

## Le Storie Di Nino Antonio Gramsci Raccontato Ai Pi Piccoli Il Trenino Verde

The first study to analyse popular protest across the Italian peninsula and the Venetian colonies during the early modern period, 1494 to 1559. Drawing on a vast range of contemporary documents, Samuel K. Cohn, Jr. places these incidents of popular protest and their patterns in comparative perspectives.

The mafia is the impenetrable and seemingly infallible embodiment of notoriety and criminality. Umberto Santino, one of Italy's leading mafia experts, here provides a new perspective on the mafia as a polymorphic organization which encompasses crime, the accumulation of corruptly acquired wealth and power, the cultural code of omertà and consensus. Exploring the movements which strive to fight against the powers of the mafia, such as the campaigns of civil society organizations like the Centro siciliano di documentazione, the author also provides a fresh look at the mechanisms - and struggles - of the antimafia movement.

Francesco Rosi is one of the great realist artists of post-war Italian, indeed post-war world cinema. In this book, author Gaetano Marrone explores the rich visual language in which the Neapolitan filmmaker expresses the cultural icons that constitute his style and images. Over the years, Rosi has offered us films that trace an intricate path between the real and the fictive, the factual and the imagined. His films show an extraordinarily consistent formal balance while representing historical events as social emblems that examine, shape, and reflect the national self. They rely on a labyrinthine narrative structure, in which the sense of an enigma replaces the unidirectional path leading ineluctably to a designated end and solution. Rosi's logical investigations are conducted by an omniscient eye and translated into a cinematic approach that embraces the details of material reality with the panoramic perspective of a dispassionate observer. This book offers intertextual analyses within such fields as history, politics, literature, and photography, along with production information gleaned from Rosi's personal archives and interviews. It examines Rosi's creative use of film as document, and as spectacle). It is also a study of the specific cinematic techniques that characterize Rosi's work and that visually, compositionally, express his vision of history and the elusive "truth" of past and present social and political realities.

Una singolare bigrafia a vignette. Con un tratto delicato, quasi malinconico, Pauletti reinventa un Gramsci che ha i tratti di un bambino. Capelli in disordine, occhiali, braccia lungo il corpo: sembra lo scolaro modello dei libri di lettura, sembra un personaggio che viene da lontano. "Sono sordo, sono gobbo, sono pure comunista. Dopo una lunga agonia in carcere, spirerò. Nino mi chiamo." Così si presenta nella prima vignetta, e a quella seguono altre che di Gramsci ripercorrono le idee, le riflessioni, le lotte, gli amori. Fra gruppi omogenei di vignette l'autore inserisce sequenze di testo che raccontano la vita dell'uomo e citano passi importanti delle opere del politico e dell'intellettuale. Ne esce un libro del tutto originale che ci guida, come all'interno di un ideale museo (non monumentale, non celebrativo), dentro la vita, il pensiero, e l'eredità umana e politica di Antonio Gramsci.

Manduria, 1972. Gregorio, studente universitario, si trova in compagnia di due amici a un affollato convegno di Archeologia. Durante l'incontro, un noto commerciante del posto polemizza con i relatori, alludendo all'esistenza di un tesoro sepolto nei pressi del santuario di San Pietro Mandurino. Gregorio conosce bene il luogo e rievoca una drammatica storia di furto e omertà. Il tesoro non viene mai trovato, ma il racconto rimane.

Insieme a Pietro, un suo giovane zio. Gli avvenimenti risalgono al 1964, quando si verificano strane coincidenze che richiamano l'attenzione su un enigmatico libro e sugli affreschi sotterranei del santuario: una lontana verità, nascosta fra le pieghe della storia, sembra ora evidenziarsi sotto gli occhi dei due giovani. Gregorio vuole indagare per comportamenti...

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures.

Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

After almost seven centuries, Dante endures and even seems to haunt the present. Metamorphosing Dante explores what so many authors, artists and thinkers from varied backgrounds have found in Dante's oeuvre, and the ways in which they have engaged with it through rewritings, dialogues, and transpositions. By establishing trans-disciplinary routes, the volume shows that, along with a corpus of multiple linguistic and narrative structures, characters, and stories, Dante has provided a field of tensions in which to mirror and investigate one's own time. Authors explored include Samuel Beckett, Walter Benjamin, André Gide, Derek Jarman, LeRoi Jones/Amiri Baraka, James Joyce, Wolfgang Koeppen, Jacques Lacan, Thomas Mann, James Merrill, Eugenio Montale, Pier Paolo Pasolini, Cesare Pavese, Giorgio Pressburger, Robert Rauschenberg, Vittorio Sereni, Virginia Woolf.

The English and Scottish Popular Ballads

The first extended analysis of the relationship between Italian criminology and crime fiction in English, Methods of Murder examines works by major authors both popular, such as Gianrico Carofiglio, and canonical, such as Carlo Emilio Gadda. Many scholars have argued that detective fiction did not exist in Italy until 1929, and that the genre, which was considered largely Anglo-Saxon, was irrelevant on the Italian peninsula. By contrast, Past traces the roots of the twentieth-century literature and cinema of crime to two much earlier, diverging interpretations of the criminal: the bodiless figure of Cesare Beccaria's Enlightenment-era

On Crimes and Punishments, and the biological offender of Cesare Lombroso's positivist Criminal Man. Through her examinations of these texts, Past demonstrates the links between literary, philosophical, and scientific constructions of the criminal, and provides the basis for an important reconceptualization of Italian crime fiction.

This 19th-century collection compiles all the extant ballads with all known variants and features Child's commentaries. Includes Parts IX and X of the original set — ballads 266-305 — plus indexes, glossary.

Examining the cultural history of Renaissance Naples with an emphasis on humanism, the author also evaluates Naples in the broader context of fifteenth-century Italy and Renaissance Europe in general. He addresses several prominent themes of Renaissance history: patron-client relationships, the development of a realistic, Machiavellian approach to matters of statecraft and diplomacy, and the influence of Neapolitan humanists on European culture in general.
