Great Expectations

The passions have long been
condemned as a creator of
disturbance and purveyor of the

Download Free La Preistoria Miti Scoperte Invenzioni

temporary loss of reason, but as Remo Bodei argues in *Geometry of the Passions*, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets

Download Free La Preistoria Miti Scoperte Invenzioni

the relationship between passion and reason as a conflict between two complementary logics. Geometry of the Passions investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political
