

Its Mine

Lulu and Baby Bear are having great fun together in their tiger den. But when Lulu wants to play with Baby Bear's new tiger toy... uh-oh! Baby Bear does not want to share! A great book to introduce toddlers to the concept of sharing. By favourite author Tracey Corderoy (Hubble Bubble, Granny Trouble and The Grunt and The Grouch). It's Mine! has strokeable, touch-and-feely bits throughout for little fingers to explore and a gentle message about learning to share your toys.

Little Critter doesn't like having to share his things with his little sister and brother. Longlisted for the Branford Boase Award 2021 Izzy feels invisible. Trapped under the weight of expectation and censored by shame. Her mum Steph and best friend Grace have always been there to save her. But with one under the control of her stepfather and the other caught in the throes of new love, Izzy is falling between the cracks. As threats to her safety grow, Izzy wants to scream. But first she must find her voice. And if the sky is the limit, then the sky is hers. [This book contains material which some readers may find distressing, including discussions of rape, coercive behaviour, domestic violence and abuse.]

This is Mike's very unique book where he has the main character a Hillybilly moonshiner writing poetry. Poems that portray the life he lives as well as the life style of his hillybilly friends. He has many tales about his daily life, his dog, his cap and his gun and of cause his moonshine drinking and his very run down home which he is so proud to say, "But It's Mine"YES! It is all his but get the book then you will find that you are thanking him for sharing it...

Vibrant debut picture book by Susanna Moores. Blieka has a favourite toy, and doesn't want to share. A charming tale about friendship and sharing.

From the USA Today bestselling author of *The Hating Game*, soon to be a movie starring Lucy Hale and Austin Stowell, an unforgettable romantic comedy about a woman who finally has a shot at her long time crush—if she dares. Crush (n.): a strong and often short-lived infatuation, particularly for someone beyond your reach— Darcy Barrett has undertaken a global survey of men. She's travelled the world, and can categorically say that no one measures up to Tom Valeska, whose only flaw is that Darcy's twin brother Jamie saw him first and claimed him forever as his best friend. Despite Darcy's best efforts, Tom's off limits and loyal to her brother, 99%. That's the problem with finding her dream man at age eight and peaking in her photography career at age twenty—ever since, she's had to learn to settle for good enough. When Darcy and Jamie inherit a tumble-down cottage from their grandmother, they're left

with strict instructions to bring it back to its former glory and sell the property. Darcy plans to be in an aisle seat halfway across the ocean as soon as the renovations start, but before she can cut and run, she finds a familiar face on her porch: house-flipper extraordinaire Tom's arrived, he's bearing power tools, and he's single for the first time in almost a decade. Suddenly Darcy's considering sticking around to make sure her twin doesn't ruin the cottage's inherent magic with his penchant for grey and chrome. She's definitely not staying because of her new business partner's tight t-shirts, or that perfect face that's inspiring her to pick up her camera again. Soon sparks are flying—and it's not the faulty wiring. It turns out one percent of Tom's heart might not be enough for Darcy anymore. This time around, she's switching things up. She's going to make Tom Valeska 99 percent hers. This next hilarious romance includes a special PS section with two Happily Ever Afters—one for this novel featuring Darcy and Tom and the other, an epilogue featuring fan favorites Lucy Hutton and Josh Templeman from *The Hating Game*!

A Read with Jenna Today Show Book Club Pick! An instant New York Times bestseller! A USA Today bestseller! Named a Best Book of 2021 by Amazon • Esquire • Marie Claire • Refinery29 • Kirkus • Redbook • Ms. Magazine • The Millions • Undomesticated Magazine • Paperback Paris "A once-every-few-years reading experience."—Mary Beth Keane, New York Times bestselling author of *Ask Again, Yes* "Coster portrays her characters' worlds with startling vitality. As the children fall in lust and love, grapple with angst and battle the tides of New South politics, Coster's writing shines"—New York Times Book Review From the author of *Halsey Street*, a sweeping novel of legacy, identity, the American family—and the ways that race affects even our most intimate relationships. A community in the Piedmont of North Carolina rises in outrage as a county initiative draws students from the largely Black east side of town into predominantly white high schools on the west. For two students, Gee and Noelle,

the integration sets off a chain of events that will tie their two families together in unexpected ways over the next twenty years. On one side of the integration debate is Jade, Gee's steely, ambitious mother. In the aftermath of a harrowing loss, she is determined to give her son the tools he'll need to survive in America as a sensitive, anxious, young Black man. On the other side is Noelle's headstrong mother, Lacey May, a white woman who refuses to see her half-Latina daughters as anything but white. She strives to protect them as she couldn't protect herself from the influence of their charming but unreliable father, Robbie. When Gee and Noelle join the school play meant to bridge the divide between new and old students, their paths collide, and their two seemingly disconnected families begin to form deeply knotted, messy ties that will shape the trajectory of their adult lives. And their mothers—each determined to see her child inherit a better life—will make choices that will haunt them for decades to come. As love is built and lost, and the past never too far behind, *What's Mine and Yours* is an expansive, vibrant tapestry that moves between the years, from the foothills of North Carolina, to Atlanta, Los Angeles, and Paris. It explores the unique organism that is every family: what breaks them apart and how they come back together.

How the Hidden Rules of Ownership Control Our Lives

It's Mine!

River of Lost Souls

Mine

Three selfish frogs quarrel over who owns their pond and island, until a storm makes them value the benefits of sharing.

The 12th installment in the New York Times best-selling series asks: What if

Rapunzel's mother drank a potion from the wrong flower? Desperate to save the life of their queen and her unborn child, the good citizens of the kingdom comb the land for the all-healing Sundrop flower to cure her . . . but someone mistakenly picks the blossom of the Moondrop instead. This shimmering flower heals the queen and she delivers a healthy baby girl?with hair as silver and gray as the moon. But with her mysterious hair comes dangerous magical powers: the power to hurt, not heal. For the safety of the kingdom, Rapunzel is locked away in a tower and put under the care of the powerful goodwife, Mother Gothel. For eighteen years Rapunzel stays imprisoned in her tower, knowing she must protect everyone from her magical hair. When she finally decides to leave the only home she's ever known—to see the floating lights that appear on her birthday—she gets caught up in an unexpected adventure with two thieves: a would-be outlaw named Gina, and Flynn Rider, a rogue on the run. Before she can reach her happy ending, Rapunzel learns that there is far more to her story, and her magical hair, and her future than she ever knew. "Desperate to be forever remembered for her music, Nannerl Mozart makes a dangerous pact with a mysterious stranger from a magical land, which may cost her everything"--

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after

release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

A Twisted Tale

By Crumbs, It's Mine!

Analyzing Prose

Winner of the Christianity Today Book Award, Fiction In Eden Mine, the award-winning author of Black River examines the aftershocks of an act of domestic terrorism rooted in a small Montana town on the brink of abandonment, as it tears apart a family, tests the faith of a pastor and the loyalty of a sister, and mines the deep rifts that come when the reach of the government clashes with individual freedom If I stay here, Jo, I know you could find me. If you wanted to, you could find me. For generations, the Fabers have lived near Eden Mine, scraping by to keep ahold of their family's piece of Montana. Jo and her brother, Samuel, will be the last. Despite a long battle, their property has been seized by the state through eminent domain—something Samuel deems a government theft. As Jo packs, she hears news of a bombing. Samuel went off to find work in Wyoming that morning, but soon enough, it's clear that he's not gone but missing, last seen by a security camera near the district courthouse?now a crime scene?in Elk Fork. And the nine-year-old daughter of a pastor at a nearby church lies in critical condition. Can the person Jo loves and trusts most have done this terrible thing? Can she have missed the signs? The last time their family met violence, Jo lost her ability to walk. Samuel took care of her, outfitted their barn with special rigging so she could still ride their mule. What secrets has he been keeping? As Jo watches the pastor fight for his daughter, watches the authorities hunt down a criminal, she wrestles with an impossible choice: Must she tell them where Samuel might be? Must she choose between loyalty and justice? Between the brother she knows and the man he has become? A timely story of the tensions splintering families and communities all over this country, S.M. Hulse's Eden Mine is also a steady-eyed gaze into the ideals of the West and the legacies of violence, a moving account of faith in the face of evil, and a heartrending reckoning of the terrible

choices we make for the ones we love.

Mining refers to the process of extracting minerals and metals from the crust of the earth. Some minerals can be mined more easily as they are found on the earth ' s surface, while others lie far beneath the surface and can be obtained only by digging deep underground. Gold, Silver, Diamond, Iron, Coal, Aluminum (Bauxite) and Uranium are some of the vast array of metals and minerals that are obtained by the latter process. In fact, mining is the source of all the substances that cannot be obtained by industrial processes or through agriculture. Mining, in its wider sense connotes extracting and processing of a non - renewable mineral resource. Minerals can be classified into metallic (iron, copper, gold, aluminum, uranium etc.) and non-metallic (sand, salt, phosphates etc.) These minerals are non-renewable or depleting assets and once mined-out, they are exhausted and are lost forever without any chance of replenishment. Simply, this exhaustible resource cannot be harvested, unlike agricultural products.

After tricking the other animals out of their favorite things, Raven decides that he would rather have friends.

A hide-and-seek jungle book with a pop-up surprise from Rod Campbell, bestselling author of the lift-the-flap classic Dear Zoo. In It's Mine! toddlers can find out who is hiding in the jungle, and see if they can spot all the animals. But watch out - there's a really big surprise at the end!With bright, bold artwork, a satisfying pop-up ending and lots of jungle animals, It's Mine! is a hide-and-seek story that is sure to keep young children entertained for hours - and the thick card pages and chunky cased cover make it great for small hands.

Injunctions

Jack and Georgie are learning to share. So Georgie shares her favourite worm with Jack, and Jack shares his biggest mud pie with Georgie...But sharing isn't always what you expect. Will they ever understand there are better ways to share than this?

A clarion call to rethink natural resource extraction beyond the extractive industries Planetary Mine rethinks the politics and territoriality of resource extraction, especially as the mining industry becomes reorganized in the form of logistical networks, and East Asian economies emerge as the new pivot of the capitalist world-system. Through an exploration of the ways in which mines in the Atacama Desert of Chile—the driest in the world—have become intermingled with an expanding constellation of megacities, ports, banks, and factories across East Asia, the book rethinks uneven geographical development in the era of supply chain capitalism. Arguing that extraction entails much more than the mere spatiality of mine shafts and pits, Planetary Mine points towards the expanding webs of infrastructure, of labor, of finance, and of struggle, that drive resource-based industries in the twenty-first century.

The rise and fall of Britain's most important industry No one personified the age of industry more than the miners. The Shadow of the Mine tells the story of King Coal in its heyday - and

what happened to mining communities after the last pits closed. Coal was central to the British economy, powering its factories and railways. It carried political weight, too. In the eighties the miners risked everything in a year-long strike against Thatcher's shutdowns. Defeat foretold the death of their industry. Tens of thousands were cast onto the labour market with a minimum amount of advice and support. Yet British politics all of a sudden revolves around the coalfield constituencies that lent their votes to Boris Johnson's Conservatives in 2019. Even in the Welsh Valleys, where the 'red wall' still stands, support for the Labour Party has halved in a generation. Huw Beynon and Ray Hudson draw on decades of research to chronicle these momentous changes through the words of the people who lived through them.

Mice discover such places as trees, boxes, shoes, and mouseholes.

Coal and the End of Industrial Britain

This second edition of the classic linguistics text provides a basic descriptive terminology for prose style. What is a noun style? A verb style? A hypotactic or a paratactic one? How does the running style differ from the periodic style? What do "high, middle, and low" prose style mean?

How might one apply the classical terminology of rhetorical figures to prose analysis? Analyzing Prose supplies detailed, carefully charted answers to these questions in order to teach the student of prose style how and where to begin.

Once there was a mysterious thing. Nobody knew how it got there, it just was. "It's mine, all MINE!" say Mouse, Frog, Fox and Bear. But who will get to keep it in the end? With Emma Yarlett's always vibrant illustrations and an exciting cut-through reveal, this is a hilariously funny, read-aloud story from the celebrated author/illustrator.

"Mine" is one of the first words babies learn, and by the time we grow up, the idea of ownership seems natural, whether we are buying a cup of coffee or a house. But who controls the space behind your airplane seat: you, reclining, or the squished laptop user behind you? Why is plagiarism wrong, but it's okay to knock off a recipe or a dress design? And after a snowstorm, why does a chair in the street hold your parking space in Chicago, while in New York you lose both the space and the chair? In Mine!, Michael Heller and James Salzman, two of the world's leading authorities on ownership, explain these puzzles and many more. Remarkably, they reveal, there are just six simple rules that everyone uses to claim everything. Owners choose the rule that steers us to do what they want. But we can pick differently. This is true not just for airplane seats, but also for battles over digital privacy, climate change, and wealth inequality. Mine! draws on mind-bending, often infuriating, and always fascinating accounts from business, history, courtrooms, and everyday life to reveal how the rules of ownership control our lives and shape our world.

"A vivid historical account...Thompson shines in giving a sense of what it means to love a place that's been designated a 'sacrifice zone.'" ? —PUBLISHERS WEEKLY Award-winning investigative environmental journalist Jonathan P. Thompson digs into the science, politics, and greed behind the 2015 Gold King Mine disaster, and unearths a litany of impacts wrought by a century and a half of mining, energy development, and fracking in southwestern Colorado. Amid these harsh realities, Thompson explores how a new generation is setting out to make amends. JONATHAN THOMPSON is a native Westerner with deep roots in southwestern Colorado. He has been an environmental journalist focusing on the American West since he signed on as reporter and photographer at the Silverton Standard & the Miner newspaper in 1996. He has worked and written for High Country News for over a decade, serving as editor-in-chief from 2007 to 2010. He was a Ted Scripps fellow in environmental journalism at the University of Colorado in Boulder, and in 2016 he was awarded the Society of Environmental Journalists' Outstanding Beat Reporting, Small Market. He currently lives in Bulgaria with his wife Wendy and daughters Lydia and Elena.
