Dei Verbum (in Italian the Word of God, often abbreviated as DV) is a dogmatic constitution issued by the Second Vatican Council concerning "Divine Revelation" and Sacred Scripture. It is one of the principal documents of the Second Vatican Council; it would be the foundation, according to the auxiliary bishop of Westminster Christopher Butler, an influential conciliar father. The constitution was promulgated by Pope Paul VI on November 18, 1965, following the approval of the bishops gathered in assembly with 2,344 votes in favor and 6 against. The title is a reference both to the Holy Scriptures (literally, the "Word of God"), and to Jesus Christ himself (the Word of God) and is taken from the incipit of the document, as is customary in the most important official documents of the Catholic church.

A gorgeously illustrated and interactive full-color guide to more than 181 birds of North America, based on the bestselling board game, Wingspan. Praised for its gorgeous illustrations, accurate portrayal of bird habitats, and its gameplay, the bird-focused board game Wingspan has become an international sensation, available in a dozen languages and selling more than 200,000 copies its first year. Celebrating Birds is the ultimate companion to the game for fans, as well as a beautiful and in-depth field guide for avian and nature enthusiasts. In addition to large-size representations of each bird and the most up-to-date bird descriptions provided by Cornell Lab of Ornithology, Celebrating Birds includes a step-by-step guide that can be used to take the game into the real world. Players can collect points based on the birds, nests, and various habitat and feeding clues they find outside. Artists and best friends Natalia Rojas and Ana Maria Martinez collaborated to create the beautiful depictions featured in the original Wingspan board game. Celebrating Birds features larger illustrations of the 170 North American birds from the game, plus eleven exciting new birds. With Celebrating Birds, players and amateur naturalists can discover details about many of the birds currently at risk for extinction. As the number of birds in the United States and Canada has declined precipitously, Celebrating Birds is a fun way to raise awareness, educate, encourage activism, and provide resources on some of the most important ecological issues facing us today.

A reader's fictional tour of the art and lives of some of the great 20th-century Surrealists An author (a version of Vila-Matas himself) presents a short "history" of a secret society, the Shandies, who are obsessed with the concept of "portable literature." The society is entirely imagined, but in this rollicking, intellectually playful book, its members include writers and artists like Marcel Duchamp, Aleister Crowley, Witold Gombrowicz, Federico García Lorca, Man Ray, and Georgia O'Keefe. The Shandies meet secretly in apartments, hotels, and cafes all over Europe to discuss

what great literature really is: brief, not too serious, penetrating the depths of the mysterious. We witness the Shandies having adventures in stationary submarines, underground caverns, African backwaters, and the cultural capitals of Europe.
