Oswaal CBSE Question Bank Class 10 English, Science, Social Science & Math Standard (Set of 4 Books) (For 2022-23 Exam)

While most books on marketing and services are readable, very few take the student's viewpoint and set out to answer the understandable? in the affirmative. This book and its pedagogy has been designed precisely with this in mind:v Design: The bo

consistency of design that is innovative, with aesthetic appeals. v Opening and Closing Cases: Every chapter begins and ends with a case. The cases introduce the primary theme and issues discussed in the chapter and closes with analytical tasks for the students. The cases are original, pertaining to Indian situations, companies and protagonists, helping the Indian students to connect. v Objectives: Every chapter has clear learning expectations, get a glimpse of the chapter context and their respective importance. v End-of-chapter Questions: There are many questions and have been designed carefully to enhance learning for the students. There are elements of research, practical and academic exercises in them. v Illustrations: The book is generous with pleasing and informative charts, tables and diagrams. The Appendix at the end of the book contains a glossary of services and marketing terminologies. v Marketing models: In addition to the text, the appendix also contains major marketing models mentioned in the text, which are frequently used by the marketers. v Case studies: The Appendix also contains an useful section for all students a template for case discussion and analysis. There are four case studies in the book. Part I takes an overview look at the major differences between services and goods and their characteristics, classification of services and different models. It methodically analyses the section on the local, domestic and international conditions and environment factors that affect services. It also examines the importance of Relationship Marketing in services. Part II examines in-depth the marketing of services. It looks sweepingly and with depth at marketing planning and strategy, service buying behaviour, knowledge management, marketing research in services, and the seven marketing mix variables for services. Part III is about the assessment of service quality and customer relationship management. Part IV deals exclusively with comprehensive service cases. The cases are in addition to the opening and closing cases. The book lucidly explains the basic concepts of services and marketing and fills a long-standing need of the market for a book on both services and marketing.

This comprehensive handbook introduces the reader to the education system in India in terms of its structural features, its relations with society and culture, and the debates that have shaped the present-day policy ethos. The book provides an overview of major debates that have shaped India's education systems, as well as the significant issues within higher and school education, education studies, and policies. Expert scholars provide a lucid analysis of complex themes such as the equity, access, and the quality of education. The volume also examines legal provisions and policies shaping the distribution structure and curricular issues in major areas of knowledge, as well as the provision of schools for the marginalised, economically weak, and people with disabilities. This new edition includes an analysis of the private sector's participation in higher education and the technical and vocational education and training systems in India. This handbook will serve as a valuable resource and guide to educators and public policy practitioners seeking information about India's contemporary educational challenges. It will also be useful to scholars and researchers of education, public policy and administration, sociology, and political studies, as well as think-tanks, the media, policy-makers, and NGOs.
