

Life In Stuart England

The eighteenth century laid the foundations for Britain's worldwide empire and economic prosperity. It was a period of great contrasts: between poverty and wealth, elegance and riotous ribaldry. This Pitkin Guide unwraps what made Georgian Britain in a fascinating text and beautiful contemporary illustrations. Look out for more Pitkin Guides on the very best of British history, heritage and travel, particularly the other books in the 'Life in' series: Medieval England, in a Monastery, Tudor England, Stuart England and Victorian Britain.

Daily Life in Stuart EnglandGreenwood Publishing Group

Pitkin presents the fascinating and engaging story of everyday life in and around castles – from 1066 to the 1400s. Alongside the Church, the stone castle was one of the enduring symbols of medieval life. To the poor, its intimidating walls represented the preordained social order. To many, the castle represented business, and the heights of ambition. And to the rich it represented fun and frivolity in the form of feasting, chivalry and games. The guide uncovers the complexities of life in and around such settlements: the family, the workers, the food, the wars and the entertainment. Life in Stuart Britain

Stuart: A Life Backwards

John Flavel

God, Duty and Community in English Economic Life, 1660-1720

Book Ownership in Stuart England

In this extraordinary book, Alexander Masters has created a moving portrait of a troubled man, an unlikely friendship, and a desperate world few ever see. A gripping who-done-it journey back in time, it begins with Masters meeting a drunken Stuart lying on a sidewalk in Cambridge, England, and leads through layers of hell...back through crimes and misdemeanors, prison and homelessness, suicide attempts, violence, drugs, juvenile halls and special schools—to expose the smiling, gregarious thirteen-year-old boy who was Stuart before his long, sprawling, dangerous fall. Shocking, inspiring, and hilarious by turns, Stuart: A Life Backwards is a writer’s quest to give voice to a man who, beneath his forbidding exterior, has a message for us all: that every life—even the most chaotic and disreputable—is a story worthy of being told.

The Devil was a commanding figure in Tudor and Stuart England. He played a leading role in the religious and political conflicts of the age, and inspired great works of poetry and drama. During the turmoil of the English Civil War, fears of a secret conspiracy of Devil-worshippers fuelled a witch-hunt that claimed at least a hundred lives. This book traces the idea of the Devel from the English Reformation to the scientific revolution of the late seventeenth century. It shows that he was not only a central figure in the imaginative life of the age, but also a deeply ambiguous and complex one: the avowed enemy of God and his unwilling accomplice, and a creature that provoked fascination, comdey and dread.

Attending to the importance of context and decorum, this major contribution to Ideas in Context recovers a tradition of free speech that has been obscured in studies of the evolution of universal rights."--BOOK JACKET.

Lineage and Family Life in Late Tudor and Early Stuart England

*Stuart England is an invaluable introduction to the political, religious and social history of seventeenth-century England. It provides a wide-ranging and lively account of core events, drawing on both contemporary sources and the latest interpretations by modern historians. Starting with the legacy of Elizabeth I, and ending with the reign of William III and Mary. Stuart England covers all aspects of the monarchy, high and low politics and the culture of the people. Key topics include: * English society and religion * ideas of monarchy and government * finance and parliament * foreign policy With comprehensive questions and analysis, exercises, diagrams and maps,Stuart England provides an excellent and indispensable guide to English history of the seventeenth century.*

Discusses aspects of daily life - domestic, economic, intellectual, material, political, recreational and religious - in Stuart England.

An expert in Stuart England examines the sexual lives of Britons in the seventeenth and early eighteenth centuries in this frank, informative, and revealing history. Acclaimed Stuart historian Andrea Zuvich explores the sexual mores of Stuart Britain, including surprising beliefs, bizarre practices, and ingenious solutions for infertility, impotence, sexually transmitted diseases, and more. Along the way, she reveals much about the prevailing attitudes towards male and female sexual behavior. Zuvich sheds light not only on the saucy love lives of the Royal Stuarts, but also on the dark underbelly of the Stuart era with histories of prostitution, sexual violence, infanticide, and sexual deviance. She looks at everything from what was considered sexually attractive to the penalties for adultery, incest, and fornication. Sex and Sexuality in Stuart Britain touches on the fashion, food, science, art, medicine, magic, literature, love, politics, faith and superstition of the day.

Essays on various aspects of the culture of Shakespeare's England.

A Political History of Tudor and Stuart England draws together a fascinating selection of sources to illuminate this turbulent era of English history. From the bloody overthrow of Richard III in 1485, to the creation of a worldwide imperial state under Queen Anne, these sources illustrate England's difficult transition from the medieval to the modern. Covering a period characterised by conflict and division, this wide-ranging single-volume collection presents the accounts of Yorkists and Lancastrians, Protestants and Catholics, and Roundheads and Cavaliers side by side. A Political History of Tudor and Stuart England provides a crucial opportunity for students to examine the institutions and events that moulded English history in the early modern era at first-hand.

Life in Tudor England

This wide-ranging volume goes to the heart of the revisionist debate about the crisis of government that led to the English Civil War. The author tackles questions about the patronage that structured early modern society, arguing that the increase in royal bounty in the early seventeenth century redefined the corrupt practices that characterized early modern administration.

The story of the Stuart dynasty is a breathless soap opera played out in just a hundred years in an array of buildings that span Europe from Scotland, via Denmark, Holland and Spain to England.

First published as part of the best-selling The Oxford Illustrated History of Britain, John Morrill's Very Short Introduction to Stuart Britain sets the Revolution into its political, religious, social, economic, intellectual, and cultural contexts. It thus seeks to integrate what most other surveys pull apart. It gives a graphic account of the effects of a century-long period during which population was growing inexorably and faster than both the food supply and the employment market. It looks at the failed attempts of successive governments to make all those under their authority obedient members of a unified national church; it looks at how Charles I blundered into a civil war which then took on a terrifying momentum of its own. The result was his trial and execution, the abolition of the monarchy, the house of lords, the bishops, the prayer book and the celebration of Christmas. As a result everything else that people took for granted came up for challenge, and this book shows how painfully and with what difficulty order and obedience was restored. Vividly illustrated and full of startling detail, this is an ideal introduction to those interested in getting into the period, and also contains much to challenge and stimulate those who already feel at home in Stuart England. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

A Year in the Life of Stuart Britain

Life and Letters in Tudor and Stuart England

The Career of William Herbert, Third Earl of Pembroke, 1580-1630

The Oxford Illustrated History of Tudor & Stuart Britain

Devil

The Tudor age was a pivotal period of English history. In little more than a century, the nation was transformed from a medieval kingdom to a modern state, from an insignificant offshore island to a major world power. Life in Tudor England sparkles with colourful illustrations and a lively text. Discover what life was really like during more than 100 years of Tudor rule in this pivotal period of English history: how industry became an alternative to agriculture as a means of employment; the lavish fads, fashions and fun enjoyed by the rich; the hardships suffered by the poor as inflation spiralled. All is revealed in this enticing taste of days gone by. Look out for more Pitkin Guides on the very best of British history, heritage and travel, particularly the other books in the 'Life in ' series: Medieval England, in a Monastery and Victorian Britain.

Artistic and Political Patronage in Early Stuart England explores the remarkable life and career of William Herbert, Third Earl of Pembroke. Pembroke was one of the most influential aristocrats during the reigns of Elizabeth I, James I and Charles I. He was a great patron, a prominent politician and electoral manager, an entrepreneur, and a gifted poet. Yet despite his influence and many talents, Pembroke's life has been little studied by historians. Drawing on archival material, this book throws new light on Pembroke, and demonstrates just how significant he was during his lifetime. This book will appeal to scholars and students of early modern British history, as well as those interested in polttics and patronage during the sixteenth and seventeenth centuries.

From childbirth and baptism through to courtship, weddings, and funerals, every stage in the life-cycle of Tudor and Stuart England was accompanied by ritual. Even under the protestantism of the reformed Church, the spiritual and social dramas of birth, marriage, and death were graced with elaborate ceremony. Powerful and controversial protocols were in operation, shaped and altered by the influences of the Reformation, the Revolution, and the Restoration. Each of the major rituals was potentially an arena for argument, ambiguity, and dissent. Ideally, as classic rites of passage, these ceremonies worked to bring people together. But they also set up traps into which people could stumble, and tests which not everybody could pass. In practice, ritual performance revealed frictions and fractures that everyday local discourse attempted to hide or to heal. Using fascinating first-hand evidence, David Cressy shows how the making and remaking of ritual formed part of a continuing debate, sometimes strained and occasionally acrimonious, which exposed the raw nerves of society in the midst of great historical events. In doing so, he vividly brings to life the common experiences of living and dying in Tudor and Stuart England.

Stuart England

Court Patronage and Corruption in Early Stuart England

A Sourcebook

Life in Stuart England, Etc. [With Illustrations, Including Portraits, Maps and a Bibliography].

This volume provides a wide-ranging account of the development and importance of private libraries and book ownership through the seventeenth century, based upon many kinds of evidence, including examination of thousands of books, and a list of over 1,300 known owners from diverse backgrounds. It considers questions of evolution, contents and size, and motives for book ownership, during a century when growing markets for both new and second-hand books meant that books would be found, in varying numbers, in the homes of all kinds of people from the humble to the wealthy. Book ownership by women, and by non-professional households, is explicitly explored. Other topics include the balance of motivation between books for use, or for display; the relationship between libraries and museums; and cultures of collecting. While presenting a wealth of information in this field, conveniently brought together, this volume also advances methodologies for book history, and makes extensive use of material evidence such as bookbindings. It challenges received wisdom around priorities for studying private libraries, and the terminology which is appropriate to use. In addition, the list of owners, detailed in the Appendix, make this book a work of permanent reference, alongside its value in advancing book history.

In the first full-length biography of one of the most prominent and influential English Puritans, John Flavel (c.1630-1691), Dr. Brian H. Cosby explores the salient elements of his life and thought in comparison with the turbulent political, religious, and historical background of the later Stuart period.

Focuses on the political, social, cultural, and religious changes that occured in Great Britain during the sixteenth and seventeenth centuries.

Life in Tudor and Stuart England

This title introduces readers to life in Stuart Britain from a child's viewpoint. The book introduces general features of the time period, but focuses on what life was like for children, including where they lived, what they learned at school, and where they worked. The text is supported by primary source material (paintings, artefacts, quotes, etc.) that brings the past to life. A final section explains This is a classic regional and comparative study of early modern witchcraft. The history of witchcraft continues to attract attention with its emotive and contentious debates. The methodology and conclusions of this book have impacted not only on witchcraft studies but the entire approach to social and cultural history with its quantitative and anthropological approach. The book provides an insight into other regions of early modern England. The second edition of this classic work adds a new historiographical introduction, placing the book in context today.

This compelling book reveals how these events and people had such an effect on the time.
