## **Letters To A Diminished Church**

Introduces contemporary readers to the lay theological writings of British novelist and playwright Dorothy L. Sayers.

The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of Catholicism: A Journey to the Heart of the Faith and James Martin, SJ, author of Jesus: A Pilgrimage The Acts of Paul and Thecla was written around 150 CE when there was a growing body of work

The Acts of Paul and Thecla was written around 150 CE when there was a growing body of work attributed to the apostle Paul. Owing to the abrupt beginning of the work it is thought The Acts of Paul and Thecla was part of a larger texts and was extracted to form a stand alone work. Reasons given for its omission from the Bible are numerous. It was thought to have been written after the apostolic age; it gives high and powerful position to women in the faith; it urges women to withhold sex from their husbands and live chaste lives. Within its storyline Thecla seems to eclipse Paul in her courage and commitment to the spread of the Gospel. The text presents an unwavering stance on the virtue of celibacy preached by Paul and amplified by Thecla. In addition, Thecla is presented as a strong willed woman who took it upon herself to preach, teach, heal, and baptize, all without permission or oversight from a man. In the age when canon was being decided, women in positions of leadership within the

church was an anomaly, and the idea that a wife could decide her own fate, and even withhold sex from her husband was looked on as heresy and insolence. These were social constraints, which tainted the interpretation of scripture, both then and now. We will examine the true place of women in the Bible and how translators diminished the place and accomplishments of women by mistranslating words and phrases. We will look at the true meaning of many Bible verses as well as the complete text of Paul and Thecla, with an eye toward how women were a driving force in religion and family in the early church. In the end, a more true and just vision of women of the Bible and of ancient times will be revealed. Pointing to the many contradictions between the Bible and the practice of the church, Jacques Ellul asserts in this provocative and stimulating book that what we today call Christianity is actually far removed from the revelation of God. Successive generations have reinterpreted Scripture and modeled it after their own cultures, thus moving society further from the truth of the original gospel. The church also perverted the gospel message, for instead of simply doing away with pagan practice and belief, it reconstituted the sacred, set up its own religious forms, and thus resacralized the world. Ellul develops several areas in which this perversion is most obvious, including the church's emphasis on moralism and its teaching in the political sphere. The heart of the problem, he says, is that we have not accepted the fact that Christianity is a scandal; we attempt to make it acceptable and easy--and thus pervert its true message. Ultimately, however, Ellul remains hopeful. For, in spite of all that has been done to subvert the message of God, the Holy Spirit continues to move in the world. Christianity, writes Ellul, never carries the day decisively against Christ.

Christian Letters to a Post-Christian World Creed Or Chaos? Working with Words The Christian Lover The Whimsical Christian Unpopular Opinions Dorothy and Jack

Rescued from being a lost book, this history's last manuscript lay deep within the Vatican Archives, this classic historical text is now, for the first time, being published for the modern reader. Sulpicius Severus is best known for his biography of St.

Martin of Tours and his Sacred History (also known as the Chronicle.) Sacred History is a brief history of the world from the beginning to his own time and in the latter portions focuses on the Priscillianist heresy that disordered his home province of Aquitaina which is in modern day France, as well as the Arian controversy. Severus prefers a purely historical interpretation of the scriptures in reaction to the gnostic philosophy that entrenched his region that reduced the sacred history to mere allegory. The Sacred History is written in classic style, such as what is found in Tacitus, and is intended to introduce lovers of history to the histories of the Bible.

Sayers explores the underlying spirit and the direction of Western civilization as she considers topics ranging from popular theology and ethics to aesthetics, the meaning of creativity, and theories on communication

In this popular play-cycle, Sayers makes the Gospels come alive. "Her Jesus can bring tears to your eyes. You will be deeply moved--a powerful experience".--Sheldon Vanauken, A Severe Mercy.

The letters to the seven churches found in the early chapters of the New Testament Book of Revelation are the subject of this critical Biblical study.

"You'll find hope in these pages." —Jonathan Eig, author of Ali: A Life Letters to Martin contains twelve meditations on contemporary political struggles for our oxygen-deprived society. Evoking Martin Luther King Jr.'s "Letter from Birmingham Jail," these meditations, written in the form of letters to King, speak specifically to the many public issues we presently confront in the United States—economic inequality, freedom of assembly, police brutality, ongoing social class conflicts, and geopolitics. Award-winning author Randal Maurice Jelks invites readers to reflect on US history by centering on questions of democracy that we must grapple with as a society. Hearkening to the era when James Baldwin, Dorothy Day, Reinhold Niebuhr, and Richard Wright used their writing to address the internal and external conflicts that the United States faced, this book is a

contemporary revival of the literary tradition of meditative social analysis. These meditations on democracy provide spiritual oxygen to help readers endure the struggles of rebranding, rebuilding, and reforming our democratic institutions so that we can all breathe.

The only way to change culture is to create culture. Andy Crouch unleashes a stirring manifesto calling Christians to be culture makers. He unpacks the complexities of how culture works and gives us tools for cultivating and creating culture in partnership with God's own making and transforming of culture.

This translation of the Pauline epistles can rightly be included in the category of Bible translations that strive to achieve both an accurate rendering of the individual words and the conceptual meaning transcending the languages. As Arthur S. Way, writes in his original Preface, "... I have endeavored to put my readers in the place of those who first listened to these letters." Sanders, a classical scholar, translator, and headmaster published translations of both The Odyssey of Homer, Done into English Verse; and The Iliad of Homer, as well as works done by some twenty different Latin and Greek writers. The most important of his works, though, is this translation of the epistles. Way incorporates a brief introduction to each of the church epistles, including background details and in some cases the subjects covered. These opening expositions further enlighten and guide the reader as they study the all important letters.

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of The Looming Tower, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology

what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion—year contract. In Going Clear, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

A brief 'Prologue' by the 'Church' introduces the career of Constantine (from AD 305-337) with scenes from the empires of both west and east, concentrating on Constantine's progress to imperial power and inevitably in religious belief. He discovers Christ to be the God who has made him his earthly vice-regent as single Emperor. Summoning the Council of Nicaea in 325, an invigorating debate results in the acceptance of Constantine's formula that Christ is 'of one substance with God.' The implications of the Creed of Nicaea are revealed in the last part of the play in which it is Constantine's mother, Helena, who brings him to the realization that he needs redemption by Christ for his political and military life as well as for the domestic tragedy which has resulted in the death of his son.

Introduction by Mary McDermott Shideler One of the first women to graduate from Oxford University, Dorothy Sayers pursued her goals whether or not what she wanted to do was ordinarily understood to be "feminine." Sayers did not devote a great deal of time to talking or writing about feminism, but she did explicitly address the issue of women's role in society in the two classic essays collected here. Central to Sayers's reflections is the conviction that both men and women are first of all human beings and must be regarded as essentially much more alike than different. We are to be true not so much to our sex as to our humanity. The proper role of both men and women, in her view, is to find the work for which they are suited and to do it. Though written several decades ago, these essays still offer in Sayers's piquant style a sensible and conciliatory approach to ongoing gender issues.

A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century. Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy, and the fact that "'the Church in the Wilderness,' and not the proud hierarchy enthroned in the world's great capital, was the true church of Christ," he has spent years developing this subject. In its present form, Truth Triumphant represents much arduous research in the libraries of Europe as well as in America. Excellent ancient  $\frac{Page 5}{11}$ 

sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modem times, the author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy - people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the term applied to the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy against the powers of evil, and to show the holy, unchanging message of the Bible as it has been preserved for t hose who will "fear God, and keep His commandments" - these are the sincere aims of the author as he presents this book to those who know the truth. MERLIN L. NEFF.

"Unpopular Opinions" by Dorothy L. Sayers. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Greg Boyd and his father, Ed, were on opposite sides of a great divide. Greg was a newfound Christian, while his father was a longtime agnostic. So Greg offered his father an invitation: Ed could write with any questions on Christianity, and his son would offer a response. Letters from a Skeptic contains this special correspondence. The letters tackle some of today's toughest challenges facing Christianity, including Do all non-Christians go to hell? How can we believe a man rose from the dead? Why is the world so full of suffering? How do we know the Bible was divinely inspired? Does God know the future? Each response offers insights into the big questions, while delivering intelligent answers that connect with both the heart and mind. Whether you're a skeptic, a believer, or just unsure, these letters can provide a practical, common-sense guide to the Christian faith.

The Letters to the Seven Churches of Asia

Known for her bestselling detective novels, Dorothy L. Sayers lived a fascinating, groundbreaking life as a novelist, feminist, Oxford scholar, and important influence on the spiritual life of C.S. Lewis. This pioneering woman not only forged a literary career for herself but also spoke about faith and culture in revolutionary ways as she addressed the evergreen question of to what extent faith should hold on to tradition and to what extent it should evolve with a changing culture. Thanks to her unmatched wisdom, prophetic tone, and insistent strength, Dorothy Sayers is a voice that we cannot afford to ignore. Providing a blueprint for bridge-building in contemporary, polarizing contexts, Subversive shows how Sayers used edgy, often hilarious metaphors to ignite new ways to think about Christianity, shocking people into seeing the truth of ancient doctrine in a new light. Urging readers to reassess interpretations of the Bible that impede the cause of Christ, Sayers helps twenty-first-century Christians navigate a society increasingly suspicious of evangelical vocabularies and find new ways to talk and think about faith and culture. Ultimately, she will inspire believers, on both the right and the left, to evaluate how and why their language perpetuates divisive certitude rather than the hopeful humility of faith, and will show us all a better way forward.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions,

disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In Suffering and the Sovereignty of God, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

The crucial challenge for theology is that when it is read the reader thinks, "This is true." Recognizing claims that are "true" enables readers to identify an honest expression of life's complexities. The trick is to show that theological claims--the words that must be used to speak of God--are necessary if the theologian is to speak honestly of the complexities of life. The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary. This new collection of essays, lectures, and sermons by Stanley Hauerwas is focused on the central challenge, risk, and difficulty of this necessity--working with words about God. The task of theology is to help us do things with words. "God" is not a word peculiar to theology, but if "God" is a word to be properly used by Christians, the word must be disciplined by Christian practice. It should, therefore, not be surprising that, like any word, we must learn how to say "God."

What must a person believe to be a Christian? Dorothy Sayers lays out age-old doctrines without prettying-up or watering-down. She brings them vividly to life by showing how the Bible, history, literature, and modern science fit together to make religion not only possible but necessary in our time. So whether you are reading the great works of Western literature, thinking about your place in God's universe, or simply dealing with the thousand-and-one problems of daily living, this powerful book has words of both challenge and comfort for you. Excerpt: Somehow or other, and with the best intentions, we have shown the world the typical Christian in the likeness of a crashing and rather ill-natured bore—and this in the Name of One who assuredly never bored a soul in those thirty—three years during which He passed through this world like a flame. Â Let us, in Heaven's name, drag out the Divine Drama from under the dreadful accumulation of slipshod thinking and trashy sentiment heaped upon it, and set it on an open stage to startle the world into some sort of vigorous reaction.

Satanism is a complex and controversial phenomenon co-existing in many social and rhetorical contexts. Some consider it the root of all evil in the world. Others see it as a juvenile proxy for rebellion or as a misapplication of serious esoteric beliefs and practices. Then again, some considerit a specific religious or philosophical position serving as a personal and collective identity. This book, written by three experts in the field of Satanism studies, examines Satanism as a contemporary movement in continuous dialogue with popular culture, aiding as a breeding ground for other newreligious movements. Shifting the focus from mythology to meaning-making, this is a book about the invention of Satanism among self-declared religious Satanists. Like all ideologists and believers, Satanists incorporate, borrow, and modify elements from other traditions, and this book explores how traditional folkloreand prior strands of occultism were synthesized by Anton LaVey in his founding of the Church of Satan and the creation of the Satanic Bible. Later chapters examine contemporary Satanist subcultures from various perspectives, also demonstrating how Satanism,

despite its brief history as an organized phenomenon, continues to reinvent itself. There are now numerous Satanisms with distinctive interpretations of what being a Satanist entails, with some of these new versions deviating more from the historical "mainstream" than others. In this fascinating account of a seemingly abstruse andoften-feared movement, Dyrendal, Lewis, and Petersen demonstrate that the invention of Satanism is an ongoing, ever-evolving process.

An investigation into the nature of God and creativity from the author of the Lord Peter Wimsey Mysteries, with an introduction by Madeleine L'Engle. From the first pages of Genesis, it is clear that God and man share one vital trait: the ability to create great works out of nothing. More than any other group, artists feel impelled to create, and this urge brings them closer to God. By contemplating the creative drive of humanity, we can better understand the works of God, and by reading deeply into the tenets of Christianity, we can better understand the creative spirit of man. Dorothy L. Sayers explores the concept of the Holy Trinity within the context of invention: the creative idea, the creative energy, and the creative power. In this searching, wide-ranging treatise, one of the greatest minds of the twentieth century shows us what it means to be an artist—and what it takes to make humankind.

Let us, in Heaven's name, drag out the Divine Drama from under the dreadful accumulation of slipshod thinking and trashy sentiment heaped upon it, and set it on an open stage to startle the world into some sort of vigorous reaction.

Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.

## Letters of John Calvin A Selection of Essays

What happens when we push past the surface and allow real, grounded, mutually challenging, and edifying friendships to develop? We need only look at the little-known friendship between eminent Christian thinkers Dorothy L. Sayers and C. S. Lewis to find out. Born out of a fan letter that celebrated mystery novelist Sayers wrote to Lewis as his star was just beginning to rise, this friendship between a married woman and a longtime bachelor developed over years of correspondence as the two discovered their mutual admiration of each other's writing, thinking, and faith. In a time when many Christians now aren't even sure that a man and a woman can be "just friends" and remain faithful, Gina Dalfonzo's engaging treatment of the relationship between two of Christianity's most important modern thinkers and writers will resonate deeply with anyone who longs for authentic, soul-stirring friendships that challenge them to grow intellectually and spiritually. Fans of Lewis and Sayers will find here a fascinating addition to their collections.

Meeting House Essays in a series of papers reflecting on the mystery, beauty and practicalities of the place of worship. This popular series was begun in 1991, and each resource focuses on a particular aspect of space, design or materials and how they relate to the liturgy.

Dorothy L. Sayers took her inspiration from a monk's account of the fire of 1174, and the subsequent rebuilding of Canterbury Cathedral Quire. She portrays William of Sens, the chosen architect, as eaten away by pride in his splendid work, unable to give glory to God for his achievement. Enacted in the presence of a group of graciously influential archangels, the play reveals the carelessness of some of the monks, resulting in the terrifying fall that cripples William. His agony brings him to repentance and gratitude before God, and finally to the renunciation of his role, leaving the completion of the rebuilding to others. This edition also comes with an English translation of the Latin texts in the play.
