When she was a college student, Claudia accompanied her lover to Mazatlán for spring break. The last-minute trip was exciting until Ravi's brutal murder. Unable to help him while he perished in a dirty alley, she joined the FBI in response to his senseless death. A decade later, a reluctant witness comes forward, and Claudia discovers that the trip wasn't spontaneous. It was premeditated. Ravi went to meet a man who worked for the cartel. While she investigates the new lead and Ravi's betrayal, she and robotics expert Baxter Cruise travel to Mexico for answers. In the foreign country, her FBI badge is useless, and on both sides of the border, someone wants them dead. Meanwhile, Mexico's national archaeological museum hires investigator Kurt Meyers (Dark Pool) to locate priceless pre-Columbian artifacts that went missing at the same time as Ravi's murder. When another man leaves a trail of bodies in his quest to acquire the artifacts, Kurt searches for a connection between his case and the cold-case murder of a college student in Mazatlán. As Claudia and Baxter unravel the truth about Ravi's death, it threatens the secrets of the local cartel boss. When the four factions descend on the same turf, not everyone gets out alive. Customers are afraid that they will be talked into making a mistake; salespeople dread being unable to close the deal and make their quotas. No one is happy. Mahan Khalsa and Randy Illig offer a better way. Salespeople, they argue, do best when they focus 100 percent on helping clients succeed. When customers are successful, both buyer and seller win. When they aren't, both lose. It's no longer sufficient to get clients to buy; a salesperson must also help the client reduce costs, increase revenues, and improve productivity, quality, and customer satisfaction. This book shares the unique FranklinCovey Sales Performance Group methodology that will help readers: · Start new business from scratch in a way both salespeople and clients can feel good about · Ask hard questions in a soft way · Close the deal by opening minds Let's Get This Straight reaches out to young people with one or more gay, lesbian, bi, or trans partners to provide them with the tools to combat homophobia, take pride in their alternative family structures, and speak out against injustice. An intimate profile of the legendary mixed martial arts (MMA) referee, this first full-length autobiography of pop culture icon 'Big' John McCarthy details every aspect of his life—from his strong-handed Los Angeles upbringing to his involvement in the naming of the sport, his role in its regulation, and MMA's rise in stature. The narrative follows 'Big' John through his 22-year career as a Los Angeles police officer, where he taught recruits arrest and control procedures as well as survival tactics, then his 15-year career as MMA's premier official in the chain-linked cage. A fixture of the sport, 'Big' John started refereeing at UFC 2 in 1994 when MMA was in its infancy and went on to officiate at every major UFC event but two until 2007. Following a one-year hiatus as a color commentator and on-camera analyst for MMA and boxing events, he returned to MMA refereeing in 2008. In his own words, "Big" John relates his insider's perspective from the midst of many of the sport's greatest moments—from Tito Ortiz–Ken Shamrock I at UFC 40 in 2002 to Randy Couture–Tim Sylvia at UFC 68 in March of 2007—along with his account of the birth of the sport in America, its evolution, and MMA's ongoing struggles for acceptance. A captivating blend of reportage and personal narrative that explores the untold history of women's exercise culture—from jogging and Jazzercise to Jane Fonda—and how women have parlayed physical strength into other forms of power. For American women today, working out is as accepted as it is expected, fueling a multibillion-dollar fitness industrial complex. But it wasn't always this way. For much of the twentieth century, sweating was considered unladylike and girls grew up believing physical exertion would cause their uterus to literally fall out. It was only in the sixties that, thanks to a few forward-thinking fitness pioneers, women began to move en masse. In Let's Get Physical, journalist Danielle Friedman reveals the fascinating hidden history of contemporary women's fitness culture, chronicling in vivid, cinematic prose how exercise evolved from a beauty tool pitched almost exclusively as a way to "reduce" into one millions have harnessed as a path to mental, emotional, and physical well-being. Let's Get Physical reclaims these forgotten origin stories—and shines a spotlight on the trailblazers who led the way. Each chapter uncovers the birth of a fitness movement that laid the foundation for working out today: the radical post-war pitch for women to break a sweat in their living rooms, the invention of barre in the "Swinging Sixties," the promise of jogging as liberation in the seventies, the meteoric rise of aerobics and weight-training in the eighties, the explosion of yoga in the nineties, and the ongoing push for a more socially inclusive fitness culture—one that celebrates every body. Ultimately, it tells the story of how women discovered the joy of physical strength and competence—and how, by moving together to transform fitness from a privilege into a right, we can create a more powerful sisterhood. After opening a wildly successful "full-service spa" in Reno that caters to professional women (which turned the world's oldest profession on its head), Lydia Beaucoup and her friends Acey Allen and LaShaWanda P. Marshall decide to grow their business—with a new spa on a boat moored off the shore at Martha's Vineyard. In this unique haven for pampering, in addition to massage and reflexology, clients can purchase fabulous, multi-organic safe sex from men specifically trained to please women. But selling sex is never easy—and insatiable clients, mob extortion, and a repressive federal government are just a few of the problems threatening to take down A Sister's Spa. Smart, sizzling, and wickedly funny, Let's Get It On is an outrageously tale of pushing traditional envelopes in pursuit of empowerment—and a witty, forthright look at what women really want.

Combining elements of mystery, history, and romance, this compelling narrative explores the river frontier of West Virginia to the Midwest in the 1900s. Unconventional for her time, Sarah Perkins is driven to excel and be successful in a man's world despite her traumatic childhood under an abusive father who strictly enforced traditional gender roles. Dreaming of one day being a riverboat pilot, Sara embarks on an adventure aboard the Spirit of the River, a premier paddleboat on the Ohio and Mississippi rivers. She's spent hours behind the wheel under the supervision of the captain, Jeremy Smith—her friendly rival and romantic interest—and longs to prove her worth. When a traveling troupe of entertainers, Le Théâtre d'Illusion, discovers that a cast member has suspiciously disappeared while a mysterious and deadly illness afflicts the rest of the passengers, Sarah will find herself tested in unimaginable ways. Suspenseful and thrilling, this dynamic novel of hidden secrets offers an unflinching look at serious issues such as alcoholism, suicide, and gender, while maintaining a lively storyline full of adventure, independence, and life on the river wild. A riveting cautionary tale about the ecstasy and dangers of loving Marvin Gaye, a performer passionately pursued by all—and a searing memoir of drugs, sex, and old school R&B from the wife of legendary soul icon Marvin Gaye. After her seventeenth birthday in 1973, Janis Hunter met Marvin Gaye—the soulful prince of Motown with the seductive liquid voice whose chart-topping, socially conscious album What's Going On made him a superstar two years earlier. Despite a seventeen-year-age difference and Marvin's marriage to the sister of Berry Gordy, Motown's founder, the enchanted teenager and the emotionally volatile singer began a scorching relationship. One moment Jan was a high school student; the next she was accompanying Marvin to parties, navigating the intriguing world of 1970s-'80s celebrity; hanging with Don Cornelius on the set of Soul Train, and helping to discover new talent like Frankie Beverly. But the burdens of fame, the chaos of dysfunctional families, and the irresistible temptations of drugs complicated their love. Primarily silent since Marvin's tragic death in 1984, Jan at last opens up, sharing the moving, fervently charged story of one of music history's most fabled marriages. Unsparring in its honesty and insight, illustrated with sixteen pages of black-and-white photos, After the Dance reveals what it's like to be in love with a creative genius who transformed popular culture and whose artistry continues to be celebrated today.

A love-seeking mechanic, a dramatic petty thief, a disappointed planner, and a broken-hearted teen all find their lives transformed as each shares whirlwind adventures with a girl in an insanely red car.

When fate brings NFL superstar Maurice Goings back into her life, Kenya must decide whether or not she is willing to give the man who broke her heart another chance. Original.

"A gorgeously written meditation on being a gay man in America now . . . A raw and captivating debut." —BookPage Recommended by: O, the Oprah Magazine * BuzzFeed * The Millions * Cosmopolitan * Electric Literature * Literary Hub * Harper's Bazaar * Lambda Literary * LGBTQ Reads * Passport magazine * Paperback Paris * Debutiful * Book Riot * The Bay Area Reporter * The Advocate It is 2015, weeks after the Supreme Court marriage equality ruling. A high school art history teacher, Sebastian Mote envies his queer students and their freedom to live openly the youth he lost to fear and shame. When he runs into his childhood friend Oscar Burnham at a wedding in Washington, DC, he can't help but see it as a second chance. Now thirty-five, the men haven't seen each other in more than a decade. But Oscar has no interest in their shared history, nor in the sense of belonging Sebastian craves. Instead, he's outraged by what he sees as the death of gay culture: bars overrun with bachelorette parties, friends coupling off and having babies. For Oscar, conformity isn't peace, it's surrender. While Oscar and Sebastian struggle to find their place in a rapidly changing world, each is drawn into a cross-generational friendship that treads the line between envy and obsession: Sebastian with one of his students, Oscar with an older icon of the AIDS era. And as they collide again and again, both men must reckon not just with each other but with themselves. Provocative, moving, and rich with sharply drawn characters, Let's Get Back to the Party introduces an exciting and contemporary new talent.

Drawing on his personal fascinating story as a prosecutor, a defendant, and an observer of the legal process, Paul Butler offers a sharp and engaging critique of our criminal justice system. He argues against discriminatory drug laws and excessive police power and shows how our policy of mass incarceration erodes communities and perpetuates crime.

Controversially, he supports jury nullification—or voting "not guilty" out of principle—as a way for everyday people to take a stand against unfair laws, and he joins with the "Stop Snitching" movement, arguing that the reliance on informants leads to shoddy police work and distrust within communities. Butler offers instead a "hip hop theory of justice," parsing the

messages about crime and punishment found in urban music and culture. Butler's argument is powerful, edgy, and incisive.
