In this third volume of the trilogy, The Darkside Corps battle the Conglomeration at Jupiter against all odds as humanity takes the war on its back. Nebula and World Fantasy Award-nominated author Zachary Brown created what Locus magazine raves as "good old fashioned military science fiction" in the Icarus Corps trilogy. The always outgunned and under-equipped human soldiers known as the Colonial Protection Forces battle across the moon and the alien desert landscapes of Titan all to make one desperate attack at Jupiter to hold the invading Conglomeration forces at bay, only to have a greater threat revealed as we find out why the Conglomeration–Accordance War has been raging across the galaxy.

501 Must-See Movies is divided into ten genres, with films appearing in chronological order in each category. Every film is illustrated and each entry includes a synopsis of the plot, details of awards for which it was nominated and those it won, and fascinating background or insider knowledge about the making of the picture, as well as our experts' rationale for defining it as 'must-see'. Many of the unrivalled classics are here, but perhaps seen from a new perspective by dynamic young critics, together with some unexpected and new discoveries. Containing over a century of film history 501 Must-See Movies is a 'must have' on all bookshelves and is the perfect companion to any home cinema DVD collection.

Halo Paranormal Investigations gets calls throughout Northern California, here are some of their cases. Set against the magnificent backdrop of Alaska in the waning days of World War II, *The Cloud Atlas* is an enthralling debut novel, a story of adventure and awakening—and of a young soldier who came to Alaska on an extraordinary, top-secret mission...and found a world that would haunt him forever. Drifting through the night, whisper-quiet, they were the most sublime manifestations of a desperate enemy: Japanese balloon bombs. Made of rice paper, at once ingenious and deadly, they sailed thousands of miles across the Pacific...and once they started landing, the U.S. scrambled teams to find and defuse them, and then keep them secret from an already anxious public. Eighteen-year-old Louis Belk was one of those men. Dispatched to the Alaskan frontier, young Sergeant Belk was better trained in bomb disposal than in keeping secrets. And the mysteries surrounding his mission only increased when he met his superior officer—a brutal veteran OSS spy hunter who knew all too well what the balloons could do—and Lily, a Yup'ik Eskimo woman who claimed she could see the future. Louis's superior ushers him into a world of dark secrets; Lily introduces Louis to an equally disorienting world of spirits—and desire. But the world that finally tests them all is Alaska, whose vastness cloaks mysteries that only become more frightening as they unravel. Chasing after the ghostly floating weapons, Louis embarks upon an adventure that will lead him deep into the tundra. There, on the edge of the endless wilderness, he will make a discovery and a choice that will change the course of his life. At once a heart-quickenning mystery and a unique love story, *The Cloud Atlas* is also a haunting, lyrical rendering of a little-known chapter in history. Brilliantly imagined, beautifully told, this is storytelling at its very best.

Red Queen meets *The Hunger Games* in this epic novel about what happens when the galaxy's most deadly weapon masquerades as a senator's daughter and a hostage of the galactic court. A Diabolic is ruthless. A Diabolic is powerful. A Diabolic has a single task: Kill in order to protect the person you've been created for. Nemesis is a Diabolic, a humanoid teenager created to protect a galactic senator's daughter, Sidonia. The two have grown up side by side, but are in no way sisters. Nemesis is expected to give her life for Sidonia, and she would do so gladly. She would also take as many lives as necessary to keep Sidonia safe. When the power-mad Emperor learns Sidonia's father is participating in a rebellion, he summons Sidonia to the Galactic court. She is to serve as a hostage. Now, there is only one way for Nemesis to protect Sidonia. She must become her. Nemesis travels to the court disguised as Sidonia—a

killing machine masquerading in a world of corrupt politicians and two-faced senators' children. It's a nest of vipers with threats on every side, but Nemesis must keep her true abilities a secret or risk everything. As the Empire begins to fracture and rebellion looms closer, Nemesis learns there is something more to her than just deadly force. She finds a humanity truer than what she encounters from most humans. Amidst all the danger, action, and intrigue, her humanity just might be the thing that saves her life—and the empire.

From the Printz-Honor-winning author of *Airborn* comes an absorbing YA novel about a teen boy whose scientist parents take in a chimpanzee to be part of the family. For thirteen years, Ben Tomlin was an only child. But all that changes when his mother brings home Zan -- an eight-day-old chimpanzee. Ben's father, a renowned behavioral scientist, has uprooted the family to pursue his latest research project: a high-profile experiment to determine whether chimpanzees can acquire advanced language skills. Ben's parents tell him to treat Zan like a little brother. Ben reluctantly agrees. At least now he's not the only one his father's going to scrutinize. It isn't long before Ben is Zan's favorite, and Ben starts to see Zan as more

Aleister Crowley's The Book of Lies is an important and complex work of occultism. Deciphering its many layers of hidden meaning requires a little patience and more than a beginner's knowledge of Thelema. For those interested in passing beyond the initiate stage, the reward offered by a deeper understanding of this challenging text is well worth the effort. This new 2018 edition of The Book of Lies from Kismet Publishing restores all of Crowley's original text, including the important keys, sigils and diagrams often omitted from reprints.

Part 3 of the Otters in Space story.

A follow-up to *In the Woods* finds a traumatized detective Cassie Maddox struggling in her career and relationship with Sam O'Neill while investigating the unsettling murder of a young woman whose name matches an alias Cassie once had used as an undercover officer. 50,000 first printing.

A reassuring, encouraging "how to" book that demystifies the often scary-looking process of

Three out of this world romance novellas! Fans of Firefly and Jupiter Ascending will love this 3 book box set by New York Times bestselling. This is your round trip ticket to travel through space and enjoy three epic romances. Reclaiming Iris Seven months ago, their bride disappeared but Tristan and Rafe never stopped looking for her. When no amount of money or searching produces results, they turn to each other for support. Then a routine stop on Prime C delivers the shock of a lifetime. Iris doesn't remember the two men who claim she belongs with them, but her body certainly does. With danger on their heels and an enemy who will stop at nothing to silence their triad, Rafe and Tristan must protect Iris while they fight to win her heart again. Warning: Features two sinfully handsome mercenaries, a voluptuous woman, m/f/m pleasure and a love that will last a lifetime. Rescuing Natacha Hayln's mission is simple. Travel to PrimeC, rescue Natacha, bring her back to Iris on Planet Dornick. But he should have known that no mission goes exactly as planned, and no matter how prepared the spacemerc is, he's not prepared for Natacha. Or the long dormant feelings she inspires. Iris says Natacha can trust the handsome stranger, but she's not sure she can trust herself. As her body withdraws from the gas used to brainwash the inhabitants of Prime C, Natacha becomes more passionate. Hayln can't help but wonder if her lust is real...or a side effect? And just how long can a man be expected to stay out of her bed when she keeps begging him to join her? Warning: A handsome spacemerc with nothing to lose plus a woman in the throes of overwhelming passion in a small space ship with one bed. You do the math. The Virgin Princess's Rebellion The lore says all Illuminarians have one true mate. Princess Azula runs away from an arranged marriage only to be kidnapped. When one of her rescuers turns out to be the man from her past that she can't forget, her true mate, she's shocked to find out he's already involved — with his handsome co-pilot. Jace left Illuminaria, and Azula, in order to see the universe. He's tried to deny the lure of his mate, but now that she's only an arm's length away, how will he be able to deny himself and his lover of her kiss, her love, her touch? Azula does the honorable thing and decides to return home without her mate, leaving him and Eli to enjoy their life together. But with no clothes and no money, she must depend on their goodwill. But will she succumb to their desire? Warning: Be prepared for an ultra steamy m/m/f menage with paranormal elements. Don't say I didn't warn you!

A TODAY SHOW BEST ROMANCE PICK FROM NEW YORK TIMES BESTSELLING AUTHOR JASMINE GUILLORY "In a romance featuring Black joy, plus-sized beauty, and Mexican pride, the conflicts are entirely believable, and not overly dramatic, and make for a thoroughly enjoyable read. It is fake dating at its best." —Library Journal, starred review. D'Vaughn and Kris have six weeks to

plan their dream wedding. Their whole relationship is fake. Instant I Do could be Kris Zavala's big break. She's right on the cusp of really making it as an influencer, so a stint on reality TV is the perfect chance to elevate her brand. And \$100,000 wouldn't hurt, either. D'Vaughn Miller is just trying to break out of her shell. She's sort of neglected to come out to her mom for years, so a big splashy fake wedding is just the excuse she needs. All they have to do is convince their friends and family they're getting married in six weeks. If anyone guesses they're not for real, they're out. Selling their chemistry on camera is surprisingly easy, and it's still there when no one else is watching, which is an unexpected bonus. Winning this competition is going to be a piece of wedding cake. But each week of the competition brings new challenges, and soon the prize money's not the only thing at stake. A reality show isn't the best place to create a solid foundation, and their fake wedding might just derail their relationship before it even starts. The riveting and suspenseful account of two young FBI agents in a pursuit of a drug cartel's most fearsome leader, Miguel Treviño Drugs, money, cartels: this is what FBI rookie Scott Lawson expected when he was sent to the border town of Laredo, but instead he's deskbound writing intelligence reports about the drug war. Then, one day, Lawson is asked to check out an anonymous tip: a horse was sold at an Oklahoma auction house for a record-topping price, and the buyer was Miguel Treviño, one of the leaders of the Zetas, Mexico's most brutal drug cartel. The source suggested that Treviño was laundering money through American quarter horse racing. If this was true, it offered a rookie like Lawson the perfect opportunity to infiltrate the cartel. Lawson teams up with a more experienced agent, Alma Perez, and, taking on impossible odds, sets out to take down one of the world's most fearsome drug lords. In Bloodlines, Emmy and National Magazine Award-winning journalist Melissa del Bosque follows Lawson and Perez's harrowing attempt to dismantle a cartel leader's American racing dynasty built on extortion and blood money. With extensive access to investigative evidence and in-depth interviews with key players, del Bosque turns more than three years of research and her decades of reporting on Mexico and the border into a gripping narrative about greed and corruption. Bloodlines offers us an unprecedented look at the inner workings of the Zetas and US federal agencies, and opens a new vista onto the changing nature of the drug war and its global expansion.

In the heart-pounding conclusion to the New York Times bestselling Diabolic series, the Empire teeters on the edge of destruction as rumors spread that Nemesis is still alive. Three years ago, Tyrus Domitrian shocked the galaxy by killing the woman he swore to love forever. The woman for whom he upended the Empire. The woman with whom he wanted to build a new and brighter future. Now, the once-idealistic heir apparent has become the cruel Emperor Tyrus, wielding his authority with an iron fist, capable of destroying planets with a single word, controlling all technology with a simple thought. He has bent the Grandiloquy to their knees, and none has the power to stand against him. But there is a muttering among the Excess. They say that Nemesis is not truly gone. They whisper of her shadow spotted in distant star systems. They say that Nemesis lives. That she will rise, and rally the people to topple the man who was once her truest love—and is now her fiercest enemy.

In 1999, two sibling directors hit it big with their second film, *The Matrix*. After achieving critical and commercial success with *The Matrix*, the Wachowskis went on to direct two sequels to that film and a string of other box office successes, including *V for Vendetta* and *Jupiter Ascending*. This title tracks the story of sister Lana, recipient of the Human Rights Campaign's Visibility Award in 2012 for having been the first major Hollywood director to come out as transgender. Since making her transition public, Wachowski has become an important advocate, raising awareness of the unique challenges faced by transgender youth.

Rachel Carter launches a mind-blowing time-travel trilogy with her YA novel *So Close to You*. Lydia Bentley doesn't believe the rumors about the Montauk Project, that there's some sort of government conspiracy involving people vanishing and tortured children. But her grandfather is sure that the Project is behind his father's disappearance more than sixty years earlier. While helping her grandfather search Camp Hero, a seemingly abandoned military base on Long Island, for information about the disappearance, Lydia is transported back to 1944—just a few days before her great-grandfather's disappearance. Lydia begins to unravel the dark secrets of the Montauk Project and her own family history, despite warnings from Wes, a mysterious boy she is powerfully attracted to but not sure she should trust.

Lana and Lilly Wachowski have redefined the technically and topically possible while joyfully defying audience expectations. Visionary films like The Matrix trilogy and Cloud Atlas have made them the world's most influential transgender media producers, and their coming out retroactively put trans aesthetics at the very center of popular American culture. Cáel M. Keegan views the Wachowskis' films as an approach to trans* experience that maps a transgender journey and the promise we might learn "to sense beyond the limits of the given world." Keegan reveals how the filmmakers take up the relationship between identity and coding (be it computers or genes), inheritance and belonging, and how transgender becoming connects to a utopian vision of a post-racial order. Along the way, he theorizes a trans* aesthetic that explores the plasticity of cinema to create new social worlds, new temporalities, and new sensory inputs and outputs. Film comes to disrupt, rearrange, and evolve the cinematic exchange with the senses in the same manner that trans* disrupts, rearranges, and evolves discrete genders and sexes.*

As Maggie and Grace begin to piece their lives back together, they discover that their memories have been masked by someone within the Order, a demon who has been running their realm since Saint Teresa defeated the demon lord Ammemnion. Should the demon succeed in reviving Ammemnion, those in the Order who have committed their lives to slay worldly demons will be relegated to little more than minions as he enslaves humans completely. Now, Grace and Maggie must sacrifice everything, possibly even their lives, as they take on the demon lord in an all-out battle to save humanity.

"Stunning. . . a bit like if you took Charlie and the Chocolate Factory and Monsters Inc. and shoved them in a TARDIS."—Buzzfeed It's a tentacled, inventive, gooey, world in there. . . Elliot Von Doppler and his friend Leslie think nothing ever happens in Bickleburgh, except inside the gleaming headquarters of DENKi-3000—the world's eighth-largest electronics factory. Beneath the glass towers and glittering skywalks, there's a rambling old mansion from which all the company's amazing inventions spring forth. And no one except Uncle Archie knows what's behind the second-to-last door at the end of the hall. Until Elliot and Leslie are invited to take a glimpse inside. They find stooped, troll-like creatures with jutting jaws and broken teeth. Tiny winged things that sparkle as they fly. And huge, hulking, hairy nonhumans (with horns). It is unlike anything they've ever seen. But when Chuck Brickweather threatens to shut down the DENKi-3000 factory if a new product isn't presented soon, the creatures know they are in danger. And when Uncle Archie vanishes, it's up to Elliot, Leslie, and every one of the unusual, er, "employees" to create an invention so astonishing it will save the Creature Department.

“A quintessential summer read.” –Marie Claire A warm and wonderfully vivid novel about taking second chances—in life and in the sea One summer day on the beach in Florida, two extraordinary things happen to Maeve Donnelly. First, she is kissed by Daniel, the boy of her dreams. Then, she is bitten by a blacktip shark. Eighteen years later, Maeve has thrown herself into her work as a world-traveling marine biologist discovering more about the minds of misunderstood sharks. But when Maeve returns home to the legendarily charming and eccentric Hotel of the Muses where she was raised by her grandmother, she finds more than just the blood orange sunsets and key lime pies she’s missed waiting for her. While Maeve has always been fearless in the water, on land she is indecisive. A chance meeting on the beach with a plucky, irresistible little girl who is just as fascinated by the ocean as Maeve was growing up leaves her at a crossroads: Should she re-kindle her romance with Daniel, the first love she left behind when she dove into her work? Or indulge in a new romance with her colleague, Nicholas, who turns up in her hometown to investigate an illegal shark-finning operation? Set against the intoxicating backdrop of palm trees, calypso bands, and perfect ocean views, The Shark Club is a story of the mysterious passions of one woman’s life: her first love and new love; the sea and sharks that inhabit it.
