

John Lewis Jlw

Introduces business managers and real estate managers to the changing role of real estate in business. The aim is point up the importance of real estate, not in isolation but as an integral corporate strategy. The book shows how new technologies are affecting the ways that business upon their real estate needs and make provision for them. Specific features, such as tenures problems of obsolescence are addressed. Practical help is provided to assist managers in developing and presenting and implementing corporate strategy incorporating real estate. There are seven cases that illustrate contemporary practice.

Inside the Largest Moral Reform Movement of the Twentieth Century

Jim Bridger - Mountain Man

Abstracts of the Papers Printed in the Philosophical Transactions of the Royal Society of London

Women from remarkably diverse religious, social, and political backgrounds made up the rank-and-file of anti-abortion activism. Empowered by--yet in many cases scared of--the changes wrought by feminism, they founded grassroots groups, developed now-familiar strategies and tactics, and gave voice to the movement's moral and political dimensions. Drawing on oral histories and interviews with prominent figures, Karissa Haugeberg examines American women fight against abortion. Beginning in the 1960s, she looks at Marjory Mecklenburg's attempt to shift the attention of anti-abortion leaders from the rights of fetuses to the needs of pregnant women. Moving forward she traces the grassroots work of Catholic women, including Juli Loe and Joan Andrews, and their encounters with the influx of evangelicals into the movement. She also looks at the activism of evangelical Protestant Shelley Shannon, a prominent pro-life extremist of the 1990s. Throughout, Haugeberg explores important questions such as the way people fused religious conviction with partisan politics, activists' rationalizations for lethal violence, and how women claimed space within an unshakably patriarchal movement.

Throughout *Integral Operational Leadership*, Park acknowledges that the principles, perspectives and priorities highlighted in his first book *Collaborative Wisdom: From Pervasive Logic to Effective Operational Leadership* must be translated into practical and operational guidelines. Part I of this new volume briefly revisits the theory and concepts introduced in *Collaborative Wisdom* and brings to centre stage an alternative organisational framework and culture which has long operated on the sidelines in many business sectors. The substantive content of this volume, however, is dedicated by way of case studies and exercises to offering insights that encourage and facilitate effective day-to-day decision making. This book creates a logical and robust chain from the hidden, often forgotten, subconscious and intuitive element of the leadership cognitive process, to the daily issues, decisions, practices and actions of leaders within the operational environment. It demonstrates how the existence of a collaborative wisdom can influence the implementers, as

well as the policymakers within the organisational leadership cadre. Integral Operational Leadership provides support for industry professionals who are seeking to develop their organisational capabilities and performance through clear operational leadership. This book concerns itself with an alternative and 'progressive' leadership logic based upon perspectives, priorities and practices considered more attuned to the realities of the twenty-first century environment within which the business organisation operates.

This antiquarian volume contains a detailed and insightful biography of Jim Bridger, written by Stanley Vestal. Vestal is well-known for his books about America. In Jim Bridger he paints a bold and authentic picture of a doughty explorer and of the richness of the American nation when it was still young. Full of colourful anecdote and fascinating insights into the life of Jim Bridger, this text will appeal to those with an interest in this noteworthy explorer, and it would make for a wonderful addition to any personal collection. The chapters of this book include:

'Enterprising Young Man', 'Set Poles for the Mountains', 'Tall Tales', 'The Cheyennes' Bloody Junket', 'Fort Phil Kearney', 'Red Cloud's Defiance', 'The Cheyennes' Warning', 'Shot in the Back', 'Arrow Butchered Out', 'Old Cabe to the Rescue', etcetera. We are republishing this volume now complete with a specially commissioned biography of the author.
