

John Frame Systematic Theology

Readers familiar with Frame's analysis of historic doctrines and current questions will welcome this long-awaited second installment in the Theology of Lordship series. Here he examines the attributes, acts, and names of God in connection with a full spectrum of relevant theological, ethical, and spiritual issues.

This book studies the Holy Spirit through the lens of both biblical and systematic theology. It provides a comprehensive look at the third person of the Trinity as revealed by Scripture, focusing on eight central themes and assumptions.

The Study of Theology address two major concerns -- the place of biblical hermeneutics and practical theology. The author discusses the hermeneutical implications of biblical, historical, systematic, and practical theology and presents a case for the relationship between exegesis and the other theological disciplines. However, the relationship between hermeneutics and practical theology is also essential. According to the author, 'the traditional forms of theology and preaching frequently fail the tests of exegesis and contemporary theologizing while, at the same time, most contemporary theology and exegesis fails to address directly the needs of the church.' Muller presents a case for the structure of hermeneutics and argues that it is essential to the church because 'theological training as a whole . . . ought to reflect the life of the church and be of value to the life of the church.'

This succinct volume consists of three lectures examining the nature, media, and application of God's word. With the insight and care that have come to typify his writing, John M. Frame develops fresh applications of ideas set forth in his acclaimed work The Doctrine of the Knowledge of God. In addition, he offers a preview of (and invites feedback on) the central theses to be discussed in two

Read Free John Frame Systematic Theology

The Christian church has a long tradition of systematic theology, that is, of studying biblical teaching on centrally important doctrines such as the Word of God, redemption, and Jesus Christ. Wayne Grudem's bestselling *Systematic Theology* has several distinctive features: A strong emphasis on the scriptural basis for each doctrine Clear writing, with technical terms kept to a minimum A contemporary approach, treating subjects of special interest to the church today A friendly tone appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross-reference subjects to a wide range of other systematic theologies. The third volume of Frame's *Theology of Lordship* series, this book focuses on biblical ethics. In an age of ethical relativism and suspicion of authority, how can we know what is good, virtuous, or just? Frame surveys non-Christian ethical traditions before setting forth a solidly Christian ethical method. By clarifying biblical norms, life situations, and personal dimensions, he presents a model for decision making that honors God in all aspects of life. Discussions range from natural law and conflict of duties to detailed explorations of the Ten Commandments in connection with questions surrounding worship, the Sabbath, church and state, respect for life and truth, sexuality, and the relation of Christian culture.

Theology in Three Dimensions

Christianity is more than a religion: it is also a complex intellectual tradition. Christians and non-Christians who want to understand the world as it is today have to understand Christianity, too. Christianity makes objective claims, but also presents a new way of thinking about the world. In A Guide to Christianity for Skeptics and Seekers, renowned theologian Dr. John Frame introduces the reader to the Christian religion and its unique intellectual framework, describing the key pillars of Christian thought and how these shape the Christian worldview. Covering a range of topics, from the resurrection to the Christian posture toward politics, A Guide to Christianity for Skeptics and Seekers is a valuable guide to understanding the Christian faith as an intellectual tradition. Useful for both the Christian reader looking for a better understanding of the faith and the skeptical reader who seeks to understand the intellectual tradition that has done much to shape the modern world.

Can we know anything about God apart from the Bible? Many Protestant Christians are suspicious of natural theology, which claims that we can learn about God through revelation outside the Bible. How can we know anything about God apart from Scripture? In Nature's Case for God, distinguished theologian John Frame argues that Christians are not forbidden from seeking to learn about God from his creation. In fact, the Bible itself shows this to be possible. In nine short and lucid chapters that include questions for discussion, Frame shows us what we can learn about God and how we relate to him from the world outside the Bible. If the heavens really do declare the glory of God, as the psalmist claims, it makes a huge difference for how we understand God and how we introduce him to those who don't yet know Christ.

'The Word of God' is a multi-faceted concept. God speaks but Word is one of Jesus's names. God's personal communications take other forms, through prophets, apostles, and the written Word. Frame investigates them all. --from publisher description

A comprehensive theological tool combining biblical, systematic, and historical theology that surveys the entire New Testament with themed discussions and a focus on God's revelation and exaltation in Christ.

A Biblical Defense

Cornelius Van Til

Contemporary Worship Music

Contemporary Christian music has an increasing yet controversial influence on church worship today. This book discusses the topic from a biblical viewpoint and makes a case for using contemporary music in worship -- with theological integrity.

This book is an autobiographical memoir. It tells the story of how God prepared me for the work of theology during childhood and during my schooling at Princeton, Westminster, and Yale. It focuses on those events that shaped my theological convictions and led me to develop my distinctive emphases in theology, apologetics, and philosophy. It seeks to honor God's providence in leading me from one point to another in my life as a son, husband, father, theologian, apologist, and churchman. My goal in the book is to show how one's theological convictions are products, not only of logic and reasoning, but also of the events of one's life and the people one interacts with.

A History of Western Philosophy and Theology is the fruit of John Frame's forty-five years of teaching philosophical subjects. No other survey of the history of Western thought offers the same invigorating blend of expositional clarity, critical insight, and biblical wisdom. The supplemental study questions, bibliographies, links to audio lectures, quotes from influential thinkers, twenty appendices, and indexed glossary make this an excellent main textbook choice for seminary- and college-level courses and for personal study. Book jacket.

The church needs good theology that engages the head, heart, and hands. This four-volume work combines rigorous historical and theological scholarship with application and practicality—characterized by an accessible, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley explore the first two of eight central themes of theology: revelation and God.

A New Systematic Theology of the Christian Faith

Systematic Theology An Introduction to Christian Belief P & R Publishing

The theological movement known as open theism is shaking the church today, challenging the doctrines of God's sovereignty, foreknowledge, and providence. This timely work clearly describes open theism and evaluates it biblically. Frame addresses questions such as How do open theists read the Bible? Is love God's most important attribute? Is God's will the ultimate explanation of everything? Do we have genuine freedom? Is God ever weak or changeable? Does God know everything in advance? Frame not only answers the objections of open theists but sharpens our understanding of the relationship between God's eternal plan and the decisions or events of our lives.

A collection of essays mines the whole terrain of systematic theology to refresh, renew, and reform the church for its next season, featuring contributions from senior theologians like Gerald Bray, Henri Blocher, Kevin J. Vanhoozer, and Stephen Williams among others. Original.

Frame explores our relationship with God as a knowing relationship. He writes, "We tend to forget how often in Scripture God performs His mighty acts so that men will 'know' that He is Lord." He thus examines our knowledge of God as it relates to our knowledge of ourselves and of the world in which we live. Reflecting his conviction that theology is the application of Scripture to life in all situations, Frame combines trenchant analysis of theological, apologetical, and epistemological issues with refreshingly practical insights for living in the knowledge of God. -- Publisher's description.

Systematic Theology, Second Edition

Biblical Doctrine

Christianity Considered

This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture. Completely revised

chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels. Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music. Numerous other updates and corrections. Part of the brilliance of Systematic Theology has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and possible objections, followed by personal application and key terms to know for personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you think theology is hard to understand or boring, then this new edition of Systematic Theology will change your mind.

This new printing of Louis Berkhof's classic Systematic Theology represents a publishing landmark. For the first time in its long and acclaimed history, Berkhof's monumental treatment of the doctrines of the Reformed faith is now available together in one volume with Introduction to the Study of Systematic Theology, Berkhof's formal prolegomenon to his theology. Meant to be read together with Systematic Theology, the Introduction includes Berkhof's discussions of the nature and character of dogmatics, the methods and

history of theological system, and the principia, or foundations, of theology - Scripture and God. This edition also includes a new preface by Richard A. Muller that explains both the publishing history and the relation and importance of the Introduction to the rest of Berkhof's text. Written in a concise and compact style and organized in a manner ideal for detailed study, Systematic Theology covers the full range of theology in traditional systematic fashion - examining, in order, the doctrines of God, anthropology, Christology, soteriology, ecclesiology, and eschatology. The work also includes an extensive bibliography and full indexes to the authors, subjects, and Scriptures referenced in the text. Revised and enlarged throughout his lifetime until it reached its present final form, Systematic Theology not only stands as Berkhof's magnum opus but also is widely considered to be the most important twentieth-century compendium of Reformed theology.

Beginning students of theology and church leaders looking for a theological refresher or teaching tool will welcome this remarkably clear introduction to the doctrines of Scripture. In an almost conversational style, Salvation Belongs to the Lord explores all the major biblical truths, explains key terms of systematic theology, and reflects on their implications and connections under the lordship of Christ.

include Wayne Grudem, Richard Pratt, Paul Helm, Vern Poythress, Bruce Waltke, William Davis, William Edgar, Peter Jones, Reggie Kidd, and others who are familiar with Frames work. Many are Frames former students and colleagues. This is the first large scale analysis of Frames distinctive approach.

OVER 300,000 COPIES SOLD! Why won't God reveal his special will for my life already? Because he doesn't intend to... So says Kevin DeYoung in this punchy book about making decisions the godly way. Many of us are listening for the still small voice to tell us what's next instead of listening to the clear voice in Scripture telling us what's now. God does have a will for your life, but it is the same as everyone else's: Seek first the kingdom of God. And quit floundering. With pastoral wisdom and tasteful wit, DeYoung debunks unbiblical ways of understanding God's will and constructs a simple but biblical alternative: live like Christ. He exposes the frustrations of our waiting games and unfolds the freedom of finding God's will in Scripture and then simply doing it. This book is a call to put down our Magic 8-Balls and pick up God's Word. It's a call to get wisdom, follow Christ, be holy, and live freely. To just do something. This comprehensive systematic theology by respected theologian Robert Letham covers the whole field of Reformed Christian doctrine from biblical, historical, and theological angles. Letham begins with God's

Read Free John Frame Systematic Theology

ultimate selfrevelation as the Father, the Son, and the Holy Spirit in indivisible union, continuing on with the works of God in creation, providence, and grace. He draws deeply from Scripture and important voices from the church to provide a clear and concise articulation of the Reformed faith. He also addresses current issues such as feminism, charismatic gifts, sexual ethics, environmentalism, other religions, the nature of truth, and civil liberties. Each chapter is followed by discussion questions, with a glossary of terms included at the end. This work grounds theological understanding and practice in the life and ministry of the church, accessible to pastors, students, scholars, and anyone who desires to understand, believe, and live scriptural doctrine more fully.

factual inerrancy is no authentic element in the historic Christian view of Scripture.

Long-Awaited Systematic Theology by Well-Known Pastor, Author, and President of the Master's Seminary Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more. Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

"This new collection of Reformed thinkers' writings from the Reformation to today brings together key documents on the inerrancy of Scripture in one readable volume. One of the hallmarks of Westminster Theological Seminary since its beginning in 1929 has been a high view of Scripture that reflects the historic Reformed theological and confessional

tradition. Thy Word Is Still Truth confirms that Westminster still holds this high view. The book's title builds on the important influence of E. J. Young's classic book on inerrancy, Thy Word is Truth. This current anthology unapologetically borrows that title, emphasizing an abiding commitment to the entire truthfulness of the Holy Scriptures as well as a deep indebtedness to Reformed thinkers from the past to the present. In addition to including all the major confessions and catechisms, Thy Word Is Still Truth includes seminal articles on the doctrine of Scripture from the following authors: Oswald T. Allis, William Ames, Herman Bavinck, Louis Berkhof, Henry Bullinger, John Calvin, Edmund P. Clowney, William Cunningham, Raymond B. Dillard, Jonathan Edwards, Sinclair B. Ferguson, John M. Frame, Richard B. Gaffin Jr., Louis Gaussen, Ernst Wilhelm Hengstenberg, Archibald Alexander Hodge, Charles Hodge, John Knox, Peter A. Lillback, Martin Luther, J. The Whole Counsel of God

This fresh, practical study of worship throws needed light on questions about worship content, music, atmosphere, structure, freedom, clarity, recent trends and much more. You will profit from this insightful look at the kind of worship that pleases God.

A biblical, clear, cogent, accessible, comprehensive, and practical summary of Christian belief by one of the most important and original American theologians of the last hundred years.

A contemporary, foundational statement of classic reformed faith, now revised and updated. Comprehensive, coherent, contextual, and conversational Scripture-saturated, with more exegesis and more Scripture quotations than other one-volume theologies Upholds classic Calvinist positions on baptism, the Trinity, church government, and much more Interacts with contemporary issues and the work of other theologians Reveals the author's warmth and sensitivity born of more than 25 years as a professor at leading Reformed seminaries Numerous appendices covering special topics; abundant resources for

further study through footnotes, and a selective bibliography A textbook for theology students, a life-long reference for libraries, ministers, teachers, and professional theologians The Christian doctrines of original sin and the historical fall of Adam have been in retreat since the rise of modernity. Here leading scholars present a theological, biblical, and scientific case for the necessity of belief in original sin and the historicity of Adam and Eve in response to contemporary challenges. Representing various Christian traditions, the contributors shed light on recent debates as they present the traditional doctrine of original sin as orthodox, evangelical, and the most theologically mature and cogent synthesis of the biblical witness. This fresh look at a heated topic in evangelical circles will appeal to professors, students, and readers interested in the creation-evolution debate.

Nature's Case for God A Brief Biblical Argument

“ Here is catechesis at its best, instructing the student of theology, providing pastors with a sermon-enriching manual, and giving growing Christians a resource book that will both inform and nourish them, as well as provide endless theological enjoyment! ” —Sinclair B. Ferguson, Chancellor ’ s Professor of Systematic Theology, Reformed Theological Seminary; Teaching Fellow, Ligonier Ministries The aim of systematic theology is to engage not only the head but also the heart and hands. Only recently has the church compartmentalized these aspects of life—separating the academic discipline of theology from the spiritual disciplines of faith and obedience. This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights—characterized by a simple, accessible, comprehensive, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley unpack the work and role of the Holy Spirit (Pneumatology) and salvation (soteriology). The authors examine the Holy Spirit ’ s role in the history of salvation, the order of salvation, and the believers ’ experience of salvation. As readers consider the interrelationship between the Spirit and salvation, they are invited to explore the direct activity of the Lord in their lives for their salvation. There is a palpable sense of confusion—and sometimes even embarrassment—with
