The Forgotten Sister

A fierce fantasy sequel full of sisterhood, heart-pounding action, betrayal, and royal intrigue, perfect for fans of The Belles and Caraval. When the new, brutal Superior banishes Nomi from Bellaqua, she finds herself powerless and headed towards her all-but-certain death. Her only hope is to find her sister, Serina, on the prison island of Mount Ruin. But when Nomi arrives, it is not the island of conquered, broken women that they expected. It is an island in the grip of revolution, and Serina--polite, submissive Serina--is its leader. Betrayal, grief, and violence have changed both sisters, and the women of Mount Ruin have their sights set on revenge beyond the confines of their island prison. They plan to sweep across the entire kingdom, issuing in a new age of freedom for all. But first they'll have to get rid of the new Superior, and only Nomi knows how. Separated once again, this time by choice, Nomi and Serina must forge their own paths as they aim to tear down the world they know, and build something better in its place. The

stakes are higher and the battles bolder in Tracy Banghart's unputdownable sequel to *Grace and Fury*.

HEROES (BOOK #1 IN THE SORCERER'S RING) revolves around the epic coming of age story of one special boy, a 14 year old from a small village on the outskirts of the Kingdom of the Ring. The youngest of four, the least favorite of his father, hated by his brothers, Thorgrin senses he is different from the others. He dreams of becoming a great warrior, of joining the King's men and protecting the Ring from the hordes of creatures on the other side of the Canyon. When he comes of age and is forbidden by his father to try out for the King's Legion, he refuses to take no for an answer: he journeys out on his own, determined to force his way into King's Court and be taken seriously. But King's Court is rife with its own family dramas, power struggles, ambitions, jealousy, violence and betrayal. King MacGil must choose an heir from amongst his children, and the ancient Dynasty Sword, the source of all their power, still sits untouched, waiting for the chosen one to arrive. Thorgrin arrives as an outsider and battles to be accepted, and to join the King's Legion. Thorgrin comes to learn he has mysterious powers he does not understand, that he has a special gift, and a special destiny. Against all odds he falls in love with the king's daughter, and as their forbidden relationship blossoms, he discovers he has powerful rivals. As he struggles to make sense of his powers, the king's sorcerer takes him under his wing and tells him of a mother he never knew, in a land far away, beyond the Canyon, beyond even the land of the Dragons. Before Thorgrin can venture out and become the warrior he yearns to be, he must complete his training. But this may be cut short, as he finds himself propelled into the center of royal plots and counterplots, ones that may threaten his love and bring him down—and the entire kingdom with him. With its sophisticated world-building and characterization, **A QUEST OF HEROES** is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 82,000 words. Book #2 in the series, **A MARCH OF KINGS**, is now available, too. For fans of Maggie Stiefvater and Laini Taylor, a perfect storm lies ahead in this riveting fantasy duology opener from award-winning author Elle Cosimano. One cold, crisp night, Jack Sommers was faced with a choice—live forever according to the ancient, magical rules of Gaia, or die.

Jack chose to live, and in exchange, he became a Winter—an immortal physical embodiment of the season on Earth. Every year, he must hunt the Season who comes before him. Summer kills Spring. Autumn kills Summer. Winter kills Autumn. And Spring kills Winter. Jack and Fleur, a Winter and a Spring, fall for each other against all odds. To be together, they'll have to escape the cycle that's been forcing them apart. But their creator won't let them go without a fight.

This book explores one of the central questions that has haunted husbands and wives and lovers over the millennia of history: What kind of afterlife might they expect for their love once one or both of them have died? Focusing on the evolution of ideas about posthumous love within medieval and early modern Europe, the book includes many religions and cultures in order to understand how expectations about the afterlife differed across traditions.

One of The New York Times's 100 Notable Books of 2020. A New York Times Book Review Editors' Choice. "Finely wrought, a master class in the layering of time and contradiction that gives us a deeply imagined, and deeply human, soul."

--Rebecca Makkai, The New York Times Book Review From the bestselling author of The Septemberers of Shiraz, the story of an Iranian man reckoning with his capacity for love and evil Set in Iran and New York City, Man of My Time tells the story of Hamid Mozaffarian, who is as alienated from himself as he is from the world around him. After decades of ambivalent work as an interrogator with the Iranian regime, Hamid travels on a diplomatic mission to New York, where he encounters his estranged family and retrieves the ashes of his father, whose dying wish was to be buried in Iran. Tucked in his pocket throughout the trip, the ashes propel him into a first-person excavation—full of mordant wit and bitter memory—of a lifetime of betrayal, and prompt him to trace his own evolution from a perceptive boy in love with marbles to a man who, on seeing his own reflection, is startled to encounter someone he no longer recognizes. As he reconnects with his brother and others living in exile, Hamid is forced to reckon with his past, with

the insidious nature of violence, and with his entrenchment in a system that for decades ensnared him. Politically complex and emotionally compelling, *Man of My Time* explores variations of loss—of people, places, ideals, time, and self. This is a novel not only about family and memory but about the interdependence of captor and captive, of citizen and country, of an individual and his or her heritage. With sensitivity and strength, Dalia Sofer conjures the interior lives of the “generation that had borne and inflicted what could not be undone.”

Urbane mystery, set in the pastoral reaches of the upper Thames, concerns the disappearance of young heir to a fortune. Insurance company investigator Miles Bredon takes on the case. Delightfully tongue-in-cheek tone, baffling clues, challenging mystery counterpointed by poetic evocation of the river and countryside. Fine novel by author of 10 celebrated "commandments" for writing detective fiction.

Per quattordici, lunghi anni Poppy Hopper ha cercato di ingannare tutti, persino se stessa. Anche Ember Hawkweed ha sempre fatto di tutto pur di sentirsi normale: una normalissima strega come le altre. Ma se le sue amiche eccelleverano nelle arti magiche, creando pozioni e incantesimi, lei riusciva solo a preparare unguenti e bolle di sapone. Quando Poppy ed Ember si incontrano, però, le cose cambiano. Le due ragazze capiscono subito di essere più simili di quanto avrebbero mai potuto immaginare. Entrambe sanno di non appartenere al mondo in cui vivono, ed entrambe vogliono scoprire la verità. Chi sono realmente? Quale legame misterioso le unisce? Insieme, Poppy ed Ember sono pronte a qualsiasi cosa pur di trovare le risposte che cercano. The book examines the experiences of Black women in Italy from the 1970s to the 1990s. Although Italy is still perceived as a recent immigration country, the book demonstrates how Black women were among the first groups of new migrants to the country. Black women migrating to Italy were employed almost exclusively as live-in domestic workers and detailed attention is paid to the history and political organization of this sector. Unlike much published work in Italian, this book adopts an integrated form of analysis where gender, ethnicity and class are seen to be interconnected constructs. The book also situates Black women within the framework of the national constituency of gender. This approach challenges the ideology surrounding the Italian family and demonstrates that while live-in domestic work created specific forms of social

marginality for Black women, it paradoxically allowed Italian women to express their new social identities within and outside the family. The book concludes that Italian women have largely failed in their attempts to transform the division of labour within the home and that the decision to employ other (migrant) women to fulfill household tasks is a trend which sits uneasily within the framework of an inclusive feminist project for women.

Her courage means she will never yield in battle, but soon all he wants is her ultimate, willing surrender--in the marriage bed! Victorious Vikings No man could defeat them. Two women would defy them! "Nobody does Vikings as well as Fulford." --RT Book Reviews on Defiant in the Viking's Bed At Ever After High, an enchanting boarding school, the children of fairytale legends prepare themselves to fulfill their destinies as the next generation of Snow Whites, Prince Charmings and Evil Queens . . . whether they want to or not. Each year on Legacy Day, students sign the Storybook of Legends to seal their scripted fates. For generations, the Village of Book End has whispered that refusing to sign means The End - both for a story and for a life. As the daughter of the Evil Queen, Raven Queen's destiny is to follow in her mother's wicked footsteps, but evil is so not Raven's style. She's starting to wonder, what if she rewrote her own story? The royal Apple White, daughter of the Fairest of Them All, has a happy ever after planned for herself, but it depends upon Raven feeding her a poison apple in their future. What if Raven doesn't sign the Storybook of Legends? It could mean a happily never after for them both.

In una manciata di giorni e in una lunga notte di sangue, la Schiera degli Sciacalli è riuscita a invadere il più forte tra i Quadranti dell'Impero umano, travolgendo la famiglia del Mastro e il suo stendardo. Nessuno degli storici alleati è accorso in loro aiuto e i Ti-jak, una razza di bestie semiumane dai corpi massicci e ricoperti di squame, hanno falciato qualsiasi resistenza. Gli unici sopravvissuti dei Daven-Furus, il principe Raven e le principesse Sarissa e Ioni, non possono che sottometersi alla triade a capo degli invasori: Raven diventerà lo schiavo del Jekret, la guida militare, mentre le sorelle saranno date in sposa per rafforzare il seme di quella genia ripugnante ma invincibile. Ciascuno di loro sarà chiamato alla scelta più difficile: mutare a caro prezzo la propria natura, assumendo un ruolo non previsto in un destino avverso e ostile, fino a quando ciò che sembra un abisso senza fine, potrà trasformarsi in un'occasione di rinascita. Dalla fortezza tra le rocce di Rovelia sino alle cime proibite di Lacan, dalla polvere dei deserti alle torri di Mnar, il tempo del Quadrante di nordest scorre inesorabile verso la rovina, ma non è detto che gli invasori siano gli unici nemici. E talvolta persino un'alleanza con le bestie può rappresentare l'ultima speranza di salvezza. Il primo avvincente capitolo della Saga dei Quadranti. Sul campo di battaglia, dove oltre alle armi contano anche i sentimenti, il cruento confronto tra l'uomo e la bestia. Un fantasy che penetra l'abisso più profondo della natura umana per scatenare i suoi demoni, nella tradizione delle grandi saghe epiche e indimenticabili.
