

## Le Emozioni Difettose Y

The life of a female war photographer killed in action is told by three of her friends in this biographical novel by the author of **Bloody Cow**. Gerda Taro was a German-Jewish war photographer, anti-fascist activist, artist, and innovator who, together with her partner, the Hungarian Endre Friedmann, was one half of the alias Robert Capa, widely considered to be the twentieth century’s greatest war and political photographer. She was killed while documenting the Spanish Civil War and tragically became the first female photojournalist to be killed on a battlefield. August 1, 1937, Paris. Taro’s twenty-seventh birthday, and her funeral. Friedmann leads the procession. He is devastated, but there are others, equally bereft, with him: Ruth Cerf, Taro’s old friend from Leipzig with whom she fled to Paris; Willy Chardack, ex-lover; Georg Kuritzkes, another lover and a key figure in the International Brigades. They have all known a different Gerda, and one who is at times radically at odds with the heroic anti-fascist figure being mourned by the multitudes. . . . Another character in the novel is the era itself, the 1930s, with economic depression, the rise of Nazism, hostility towards refugees in France, the century’s ideological warfare, the cultural ferment, and the ascendancy of photography as the age’s quintessential art form. Winner of the Strega Prize, *The Girl with the Leica* is a must-read for fans of historical fiction centered on extraordinary women’s lives. “A biography, a feminist parable, a declaration of love for photography, and a tableau of the 1930s: *The Girl with the Leica* is all this at once.” —*Il Sole 24 Ore* (Italy) “Janeczek creatively and seamlessly spotlights war photographer Gerda Pohorylle.” —Publishers Weekly

Recent scientific studies have brought significant advances in the understanding of basic mental functions such as memory, dreams, identification, repression, which constitute the basis of the psychoanalytical theory. This book focuses on the possibility of interactions between psychoanalysis and neuroscience: emotions and the right hemisphere, serotonin and depression. It is a unique tool for professionals and students in these fields, and for operators of allied disciplines, such as psychology and psychotherapy.

**There's an empty notebook lying on the table in the moonlight. It's been there for an age. I keep on saying that I'll write a journal. So I'll start right here, right now. I open the book and write the very first words: My name is Mina and I love the night. Then what shall I write? I can't just write that this happened then this happened then this happened then this happened to boring infinitum. I'll let my journal grow just like the mind does, just like a tree or a beast does, just like life does. Why should a book tell a tale in a dull straight line? And so Mina writes and writes in her notebook, and here is her journal, Mina's life in Mina's own words: her stories and dreams, experiences and thoughts, her scribblings and nonsense, poems and songs. Her vivid account of her vivid life. In this stunning book, David Almond revisits Mina before she has met Michael, before she has met Skellig. Shortlisted for the 2012 Carnegie Medal.**

Kate Malone frequenta l’ultimo anno di liceo ed è bravissima in chimica. Ha fatto domanda di ammissione all’università più importante del paese e, in attesa della lettera di risposta, corre a più non posso, di notte e di giorno. Corre per punirsi, per annullarsi, per non sentire l’ansia e la rabbia che le aggrovigliano le viscere e per fuggire da quel dolore che ha il nome di sua madre, morta molti anni prima. Quando però la casa dei vicini viene distrutta da un incendio, Kate è costretta a fermarsi per affrontare con coraggio se stessa e una realtà del tutto inaspettata.Un'altra prova magistrale di Laurie Halse Anderson, scrittrice pluripremiata e considerata una delle dieci autrici di YA più influenti nel mondo, tra le pochissime capaci di descrivere il complicato universo dei teenager.

*Human Nature and Suffering is a profound comment on the human condition, from the perspective of evolutionary psychology. Paul Gilbert explores the implications of humans as evolved social animals, suggesting that evolution has given rise to a varied set of social competencies, which form the basis of our personal knowledge and understanding. Gilbert shows how our primitive competencies become modified by experience – both satisfactorily and unsatisfactorily. He highlights how cultural factors may modify and activate many of these primitive competencies, leading to pathology proneness and behaviours that are collectively survival threatening. These varied themes are brought together to indicate how the social construction of self arises from the organization of knowledge encoded within the competencies. This Classic Edition features a new introduction from the author, bringing Gilbert's early work to a new audience. The book will be of interest to clinicians, researchers and historians in the field of psychology.*

*This book is the first dedicated volume of academic analysis on the monumental work of Elena Ferrante, Italy's most well-known contemporary writer. The Works of Elena Ferrante: Reconfiguring the Margins brings together the most exciting and innovative research on Ferrante's treatment of the intricacies of women's lives, relationships, struggles, and dilemmas to explore feminist theory in literature; questions of gender in twentieth-century Italy; and the psychological and material elements of marriage, motherhood, and divorce. Including an interview from Ann Goldstein, this volume goes beyond "Ferrante fever" to reveal the complexity and richness of a remarkable oeuvre.*

*The Witches of Eastwick meets Desperate Housewives in Susie Moloney’s The Thirteen, a Globe and Mail Best Book. Haven Woods is suburban heaven, a great place to raise a family. It’s close to the city, quiet, with great schools and its own hospital right up the road. Property values are climbing. The streets are clean, people keep their yards really nicely. It’s fairly pet friendly, though barking dogs are not welcomed. The crime rate is practically non-existent, unless you count the odd human sacrifice, dismemberment, animal attack, demon rape and blood atonement. When Paula Wittmore goes home to Haven Woods to care for a suddenly ailing mother, she brings her daughter and a pile of emotional baggage. She also brings the last chance for twelve of her mother’s closest frenemies, who like to keep their numbers at thirteen. And her daughter, young, innocent, is a worthy gift to the darkness. A circle of friends will support you through bad times. A circle of witches can drag you through hell.*

*NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s new novel, To Paradise, coming in January 2022.*

**A #1 INTERNATIONAL BESTSELLER** 'Outrageously entertaining' The Times **REVENGE IS WORTH WAITING FOR...** Jamal loves to run. But one morning - as he is training on a path winding up a steep cliff - he stumbles across a woman in distress. It's a matter of seconds: suddenly she is falling through the air, crashing on the beach below. Jamal is only an unlucky bystander - or is he? His version of events doesn't seem to fit with what other eyewitnesses claim to have seen. And how to explain the red scarf carefully arranged around the dead woman's neck? Perhaps this was no accident after all. Or perhaps there is something more sinister afoot - a devilish plan decades in the making, masterminded by someone hell-bent on revenge. **MICHEL BUSSI: THE MASTER OF THE KILLER TWIST** Beloved by readers...' I didn't anticipate all the twists and turns in this cleverly plotted novel' 'The final twist is a bit of a jaw dropper' 'Twists and turns aplenty!' 'A twisting, turning story which clobbers you with a number of cracking twists!' 'Fast-paced and chock full of twists, turns and red herrings' ...and critics 'A novel so extraordinary that it reminded me of reading Steig Larsson for the very first time . . . I doubt I'll read a more brilliant crime novel this year' Sunday Times on After the Crash 'A dazzling, unexpected and haunting masterpiece' Daily Mail on **Black Water Lilies** 'Inventive, original and incredibly entertaining' Sunday Mirror on Don't Let Go 'Combines an extraordinarily inventive plot with characters haunted by long-ago events - and demonstrates why he has such a hold on readers' Sunday Times on **Time is a Killer**

Targeted by a fanatical order that wants to prevent her Awakening on her eighteenth birthday, Alexandra hides the truth to protect Aiden and finds her illicit encounters with Seth causing her to develop additional marks of the Apollyon.

A Bestseller Attachment Theory shows scientifically how our earliest relationships with our mothers influence our later relationships in life. This book offers an excellent introduction to the findings of attachment theory and the major schools of psychoanalytic thought. "The book every student, colleague, and even rival theoretician has been waiting for. With characteristic wit, philosophical sophistication, scholarship, humanity, incisiveness, and creativity, Fonagy succinctly describes the links, differences, and future directions of his twin themes. [His book] is destined to take its place as one of a select list of essential psychology books of the decade." -Jeremy Holmes, Senior Lecturer in Psychotherapy, University of Exeter "Extraordinary--an invaluable resource for developmental psychoanalysis." -Joy D. Osofsky, Professor, Louisiana State University

Enter the world of Covenant... For Alexandria, being destined to become some kind of supernatural electrical outlet isn't exactly awesome - especially when her 'other half' is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom - so not cool. Their connection does have some benefits, like staving off her memories of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daemons infiltrate the Covenants and attack students, the gods send furies - creatures determined to eradicate any threat to the Covenants and to the gods... and that includes Alex. If that and hordes of aether-sucking monsters weren't bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her.

Human Nature and Suffering

In the pages of the Hebrew Bible, ancient Israel gave witness to its encounter with a profound and uncontrollable reality experienced through relationship. This book, drawn from the heart of foremost Old Testament theologian Walter Brueggemann’s Theology of the Old Testament, distills a career’s worth of insights into the core message of the Hebrew Bible. God is described there, Brueggemann observes, as engaging four "partners" in the divine purpose.

This volume presents Brueggeman at his most engaging, offering profound insights tailored especially for the beginning student of the Hebrew Bible.

Research into the beneficial effect of developing compassion has advanced enormously in the last ten years, with the development of inner compassion being an important therapeutic focus and goal. This book explains how Compassion Focused Therapy (CFT) – a process of developing compassion for the self and others to increase well-being and aid recovery – varies from other forms of Cognitive Behaviour Therapy. Comprising 30 key points this book explores the founding principles of CFT and outlines the detailed aspects of compassion in the CFT approach. Divided into two parts – Theory and Compassion Practice – this concise book provides a clear guide to the distinctive characteristics of CFT. Compassion Focused Therapy will be a valuable source for students and professionals in training as well as practising therapists who want to learn more about the distinctive features of CFT.

When her owner dies at the start of the Revolution, a greedy nephew keeps Isabel and her younger sister enslaved and sells them to Loyalists in New York, where Isabel is offered the chance to spy for the Patriots.

The first novel to appear in English by one of the most talked-about and critically acclaimed writers of new Mexican fiction. From a psychoanalyst’s couch, the narrator looks back on her bizarre childhood—in which she was born with an abnormality in her eye into a family intent on fixing it. In a world without the time and space for innocence, the narrator intimately recalls her younger self—a fierce and discerning girl open to life ’s pleasures and keen to its ruthless cycle of tragedy. With raw language and a brilliant sense of humor, both delicate and unafraid, Nettel strings together hard-won, unwieldy memories—taking us from Mexico City to Aix-en-Provence, France, then back home again—to create a portrait of the artist as a young girl. In these pages, Nettel ’ s art of storytelling transforms experience into inspiration and a new startling perception of reality. "Nettel's eye...gives rise to a tension, subtle but persistent, that immerses us in an uncomfortable reality, disquieting, even disturbing—a gaze that illuminates her prose like an alien sun shining down on our world." —Valeria Luiselli, author of Sidewalks and Faces in the Crowd "It has been a long time since I’ve found in the literature of my generation a world as personal and untransferable as that of Guadalupe Nettel." —Juan Gabriel V á squez, author of The Sound of Things Falling "Nettel reveals the subliminal beauty within beings...and painstakingly examines the intimacies of her soul." —Magazine Litt é raire “ Guadalupe Nettel ’ s storytelling power is majestic.”—Typographical Era In Praise of Natural Histories "Five flawless stories..." —The New York Times “ Nettel ’ s stories are as atmospheric and emotionally battering as Checkhov ’ s. ” —Asymptote

Reconfiguring the Margins

Something about the boat, perhaps its name, and the posture of that boy caused me to defer my anxieties for the moment. It was so rare to see someone that age stationary, somber. I was more accustomed to a rowdy adolescent enthusiasm. This young man, I realized, was exceptional only because of time and place. Maybe any one of them in those circumstances would have been the same. Quiet. But he caught my attention nevertheless and linked the moment to tender places in the memory. Doomed boys and men: in retrospect they all have that stillness. --from The Bishop ’ s Man by Linden MacIntyre The year is 1993 and Father Duncan MacAskill stands at a small Cape Breton fishing harbour a few miles from where he grew up. Enjoying the timeless sight of a father and son piloting a boat, Duncan takes a moment ’ s rest from his worries. But he does not yet know that his already strained faith is about to be tested by his interactions with a troubled boy, 18-year-old Danny MacKay. Known to fellow priests as the “ Exorcist ” because of his special role as clean-up man for the Bishop of Antigonish, Duncan has a talent for coolly reassigning deviant priests while ensuring minimal fuss from victims and their families. It has been a lonely vocation, but Duncan is generally satisfied that his work is a necessary defense of the church. All this changes when lawyers and a policeman snoop too close for the bishop ’ s comfort. Duncan is assigned a parish in the remote Cape Breton community of Creignish and told to wait it out. This is not the first time Duncan has been sent away for knowing too much: decades ago, the displeased bishop sent a more idealistic Duncan to Honduras for voicing suspicions about a revered priest. It was there that Duncan first tasted forbidden love, with the beautiful Jacinta. It was also there that he met the courageous Father Alfonso, who taught him more about spiritual devotion than he had ever known back home. But when an act of violence in Honduras shook Duncan to his core, he returned home a changed man, willing to quietly execute the bishop ’ s commands. Now, decades later in Cape Breton, Duncan claims to his concerned sister Effie that isolation is his preference. But when several women seek to befriend him, along with some long-estranged friends, Duncan is alternately tempted and unnerved by their attentions. Drink becomes his only solace. Attempting to distract himself with parish work, Duncan takes an interest in troubled young Danny, whose good-hearted father sells Duncan a boat he names The Jacinta. To Duncan ’ s alarm, he discovers that the boy once spent time with an errant priest who had been dispatched by Duncan himself to Port Hood. Duncan begins to ask questions, dreading the answers. When tragedy strikes, he knows that he must act. But will his actions be those of a good priest, or an all too flawed man? Winner of the 2009 Scotiabank Giller Prize, Linden MacIntyre ’ s searing The Bishop ’ s Man is an unforgettable and complex character study of a deeply conflicted man at the precipice of his life. Can we ever be certain of an individual ’ s guilt or innocence? Is violence ever justified? Can any act of contrition redeem our own complicity?

Once there were three. Three friends who loved each other—Jenna, Locke, and Kara. And after a terrible accident destroyed their bodies, their three minds were kept alive, spinning in a digital netherworld. Even in that disembodied nightmare, they were still together. At least at first. When Jenna disappeared, Locke and Kara had to go on without her. Decades passed, and then centuries. Two-hundred-and-sixty years later, they have been released at last. Given new, perfect bodies, Locke and Kara awaken to a world they know nothing about, where everyone they once knew and loved is long dead. Everyone except Jenna Fox.

Thoughtful teen fiction at its finest. Kate Malone: popular straight A student, long-distance runner, pillar of strength to her single-parent dad. She thinks she can she can handle anything. Until it all goes wrong. Kate’s life is spiraling out of control - and Kate’s about to find out how exhilarating that can be.

A witty, heartfelt novel that brilliantly evokes the confusions of adolescence and marks the arrival of an extraordinary young talent. Isidore Mazal is eleven years old, the youngest of six siblings living in a small French town. He doesn’t quite fit in. Berenice, Aurore, and Leonard are on track to have doctorates by age twenty-four. Jeremie performs with a symphony, and Simone, older than Isidore by eighteen months, expects a great career as a novelist—she’s already put Isidore to work on her biography. The only time they leave their rooms is to gather on the old, stained couch and dissect prime-time television dramas in light of Aristotle’s Poetics. Isidore has never skipped a grade or written a dissertation. But he notices things the others don’t, and asks questions they fear to ask. So when tragedy strikes the Mazal family, Isidore is the only one to recognize how everyone is struggling with their grief, and perhaps the only one who can help them—if he doesn’t run away from home first. Isidore ’ s unstinting empathy, combined with his simmering anger, makes for a complex character study, in which the elegiac and comedic build toward a heartbreaking conclusion. With How to Behave in a Crowd, Camille Bordas immerses readers in the interior life of a boy puzzled by adulthood and beginning to realize that the adults around him are just as lost.

Attachment Theory and Psychoanalysis

A Little Life

Notes on Virginia’s Childhood

John Bowlby and Attachment Theory

This is a 16th century Yiddish verse romance which relates the adventures of the hero Bovo d'Antona. The poet spins an episodic tale of friendship and betrayal, of disguise and discovery, and of knightly battles. Professor Smith's prose translation makes this little book accessible to the English-speaking public for the first time.

In this updated reissue of their classic Homeopathy: A Frontier in Medical Science, Italian physicians Paolo Bellavite and Andrea Signorini thoroughly examine previous and current literature on the science of homeopathy in order to discover answers to the elemental questions about homeopathy. Bellavite and Signorini engage in a fascinating discussion of the biophysics of water, biological effects of electromagetic fields, chaos theory, and fractals.

The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with

the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

Unfolding through the journal of a sixteen-year-old girl, *The Moth Diaries* is a compellingly brilliant portrait of obsession and fear set in the hothouse atmosphere of a girls' boarding school. It is a world of too many books and too little reality, where ideas become passions and passions obsessions. The unnamed narrator believes with increasing certainty that a schoolmate is a vampire, subtly and secretly killing her best friend and roommate, and responsible for an escalating series of disasters at the school. As she watches her friend's growing relationship with Ernessa, she gradually loses her grip on reality, her paranoia fuelled by reading le Fanu's vampiric novel *Carmilla*. Is Ernessa really a vampire? Or has the narrator trapped herself in her own fevered imagination?

*The Language of the Body, originally published as Physical Dynamics of Character Structure, brilliantly describes how personality is expressed in the form and function of the body. The body is the key to understanding behavior and working with the body is the key to psychological health. The Language of the Body outlines the foundations of character structure: schizoid, oral, masochistic, hysteric, and phallic narcissistic personality types. Dr. Lowen examines the relationship between psychoanalytic theory and body therapy.*

*Le emozioni difettose*Giunti Editore

*The book examines the major issues in perinatal clinical psychology with the presence of theoretical information and operational indications, through a biopsychosocial approach. The multiplicity of scientific information reported makes this book both a comprehensive overview on the major perinatal mental health disorders and illnesses, and a clinical guide. It covers perinatal clinical psychology through a journey of 15 chapters, putting the arguments on a solid theoretical basis and reporting multiple operational indications of great utility for daily clinical practice. It has well documented new evidence bases in the field of clinical psychology that have underpinned the conspicuous current global and national developments in perinatal mental health. As such, it is an excellent resource for researchers, policy makers, and practitioners - in fact, anyone and everyone who wishes to understand and rediscover, in a single opera, the current scientific and application scenario related to psychological health during pregnancy and after childbirth.*

**This handbook explains, in layman's terms, the cause, method of inheritance, history and current and future treatments of McArdle Disease (also known as Glycogen Storage Disease Type V). The handbook puts into plain English the published information relating to the scientific and medical research into McArdle Disease.**

**Attachment Theory is one of the most important theoretical developments in psychoanalysis to have emerged in the past half-century. It combines the rigorous scientific empiricism of ethology with the subjective insights of psychoanalysis, and has had an enormous impact in the fields of child development, social work, psychology, and psychiatry. This is the first known book to appear which brings together John Bowlby and post-Bowlbian research and shows how the findings of Attachment Theory can inform the practice of psychotherapy. It also provides fascinating insights into the history of the psychoanalytic movement and looks at the ways in which Attachment Theory can help in the understanding of society and its problems.**

**This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.**

**At the center of this remarkable 1621 play is the story of Elizabeth Sawyer, the titular "Witch of Edmonton," a woman who had in fact been executed for the crime of witchcraft mere months before the play's first performance. Described by the authors as a tragi-comedy and drawn in part from a pamphlet account of the trial then circulating, the play not only offers a riveting account of the contemporary superstitions embodied by the figure of the witch, but also delivers an implicit critique of the society that has created her. This edition of the work offers a compelling and informative introduction, thorough annotation, and a selection of contextual materials that helps set the play in the context of the "witch-craze" of Jacobean England.**
