover personal history long hidden by the Tennessee Childrens Home Society (TCHS). Beginning chapters describe why she was taken from her mother and handed over to Georgia Tann at TCHS in 1936 at the age of four. Early memories include riding in the "big black car" that took her from Memphis to Odessa, Texas to a family that added the name Patricia and gave her a new life. In 1987 she decides to confront her past and search for her birth parents and the truth behind her legal abduction and illegal adoption. What she discovers is both joyous and harrowing. She tells of the process of finding siblings and visiting the graves of her parents and Tann. Her work discusses her rejuvenated commitment to God and faith and how she forgave Tann who sold children for profit and the judge that facilitated her efforts. Crafted from personal experiences, this is a moving account that has a strong authorial voice that resonates throughout. The work is confidently written, drawing the reader into the fabric of the story. The pain and emotion is subtly woven into the richly textured narrative, making for affecting reading. From Tragedy to Triumph explores how her devotion has guided her through the emotional process and helped her see the hope in an unfortunate situation.

In this touching and courageous memoir, Oscar Mann recounts his boyhood in France, the onset of World War II and the Holocaust, his immigration to America, and his years in the military and as a doctor. Mann's honest narrative offers us a glimpse into his past and a critical time in 20th century history and reminds us all of the power of hope. Visit the authors website for more information along with many unique images that help to visually support the author's story.

We have all asked the questions, "Who Am I?," "Where Am I?," and "What Am I?," in MADE FOR MORE- A Journey of Purpose and Discovery, the reader will maneuver through these questions in order to understand the larger picture for their life. The ultimate goal is to lead the reader to understand they are made for a great purpose through Jesus. Through God and the message of hope found in scripture, the reader will discover they are truly Made For More.

"Explores the waves of immigration into the United States in the early 1900s"--

Dr. Kate Hartig writes "In his recently published first book From Barren Rocks to Living Stones Jon Magee recounts his teenage years living in Aden, Yemen, during the mid 1960s. In Paradise Island Jon travels back to an earlier period of his childhood. He reflects on his life as a young boy living with his family in Singapore during the 1950s. He discusses the trials and joy of British military family life living in what was once part of the British Empire. But like Jon's memoirs of Aden, the 1950s in Singapore was also a period of considerable change as Britain was forced to accept the ending of its colonial powers in far away "exotic" places. But for Jon, it was an ideal childhood full of adventure and new experiences, from new foods to strange plants and significantly new friends that cut across cultural barriers. Today, Singapore presents itself as a modern, bustling cosmopolitan city. With the kampongs (villages) and jungle areas now replaced by high-rise residential apartments and manicured parklands the perception of Singapore as a "paradise island" is possibly difficult to comprehend. But Jon's memories brings back an earlier time when life was perhaps not so much simpler but different. So different that it was life changing. This story is set within the context of many journeys, Jon's journey through early childhood, the family's journeys between Singapore and Britain and most significantly his parents' profound spiritual journey back to their saviour and God." Dr Kate Hartig (PhD) Jon Magee continues to reveal the wealth of story telling that is based upon life experiences within the world. This book, following on fom the action of Aden (Yemen),now details the search for truth, peace and sense of purpose lived out in Singapore in the 1950s.

Presents a history of Grosse alle, Quebec, which was a quarantine station for newly arrived immigrants from 1832 to 1937, discussing inspection procedure, cholera and typhus epidemics, and waves of immigrants.

Labeled by the American Colonization Society (ACS) in the 1820s as an African refuge for free blacks and liberated American slaves. While interest in African migration waned after the Civil War, it roared back in the late nineteenth century with the rise of Jim Crow segregation and disfranchisement throughout the South. The back-to-Africa movement held great new appeal to the South's most marginalized citizens, rural African Americans. Nowhere was this interest in Liberia emigration greater than in Arkansas. More emigrants to Liberia left from Arkansas than any other state in the 1880s and 1890s. In Journey of Hope, Kenneth C. Barnes explains why so many black Arkansas sharecroppers dreamed of Africa and how their dreams of Liberia differed from the reality. This rich narrative also examines the role of poor black farmers in the creation of a black nationalist identity and the importance of the symbolism of an ancestral continent. Based on letters to the ACS and interviews of descendants of the emigrants in war-torn Liberia, this study captures the life of black sharecroppers in the late 1800s and their dreams of escaping to Africa.

The Journey of Hope

Hope has been back in her well-ordered Melbourne for five years. She has worked hard and has managed to pick up where she had left off and carve a successful art career for herself. She has never forgotten Jason and the life lesson she learned from him. His brief presence in her life instilled enough courage in her battered soul so she could believe in herself and move forward. Jason at the other end of the world in London has become a workaholic. He wants to be the man he wished he had of been when he met Hope on the island. In their own way they have buried themselves in their work but never forgot what they gave to one another. As time goes by a summer a love affair on magical Greek island seems like an aberration. Can the years and the distance keep them apart?

A story of those who entered the new world through Ellis Island in their own words.

My name is Sylvina Boddie Ellis, am from the Island of St Kitts in the West Indies. Resideing in the Florida Keys. I love to read and write, And dream of becoming an Author one day. This is my first book..

With thousands of migrants attempting the perilous maritime journey from North Africa to Europe each year, transnational migration is a defining feature of social life in the Mediterranean today. On the island of Sicily, where many migrants first arrive and ultimately remain, the contours of migrant reception and integration are frequently animated by broader concerns for human rights and social justice. Island of Hope sheds light on the emergence of social solidarity initiatives and networks forged between citizens and noncitizens who work together to improve local livelihoods and mobilize for radical political change. Basing her argument on years of ethnographic fieldwork with frontline communities in Sicily, anthropologist Megan Carney asserts that such mobilizations hold significance not only for the rights of migrants, but for the material and affective well-being of society at large.

Based on a true story Peggy tells a tale that takes her from a broken home to an orphanage, but everyone is waiting for the adoption to fail. Her faith in Jesus Christ, however, influences her decision to attend Bible College after high school. There she hears about a possible missionary position in Africa. Teaching women in the villages of Nigeria with its challenges, trekking through the bush, and bringing the Good News to those who had never heard the message of the Gospel, was a call she couldn't ignore. Rumors of political unrest in the villages might prevent her from answering the call. Marriage took her to many places, Florida, Maine, and Newfoundland. She teaches school in a two room school house in an isolated village on the coast of Labrador along with her husband. Will her journey of hope lead to more adventures and deeper spiritual awareness?

Gittel and her mother were supposed to immigrate to America together, but when her mother is stopped by the health inspector, Gittel must make the journey alone. Her mother writes her cousin's address in New York on a piece of paper. However, when Gittel arrives at Ellis Island, she discovers the ink has run and the address is illegible! How will she find her family? Both a heart-wrenching and heartwarming story, Gittel's Journey offers a fresh perspective on the immigration journey to Ellis Island. The book includes an author's note explaining how Gittel's story is based on the journey to America taken by Lesléa Newman's grandmother and family friend.

Provides information about the immigration station in New York harbor, along with fictionalized accounts of the people who came through or worked there.

Art Hilmo was a teenage boy in Norway when the Nazis invaded and began to take the Jewish families to concentration camps. Knowing their lives were at stake, Art's family decided they would risk everything to help these poor Jewish people.

After author Shannon Huffman Polson's parents are killed by a wild grizzly bear in Alaska's Arctic, her quest for healing is recounted with heartbreaking candor in North of Hope. Undergirded by her faith, Polson's expedition takes her through the wilds of her own grief as well as God's beautiful, yet wild and untamed creation—ultimately arriving at a place of unshaken hope. She travels from the suburbs of Seattle to the concert hall, performing Mozart's Requiem with the Seattle Symphony, to the wilderness of Alaska—where she retraces their final days along an Arctic river. This beautifully written book is for anyone who has experienced grief and is looking for new ways to understand overwhelming loss. Readers will find empathy and understanding through Polson's journey. North of Hope is also for those who love the outdoors and find solace and healing in nature, as they experience Alaska's wild Arctic through the author's travels.

This carefully crafted ebook: "A Journey to the Centre of the Earth & The Mysterious Island (Illustrated)" is formatted for your eReader with a functional and detailed table of contents: A Journey to the Centre of the Earth is an 1864 science fiction novel by Jules Verne. The story involves German professor Otto Lidenbrock who believes there are volcanic tubes going toward the centre of the Earth. He, his nephew Axel, and their guide Hans descend into the Icelandic volcano Snaefellsjökull, encountering many adventures, including prehistoric animals and natural hazards. The Mysterious Island - The plot focuses on the adventures of five Americans on an uncharted island in the South Pacific. During the American Civil War, five northern prisoners of war decide to escape, during the siege of Richmond, Virginia, by hijacking a balloon. During their stay on the island, the group endures bad weather, and domesticates an orangutan, Jupiter. There is a mystery on the island in the form of an unseen deus ex machina, responsible for Cyrus' survival after falling from the balloon, the mysterious rescue of Top from a dugong, the appearance of a box of equipment (guns and ammunition, tools, etc.), and other seemingly inexplicable occurrences... Jules Verne (1828-1905) was a French novelist, poet, and playwright best known for his adventure novels and his profound influence on the literary genre of science fiction.

Leprosy has tormented mankind since records began. For much of its long history it was without cure—a disfiguring disease that stigmatized those it affected, isolating them from society. Today there is an effective treatment, but the last mile to achieve a leprosy-free world is the hardest. Now approaching eighty years old, one Japanese philanthropic activist has played a key role in global efforts against leprosy, both as head of a private foundation and as the World Health Organization's 'Goodwill Ambassador for Leprosy Elimination'. In this book, he lays out his personal mission and philosophy, and explains how his father, the politician and philanthropist Ryoichi Sasakawa, influenced his decision to make leprosy elimination his life's work. Yohei Sasakawa has visited more than 100 countries, motivating political leaders, raising awareness via the media, encouraging frontline health workers, and helping to empower persons affected by leprosy and their families to speak out for their rights. His book is a validation of the path taken by a father and son to change the course of leprosy history, and to transform the circumstances of those affected by the disease for the better.

'I slapped the thigh of my right leg deliberately hard. No feeling! I had long fingernails. I pinched the skin on my leg and thigh between the nails. I didn't feel a thing! Unexpectedly, there was an excruciating pain in my left shoulder. Had I fallen on my shoulder? I couldn't remember. I broke out in a cold sweat. I wondered what to do next. Gene... I have to get to Gene. I thought.' 'The healing stories were unbelievable.' -Dawn Paley, AZ '... enlightenment became a suspenseful mystery as she struggled, step by step, to find the answers and then to make them work.' -Don L., CA Author Barbara Colby was a busy and successful businesswoman. She had a life envied by most, complete with the car, house, and plenty of extravaganzas. One day that all came crashing down with an ailment that had threatened for years. Not completely prepared for the impact on her life, Barbara wasted no time figuring out ways back to full health. After several frustrating medical check-ups that ended in unanswered questions, Barbara dove into studies about alternative therapy that involved light. Her studies revealed the answers that no doctor could answer. Are you struggling with a long-term ailment? Have you explored every option available to you? Don't give up until you've explored Journey of Hope! Reclaim your life with the simple yet powerful advice.

Healing is a birthright to all humanity. Our intricate design was meticulously created to operate in a way, in which our minds and bodies have the ability to heal itself. However, when we began to worry and allow our mind to stress, we create an hostile environment that makes it difficult for the body to achieve wholeness. "Dis-ease" and illness happens when the mind, body and spirit reaches an unbalanced state. To restore ourselves to our natural order, we must begin by believing and operating in a way that healing is possible; through our own power of optimism and spreading positive energy to all things we come in contact with. "Even a tree has more hope. If it is cut down, it will sprout again and grow new branches." Job 14:7 NLT

The Bahamas is a nation with about one thousand islands and cays, many of which are remote and uninhabited. The unique geography of The Bahamas includes shallow banks and coral reefs as well as water over 4000 feet deep. Scattered about the banks are blue holes, vertical caves that often lead down to underwater cave systems. Blue holes are incredible places to free dive. Barrier reefs between the deep ocean and the islands often produce excellent surfing waves. The water is full of wildlife, including hundreds of species of tropical fish, sharks, rays, eels, turtles, and whales. I set out from Jacksonville, Florida, to explore some of the most remote islands in March and April of 2018 sailing alone in Sobrius, my 30' sailboat, a Dufour Arpege. I dove on coral reefs almost every day, as well as five or six blue holes. I surfed three point breaks, and I found much more adventure than I ever expected. I documented the journey in this, my third book, Journey to the Ragged Islands. I also am documenting the journey on my YouTube channel, Paul Trammell, in a series of videos. In addition to dramatic and immersive prose describing the joys and difficulties of the journey, I also include a lot of singlehanded-sailing technique, as well as descriptions of the islands I visited and GPS coordinates of all the places I dropped anchor. Islands I visited include Eleuthera, Cat Island, Long Island, the Jumentos Cays, the Ragged Islands, Rum Cay, Conception Island, and the Exuma Cays. I hope you enjoy the book as much as I enjoyed writing it!
