Determined to beat Meriwether Lewis and William Clark in a race to the Pacific Ocean, Vermont schoolmaster, inventor, playwright, and explorer True Teague Kinneson and his nephew Ticonderoga head west, encountering Daniel Boone and his lusty spinster daughter, an army of Spaniards and Anasazi, Sacajawea's Shoshone relatives, and other unusual adventures along the way. Reprint.

From multiple award-winning author Candace Fleming and Caldecott Medalist Matthew Cordell comes the true story of a woman who always got what she wanted: Isabella Stewart Gardner. For years, the indomitable Isabella Stewart Gardner searched the world for magnificent artwork and filled her home with a truly unique collection, with the aim of turning it into a museum, which she established in 1903. Isabella always did things her own way. One day she'd wear baseball gear to the symphony, the next, she'd be seen strolling down the street with zoo lions. It was no surprised that she was very particular about how she arranged her exhibits. They were not organized historically, stylistically, or by artist. Instead, they were arranged based on the connections Isabella felt toward the art, a connection she hoped to encourage in her visitors. For years, her museum delighted generations of Bostonians and visitors with the collections arranged exactly as she wanted. But in 1990, a spectacular burglary occurred when two thieves disguised as police officers stole thirteen paintings, valued at \$500 million, including a Rembrandt and a Vermeer. They have yet to be recovered, though a \$10 million reward is still being offered for their safe return. Author Candace Fleming perfectly captures Isabella's inimitable personality and drive, accompanied by exuberant illustrations by Matthew Cordell. A Junior Library Guild Gold Standard Selection

The Witch of Lime Street

The True Account of the Voyage of the Nautilus by Zoticus de Lesseps, 1863

Field Guide to Dragons

In 1924 the wife of a Boston surgeon came to embody the raging national debate over Spiritualism, a movement devoted to communication with the dead. Reporters dubbed her the blonde Witch of Lime Street, but she was known to her followers simply as Margery. Her most vocal advocate was Sir Arthur Conan Doyle, who believed so thoroughly in Margery's powers that he urged her to enter a controversial contest, sponsored by Scientific American. Her supernatural gifts beguiled four of the judges. There was only one left to convince. . . the acclaimed escape artist, Harry Houdini. Jaher captures their electric public rivalry and the competition that brought them into each other's orbit.

"If I have learned anything in ten years of formal debating, it is that arguments are no different: without a good understanding of the rules and tactics, you are likely to do poorly and be beaten."--HENRY ZHANG, President of the Yale Debate Association Your argument is valid and you know it; yet once again you find yourself leaving a debate feeling defeated and embarrassed. The matter is only made worse when you realize that your defeat came at the hands of someone's abuse of logic--and that with the right skills you could have won the argument. The ability to recognize logical fallacies when they occur is an essential life skill. Mastering Logical Fallacies is the clearest, boldest, and most systematic guide to dominating the rules and tactics of successful arguments. This book offers methodical breakdowns of the logical fallacies behind exceedingly common, yet detrimental, argumentative mistakes, and explores them through real life examples of logic-gone-wrong. Designed for those who are ready to gain the upper hand over their opponents, this master class teaches the necessary skills to identify your opponents' misuse of logic and construct effective, arguments that win. With the empowering strategies offered in Mastering Logical Fallacies you'll be able to reveal the slight-of-hand flaws in your challengers' rhetoric, and seize control of the argument with bulletproof logic.

Brush up on the people, places, and events every Christian should know about with this fascinating, accessible guide. Ideal for pastors and speakers.
