

Keurig Coffee Maker User Guide

“An informative and entertaining look at the rise of—and reasons for—today’s single-serve coffee cup craze . . . you’ll be hooked.”
–People Reminiscent of God in a Cup and The Devil’s Cup, this is an inside look into the modern business of making coffee. But rather than a general history, Coffee for One focuses on the revolution that made single serve such a popular way to consume coffee worldwide, and the competition and conflict that got us here. This story features A-list names, corporate intrigue, environmental controversy, and much, much more. For the vast majority of the time humans have consumed coffee, the drink has been brewed in pots or other multi-serving tools; that is, until the last two decades, which saw the rise of the single serve coffee machine. Whether it’s a Keurig or a Nespresso, today a lot of people get their coffee from little plastic individual serving pods. But why? Coffee for One breaks open this story of innovation, profit, and cultural change. “Coffee for One shows us the hard work that proceeded making our joy arrive now so easy. KJ Fallon is a skilled, smooth, and engaging barista of words.”
–Tom Squitieri, award-winning foreign correspondent and author “[A] beguiling, scrupulous tell-all account of that revolutionary pod, how it was born and how it grew into a giant. Coffee for One will alter the way people regard the delicious, vital drink they consume every day—without thinking about all the cut-throat competition that took place before it journeyed from the fields to the labs, from the corner offices to their cups and cartons.”
–Stefan Kanfer, New York Times–bestselling author

Insiders’ Guide to Williamsburg and Virginia’s Historic Triangle is the essential source for in-depth travel and relocation information to Williamsburg, Jamestown, and Yorktown. Written by a local (and true insider), this guide offers a personal and practical perspective of the cities and the surrounding environs.

From conservation to protecting endangered species to sustainable living, A Christian’s Guide to Planet Earth offers a faith-based framework for viewing our responsibility to the natural world as well as practical, biblical ways we can care for the magnificent creation around us. Drawing on science and Scripture, this hope-filled and reader-friendly guide helps us navigate questions about caring for and respecting God’s world. With a focus on real-life solutions, this book explores answers to questions such as: What does the Bible say about food shortages, forests, and pollution? How can we make ethical choices about what we eat and what we wear? Why is reducing our carbon footprint a way of loving others? What do animals tell us about God’s design for the earth? What simple choices can we make to help recover God’s beauty in creation? Four-color infographics throughout highlight the inherent grandeur of the natural world, stirring our hearts to care about the wild and wondrous things God has made. Each chapter concludes with practical tips on how to become better stewards of the Earth, including how to support efforts that make a positive difference in the world. A Christian’s Guide to Planet Earth is ideal for: Anyone who wants to make a difference for the planet but doesn’t know where to start Readers interested in how stewardship of the water, air, land, and gardens relates to serving God and our neighbor Bible studies and church small groups Homeschooling families and networks Anyone who loves God’s beauty in nature Readers with questions about how changes to our earth affect the planet and our lives Equal parts philosophical and practical, this guide provides us a deeper understanding of God’s love for His creation and the delightful, God-given privilege we have to enjoy it and care for it well.

This reference offers clear and practical solutions for seniors with decreased mobility, along with their caretakers. Author Lynda Shrager is an occupational therapist, a master’s level social worker, and a Certified Aging in Place Specialist (CAPS) with more than 37 years of geriatrics experience.This book is designed to help seniors and their caregivers address these new challenges together to make life at home safer, more manageable, and less stressful for all.

New York Times best-selling author Tosca Lee brings a modern twist to an ancient mystery surrounding Elizabeth Bathory, the most notorious female serial killer of all time. Emily Jacobs is the descendant of a serial killer. Now, she’s become the hunted. She’s on a quest that will take her to the secret underground of Europe and the inner circles of three ancient orders—one determined to kill her, one devoted to keeping her alive, and one she must ultimately save. Filled with adrenaline, romance, and reversals, The Progeny is the present-day saga of a 400-year-old war between the uncanny descendants of “Blood Countess” Elizabeth Bathory, the most prolific female serial killer of all time, and a secret society dedicated to erasing every one of her descendants. It is a story about the search for self filled with centuries-old intrigues against the backdrop of atrocity and hope.

The world-renowned 'tell it like it is' guidebook Discover Canada with this comprehensive, entertaining, 'tell it like it is' Rough Guide, packed with comprehensive practical information and our experts' honest and independent recommendations. Synonymous with practical travel tips, quality writing and a trustworthy 'tell it like it is' ethos, the Rough Guides list includes more than 260 travel guides to 120+ destinations, gift-books and phrasebooks.

Although batching often appears more efficient than one-piece flow for individual tasks, the practice creates waste for other parts of the organization that more than offset its perceived benefits. A silent productivity killer, batching is an extremely difficult mindset to overcome and, as a result, numerous Lean initiatives have been destroyed by it. This book argues the case for one-piece flow over batching. It identifies the eight root causes of batching, the wastes created from batching, how batching drives the eight wastes, and the advantages of one-piece flow. One-Piece Flow vs. Batching: A Guide to Understanding How Continuous Flow Maximizes Productivity and Customer Value provides concrete arguments as to why batching, while sometimes necessary, is never the most efficient solution for most processes. It explains why flow, especially one-piece flow or continuous flow, should always be your ultimate objective when driving for increased productivity in any process. Using case studies to illustrate how to channel current mindsets toward one-piece flow as the preferred operation, the book is designed to support anyone involved in continuous improvement activities. It provides the tools and understanding you will need to overcome resistance to implementing flow and, in particular, one-piece flow processes—whether it be on the factory floor or in a banking office.

Save time and money with in-depth reviews, ratings, and details from the trusted source for a successful Walt Disney World vacation. How do some guests get on the big, new attraction in less than 20 minutes while others wait for longer than 2 hours—on the same day? Innovation is the lifeline of national development. This handbook is a collection of chapters that provide techniques and methodologies for achieving the transfer of defense-targeted science and technology development for general industrial applications. The handbook shows how to translate theory and ideas into practical applications. Experts from national defense institutions, government laboratories, business, and industry contributed chapters to this handbook. The handbook also serves as an archival guide for nations, communities, and businesses expecting to embark upon science and technology transfer to industry. Included are several domestic and international case examples of practical innovation. Since the dawn of history, nations have engrossed themselves in developing new tools, techniques, and methodologies to protect their geographical boundaries. From the crude implements used by prehistorical people to very modern technologies, the end game has been the same. That is, to protect the homeland. Even in times of peace, efforts must be made to develop new machinery, equipment, processes, and devices targeted for the protection of the nation. The emergence of organized nations and structured communities facilitated even more innovative techniques of national defense. Evolution, revolution, and innovation have defined human existence for millennia. From the Ice Age to the Stone Age, the Bronze Age, the Iron Age, and to the modern age, innovation, rudimentary as it may be in many cases, has determined how humans move from one stage to the next. This comprehensive handbook provides a clear guide on the nuances of initiating and actualizing innovation. Both the qualitative and quantitative aspects of innovation are covered in the handbook. Features: Uses a systems framework to zero in on science and technology transfer Focuses on leveraging technical developments in defense organizations for general societal applications Covers a range of strategies collated from various sources and practical applications Represents a world-class diverse collection of science and technology development, utilization, and transfer Highlights a strategy for government, academia, and industry partnerships A complete guide to everything you need to experience a great Long Weekend in Memphis, whether you came to see Elvis’s mansion at Graceland or soak in the Blues on Beale Street. “I’d been to Nashville before, but never Memphis, so my wife and I decided to give it a try. We loved the town.” —Fred G. Tacoma “I actually live in Memphis and bought this book as a joke. I found three restaurants I’d never even heard of.” — Archie, B., Wilmington You’ll save a lot of time using this concise guide. “Lodgings (in several parts of town) variously priced “Fine & budget restaurants, more than enough listings to give you a sense of the variety to be found. “Principal attractions — don’t waste your precious time on the lesser ones. We’ve done all the work for you. “A handful of interesting SHOPPING ideas.

Discover 1,000 thrifty tips for living a joyful life without spending a fortune! When your expenses go up but your income doesn’t, just surviving can feel like a struggle—let alone paying down debt or putting aside savings. Is it possible to make ends meet while also building a better life? Whether you need to get your finances under control or you want to achieve a big goal like paying off your mortgage, putting kids through school, or retiring, you need the right mindset and some smart strategies. The Ultimate Guide to Frugal Living gives you hundreds of fresh ideas that will get you in the habit of using creativity instead of cash to solve problems. Learn how to: Redefine necessities Set financial goals Make delicious food on a dime Create an emergency fund quickly Teach your kids to handle money Save money with a smartphone And so much more! Even when times aren’t tight, this book can change the way you look at money, and show you how frugality can bring you less stress—and a more fulfilling life.

Insiders’ Guide® to Williamsburg

With “elements of The Bold Type, Mad Men, and The Devil Wears Prada” (Entertainment Weekly), a young woman navigates a tricky twenty-first-century career—and the trickier question of who she wants to be—in this savagely wise debut novel Casey Pendergast is losing her way. Once a book-loving English major, Casey lands a job at a top ad agency that highly values her ability to tell a good story. Her best friend thinks she’s a sellout, but Casey tells herself that she’s just paying the bills—and she can’t help that she has champagne taste. When her hard-to-please boss assigns her to a top-secret campaign that pairs literary authors with corporations hungry for upmarket cachet, Casey is both excited and skeptical. But as she crisscrosses America, wooing her former idols, she’s shocked at how quickly they compromise their integrity: A short-story writer leaves academia to craft campaigns for a plus-size clothing chain, a reclusive nature writer signs away her life’s work to a manufacturer of granola bars. When she falls in love with one of her authors, Casey can no longer ignore her own nagging doubts about the human cost of her success. By the time the year’s biggest book festival rolls around in Las Vegas, it will take every ounce of Casey’s moxie to undo the damage—and, hopefully, save her own soul. Told in an unforgettable voice, with razor-sharp observations about everything from feminism to pop culture to social media, A Lady’s Guide to Selling Out is the story of a young woman untangling the contradictions of our era and trying to escape the rat race—by any means necessary. Praise for A Lady’s Guide to Selling Out “Bitingly funny. . . [Sally] Franson’s snappy debut nimbly skewers the high-flying world of advertising and romance in the age of social media. . . . Franson’s irresistibly flawed heroine holds her own as she strives to find honesty, meaning, and even love in a demanding world, resulting in an addictive, escapist novel.”—Publishers Weekly “A high-spirited heroine loses herself in a vortex of modern striving in this debut novel. . . . Come for the hilarious narration, stay for the whirlwind plot, luxuriate in the satirical gleam.”—Kirkus Reviews “A wry, observant take on career success and ambition.”—New York Post “A book lover is torn between a cushy gig and . . . well, her soul, basically.”—Cosmopolitan

Are you concerned about the state of our planet and hope that governments and corporations will find a sustainable way for us to live? If you do not think about it too hard, that may work, but will it? Left on their own, with drivers of popularity and profits, I am not too convinced that it will. The missing part of this equation is you and me. Individuals who believe that corporations and governments can do better. Individuals who believe that through action, we can buy a bit more time to develop and implement solutions to our critical issues. Did I hear a groan out there when you read the word ‘actions’? Do not worry. Most of the actions that I am referring to will not only help save the planet, but will benefit you right away through saving money, time, better health, and having a happier life in general. Sustainability goes beyond controlling our consumption and pollution. There are key social, political, and economic areas that need to be addressed as well, and there are several steps that individuals can take to help in these areas. For those of you who feel we could do more, this book is for you and is loaded with actionable activities, the reasons for doing them, and explores why we are not doing them already. Every journey starts with a first step. Hopefully this book will lead to those first sustainable steps and that will change the world.

The Most Thorough Guide to Disneyland Park and Disney California Adventure Filled with revolutionary, field-tested touring plans that can save 4 hours of waiting in line in a single day, The Unofficial Guide to Disneyland Park and Disney California Adventure. The Unofficial Guide to Walt Disney World 2020

“Paige Wolf provides truths, tips, and mom-to-mom advice on how to go green without going insane in this humorous must-read.”
–Pregnancy & Newborn From BPA in baby bottles and asbestos in crayons to misleading “natural” labels—even the most steadfast parent can be driven to frustration. Lighthearted yet authoritative, Spit That Out! cuts through the information overload, sorts cloth from disposable, and empowers readers to make simple but impactful changes. Featuring real life anxieties and advice from celebrities like Alysia Reiner and

Kaitlin Olson, to activists such as Robyn O'Brien and Stacy Malkan, to everyday super moms, Paige Wolf assures you that you aren't alone. Hot-button topics include food, toys, breast milk and diapers, clothing, the hidden toxins in schools, and how to spot greenwashing from a mile away. This "realistic guide to keeping your kids safe and healthy" is bursting with valuable advice on green vacations, how to handle unsupportive friends and family, and how to be green on a budget (People). "Read this book!" —Alysia Reiner, actress, Orange Is the New Black "A drastic alternative to my original plan for my son's safety—keeping him in a plastic bubble!" —Tammy Pescatelli, wife, mother, comedian, exhausted "Wolf offers practical suggestions for both managing your house and managing your emotions when you feel overwhelmed." —Apartment Therapy "For readers seeking advice on how to ditch guilt and be proactive when it comes to making healthy choices for their children, Wolf's book ought to become the go-to guide." —Publishers Weekly "Candid and humorous . . . a clear and comprehensive guide to navigating debates, understanding risks, and making informed decisions." —Treehugger

After the birth of their son, Jay Sinha and Chantal Plamondon set out on a journey to eliminate plastic baby bottles as the Canadian government moved to ban BPA. When they found it was difficult to procure glass baby bottles, Jay and Chantal made it their mission to not only find glass and metal replacements for plastic, but to make those products accessible to the public as well. Printed on FSC-certified paper and with BPA-free ink, Life Without Plastic strives to create more awareness about BPA-based products, polystyrene and other single-use plastics, and provides readers with ideas for safe, reusable and affordable alternatives. While plastic has its uses in technology, the medical and industrial sectors and some products around the home, single-use plastics may release chemicals when they come in contact with food and water. These disposable plastics are commonly used to package food and drinks as well as personal care and cleaning products. Jay and Chantal show readers how to analyze their personal plastic use, find alternatives and create easy replacements in this step-by-step guide. Get your family healthier, spread consciousness and radiate positive plastic-free energy by taking action to help the environment.

There's more to living with plants than simply bringing home a houseplant. Living Decor shows you how to artfully integrate greenery into your space. Living Decor is a manual to introducing the life, beauty, and health benefits of plants into your home in creative ways. Authored by Maria Colletti (Terrariums: Gardens Under Glass), this lovely book is an easy read, and brings fun to creating your own arrangements with moss, succulents, air plants, and other favorite indoor greenery. To tie it all together, Living Decoralso offers simple guidance for taking care of your plants and DIY tips. This guide to houseplants takes you through modern trends in filling your space with plants, such as display with macramé, concrete planters, new plant stands for popular botanicals like Fiddle Leaf Figs and Monstera, and also shows what a beautiful, unique, and even artistic experience living with plants can be. More than that, you'll find endless ideas for botanical styling from the author, as well as a large network of shopkeepers and interior designers who bring you into their homes to see remarkable interior design that celebrates everything green.

A Novel

A smart and funny guide to writing fiction, with engaging infographics that bring storytelling techniques to life. Whether you are daunted by a blinking cursor or frustrated trying to get the people in your head onto the page, writing stories can be intimidating. It takes passion, tenacity, patience, and a knowledge of?and faith in?the often-digressive writing process. A do-it-yourself manual for the apprentice fiction writer, Storyville! demystifies that process: its bold graphics take you inside the writer ' s comfortingly chaotic mind and show you how stories are made. In Storyville!, seasoned guide John Dufresne?whose approach " will anchor the newbie and entertain the veteran " (San Francisco Chronicle)?provides practical insight into the building blocks of fiction, including how to make the reader see your characters, create a suspenseful plot, and revise, revise, revise. Storyville! is a combination handbook and notebook, with original prompts and exercises crafted with Dufresne ' s singular dry wit and Evan Wondolowski ' s playful and illuminating graphics on every page.

In this second book of the Shooting Star Series you are introduced to new characters Emma and Ben. They both have just broken off long term relationships and have relocated to different states. Ben is good looking, outgoing and very familiar with the dating scene. When he is given an opportunity to take a vacation he meets kayak guide Emma who is fun, smart, athletic and prettier than she realizes. Ben thinks he is ready for another commitment and must learn to be patient and earn Emma's trust. Emma has completely lost her trust in men but Ben has awakened long lost physical and emotional desires in her. As their attraction for each other grows so do their range of emotions. Follow them as they journey to small towns and big cities, through calm waters and hurricanes as they learn to deal with trust, loyalty, jealousy, turmoil and love.

The only comprehensive guidebook dedicated to the Finger Lakes region of upstate New York, this updated, revised edition is packed with all the information you need to know Upstate New York's Finger Lakes region is one of the most serene and beautiful vacation spots in America. From the region's breathtaking glacial lakes and spectacular gorges to its quaint villages and world-class wineries, this area has charms aplenty, and this trusted guide will help you explore all it has to offer. Katharine Delavan Dyson spent more than a year driving around each lake, stopping for countless interviews with residents and businesspeople. This full-color guide contains more than 100 photos, detailed maps, and info on attractions, events, shopping, history, recreation, and more. Take a cruise on the Erie Canal, bring the family to local farms and farmers' markets, play a few holes on the area's many golf courses, or hike the miles and miles of majestic trails. Broken down lake by lake and featuring sections on gateway cities, transportation, important phone numbers, and services, Explorer's Guide Finger Lakes will help you get the most out of your trip.

By offering unique analysis and synthesis of theory, empirical research, and clinical guidance in an up-to-date and unbiased context, this book assists health and social care professionals in understanding the use of drugs and substances of abuse by children and adolescents. A comprehensive reference for health and social care professionals, the book identifies and corrects related false narratives and, with the use of the authors' combined experience of over 70 years of clinical and academic experience in drug and substance abuse, provides current pharmacotherapeutic and psychotherapeutic approaches for the treatment of alcohol or other dependence or use disorders among children and adolescents. The book also provides a useful reference for identifying brand/trade and street names of the drugs and substances of abuse commonly used by children and adolescents. Also included is a comprehensive, cross-referenced subject index. Clear, comprehensive, accessible, and fully referenced, this book will be an invaluable resource for professionals and students who aim to treat children and adolescents. Child and Adolescent Drug and Substance Abuse is the 19th clinical pharmacology and therapeutic text that the Pagliaros have written over the past 40 years and is the sixth that deals exclusively with drug and substance abuse.

I used to be an heiress. Yachts. Parties. Designer clothes. I had it all. Until I died... Now, my spirit is trapped in an espresso machine! I spend my days plugged into an outlet, making cappuccinos, lattes, and mochas. So when my barista bestie offers to take me to Toronto, Canada to get my fortune back, I say 'hell yes'. Then I meet my fated mates... They may be hot, but feeling their hands on my knobs and levers is so not how I want to be touched... and they don't want the kind of scalding steam I bring. Just when things couldn't get any worse, my metal ass gets kidnapped. But I'm Diva Del Ray, and come coffee beans or boiled water, I'm going to save myself and get the guy... or should I say guys? Diva the Espresso Machine finds love and adventure in this quirky, laugh-out-loud, paranormal, reverse harem romance. This book is slow burn and ends on a cliffhanger.
