How did Italy treat Jews during World War II? Historians have shown beyond doubt that many Italians were complicit in the Holocaust, yet Italy is still known as the Axis state that helped Jews. Shira Klein uncovers how Italian Jews, though victims of Italian persecution, promoted the view that Fascist Italy was categorically good to them. She shows how the Jews' experience in the decades before World War II - during which they became fervent Italian patriots while maintaining their distinctive Jewish culture - led them later to

bolster the myth of Italy's wartime innocence in the Fascist racial campaign. Italy's Jews experienced a century of dramatic changes, from emancipation in 1848, to the 1938 Racial Laws, wartime refuge in America and Palestine, and the rehabilitation of Holocaust survivors. This cultural and social history draws on a wealth of unexplored sources, including original interviews and unpublished memoirs.

Road to Valour is the inspiring, against-the-odds story of Gino Bartali, the cyclist who

made the greatest comeback in Tour de France history and, between his Tour victories, secretly aided the Italian resistance during World War II. Gino Bartali is best known as an Italian cycling legend: the man who not only won the Tour de France twice, but also holds the record for the longest time span between victories. During the ten years that separated his hard-won triumphs, his actions, both on and off the racecourse, ensured him a permanent place in Italian hearts and minds. In Road to Valour, Aili and Andres

McConnon chronicle Bartali's journey, starting in impoverished rural Tuscany where a scrawny, mischievous boy painstakingly saves his money to buy a bicycle and before long, is racking up wins throughout the country. At the age of 24, he stuns the world by winning the Tour de France and becomes an international sports icon. But Mussolini's Fascists try to hijack his victory for propaganda purposes, derailing Bartali's career, and as the Nazis occupy Italy, Bartali undertakes secret and dangerous activities to help those being

targeted. He shelters a family of Jews in an apartment he financed with his cycling winnings and smuggles counterfeit identity documents hidden in his bicycle past Fascist and Nazi checkpoints because the soldiers recognize him as a national hero in training. After the grueling wartime years, Bartali fights to rebuild his career as Italy emerges from the rubble. In 1948, the stakes are raised when midway through the Tour de France, an assassination attempt in Rome sparks nationwide political protests and riots. Despite numerous setbacks and a

legendary snowstorm in the Alps, the chain-smoking, Chianti-loving, 34-year-old underdog comes back and wins the most difficult endurance competition on earth. Bartali's inspiring performance helps unite his fractured homeland and restore pride and spirit to a country still reeling from war and despair. Set in Italy and France against the turbulent backdrop of an unforgiving sport and threatening politics, Road to Valour is the breathtaking account of one man's unsung heroism and his resilience in the face of adversity. Based on nearly ten

years of research in Italy, France, and Israel, including interviews with Bartali's family, former teammates, a Holocaust survivor Bartali saved, and many others, Road to Valour is the first book ever written about Bartali in English and the only book written in any language to fully explore the scope of Bartali's wartime work. An epic tale of courage, comeback, and redemption, it is the untold story of one of the greatest athletes of the twentieth century. The volume brings together a collection of essays on Jewish-related subjects to

celebrate Emanuela Trevisan Semi's career and research authored by some former students, friends and colleagues on the occasion of her retirement. Drawing upon the many academic interests and research of Trevisan Semi, one of the most important European scholars of Jewish and Israel Studies, the volume discusses the diversity of Jewish culture both in the diaspora and in Israel. The contributors here wrote their pieces understanding Jewish culture as inscribed in a set of different, yet interrelated, homelands and diasporas,

depending on the time and space we refer to, and what this means for communities and individuals living in places as different as West Africa, Poland, Morocco, and Israel and the Occupied Palestinian Territories. At the same time, they discuss the notion of diaspora as being crucial in the formation of the Jewish cultural identity both before and after the birth of the State of Israel. Road to Valour True. La mia storia

This is the story of the formative years of Cesare. Born in the small town of Roccascalegna, in the Abruzzi region of Italy, Cesare grew up in these splendid mountains close to the sea. His early life was carefree, playing and being schooled amidst these small towns. At the tender age of eight World War II erupted and he was suddenly thrown into the conflict! After the great war, he moved to the regal city of Rome to build his career, barely surviving on a post-war income, then succeeding to establish himself as one of the more preeminent tailors of Rome. At the peak of his young career, he was drafted into the army, losing all of his clients, only to rebuild it amongst the

elite officers of the Italian military! Then, when he thought he knew where his life was headed, he was struck by a great love for Italia, who lived in Canada. His love and wanderlust overtook him and, once again, he uprooted himself for a new adventure!

The decade since 9/11 has seen a decline in liberal tolerance in the West as Muslims have endured increasing levels of repression. This book presents a series of case studies from Western Europe, Australia and North America demonstrating the transnational character of Islamophobia. The authors explore contemporary intercultural conflicts using the concept of moral panic, revitalised for the era of globalisation. Exploring various sites of conflict, Global Islamophobia

considers the role played by 'moral entrepreneurs' in orchestrating popular xenophobia and in agitating for greater surveillance, policing and cultural regulation of those deemed a threat to the nation's security or imagined community. This timely collection examines the interpenetration of the global and the local in the West's cultural politics towards Islam, highlighting parallels in the responses of governments and in the worrying reversion to a politics of coercion and assimilation. As such, it will be of interest to scholars of sociology and politics with interests in race and ethnicity; citizenship and assimilation; political communication, securitisation and The War on Terror; and moral panics.

Personal experience in language acquisition combined with a fresh approach to Dante's classical work brings a modern, readable format to the Inferno. Author achieves his goal by reviewing Dante's use of relevant cultural modeling and drawing inferences from other translations to underscore the importance of a scholar's own milieu in keeping a classical work fresh. In this work, we get a glimpse into the newest generation of scholars and how they achieve a timely interpretation of a classical work.

Dopo pochi mesi arriva l'esordio e il suo nome balza sulla bocca di tutti; pezzi come La mia storia tra le dita, Falco a metà e Destinazione Paradiso lo fanno diventare uno dei cantautori più amati d'Italia, e non solo. Da questo periodo di ribellione nascono album rivoluzionari come Fabbrica di plastica e Campi di popcorn, seguiti da Il giorno perfetto, Sdraiato su una nuvola, Uguali e diversi, Il Re del niente, Cammina nel sole e Romantico Rock Show, con i quali riesce a dimostrare che il rock non è solo una chitarra distorta.
