From the author of Secrets of Nanreath Hall comes this gripping, beautifully written historical fiction novel set during World War II—the unforgettable story of a young woman who must leave Singapore and forge a new life in England. On the eve of Pearl Harbor, impetuous and overindulged, Lucy Stanhope, the granddaughter of an earl, is living a life of pampered luxury in Singapore until one reckless act will change her life forever. Exiled to England to stay with an aunt she barely remembers, Lucy never dreamed that she would be one of the last people to escape Singapore before war engulfs the entire island, and that her parents would

disappear in the devastating aftermath. Now grief stricken and all alone, she must cope with the realities of a grim, battle-weary England. Then she meets Bill, a young evacuee sent to the country to escape the Blitz, and in a moment of weakness, Lucy agrees to help him find his mother in London. The unlikely runaways take off on a seemingly simple journey across the country, but her world becomes even more complicated when she is reunited with an invalided soldier she knew in Singapore. Now Lucy will be forced to finally confront the choices she has made if she ever hopes to have the future she yearns for.

“The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.”

—Kevin Kwan, author of Crazy Rich Asians Amy Tan’s beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call

themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Leaving high school and going to college is complicated for everyone. But if you're a student on the autism spectrum who is about to enter higher education for the first time, it might be a little bit more

complicated for you. Maybe you're worried about getting accommodations, getting places on time, or dealing with sensory issues in a new environment. Maybe you could use some advice on how to stay healthy at school, handle dating and relationships, or talk to your friends and classmates about your disability. Maybe you want to talk to someone who's already dealt with these issues. That's where we come in. Navigating College is an introduction to the college experience from those of us who've been there. The writers and contributors are Autistic adults, and we're giving you the advice that we wish someone could have given us when we headed off to college. We wish we could sit down and have a chat with each of you, to share our experiences and answer your questions. But since we can't teleport, and some of us have trouble meeting new people, this book is the next best thing. So as you go back to school, check out a copy of Navigating College for yourself or your loved one. We've done this all before--let us help you out.

*“Exquisitely imagined, deeply researched . . . brings to the foreground the most enigmatic and fascinating figure in *Gone with the Wind*. This is a brave work of literary empathy by a writer at the height of his powers, who demonstrates a magisterial understanding of the period, its clashing cultures, and its heartbreaking crises.” —Geraldine Brooks, author of *March* The only authorized prequel to Margaret Mitchell’s *Gone with the Wind*—the unforgettable story of Mammy. On a Caribbean island consumed by the flames of revolution, an infant girl falls under the care of two French émigrés, Henri and Solange Fournier, who take the beautiful child they call Ruth to the bustling American city of Savannah. What follows is the sweeping tale of Ruth’s life as shaped first by her strong-willed mistress, and then by Solange’s daughter Ellen and Gerald O’Hara, the rough Irishman Ellen chooses to marry; the Butler family of Charleston and their unexpected connection to Mammy Ruth; and finally Scarlett O’Hara—the irrepressible Southern belle Mammy raises from birth. As we witness the lives of three generations of women, gifted storyteller Donald McCaig reveals a nuanced portrait of Mammy, at once a proud woman and a captive, a strict disciplinarian who has never experienced freedom herself. Through it all, Mammy endures, a rock in the river of time. Set against the backdrop of the South from the 1820s until the dawn of the Civil War, here is a remarkable story of fortitude, heartbreak, and indomitable will—and a tale that will forever illuminate your reading of Margaret Mitchell’s *Gone with the Wind*.*

From the critically acclaimed creator of the Heartstopper series comes a smartly crafted contemporary YA novel, perfect for readers who love Rainbow Rowell's Fangirl. This is an utterly captivating and authentic teen novel from the author of Solitaire, which VOYA said "could put her among the great young adult fiction authors." Frances Janvier spends most of her time studying. Everyone knows Aled Last as that quiet boy who gets straight As. You probably think that they are going to fall in love or something. Since he is a boy and she is a girl. They don't. They make a podcast. In a world determined to shut them up, knock them down, and set them on a cookie cutter life path, Frances and Aled struggle to find their voices over the course of one life-changing year. Will they have the courage to show everyone who they really are? Or will they be met with radio silence?

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? **NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined

evaporated. When Breath Becomes Air chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

A love for reading is one of the most precious gifts that we can give children. It nurtures their imagination and

creativity, lets them explore other worlds, and opens their minds to new truths and knowledge in appealing, inspiring ways. But how can we sort through thousands of children's books to discover the really worthwhile ones? Elizabeth Wilson offers us a newly revised, comprehensive guide to the very best in children's literature. Just as in the original volume, she comments on the tone and content of excellently written, captivating books in over two dozen subject areas. Hundreds of new titles have been added while retaining timeless classics and modern favorites-all of which respect traditional values. So that no matter what the children's ages are or whether they love fact or fiction, you can trust these books to share things that you can believe in and kids will delight in.

"Adam Levin is one of our wildest writers and our funniest, and Bubblegum is a dazzling accomplishment of wit and inventiveness." —George Saunders

"Levin's brains may have earned him a cult...but here he swells to a democratic reach. Give him a try sometime. His gate's wide open." —Garth Risk Hallberg, *The New York Times Book Review*

The astonishing new novel by the NYPL Young Lions Fiction Award-winning author of *The Instructions*. *Bubblegum* is set in an alternate present-day world in which the Internet does not exist, and has never existed. Rather, a wholly different species of interactive technology—a "flesh-and-bone robot" called the Curio—has dominated both the market and the cultural imagination since the late 1980s. Belt Magnet, who as a boy in greater Chicago became one of the lucky first adopters of a Curio, is now writing his memoir, and through it we follow a singular man out of sync with the harsh realities of a world he feels alien to, but must find a way to live in. At age thirty-eight, still living at home with his widowed father, Belt insulates himself from the awful

Online Library Junior Amuse Journey Guide

and terrifying world outside by spending most of his time with books, his beloved Curio, and the voices in his head, which he isn't entirely sure are in his head. After Belt's father goes on a fishing excursion, a simple trip to the bank escalates into an epic saga that eventually forces Belt to confront the world he fears, as well as his estranged childhood friend Jonboat, the celebrity astronaut and billionaire. In *Bubblegum*, Adam Levin has crafted a profoundly hilarious, resonant, and monumental narrative about heartbreak, longing, art, and the search for belonging in an incompatible world. *Bubblegum* is a rare masterwork of provocative social (and self-) awareness and intimate emotional power.

*Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of*

questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.
