La Memoria Rende Liberi La Vita Interrotta Di Una Bambina Nella Shoah

"This is the first published English translation of Francesco Alfieri's fencing treatise: "La Scherma", first published in Padua in 1640. Alfieri was the Master of Arms at the Accademia Delia in Padua, Italy from 1632. The Delia was a school attached to the University of Padua teaching young gentlemen military skills, mathematics and the martial arts of self defence. It is not widely appreciated that Europe has martial arts traditions that are centuries old. Contained within this book is a description of one of these European combat systems ~ the art of fighting with the Rapier ~ a long, slender, civilian sword designed for self defence and dueling. The ability to wield such a weapon with skill was a matter of vital importance in an age when the defence of honour and, by definition, the immortal soul, could be more important than life itself. Alfieri's concise system is a very practical and effective way to address this need. It is an excellent resource for students of historical swordplay and anyone interested in the martial arts of Renaissance Europe." -- Amazon.com

voler vedere." Liliana ha otto anni quando, nel 1938, le leggi razziali fasciste si abbattono con violenza su di lei e sulla sua famiglia. Discriminata come "alunna di razza ebraica", viene espulsa da scuola e a poco a poco il suo mondo si sgretola: diventa "invisibile" agli occhi delle sue amiche, è costretta a nascondersi e a fuggire fino al drammatico arresto sul confine svizzero che aprirà a lei e al suo papà i cancelli di Auschwitz. Dal lager ritornerà sola, ragazzina orfana tra le macerie di una Milano appena uscita dalla guerra, in un Paese che non ha nessuna voglia di ricordare il recente passato né di ascoltarla. Dopo trent'anni di silenzio, una drammatica depressione la costringe a fare i conti con la sua storia e la sua identità ebraica a lungo rimossa. "Scegliere di raccontare è stato come accogliere nella mia vita la delusione che avevo cercato di dimenticare di quella bambina di otto anni espulsa dal suo mondo. E con lei il mio essere ebrea". Enrico Mentana raccoglie le memorie di una testimone d'eccezione in un libro crudo e commovente, ripercorrendo la sua infanzia, il rapporto con l'adorato papà Alberto, le persecuzioni razziali, il lager, la vita libera e la gioia ritrovata grazie all'amore del marito Alfredo e ai tre figli. Un racconto emozionante su uno dei periodi più tragici del secolo scorso che invita a non chiudere gli occhi davanti agli orrori di ieri e di oggi, perché "la chiave per comprendere le ragioni del male è l'indifferenza: quando credi che una cosa non

Catalogo della mostra aperta al Complesso Monumentale del Vittoriano di Roma dal 28 gennaio al 15 marzo 2015 È tradizione che il Complesso del Vittoriano, in occasione della Giornata della Memoria dedicata al ricordo della Shoah, partecipi alle celebrazioni attraverso la realizzazione di una mostra. Proseguendo un percorso intrapreso da diversi anni con esposizioni come 1938. Leggi Razziali, Auschwitz-Birkenau, I ghetti nazisti, 16 ottobre. La razzia degli ebrei di Roma, che hanno suscitato interesse ed emozioni nei visitatori, la Gipsoteca del Vittoriano inaugura il 27 gennaio una grande esposizione che racconta la liberazione dei campi nazisti a settant'anni dalla loro chiusura. La narrazione abbraccia un arco temporale di un anno - dal luglio 1944 al maggio 1945 - e racconta le specificità, gli antefatti e i risvolti delle liberazioni dei luoghi di concentramento e sterminio istituiti dai nazisti in tutta l'Europa occupata. Ha come focus lo sguardo sui campi che abbiano visto la presenza di deportati ebrei italiani, senza trascurare le vicende relative alla deportazione "politica" ad opera del sistema di oppressione nazifascista. Elemento centrale del percorso narrativo è il dramma dei sopravvissuti alla Shoah, uomini e donne stremati da anni di persecuzioni, ultimi testimoni di pagine buie della nostra Storia che dobbiamo continuare a sfogliare e a raccontare non solo per contribuire alla conoscenza de

1956: Amara, a young Italian journalist, is sent to report on the growing political divide between East and West in post-war central Europe. She also has a more personal mission: to find out what happened to Emanuele, her childhood friend and soulmate from pre-war Florence. Emanuele and his family were Jews transported by the Nazis from wartime Vienna. So she visits the Holocaust museum at Auschwitz, and Budapest, where she is caught up in the tumultuous events of the October rising against the Soviet Union. Along the way she meets many other survivors, each with their own story to tell. But did Emanuele survive the war or, like so many other Viennese Jews, did he die in Auschwitz or a ghetto in Poland?

Sexually and physically abused by her father, Eve has struggled her whole life from this betrayal, longing for an honest reckoning from a man who is long dead. After years of work as an anti-violence activist, she decided she would wait no longer; an apology could be imagined, by her, for her, to her. *The Apology*, written by Eve from her father's point of view in the words she longed to hear, attempts to transform the abuse she suffered with unflinching truthfulness, compassion, and an expansive vision for the future. Through *The Apology* Eve has set out to provide a new way for herself and a possible road for others, so that survivors of abuse may finally envision how to be free. She grapples with questions she has sought answers to since she first realized the impact of her father's abuse on her life: How do we offer a doorway rather than a locked cell? How do we move from humiliation to revelation, from curtailing behavior to changing it, from condemning perpetrators to calling them to reckoning? What will it take for abusers to genuinely apologize? Remarkable and original,

The Apology is an acutely transformational look at how, from the wounds of sexual abuse, we can begin to re-emerge and heal. It is revolutionary, asking everything of each of us: courage, honesty, and forgiveness.

Caterina Bonvicini Can a prison free those who enter? Nisida, moored like a boat in the Mediterranean, is a small island nestled between Capri and Bagnoli, off the coast of Naples. Each day, through the early morning light, Elisabetta Maiorano travels across the city, passes by the guards on the way into the detention centre, hands over her bag and arrives at her classroom. All thoughts are suspended once inside. Usually Elisabetta hasn't spoken to anyone since the day before; her only reason for living to teach mathematics to the group of young inmates who arrive not long after she does. But one day, Almarina shows up and everything changes. She is Romanian and bears the signs of her personal history on her body. Together, closed up in a small classroom, a true island within an island, Elisabetta and Almarina discover a possible pathway to freedom. Warm and intimate, intense and political, Valeria Parrella touches our emotions, giving voice to a loneliness that is universal. Almarina is about finding love in unexpected places, about atonement, forgetting and starting over. But mostly it is about two women learning how to live again. Translated by Alex Valente

The Summa Contra Gentiles is not merely the only complete summary of Christian doctrine that St. Thomas has written, but also a creative and even revolutionary work of Christian philosophy composed at the precise moment when Christian thought needed to be intellectually reformed in order to master and assimilate the intelligence and wisdom of the Greeks and the Arabs. The Summa Aquinas works to save and purify the thought of the Greeks and the Arabs in the light of Christian Revelation, confident that all that had been rational in the ancient philosophers and their followers would become more rational within Christianity. This exposition and defense of divine truth has two main parts: the consideration of that truth that faith professes and reason investigates, and the consideration of the truth that faith professes and reason is not competent to investigate. The exposition of truths accessible to natural reason occupies Aquinas in the first three books of the Summa. His method is to bring forward demonstrative and probable arguments, some of which are drawn from the philosophy of Aristotle, to convince the skeptic. In the fourth book of the Summa St. Thomas appeals to the authority of the Bible and the Church to convince the skeptic.

Sacred Scripture for those divine truths that surpass the capacity of reason. The present is the second part of a treatise on the hierarchy of creation, the divine providence over things, and man's relation to God. Book 1 of the Summa deals with God; Book 2, Creation; Book 3, Man; Book 4, Salvation.

"My father tried to kill my mother one Sunday in June, in the early afternoon," begins *La Shoah*, the probing story of the twelve-year-old girl who will become the author herself, and a traumatic memory that will echo and resonate throughout her life. With the emotional voice of great fiction and the diamond-sharp analytical eye of a scientist, Annie Ernaux offers a powerful reflection on experience and the power of violent memory to endure through and determine the course of a life.

'This book's power lies in its depiction of civilians trying to lead ordinary lives during the horror of war . . . It is shattering stuff, but Rothmann is tender towards his characters. This book is as memorable as his last.' The Times, 'Historical Fiction Book of the Month' As the Second World War enters its final stages, millions in Germany are forced from their homes by bombing, compelled to seek shelter in the countryside where there are barely the resources to feed them. Twelve-year-old Luisa, her mother, and her older sister Billie have escaped the devastation of the city for the relative safety of a dairy farm. But even here the power of the war play out: the family depend on the goodwill of Luisa's brother-in-law, an SS officer who in expectation of payment turns his attention away from his wife and towards Billie. Billie immerses herself in books, but even she notices the Allied bombers flying east above the

gauntness of the prisoners at the camp nearby, the disappearance of fresh-faced boys milk shed – hastily shipped off to a war that’s already lost. Living on the farm teaches about life and death, but it’s man’s capacity for violence that provides the ultimate lesson robs her of her innocent ignorance. When, at a birthday celebration, her worst fears are realized, Luisa collapses under the weight of the inexplicable. Ralf Rothmann’s previous To Die in Spring, described the horror of war and the damage done on the battlefield. The end of that Summer tells the devastating story of civilians caught up in the chaos of defeat that might lead a twelve-year-old child to justifiably say: ‘I have experienced everything’

Franco Basaglia (1924-1980) was an Italian psychiatrist and activist who proposed the dismantling of psychiatric hospitals and pioneered new ideas about mental health and its treatment. Basaglia was also one of the principal proponents of Italy's Law 180, which effectively closed down large mental hospitals in Italy. His ideas and his disciples have had a decisive influence in the move away from institutional care in many parts of the world, particularly in continental Europe

and South America. However, Basaglia is strikingly absent from the literature in Germanic and Anglophone psychiatry. Most of the literature about Basaglia in the last 40 years has been published by his followers and supporters and has often been largely positive, with little exploration of differing responses or possible limitations of his model. Basaglia's International Legacy: From Asylum to Community provides an overview of current thinking and the international influence of Franco Basaglia. This resource draws on the combined knowledge of clinicians, policy makers, historians, and social scientists, including a handful of Basaglia's collaborators. It provides an in-depth understanding and critical analysis of the various applications of his thinking worldwide. Organised into three broad sections, chapters examine Basaglia's work and influence in Italy; in the 'Basaglian' countries of Europe and South America; and in those countries where his influence has either been rejected or significantly modified. The Editors bring together the contributions and draw out the important messages (both positive and negative) for current clinical practice and development within international mental health services.

Blaise Pascal, the precociously brilliant contemporary of Descartes, was a gifted mathematician and physicist, but it is his unfinished apologia for the Christian religion upon which his reputation now rests. Non è detto che le scelte avvengano sempre e solo tra termini esclusivi l'uno dell'altro; si danno anche opzioni tra dimensioni che possono conciliarsi. Liliana Segre, in senso diverso Antonia Pozzi, taluni tra quanti ho riunito sotto il titolo di "Cristianesimo profetico" si sono trovati di fronte ad aut aut che mettono in gioco decisioni che impegnano valori "ultimi", morali, etico-politici, esistenziali: senso e non senso, empatia ed estraneità, coinvolgimento e indifferenza, qualità del vivere e del morire. Possono per converso, e talvolta devono, fecondarsi a vicenda doti umane e abilità tecniche, professionalità ed empatia, bello e non bello, musica e filosofia, meditare e agire. Quali si ritrovano nei capitoli dedicati a eventi estetici e artistici. Somiglianze delle scelte: un ossimoro che è falso.

Settant'anni dopo, il passaggio dal fascismo alla democrazia si conferma una cesura epocale nella storia del Novecento italiano. Tanto più se considerato nel quadro dello scenario europeo, il 1945 fu per il nostro paese il baricentro di una transizione di grande portata, avviata negli anni della guerra e gradualmente conclusasi nel decennio successivo. Al di là delle pur notevoli

Si avviò al contempo un passaggio irreversibile destinato a cambiare in profondità i caratteri costitutivi del paese, dalla collocazione internazionale al sistema politico, dall'articolazione della società civile alle culture civiche.

This is a unique, eye-witness account of everyday life right at the heart of the Nazi extermination machine. Slomo Venezia was born into a poor Jewish-Italian community in Thessaloniki, Greece. At first, the occupying Italians protected his family; but when the Germans invaded, the Venezias were deported to Auschwitz. His mother and sisters disappeared on arrival, and he learned, at first with disbelief, that they had almost certainly been gassed. Given the chance to earn a little extra bread, he agreed to become a 'Sonderkommando', without realising what this entailed. He soon found himself a member of the 'special unit' responsible for removing the corpses from the gas chambers and burning their bodies. Dispassionately, he details the grim round of daily tasks, evokes the terror inspired by the man in charge of the crematoria, 'Angel of Death' Otto Moll, and recounts the attempts made by some of the prisoners to escape, including the revolt of October

is usual to imagine that none of those who went into the gas chambers at Auschwitz emerged to tell their tale - but, as a member of a 'Sonderkommando', Shlomo Venezia was given this horrific privilege. He knew that, having witnessed the unspeakable, he in turn would probably be eliminated by the SS in case he ever told his tale. He survived: this is his story. Published in association with the United States Holocaust Memorial Museum. The Flower of Battle is Colin Hatcher's translation of Fiore dei Liberi's art of combat from the early 15th century. The work included high-resolution images and English text laid out in the manner of the original.

Founders of Modern Political and Social Thought Series Editor: Dr Mark Philp, Oriel College, University of Oxford Founders of Modern Political and Social Thought present critical examinations of the work of major political philosophers and social theorists, assessing both their initial contribution and continuing relevance to politics and society. Each volume provides a clear, accessible, historically-informed account of each thinker's work, focusing on a re-assessment of their central ideas and arguments. Founders encourage scholars and students to link their study of classic texts to current debates in political philosophy and social theory. This launch volume in the Founders of Modern Political and Social Thought series presents a critical examination of Machiavelli's thought, combining an accessible, historically-informed account of his work with a re-assessment of his central ideas and arguments. Maurizio Viroli challenges the accepted interpretations of Machiavelli's work, insisting that his republicanism was based not on a commitment to virtue, greatness, and expansion, but to the ideal of civic life protected by the shield of fair laws. His detailed study of how Machiavelli composed his famous work The Prince presents new interpretations, and he further argues that the most challenging and completely underestimated aspect of Machiavelli's thought is his philosophy of life, in particular his conceptions of love, women, irony, God, and the human condition. Viroli demonstrates that

Machiavelli composed The Prince, and all his works, according to the rules of classical rhetoric and never intended to found the 'modern science of politics', aiming rather to continue and refine the practice of political theorising as a rhetorical endeavour taught by the Roman masters of civic philosophy. Viroli's Machiavelli, a serious challenge to contemporary methods of doing political theory, will be essential for advanced students of the history of political thought.

This book captures the painstaking, step-by-step process of excavation, and the wonders of the treasure-filled inner chamber. 106 on-the-spot photographs depict the phases of the discovery and the scrupulous cataloging of the treasures.

First published in English in 1965, "The Reawakening" is Primo Levi's bestselling sequel to his classic memoir of the Holocaust, "Survival in Auschwitz." The inspiring story of Levi's liberation from the German death camp in January 1945 by the Red Army, it tells of his strange and eventful journey home to Italy by way of the Soviet Union, Hungary, and Romania. Levi's railway travels take him through bombed-out cities and transit camps, with keen insight he describes the former prisoners and Russian soldiers he encounters along the way. An extraordinary account of faith, hope, and undying courage, "The Reawakening" was praised by Irving Howe as "a remarkable feat of literary craft."
