

Johnny Appleseed Study Guide First Grade

“ Finally, the cliché is peeled away and the essence of this utterly American character is so revealing. John Chapman comes alive here and it is a thrilling experience to escape the specific gravity of the decades of myth ” (Ken Burns). This portrait of Johnny Appleseed restores the flesh-and-blood man beneath the many myths. It captures the boldness of an iconic American and the sadness of his last years, as the frontier marched past him, ever westward. And it shows how death liberated the legend and made of Johnny a barometer of the nation ’ s feelings about its own heroic past and the supposed Eden it once had been. Howard Means does for America ’ s inner frontier what Stephen Ambrose ’ s Undaunted Courage did for its western one.

CHILDREN'S BOOKS/AGES 4-8

A story of John Chapman, better known as Johnny Appleseed, based on the author's life-long study of the beloved American pioneer, missionary, and apple lover.

The larger-than-life story of a true American hero -- John Chapman, better known as Johnny Appleseed. Kellogg "is ideal as interpreter of this fascinating man....[His] color has never been so rich and luxuriant....An affectionate portrayal, enthusiastically accomplished." -- Booklist.

Johnny Appleseed: My Story

The Story of Johnny Appleseed

In the 1790s, an eccentric young man nicknamed Johnny Appleseed feels a calling by God to travel through the American West planting apple seeds that will feed the hungry and produce more seeds for planting and trading.

Apples/center Have you ever eaten part of a flower? You have if you have eaten an apple! Find out how an apple grows from bud to flower to fruit--ready for you to pick! CENTER Apples Have you ever eaten a part of a flower? You have if you have eaten an apple! Find out how an apple

grows from bud to flower to fruit--ready for you to pick!

A true nature lover, John Chapman, aka Johnny Appleseed, sets out to explore the western frontier with dreams of apple trees blossoming throughout the landscape. This colorful script captures his spirit and courage as he journeys the country planting seeds.

The invaluable grade-by-grade guide (kindergarten—sixth) is designed to help parents and teachers select some of the best books for children.

Books to Build On recommends:

- for kindergartners, lively collections of poetry and stories, such as *The Children's Aesop*, and imaginative alphabet books such as Bill Martin, Jr.'s *Chicka Chicka Boom Boom* and Lucy Micklewait's *I Spy: An Alphabet in Art*
- for first graders, fine books on the fine arts, such as Ann Hayes's *Meet the Orchestra*, the hands-on guide *My First Music Book*, and the thought-provoking *Come Look with Me* series of art books for children
- for second graders, books that open doors to world cultures and history, such as Leonard Everett Fisher's *The Great Wall of China* and Marcia Willaims's humorous *Greek Myths for Young Children*
- for third graders, books that bring to life the wonders of ancient Rome, such as *Living in Ancient Rome*, and fascinating books about astronomy, such as Seymour Simon's *Our Solar System*
- for fourth graders, engaging books on history, including Jean Fritz's *Shh! We're Writing the Constitution*, and many books on Africa, including the stunningly illustrated story of *Sundiata: Lion King of Mali*
- for fifth graders, a version of Shakespeare's *A Midsummer Night's Dream* that retains much of the original language but condenses the play for reading or performance by young students, and Michael McCurdy's *Escape from Slavery: The Boyhood of Frederick Douglass*
- for sixth graders, an eloquent retelling of the *Iliad* and the *Odyssey*, and the well-written American history series, *A History of US* . . . and many, many more!

Better Known as Johnny Appleseed

The Sun, the Rain, and the Apple Seed

The Legend of Johnny Appleseed

How Do Apples Grow?

The book that helped make Michael Pollan, the New York Times bestselling author of *How to Change Your Mind*, *Cooked* and *The Omnivore's Dilemma*, one of the most trusted food experts in America. Every schoolchild learns about the mutually beneficial dance of honeybees and flowers: The bee collects nectar and pollen to make honey and, in the process, spreads the flowers' genes far and wide. In *The Botany of Desire*, Michael Pollan ingeniously demonstrates how people and domesticated plants have formed a similarly reciprocal relationship. He masterfully links four fundamental human desires—sweetness, beauty, intoxication, and control—with the plants that satisfy them: the apple, the tulip, marijuana, and the potato. In telling the stories of four familiar species, Pollan illustrates how the plants have evolved to satisfy humankind's most basic yearnings. And just as we've benefited from these plants, we have also done well by them. So who is really domesticating whom?

WINNER, Lambda Literary Award “ You ’ re gonna need a rock and a whole lotta medicine ” is a mantra that Jonny Appleseed, a young Two-Spirit/Indigiqueer, repeats to himself in this vivid and utterly compelling novel. Off the reserve and trying to find ways to live and love in the big city, Jonny becomes a cybersex worker who fetishizes himself in order to make a living. Self-ordained as an NDN glitter princess, Jonny has one week before he must return to the “ rez, ” and his former life, to attend the funeral of his stepfather. The next seven days are like a fevered dream: stories of love, trauma, sex, kinship, ambition, and the heartbreaking recollection of his beloved kokum (grandmother). Jonny ’ s life is a series of breakages, appendages, and linkages—and as he goes through the motions of preparing to return home, he learns how to put together the pieces of his life. Jonny Appleseed is a unique, shattering vision of First Nations life, full of grit, glitter, and dreams.

The perfect biography to "bite into" at the start of a new school year! Children are sure to be fascinated by the eccentric and legendary Johnny Appleseed, a man who is best known for bringing apple trees to the midwest. Over John Chapman ’ s lifetime, he saw the country grow and start to spread westward. Traveling alone— in bare feet and sporting a pot on his head!—Johnny left his own special mark planting orchards that helped nourish new communities. His journeys and adventures are illustrated in a hundred black-and-white illustrations.

A first-person narrative of the life of the legendary figure who traveled across the American frontier planting apple trees and carrying the Christian faith to pioneer families.

Books to Build On

A Novel of Johnny Appleseed's Life

Johnny Appleseed and the American Orchard

Abe Lincoln Grows Up

“ With impeccable research and flawless prose, Chevalier perfectly conjures the grandeur of the pristine Wild West . . . and the everyday adventurers—male and female—who were bold enough or foolish enough to be drawn to the unknown. She crafts for us an excellent experience. ” —USA Today From internationally bestselling author Tracy Chevalier, author of *A Single Thread*, comes a riveting drama of a pioneer family on the American frontier 1838: James and Sadie Goodenough have settled where their wagon got stuck – in the muddy, stagnant swamps of northwest Ohio. They and their five children work relentlessly to tame their patch of land, buying saplings from a local tree man known as John Appleseed so they can cultivate the fifty apple trees required to stake their claim on the property. But the orchard they plant sows the seeds of a long battle. James loves the apples, reminders of an easier life back in Connecticut; while Sadie prefers the applejack they make, an alcoholic refuge from brutal frontier life. 1853: Their youngest child Robert is wandering through Gold Rush California. Restless and haunted by the broken family he left behind, he has made his way alone across the country. In the redwood and giant sequoia groves he finds some solace, collecting seeds for a naturalist who sells plants from the new world to the gardeners of England. But you can run only so far, even in America, and when Robert ’ s past makes an unexpected appearance he must decide whether to strike out again or stake his own claim to a home at last. Chevalier tells a fierce, beautifully crafted story in *At the Edge of the Orchard*, her most graceful and richly imagined work yet.

The true adventures of Jonathan Chapman, who braved the unfriendly wilderness to bring apple trees and brotherly love to America's new frontier. Everyone and everything needs love, even one small seed that became a tree. John Chapman, aka Johnny Appleseed, made himself the stuff of legend by spreading the seeds of apple trees from Pennsylvania to Indiana. Along with that, he offered the seeds of nonviolence and vegetarianism, good relationships with Native Americans, and peace among the settlers. He was one of the New World ' s earliest followers of the Swedish theologian Emanuel Swedenborg. The story of John Chapman operates as a counter-narrative to the glorification of violence, conquest, and prevailing notions of how the West was Won. It differentiates between the history and the half-myths of Johnny Appleseed ' s life and work: His apples, for instance, were prized for many reasons, but none more so than for the making of hard cider. He was also a real estate speculator of sorts, purchasing potentially fertile but unproven acres and then planting saplings before flipping the land. Yet, he had less interest in financial gain and yes, this is an accurate part of the mythology than in spreading visions of peace and love. Johnny Appleseed brings this quintessentially American story to life in comics form.

Martin Luther's life was too exciting not to be written for teens and younger readers! In this fast-paced, action-packed novel of Martin Luther's life, teen readers (and more than a few adults!) will be introduced to a fascinating time when princes ruled Europe and knights roamed the countryside. They'll learn about a time when powerful forces lined up against each other and believing the wrong thing could get you killed. When Lightning Struck! is far more than just an adventure story, of course. It also tells a theological story. Drawing carefully from Luther's own words, this book introduces readers to a kindred spirit who struggled with what knowing God through Scripture means for daily life. They will understand what was at stake and how powerfully liberating Luther's idea of grace through faith was—in his time and in ours! In crisp, enjoyable prose, author Danika Cooley conveys both the drama and the meaning of the Reformation for younger readers like no one before her!

In the tradition of books like Oh, the Places You'll Go! and I Wish You More comes a wholly original, inspirational celebration of individuality as only Peter H. Reynolds can create!

A NEW YORK TIMES NOTABLE BOOK · A PHILADELPHIA INQUIRER BEST OF THE

YEAR “Woven together out of the strands of myth, science fiction, and ecological warning, Matt Bell’s *Appleseed* is as urgent as it is audacious.” –Kelly Link, Pulitzer Prize finalist and national bestselling author of *Get in Trouble* A “breathtaking novel of ideas unlike anything you’ve ever read” (*Esquire*) from Young Lions Fiction Award–finalist Matt Bell, a breakout book that explores climate change, manifest destiny, humanity’s unchecked exploitation of natural resources, and the small but powerful magic contained within every single apple. In eighteenth-century Ohio, two brothers travel into the wooded frontier, planting apple orchards from which they plan to profit in the years to come. As they remake the wilderness in their own image, planning for a future of settlement and civilization, the long-held bonds and secrets between the two will be tested, fractured and broken—and possibly healed. Fifty years from now, in the second half of the twenty-first century, climate change has ravaged the Earth. Having invested early in genetic engineering and food science, one company now owns all the world’s resources. But a growing resistance is working to redistribute both land and power—and in a pivotal moment for the future of humanity, one of the company’s original founders will return to headquarters, intending to destroy what he helped build. A thousand years in the future, North America is covered by a massive sheet of ice. One lonely sentient being inhabits a tech station on top of the glacier—and in a daring and seemingly impossible quest, sets out to follow a homing beacon across the continent in the hopes of discovering the last remnant of civilization. Hugely ambitious in scope and theme, *Appleseed* is the breakout novel from a writer “as self-assured as he is audacious” (NPR) who “may well have invented the pulse-pounding novel of ideas” (Jess Walter). Part speculative epic, part tech thriller, part reinvented fairy tale, *Appleseed* is an unforgettable meditation on climate change; corporate, civic, and familial responsibility; manifest destiny; and the myths and legends that sustain us all.
