A wonderful first novel which dramatically combines the suspense of a gripping literary thriller with a meditation on the nature of scientific chaos Roz Benegal, a feisty young BBC researcher, goes to India to pick up the threads of her life there (she spent part of her childhood growing up in Kerala). She goes to Bombay to visit her sister Miranda, who is married to a prominent Bollywood film director, Prosper. Roz arrives to news headlines announcing the deaths of 8 eunuchs in four months and to rumours that her sister's husband may have murdered his first wife Maya, a film star past her prime. Not satisfied to leave the investigations of these allegations to the Indian police, Roz Benegal begins a dangerous search for the truth. Interwoven with this utterly gripping detective story is a remarkable layering of knowledge gleaned from old books on storms, the monsoon, poisons and magical transformations, the narrator's fascination with chaos theory and her passionate interest in fate.

Offers a collection of different stories that might make you laugh, or make you cry. This title includes stories that deal with family life, and psychiatry.

The original (shorter) edition of this key historical reference to Indian silent cinema has been unavailable for years. This revised and expanded version has been edited by original author and former National Film Archive of India (NFAI) director Suresh Chabria. He has brilliantly and painstakingly pieced together a definitive historiography of Indian silent film that would have been all but lost were it not for his efforts.

Traders, Pushers, Soldiers, Spies. A pivot for India's Act-East policy. The gateway to a future of immense possibilities from hydrocarbons to regional trade over land and water that could create a new Silk Route. A bulwark against China. A cradle of climate change dynamics and migration. 'Northeast' India, the appellation with which India's far-east is known, is all this and more. Alongside hope and aspiration, it is also home to immense ethnic and communal tension, and a decades-old Naga conflict and the high-profile peace process that involves four gateway states—Nagaland, Manipur, Arunachal Pradesh and Assam—and several million people. It's among the most militarized zones in the world. It's a playground of corruption and engineered violence. Only real peace, and calm in both Myanmar and Bangladesh, will unlock this Eastern gate. A keen observer and frequent chronicler of the region, Sudeep Chakravarti has for several years offered exclusive insights into the Machiavellian—Chanakyan—world of the Naga and other conflicts and various attempts to resolve these. He now melds the skills of a journalist, analyst, historian and ethnographer to offer inside stories and a ringside view to the tortuous, no-holds-barred attempts at resolving conflict.

Employing a 'dispatches' style of storytelling, and interviews with rebel leaders, politicians, bureaucrats, policymakers, security specialists and operatives, gunrunners, 'narcos', peace negotiators and community leaders, Chakravarti's narrative provides a definitive guide to the transition from war to peace, even as he keeps a firm gaze on the future. The Eastern Gate is a tour de force that captures this story of our times.

Born just one year before the United Nations itself, Ban Ki-moon came of age with the world body. His earliest memories are haunted by the sound of bombs dropping on his Korean village and the sight of fires consuming what remained. The six-year-old boy fled with his family, trudging for miles in mud-soaked shoes, suffering from incessant hunger, and wondering how they would survive—until the United Nations rescued them. Young Ban Ki-moon grew up determined to repay this lifesaving generosity. Resolved is Ban Ki-moon's personal account of his decade at the helm of the organization during a period of historic turmoil and promise. Meeting challenges and resistance with a belief in the UN's mission of peace, development, and human rights, he steered the United Nations through a volatile period that included the Arab Spring, nuclear pursuits in Iran and North Korea, the Ebola epidemic, and brutal new conflicts in Central Africa. As secretary-general, Ban also forged global agreements to fight extreme poverty and address the climate crisis. Ban performed what has been called "the most impossible job on this earth" with a genuine belief in collective action and global transformation. Freed from the diplomatic constraints of a lifetime of public service, he offers a candid assessment of the people and events that shape our era and a bracing analysis of what lies ahead.

Mumbai is an ever-evolving city, bustling and brimming, never sleeping for a wink. But the past four decades brought upheavals of great magnitude that shaped the city as we know today. Marred by communal riots, gang wars and terrorism, the spirit of Mumbai has emerged indomitable every single time. Born and raised in the lanes of Bombay 3, this is the story of Jagan Kumar who dreams of being a television journalist and changing the world. But once he achieves this, he realises that television journalism has lost its path, now afflicted with sensationalism, corruption and bias. As a crime reporter, he comes across various unscrupulous means that law enforcement agencies adopt to combat organised crime syndicates. He is shocked to witness interdepartmental rivalry that often jeopardises public security. Disenchanted,

in conflict with his conscience and confused about his calling, he is about to quit when something happens that changes the course of his life. Bombay 3 begins from the bylanes of old Bombay of the seventies and then takes you to Mosul in ISIS's Iraq of 2014 and finally to the streets of Bangkok where the underworld of Mumbai has spread its tentacles. A fast-paced thriller, it answers certain questions about life in Mumbai and raises a few new ones.

The Chaplain's Narrative of the Siege of Delhi

The definitive biography of Dadabhai Naoroji, the nineteenth-century activist who founded the Indian National Congress, was the first British MP of Indian origin, and inspired Gandhi and Nehru. Mahatma Gandhi called Dadabhai Naoroji the "father of the nation," a title that today is reserved for Gandhi himself. Dinyar Patel examines the extraordinary life of this foundational figure in India's modern political history, a devastating critic of British colonialism who served in Parliament as the first-ever Indian MP, forged ties with anti-imperialists around the world, and established self-rule or swaraj as India's objective. Naoroji's political career evolved in three distinct phases. He began as the activist who formulated the "drain of wealth" theory, which held the British Raj responsible for India's crippling poverty and devastating famines. His ideas upended conventional wisdom holding that colonialism was beneficial for Indian subjects and put a generation of imperial officials on the defensive. Next, he attempted to influence the British Parliament to institute political reforms. He immersed himself in British politics, forging links with socialists, Irish home rulers, suffragists, and critics of empire. With these allies, Naoroji clinched his landmark election to the House of Commons in 1892, an event noticed by colonial subjects around the world. Finally, in his twilight years he grew disillusioned with parliamentary politics and became more radical. He strengthened his ties with British and European socialists, reached out to American anti-imperialists and Progressives, and fully enunciated his demand for swaraj. Only self-rule, he declared, could remedy the economic ills brought about by British control in India. Naoroji is the first comprehensive study of the most significant Indian nationalist leader before Gandhi.
