*This book reveals for the first time the import of a huge network of connections between Tennessee Williams and the country closest to his heart, Italy. America's most thought-provoking playwright loved Italy more than any other country outside the US and was deeply influenced by its culture for most of his life. Anna Magnani's film roles in the 1940s, Italian Neo-realist cinema, the theatre of Eduardo De Filippo, as well as the actual experience of Italian life and culture during his long stays in the country were some of the elements shaping his literary output. Through his lover Frank Merlo, he also had first-hand knowledge of Italian-American life in Brooklyn. Tracing the establishment of his reputation with the Italian intelligentsia, as well as with theatre practitioners and with generations of audiences, the book also tells the story of a momentous collaboration in the theatre, between Williams and Luchino Visconti, who had to defy the unceasing control Italian censorship exerted on Williams for decades.*

*An NYRB Classics Original First published in 1956, Zama is now universally recognized as one of the masterpieces of modern Argentine and Spanish-language literature. Written in a style that is both precise and sumptuous, weirdly archaic and powerfully novel, Zama takes place in the last decade of the eighteenth century and describes the solitary, suspended existence of Don Diego de Zama, a highly placed servant of the Spanish crown*

who has been posted to Asunción, the capital of remote Paraguay. There, eaten up by pride, lust, petty grudges, and paranoid fantasies, he does as little as he possibly can while plotting his eventual transfer to Buenos Aires, where everything about his hopeless existence will, he is confident, be miraculously transformed and made good. Don Diego's slow, nightmarish slide into the abyss is not just a tale of one man's perdition but an exploration of existential, and very American, loneliness. Zama, with its stark dreamlike prose and spare imagery, is at once dense and unforeseen, terse and fateful, marked throughout by a haunting movement between sentences, paragraphs, and sections, so that every word seems to emerge from an ocean of things left unsaid. The philosophical depths of this great book spring directly from its dazzling prose.

Discusses renowned masters including Roberto Rossellini and Federico Fellini, as well as directors lesser known outside Italy like Dino Risi and Ettore Scola. The author examines overlooked Italian genre films such as horror movies, comedies, and Westerns, and he also devotes attention to neglected periods like the Fascist era. He illuminates the epic scope of Italian filmmaking, showing it to be a powerful cultural force in Italy and leaving no doubt about its enduring influence abroad. Encompassing the social, political, and technical aspects of the craft, the author recreates the world of Italian cinema. A summary of the current state-of-the-art in volcanic and tectonic hazard assessment of nuclear facilities for researchers, geologists and engineers.

*Michelangelo Antonioni is one of the great visual artists of the cinema. The central and distinguishing strength of Antonioni's mature films, Seymour Chatman argues, is narration by a kind of visual minimalism, by an intense concentration on the sheer appearance of things and a rejection of*

*explanatory dialogue. Though traditional audiences have balked at the "opacity" of Antonioni's films, it is precisely their rendered surface that is so eloquent once one learns to read it. Not despite, but through, their silences the films show a deep concern with the motives, perceptions and vicissitudes of the emotional life. This study covers films not dealt with in any other book on the great director, including *Il mistero di Obertwald* (1980) and *Identificazione di una donna* (1982), which have not yet been seen in the U.S. Its coverage of the early documentaries and features, when Antonioni was forging his new and original stylistic "language," is especially full. In a free-ranging analysis of the evolution of Antonioni's style that quotes liberally from Antonioni's own highly articulate writings and interviews, Chatman shows how difficult it was for the filmmaker to liberate his art from the conventional means of rendering narrative, especially dialogue, conventional sound effects, and commentative music. From his first efforts to his triumphant achievements in the tetralogy of *L'avventura*, *L'eclisse*, and *Il deserto rosso*, Antonioni's acute sensibility struggled to achieve the mastery that has won him a secure place in film history. Chatman's study is the only complete account of Antonioni's work available in English. Its novel visual approach to the films while attract not only film scholars but also readers interested in painting and architecture—both important elements of Antonioni's work.*

Lithium isotopes are a relatively novel tracer of present and past silicate weathering processes. Given that silicate weathering is the primary long-term method by which CO<sub>2</sub> is removed from the atmosphere, Li isotope research is going through an exciting phase. We show the weathering processes that fractionate dissolved and sedimentary Li isotope ratios, focusing on weathering intensity and clay formation. We then discuss the carbonate and silicate archive potential of past seawater <sup>7</sup>Li. These archives have been used to examine Li isotope changes across both short and long timescales. The former can demonstrate the rates at which the climate is stabilised from perturbations via weathering, a fundamental piece of the puzzle of the long-term carbon cycle.

Links have recently been established between the study of death assemblages by archaeologists and paleontologists (taphonomy) and the application of physical anthropology concepts to the medicolegal investigation of death (forensic anthropology). Forensic Taphonomy explains these links in a broad-based, multidisciplinary volume. It applies taphonomic models in modern forensic contexts and uses forensic cases to extend taphonomic theories. Review articles, case reports, and chapters on methodology round out this book's unique approach to forensic science.

A director, producer, and writer, George Lucas is the power behind "The Force." The son of a conservative small-town businessman, he grew up to become arguably the most identifiable and popular filmmaker in the history of the medium. Yet

unlike his more publicly engaged contemporaries, Lucas rarely grants reporters an audience. This first book of Lucas's interviews affords fans and students of film and science fiction a rare opportunity. Editor Sally Kline collects conversations from the reticent director spanning Lucas's entire career, from the making of his first film, 1971's "THX-1138," through "American Graffiti," the triumph of the "Star Wars" trilogy, and even a 1999 interview given while awaiting the release of "Star Wars: Episode One--The Phantom Menace." In interviews from venues such as "Rolling Stone," "Playboy," and "American Film," Lucas reveals his distrust of the Hollywood establishment, his love for making movies, and his unambiguous values and how those values translate into the epic clash between good and evil created when he explores characters like Darth Vader and Luke Skywalker. Lucas revolutionized the movie industry and created the most successful film series of all time. Along with films of his close friend Steven Spielberg, Lucas's releases invented the notion of blockbuster movies. Before the end of the millennium, he could count the loyal fans of the Star Wars trilogy in the millions. Sally Kline is film critic for "The Journal" newspapers. She has worked as a film commentator on a number of Washington, D.C. radio stations and as a guest lecturer at George Washington University. A freelance writer and researcher, she has contributed to two books, including a biography of Robert F. Kennedy.

**Per tutta la vita Pietro Calabrese ha fatto il gioco delle nuvole. Un momento di divertimento puro e fine a se stesso, ma anche di riflessione alta, libera dai condizionamenti della quotidianità. Cercare di indovinare a quale oggetto, persona o animale assomigli una nube in cielo è un trampolino che lancia il pensiero su traiettorie audaci e inesplorate. Insieme è un esercizio della mente che si abbandona così a ragionare di tutto: di vita, bellezza, equità, umanità (e dei loro opposti), solo per citare una manciata di spunti possibili. Questo volume, arricchito da un prezioso brano inedito, raccoglie pagine straordinarie che Pietro Calabrese, maestro del giornalismo italiano recentemente scomparso, ha scritto negli ultimi anni della sua vita. Sono digressioni della mente in ogni ambito dell'esistenza — dalla A di Amore alla Z di Zoo, passando per la G di Giustizia, la L di Libri, la P di Politica, la S di Spiritualità — che ci spingono a ripensare, approfondire, meditare, magari ribaltando le nostre convinzioni. Come lasciandoci andare a un sognante gioco delle nuvole che, però, può poi offrirci una visione più lucida su ciò che ci circonda. Dopo che L'albero dei mille anni — il libro in cui Calabrese ha raccontato il periodo della sua malattia — ha commosso e affascinato decine di migliaia di lettori, questo secondo volume postumo regala ancora i suoi sguardi e le sue intuizioni sul mondo in cui viviamo e su noi uomini.**

**Nella primavera del 1948 un incendio distrugge la sede romana della Minerva film, mandando in fumo chilometri di pellicola. Miracolosamente si salva dal fuoco una lettera, indirizzata a Roberto Rossellini. Recapitata il 7 maggio, il giorno prima del suo compleanno, è firmata da Ingrid Bergman, che, folgorata dai lavori del regista, vorrebbe recitare con lui. Rossellini, all'apice del successo, sta progettando un nuovo film ambientato alle Eolie con Anna Magnani, con la quale vive una relazione appassionata e burrascosa. Lusingato, avvia in gran segreto le trattative con l'attrice svedese. Non immagina che di lì a poco tra di loro esploderà un'attrazione tanto travolgente da far scoppiare un grande scandalo nell'Italia e nell'America allora ancora molto puritane, e un caso politico internazionale, che approderà fino al Senato Usa. Quando Anna scopre di essere stata tradita — come artista e come donna — medita la vendetta: il film alle Eolie si farà, con o senza di lui. Negli stessi mesi, su due isole vicine,**

***Stromboli e Vulcano, due troupe realizzano due film praticamente identici, in un clima reso infuocato dai pettegolezzi. Marcello Sorigi racconta con grande maestria una storia che intreccia dramma e commedia, facendo rivivere i protagonisti in tutto il loro carisma, ma anche nella loro grande umanità: Rossellini bugiardo e intrappolato in un orgoglioso maschilismo; la Bergman ossessionata dall'idea di essere una brava moglie; la Magnani lunatica e dispoticamente capricciosa. Sullo sfondo, compassati nobiluomini siciliani, cronisti senza scrupoli, grandi intellettuali e umili attori improvvisati. E il mondo brillante e pieno di fermento della Roma del dopoguerra, così mirabilmente ritratta dal neorealismo rosselliniano, ansiosa di superare il recente passato per ricominciare a vivere.***

***This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social, political, and cultural history of women in Italy in the years 1946-1960. Despite being a time when women and the family were at the center of national debates, and when society changed considerably, the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods. By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored, or only alluded to, by traditional analyses, the essays in this volume break new ground and provide a corrective to previous interpretive models.***
