Return once again to the timeless account of the Permian Panthers of Odessa--the winningest high-school football team in Texas history. Odessa is not known to be a town big on dreams, but the Panthers help keep the hopes and dreams of this small, dusty town going. Socially and racially divided, its fragile economy follows the treacherous boom-bust path of the oil business. In bad times, the unemployment rate barrels out of control; in good times, its murder rate skyrockets. But every Friday night from September to December, when the Permian High School Panthers play football, this West Texas town becomes a place where dreams can come true. With frankness and compassion, H. G. Bissinger chronicles a season in the life of Odessa and shows how single-minded devotion to the team shapes the community and inspires--and sometimes shatters--the teenagers who wear the Panthers' uniforms.

This is the ultimate feast of fear by a host of horror writers such as Robert Bloch, Ray Bradbury, Ramsey Campbell, and others. Twenty-four macabre tales include the nerve-twisting novelette *The Mist* by Stephen King.

A fully illustrated and authorized episode guide celebrating the twenty-fifth anniversary of the hit-television show Friends, including a look behind-the-scenes of cult-favorite episodes, exclusive photos from Warner Bros., brand new interviews with show creators Marta Kauffman, David Crane, and set designer John Shaffner, and more. The beloved show Friends introduced the world to six young New Yorkers living together, falling in love, breaking up (cue Ross's "We were on a break!"), and getting into hilarious shenanigans, which became an instant classic formula that inspired dozens of "hangout sitcoms" long after the show's reign. But no sitcom has ever come close to the series that

started it all, spawning iconic looks like "the Rachel" and timeless catchphrases like "How you doin'?" while creating a cultural sensation that catapulted the cast members to instant megastardom. Throughout the show's ten-season run, viewers watched Monica, Rachel, Phoebe, Ross, Chandler, and Joey navigate their twenties and thirties with unwavering friendship, determination, and, of course, plenty of sarcasm. Friends Forever takes fans back to the set where it all began with exclusive photos of the sitcom that won four Primetime Emmy Awards, including Outstanding Comedy Series, eleven People's Choice Awards, and a Golden Globe for Jennifer Aniston for Best Lead Actress in a Television Series. This fully illustrated episode guide will treat readers to nostalgic flashbacks of the top one hundred episodes and sneak peeks of how popularly referenced lines from the show came to be. Friends Forever also boasts new interviews with show creators David Crane and Marta Kauffman on how the show got its start and set designer John Shaffner who reveals his inspirations behind the iconic looks behind Monica's and Rachel's apartment and Central Perk. It's no wonder why the Friends cast was chosen by TV Guide readers as the Best Comedy cast of all time, while countless other publications such as Vanity Fair named the show one of the best sitcoms of all time. Fun, hilarious interactives include: Joey's fake resume vs real

one Countdown to the funniest Thanksgiving foods Trivia game Q&A from "The One with the Embryos" (Seriously, what is Chandler Bing's job?) Follow Ross's infidelity trail from "The One with the Morning After" Who's that celebrity? A comprehensive guide to some of the most famous celebrity guest stars from all ten seasons Celebrate twenty-five years of the world's stupidest barbarian doing stupid and barbaric things! After a brief hiatus, the Champion of Cheese Dip is back to battle the menace of "The Plague," an all-new story by the same guys responsible for all the _Groo_ stories for the last quarter century, Sergio Aragonés and Mark Evanier. Also, thrill to the Groo Alphabet, a primer of that hero's friends and foes (mostly foes), followed by a special illustrated text story by Sergio and Mark on how this comic came to be and why it just won't go away. Plus other silly features. **Celebrate twenty-five years of Groo!**

When the first Corvette was introduced to the public through the travelling caravan known as Motorama, everyone knew there was something special about it. Each subsequent model continued to strengthen that position. But how do you upgrade America's favorite sports car? Make it a special edition! Special edition Corvettes are the tip of the spear when it comes to the American auto manufacturers special models. Luminous cars such as the 1967 L88 convertible, 1969 aluminum block ZL1, and 2015 Z06 #001 have all commanded a million dollars or more. Modern dealer-tuned cars from Lingenfelter, Calloway, and Hennessey have carried the tradition of making a great Corvette even better.

Extremely low mileage on 1978 Pace Cars indicate that people have thought of these cars as investments for nearly 40 years. Keith Cornett of Corvetteblogger.com compiles a murderer's row of special-edition Corvettes in this first-ever compilation on the subject. This book is an encyclopedia of information, as you will learn about some of the rarest Corvettes on the planet. It will serve as a guide if you're looking to add one of these special machines to your collection. Everything you've ever wanted to learn about collectible Corvettes is in Corvette Special Editions.

"David Elkind [is] one of psychology's leading lights."--Washington Post With the first edition of *The Hurried Child*, David Elkind emerged as the voice of parenting reason, calling our attention to the crippling effects of hurrying our children through life. He showed that by blurring the boundaries of what is age appropriate, by expecting--or imposing--too much too soon, we force our kids to grow up too fast, to mimic adult sophistication while they secretly yearn for time to act their age. In the more than two decades since this book first appeared, our society has inadvertently stepped up the assault on childhood through the media, in schools, and at home. In this twenty-fifth anniversary

edition of this classic, Dr. Elkind adds important new commentary to put a quarter century of trends and change into perspective for parents today, including a detailed, up-to-the-minute look at the Internet, classroom culture, school violence, and movies and television. Showing parents and teachers where hurrying occurs and why, Elkind offers insight, advice, and hope for encouraging healthy development while protecting the joy and freedom of childhood. "A landmark book."--Chicago Sun-Times
