The city gates are closed; the killer is within the walls... England, 1327. Sir Baldwin and his friend Bailiff Simon Puttock have a major problem. The deposed King Edward II, imprisoned under their guard, has escaped. They must ride hard to Exeter to inform the sheriff. But the sheriff has problems of his own. Overnight, the body of a young maid has been discovered in a dirty alleyway. The city's gates had been shut against the lawlessness outside, so the perpetrator must still be in the town. He tasks Baldwin with uncovering the truth behind this murder. But, with England in tumult, his task will be far from easy... The thirty-first instalment in the Last Templar Mysteries series, perfect for fans of Bernard Cornwell and Philippa Gregory.

THE LAST LINE. THE LAST WORDS. THE LAST CHANCE. Ifferon is one of the last in the bloodline of the dead god Telm, who mated with mortal women, and who imprisoned the Beast Agon in the Underworld. Armed with a connection to the estranged gods in the Overworld and a scroll bearing Telm's powerful dying words, he is tasked with ensuring the god's vital legacy: that Agon remain vanquished. Fear forces Ifferon to abandon his duty, but terror restores his quest when the forces of Agon find his hideaway in an isolated coastal monastery. Wales, 1198. A time of treachery, passion, and uncertainty. King Maelgwyn ap Cadwallon, known as Noble, struggles to protect his small kingdom from foes outside and inside his borders. Pressured into a marriage of political convenience, he takes as his bride the young, headstrong Isabel Mortimer, niece of his powerful English nemesis. Through strength of character, Isabel wins her husband's grudging respect, but finds the Welsh court backward and barbaric, and is soon engaged in a battle of wills against Gwirion, the king's oldest, oddest, and most trusted friend. Before long, however, Gwirion and Isabel's mutual animosity is abruptly transformed, and the king finds himself as threatened by loved ones as by the enemies who menace his crown. A masterful novel by a gifted storyteller, *The Fool's Tale* combines vivid historical fiction, compelling political intrigue, and passionate romance to create an intimate drama of three individuals bound -- and undone -- by love and loyalty.

This doomsday masterpiece from the author of *Eon* and *Hull Zero Three* was a finalist for the Hugo and Nebula awards. On July 26, Arthur Gordon learns that Europa, the sixth moon of Jupiter, has

disappeared. Not hiding, not turned black, but gone. On September 28th, Edward Shaw finds an error in the geological records of Death Valley. A cinder cone was left off the map. Could it be new? Or, stranger yet, could it be artificial? The answer may be lying beside it—a dying Guest who brings devastating news for Edward and for Planet Earth. As more unexplained phenomena spring up around the globe—a granite mountain appearing in Australia, sounds emanating from the earth’s core, flashes of light among the asteroids—it becomes clear to some that the end is approaching, and there is nothing we can do. In *The Forge of God*, award-winning author Greg Bear describes the final days of the world on both a massive, scientific scale and in the everyday, emotional context of individual human lives. Facing the destruction of all they know, some people turn to God, others to their families, and a few turn to saviors promising escape from a planet being torn apart. Will they make it in time? And who gets left behind to experience the last moments of beauty and chaos on earth? Nominated for the Nebula, Hugo, and Locus Awards, *The Forge of God* is an engrossing read, breathtaking in its scope and in its detail.

end of time? In a time like the present, in a world that may or may not be our own, three young people-Ginny, Jack, and Daniel-dream of a doomed, decadent city of the distant future: the Kalpa. Ginny's and Jack's dreams overtake them without warning, leaving their bodies behind while carrying their consciousnesses forward, into the minds of two inhabitants of the Kalpa-a would-be warrior, Jebrassy, and an inquisitive explorer, Tiadba-who have been genetically retro-engineered to possess qualities of ancient humanity. As for Daniel: He dreams of an empty darkness-all that his future holds. But more than dreams link Ginny, Jack, and Daniel. They are fate-shifters, born with the ability to skip like stones across the surface of the fifth dimension, inhabiting alternate versions of themselves. And each guards an object whose origin and purpose are unknown: gnarled, stony artifacts called sum-runners that persist unchanged through all versions of time. Hunted by others with similar powers who seek the sum-runners on behalf of a terrifying, goddess-like entity known as the Chalk Princess, Ginny, Jack, and Daniel are drawn, despite themselves, into an all but hopeless mission to rescue the future-and complete the greatest achievement in human history.

**Award-winning author Guy Gavriel's sixth novel, hauntingly evocative of medieval Spain, is both a brilliant adventure and a moving story of love, divided loyalties, and what happens to men and women when hardening beliefs begin to remake -- or destroy -- a world. The ruling Asharites have come from the desert sands, worshipping the stars, their warrior blood fierce and pure. But over centuries, seduced by the sensuous pleasures of their new land, that stern piety has eroded. The Asharies empire has splintered into decadent city-states lead by warring petty kinds. King Almalik of Cartada is on the ascendancy, adding city after city to his realm, even though Cartada is threatened by forces both within and without. Almalik is aided by his friend and advisor, the notorious Ammar ibn Khairan -- poet, diplomat, soldier -- until a summer afternoon of savage brutality changes their relationship forever. Meanwhile, in the north, the Jaddite's most celebrated -- and feared -- military leader, Rodrigo Belmonte, is driven into exile in the wake of events following the death of the king he loved. Rodrigo leads his mercenary company south, to the dangerous lands of Al-Rassan. In the exquisite lakeside city of Ragosa, Rodrigo Belmonte and Ammar ibn Kharian meet and serve -- for a time -- the same**

**With the death of the fearsome Ögedei Khan, the Mongol invasion of the West has been brought to an abrupt halt. The defenders, a band of brave warrior monks known as the Shield-Brethren, limp homeward again across a frozen, bloodied wasteland. But where--and what--is "home" now that the threat of invasion no longer shapes their lives? Thirteenth-century Europe has been saved from annihilation at the hands of the Mongols, to be sure, but new and terrible threats are at hand: political and religious turmoil threaten to turn the warriors' world upside down once more. Painted against a rich backdrop of medieval mysticism and Russian folklore, Katabasis weaves together the tales of victor and victim alike in a fearless exploration of what it means not just to survive, but to truly live again.**
