Six friends. One killer. Who do you trust? A teen girl is missing after a night of partying; thirty years later, the discovery of her body reopens a cold case in "a scorching portrait of friendship and its betrayal." (Nicci French). "This enjoyably chilling suspense tale . . . conveys both the thrills and the dangers of being a teenager on the brink of adult independence."—The New York Times Book Review On a scorching July night in 1983, a group of teenagers goes camping in the forest. When they wake in the morning the youngest of their group, Aurora Jackson, has disappeared. An exhaustive investigation is launched, but no trace of the teenager is ever found. Thirty years later, Aurora's body is unearthed in a hideaway that only the six friends knew about, and Jonah Sheens is put in charge of solving the long-cold case. Back in 1983, as a young cop in their small town, he had known the teenagers—including Aurora—personally, even before taking part in the search. Now he's determined to finally get to the truth of what happened that night. Sheens's investigation brings the members of the camping party back to the forest, where they will be confronted once again with the events that left one of them dead and all of them profoundly changed forever. This searing, psychologically captivating novel marks the arrival of a dazzling new talent, and the start of a new series featuring Detective Chief Inspector Jonah Sheens. Praise for *She Lies in Wait* "A novel that literally makes you hold your breath then gasp out loud."—Val McDermid "She Lies in Wait is an atmospheric, deeply satisfying, well-written mystery whose resolution rings true after lots of false leads and blind alleys. A remarkably adept first novel. One hopes there will be many more to come."—Daily Herald "The mystery intrigues and twists, offering enough red herrings and moments of police procedural to please fans of the genre."—Kirkus Reviews (starred review) "What a marvel! A corkscrew-twisty, knife-sharp thriller—yet it doubles as a tender ode to loss and longing. Prepare to be haunted."—A. J. Finn, author of the New York Times bestseller *The Woman in the Window*

As adult instruction becomes a more common part of library practice, librarians need guidance in an area that may not always have been a part of their library science education. This book provides the instruction necessary to instruct adult patrons.

- Helps librarians who don't have teaching degrees to understand how adults most commonly learn
- Applies educational theory to everyday situations (e.g., why an elderly person may have trouble using an iPhone)
- Addresses physical considerations external to the teacher-student relationship that affect learning (e.g., a cold or hot room can make it hard to pay attention)
