

## Light To Valhalla English Edition

Who were the Vikings? Did they earn the reputation of remorseless raiders and greedy pirates? Were they more than the mere barbarians and plunderers that history makes them out to be? Find out the truth about the Vikings with *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart. Stewart takes you beyond rumor and speculation and into the real world of the Scandinavian seafarers known as the Vikings. You'll get the true story, not an oversimplified Hollywood myth. You'll learn: Who the Vikings were and why they raided their neighbors How the Vikings used runestones to tell stories about the gods and themselves What life was like in the Viking Age for an ordinary Viking family What Vikings at war fought with and lived and died for About their myths and their pantheon of gods including Freyja, Odin, Thor, and Loki With *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart, you get more than a simple history. This quick dip uses the study of archeological findings and surviving collections of prose and poetic works to paint an accurate picture of these famous people. Stewart presents the facts; it's up to you to draw your own conclusions. Don't dismiss the Vikings as heretical barbicans. Learn how they really lived.

In 1989, Steven Moore published the first scholarly study of all three of William Gaddis's novels and since then it has been generally regarded as the best book on this difficult but major writer's work. This revised and expanded edition includes new chapters on the novels Gaddis published after 1989, the National Book Award-winning *A Frolic of His Own* and the posthumous novella *Agape Agape*, along with updated introductory and concluding chapters. This introduction offers a clear discussion of all five of Gaddis's novels, providing essential biographical information, two chapters each on his most significant novels, *The Recognitions* and *J R*, and a chapter each devoted to his later three novels. A concluding chapter locates his place in American literature and notes his influence on younger writers. Each chapter focuses on the main themes of each novel and discusses the literary techniques Gaddis deployed to dramatize those themes. Since Gaddis is an erudite, allusive novelist, Moore clarifies his references and explains how they enhance his themes.

Tim Burton has been a major director for a quarter of a century, producing both cult classics and blockbuster films including *Edward Scissorhands*, *Beetlejuice*, *Ed Wood*, *Batman*, *Mars Attacks!*, *Sweeney Todd*, *Alice in Wonderland*, and *Dark Shadows*. An A-Z list of all things Burton, including his live action films, his animated features, his shorts, his non-film work, and the collaborators who have helped manifest his unique perspective into memorable works of cinema. The book will highlight Burton's accomplishments as a visual artist with an uncompromised aesthetic, narrating the evolution of his creative practice from his earliest childhood drawings through his mature works.

"The interest of a group of American writers in the Norse (Viking Age Scandinavians) began to develop in the late 1830s, reaching its high point at mid-century and tapering off after the Civil War as the members of the group neared the end of their careers (only one of the authors discussed, Julia Clinton Jones, joins the club at the end of the period)." "This period, defined as the original phase of the American discovery of the Norse, features two essayists, Emerson and Thoreau, who refer to the Norse in writing on a variety of topics. Fiction is represented by Melville alone (American writers of fiction like Stowe and Hawthorne shun the Norse). Neither the essayists nor Melville uses Norse themes as their primary subject. That is reserved for the poets: Lowell, Whittier, Taylor, Longfellow, and Julia Clinton Jones."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

From Mythology to Space Research

**Fossil Poetry provides the first book-length overview of the place of Anglo-Saxon in nineteenth-century poetry in English. It addresses the use and role of Anglo-Saxon as a resource by Romantic and Victorian poets in their own compositions, as well as the construction and 'invention' of Anglo-Saxon in and by nineteenth-century poetry. Fossil Poetry takes its title from a famous passage on 'early' language in the essays of Ralph Waldo Emerson, and uses the metaphor of the fossil to contextualize poetic Anglo-Saxonism within the developments that had been taking place in the fields of geology,**

palaeontology, and the evolutionary life sciences since James Hutton's apprehension of 'deep time' in his 1788 Theory of the Earth. Fossil Poetry argues that two, roughly consecutive phases of poetic Anglo-Saxonism took place over the course of the nineteenth century: firstly, a phase of 'constant roots' whereby Anglo-Saxon is constructed to resemble, and so to legitimize a tradition of English Romanticism conceived as essential and unchanging; secondly, a phase in which the strangeness of many of the 'extinct' philological forms of early English is acknowledged, and becomes concurrent with a desire to recover and recuperate the fossils of Anglo-Saxon within contemporary English poetry. The volume advances new readings of work by a variety of poets including Walter Scott, Henry Longfellow, William Wordsworth, William Barnes, Walt Whitman, Ralph Waldo Emerson, William Morris, Alfred Tennyson, and Gerard Hopkins.

Presenting the digital humanities as both a domain of practice and as a set of methodological approaches to be applied to corpus linguistics and translation, chapters in this volume provide a novel and original framework to triangulate research for pursuing both scientific and educational goals within the digital humanities. They also highlight more broadly the importance of data triangulation in corpus linguistics and translation studies. Putting forward practical applications for digging into data, this book is a detailed examination of how to integrate quantitative and qualitative approaches through case studies, sample analysis and practical examples.

The Summary

Erik and the Gods

THE FORCE WARS (english edition)

The Lamp [ed. by T.E. Bradley].

*English Poetry and Old Norse Myth: A History traces the influence of Old Norse myth – stories and poems about the familiar gods and goddesses of the pagan North, such as Odin, Thor, Baldr and Freyja – on poetry in English from Anglo-Saxon times to the present day. Especial care is taken to determine the precise form in which these poets encountered the mythic material, so that the book traces a parallel history of the gradual dissemination of Old Norse mythic texts. Very many major poets were inspired by Old Norse myth. Some, for instance the Anglo-Saxon poet of Beowulf, or much later, Sir Walter Scott, used Old Norse mythic references to lend dramatic colour and apparent authenticity to their presentation of a distant Northern past. Others, like Thomas Gray, or Matthew Arnold, adapted Old Norse mythological poems and stories in ways which both responded to and helped to form the literary tastes of their own times. Still others, such as William Blake, or David Jones, reworked and incorporated celebrated elements of Norse myth - valkyries weaving the fates of men, or the great World Tree Yggdrasill on which Odin sacrificed himself - as personal symbols in their own poetry. This book also considers less familiar literary figures, showing how a surprisingly large number of poets in English engaged in individual ways with Old Norse myth. English Poetry and Old Norse Myth: A History demonstrates how attitudes towards the pagan mythology of the north change over time, but reveals that poets have always recognized Old Norse myth as a vital part of the literary, political and historical legacy of the English-speaking world.*

THE NEW CENTURY HANDBOOK OF ENGLISH LITERATURE REVISED EDITION

Annotation. "From Asgard to Valhalla is the first book to show how and why the Norse myths have so powerfully resonated from era to era: from the Viking-age stories of ice and fire to the epic poetry of Beowulf: from the twilight of the gods in Wagner's Gotterdammerung to Marvel Comics' Mighty Thor; and from Neil Gaiman's American Gods to the cult appeal of Viking Metal. Heather O'Donoghue, who is an expert on Old Norse culture, shows in what ways the Norse myths have impacted on the western mind, across the fields of literature, art, music and politics. She considers the wider contexts of Norse mythology, including its origins, medieval expression and reception in post-medieval

societies right up to the present, distinguishing the myths in their original form from a host of later accretions, distortions and transformations."--Jacket.

The Art of Assassin's Creed Valhalla

*In this grand saga of love, war, and magic set in the tenth century, young Sigrid is destined to be the mother of the king of the Nordic lands that would become Sweden, Norway, Denmark, and England. A devout believer in the old Nordic gods, Sigrid is visited regularly in her dreams by the goddess Freya, who whispers to her of the future. Though Sigrid is beautiful, rich, arrogant, and matchlessly clever, her uncanny ability to foresee the future and manipulate the present guides her through dangerous politics as a bloody war between Vikings and Christians rages on. Sigrid's father wants her to marry Erik, a local king, to secure the peace between the Goths and the Swedes. Thinking she is doing Freya's will, she accepts the marriage offer, only to find that her destiny lies not with Erik but with Sweyn, a warrior who dreams of dethroning Harald Bluetooth, the legendary ruler of Denmark. Will Sigrid sacrifice her will for the greatest Viking kingdom of all time, or will she follow her heart at the risk of losing everything? Detailed and timely information on accommodations, restaurants and local attractions highlight these updated travel guides, which feature all-new covers, a dramatic visual design, symbols to indicate budget options, must-see ratings, multi-day itineraries, Smart Travel Tips, helpful bulleted maps, tips on transportation, guidelines for shopping excursions and other valuable features. The American Discovery of the Norse

***In Nordic literature a remarkable discussion of the northern light appears in Kongespeilet (The King's Mirror) a thirteenth-century Norwegian chronicle. It is described in vivid detail as the following translated excerpts demonstrate: These northern lights have this peculiar nature, that the darker the night is, the brighter they seem, and they always appear at night but never by day, most frequently in the densest darkness and rarely by moonlight. In appearance they resemble a vast flame of fire viewed from a great distance. It also looks as if sharp points were shot from this flame up into the sky; these are of uneven height and in constant motion, now one, now another darting highest; and the light appears to blaze like a living flame. Three different theories for the origin of the northern light were suggested in this book. Numerous naturally occurring heavenly phenomena have been observed and enjoyed as long as the Earth has been inhabited, but hardly any of them has stirred man's imagination, curiosity and fear as much as the northern light. The northern light is certainly one of the most spectacular of nature's phenomena.***

***The Assassin's Creed series is renowned for its skillful blend of historical fiction, epic environments, and exciting action. This art book offers an insider's look at the immersive art direction of Assassin's Creed Valhalla, the first title in the franchise to explore Norse culture and the Viking invasion of England in the 9th century. Featuring iconic artworks ranging from stunning settings to brutal weapons, as well as developer insights.***

***Winner Best Children's Book and PEN award The Norse Gods have been fighting an endless war with the Giants and now they're growing weak and losing their powers, so the God of Thunder, Thor, travels to earth to find help. He asks Erik, an ordinary teenage boy, to go on a secret mission to Asgard and the Land of the Giants. Once in the Land of the Gods, Erik has to train to gain the skills to outwit and outrun the Giants. Together with Thor's daughter, Trud, Erik ventures to the Land of the Giants to search for magic apples - the only thing which can revive the dying Gods. But time is running out. Can they rescue the Goddess and prevent Ragnarok, the End of the World? Reviews "Erik and the Gods: Journey to Valhalla is an exciting retelling of Norse myths and legends that many***

of us have most likely heard of at some point in our lives. The author brings old myths and legends vividly to life with his story and whisks readers off on a magical adventure into the epic world of Norse mythology where adventure abounds. I was positively surprised by this novel, because it has the feel of an epic adventure due to the author's way of writing about the various Gods and their deeds in a marvellous way. The author effortlessly evokes a sense of an adventure and makes sure that his readers are having a good time." \*\*\*\* - Seregil of Rhiminee "When the great hammer-wielding Thor whisks Erik off to Asgard, the boy finds himself in a new (and very ancient) world preparing to embark on a perilous quest. It will be an action-packed journey on a mythological scale, with Gods and giants, with monsters and magical knives, with dragons and wolves and serpents, with treachery and heroism. Olsen's breathless new adventure is filled with the old stories, which it conjures back into life an exciting and original introduction to one of the greatest of all mythological universes." --Daniel Hahn, Oxford Companion to Children's Literature "Famous myths and legends burst into life again when 13-year-old Erik is enlisted to help out the Norse gods, now fallen on hard times. His adventures that follow are in the same epic league as Tolkien's *The Lord of the Rings*, but delivered with a lighter touch as Erik brings in his own modern perspective to all he sees and hears now going on around him. Packing each chapter with incident and extraordinary detail concerning everyday life in Valhalla, the ancient home of the gods, Lars-Henrik Olsen provides readers of all ages with an unfailingly good-humoured feast for the imagination. Published thirty years ago in Danish, this wonderfully entertaining story, the first of four involving Erik, richly deserves a wider audience today." --Nicholas Tucker, *Rough Guide to Children's Books* "Lars-Henrik Olsen's epic novel of Erik's adventures with the Viking gods is a main reason why the powerful tales of Norse mythology continue to be shared by generations of Danes. When, as a young teenager, I first encountered Erik and the Gods, I discovered what would become a lifelong passion for fantasy and, not least, reading. I am delighted that this novel has been translated into English for the first time and will be available to a whole new generation of readers." --Jakob Stougaard-Nielsen, *UCL Scandinavian Studies* Lars-Henrik Olsen is a Danish author. His writing spans both children's, youth and adult books. He has written over 70 books including non-fiction about animals and nature, Nordic mythology and several historical novels. His books have been translated into a total of 13 different languages and sold millions of copies. He also helped found the Panda Club for the World Wildlife Fund. His novel *Erik and the Gods: Journey to Valhalla (Erik Menneskeson)* was awarded The Danish Children's Book Award in 1986. A film is now being made of the book in Denmark.

*The Force Wars* is a short fanfic novel, and is a tribute to the expanded Star Wars universe. Lux, a young Jedi arrives at a distant world at the edge of the galaxy, there she finds Arthur, an orphan boy who is susceptible to The Force; the Nazi Army, secretly driven by a mysterious Dark Lord, seeks to seize world domination; Lux and her apprentice seek to join the Allied Army, in their fight against the forces of the dark side during the Second World War, thus changing the course of history, on a planet called Earth.
