A breathtaking novel from the #1 New York Times bestselling author of the This Man trilogy. ONE NIGHT WILL NEVER BE ENOUGH . . . Livy notices him the moment he walks into the coffee shop. M awakens something in Livy, something deep and addictive that she never knew existed-and that she fears only he can satisfy. But she senses that behind the fast cars, fancy suits, and posh apartment, he's aching inside. To have him, body and soul, she'll have to brave his dark secrets. Delving into his world and breaking down his defenses become her obsession-an obsession that could shatter her heart beyond repair . . .

But Camille is determined to have a life free from his strings. Out on her own, she's made mistakes, including one that found her clawing her way back after a stint in rehab and plenty of bad press. Now, after fighting so hard to be independent and happy, she finds her life threatened as a result of her father's ruthless business dealings. Caught between resentment and fear, Camille prepares herself for the measures her father will take to protect her. But nothing could prepare her for the ex-SAS sniper who crashes into her life. Jake Sharp resides in his own personal hell. He was distracted from duty once before, and the consequences were devastating--both personally and professionally. He vowed never to let that happen again. Accepting the job of bodyguard to Camille Logan isn't the kind of distraction from his demons he should take. Women and Jake don't mix well, yet protecting the heiress seems the lesser of two evils. But Jake soon discovers that she isn't the woman she's perceived to be. She's warm, compassionate, her presence settling, and his duty to protect her soon goes deeper than a well-paid job, no matter how hard he fights it. He needs absolution. He comes to need Camille. But he knows he can't have both.

Anya Gage has learned that to get anything good in life, you have to work for it. She has no expectations, no dreams. Then she finds herself at a party where she doesn't want to be and she meets Knight. Knight Sebring knows who he is, what he wants and what he likes.

And he gets it. But he never expected something as sweet as Anya Gage to wander into his bedroom during a party he did not expect to be having to borrow his phone. This edited collection brings together international authors to discuss the meaning and purpose of higher education in a "post-truth" world. The editors and authors argue that notions such as "fact" and "evidence" in a post-truth era must be understood not only politically, but also socially and epistemically. The essays philosophically examine the post-truth environment and its impact on education with respect to our most basic ideas of what universities, research and education are or should be. The book brings together authors working in Australia, China, Croatia, Romania, Canada, New Zealand, Portugal, Sweden, UK and USA.

Michel Foucault's *The Archaeology of Knowledge* was published in March 1969; *Discipline and Punish* in February 1975. Although only six years apart, the difference in tone is stark: the former is a methodological treatise, the latter a call to arms. What accounts for the radical shift in Foucault's approach? Foucault's time in Tunisia had been a political awakening for him, and he returned to a France much changed by the turmoil of 1968. He taught at the experimental University of Vincennes and then moved to a prestigious position at the Collège de France. He quickly became involved in activist work concerning prisons and health issues such as abortion rights, and in his seminars he built research teams to conduct

collaborative work, often around issues related to his lectures and activism. Foucault: The Birth of Power makes use of a range of archival material, including newly available documents at the Bibliothèque nationale de France, to provide a detailed intellectual history of Foucault as writer, researcher, lecturer and activist. Through a careful reconstruction of Foucault's work and preoccupations, Elden shows that, while Discipline and Punish may be the major published output of this period, it rests on a much wider range of concerns and projects.
