Hell's Foundations Quiver: David Weber's New York Times-bestselling Safehold series begun with Off Armageddon Reef, By Schism Rent Asunder, By Heresies Distressed, A Mighty Fortress and Like a Mighty Army. TURNING OF THE TIDE Centuries ago, the human race fought its first great war against an alien race-and lost. A tiny population of human beings fled to distant Safehold. Centuries later, their descendants have forgotten their history; for them, life has been an eternal Middle Ages, ruled by the Church of God Awaiting, whose secret purpose is to prevent the re-emergence of industrial civilization. But not all of Safehold's founders were on board with this plan. Those dissidents left behind their own secret legacies. One of those is Merlyn Athrawes, cybernetic avatar of one of Earth's long-dead defenders, now reawakened after a thousand years to restart human progress and reclaim our place in the universe. Merlyn has intervened in the small Safeholdian realm of Charis, seeding it with ideas and innovations and helping it to rise to challenge the hegemony of the Church. It's been a long and bloody fight, but aided by a stream of inventions--breech-loading rifles, signal rockets, claymore mines, new approaches to manufacturing and supply-Charis and its few allies seem to have finally gained the upper hand. Now major realms have begun to consider switching sides. To all these ends, Merlyn Athrawes has been everywhere, under multiple disguises and wielding hidden powers. The secret of who and what he is has been closely held. But a new player has arrived, one who knows many secrets-including Merlyn's own. Safehold Series 1. Off Armageddon Reef 2. The sequel to the New York Times best seller Off Armageddon Reef The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin-a being that, the world must not find out too soon, is more than human. A being on whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers. Safehold Boxed Set 1

With its ally Erewhon growing restive, the Star Kingdom's Queen Elizabeth sends a mission to Erewhon, but upon arriving at their destination, they find a conspiracy led by the Solarian League's military delegation.

The launch of a new science fiction adventure series--by the New York Times-best selling author of the Safehold series and the Honor Harrington series The Galactic Hegemony has been around a long time, and it likes stability--the kind of stability that member species like the aggressive, carnivorous Shongairi tend to disturb. So when the Hegemony Survey Force encountered a world whose so-called "sentients"--"humans," they called themselves--were almost as bad as the Shongairi themselves, it seemed reasonable to use the Shongairi to neutralize them before they could become a second threat to galactic peace. And if the Shongairi took a few knocks in the process, all the better. Now, Earth is conquered. The Shongairi have arrived in force, and humanity's cities lie in radioactive ruins. In mere minutes, more than half the human race has died. Master Sergeant Stephen Buchevsky, who thought he was being rotated home from his latest tour in Afghanistan, finds himself instead prowling the back country of the Balkans, dodging alien patrols and trying to organize scattered survivors without getting killed. And in the southeastern US, firearms instructor and former Marine Dave Dvorak finds himself at the center of a growing network of resistance--putting his extended family at lethal risk, but what else can you do? On the face of it, Buchevsky's and Dvorak's chances look bleak, as do prospects for the rest of the surviving human race. But it may well be that Shongairi and the Hegemony alike have underestimated the inhabitants of that strange planet called Earth... in David Weber's Out of the Dark. Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have

fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David Weber's epic *Off Armageddon Reef* is can't-miss sci-fi. *Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. By Heresies Distressed 4. A Mighty Fortress 5. An impoverished planet supports itself by exporting mercenaries to fight in foreign wars, a situation that has upset the balance of power within the Federation of Worlds

In New York Times–bestselling science fiction epic *Out of the Dark*, Earth beat back an alien invasion. Now we've got to make sure they don't come back, in *Into the Light*. The Shongairi conquered Earth. In mere minutes, half the human race died, and our cities lay in shattered ruins. But the Shongairi didn't expect the survivors' tenacity. And, crucially, they didn't know that Earth harbored two species of intelligent, tool-using bipeds. One of them was us. The other, long-lived and lethal, was hiding in the mountains of eastern Europe, the subject of fantasy and legend. When they emerged and made alliance with humankind, the invading aliens didn't stand a chance. Now Earth is once again ours. Aided by the advanced tech the aliens left behind, we're rebuilding as fast as we can. Meanwhile, a select few of our blood-drinking immortals are on their way to the Shongairi homeworld, having commandeered one of the alien starships...the planet-busting kind. At the Sign of Triumph: David Weber's New York Times-bestselling Safehold series begun with Off Armageddon Reef, By Schism Rent Asunder, By Heresies Distressed, A Mighty Fortress and How Firm a Foundation. The Church of God Awaiting's triumph over Charis was inevitable. Despite its prosperity, the Charis was a single, small island realm. It boasted less than two percent of the total population of Safehold. How could it possibly resist total destruction? The Church had every reason to be confident of a swift, crushing victory, an object lesson to other rebels. But Charis had something far

more powerful than simple numbers. It had a king, a crown prince, and a navy prepared to die where they stood in its defense. It had the Brethren of Saint Zherneau, who knew the truth about Safehold's founding. Who knew that the Church of God Awaiting was a monstrous lie. And it had Merlin Athrawes, last survivor of long-vanished Earth. Merlin, the cybernetic avatar of a woman dead over a thousand years, who was determined to break the Church's grip upon the human mind and soul. So after eight years of war, it is not Charis but the Church that stands upon the brink of defeat. But the Church still commands immense resources, and – faced with the unthinkable – it's decided that it, too, must embrace the forbidden technology which has carried Charis so far. In the end, it is simple, for only one can survive. The lines are drawn, the navies and armies have been raised, and all of Safehold is poised for the final battle between those who believe in freedom and those who would crush it forever. For more than fifty years, the Terran Republic and the Terran League have been killing one another. The death toll has climbed ever higher, year after year, with no end in sight. But the members of the Five Hundred, the social elite of the Republic's Heart Worlds, don't care. Rear Admiral Terrence Murphy is a Heart Worlder. His family is part of the Five Hundred. His wife is the daughter of one of the Five Hundred's wealthiest, most powerful industrialists. His sons and his daughter can easily avoid military service, and political power is his for the taking. There is no end to how high he can rise in the Republic's power structure. All he has to do is successfully complete a risk-free military "governorship" in the backwater Fringe System of New Dublin without rocking the boat. But the people sending him to New Dublin have miscalculated, because Terrence Murphy is a man who believes in honor. Who believes in duty—in common decency and responsibility. Who believes there are dark and dangerous secrets behind the façade of what "everyone knows." When her world is destroyed by seemingly unstoppable planet pirates and her family is slaughtered, former commando leader Alicia DeVries turns pirate herself, steals a cutting-edge ship from the Empire, and launches a campaign to seek revenge on those responsible, only to find that her fellow veterans are equally determined to stop her, in an expanded new version of the classic novel Path of the Fury. The latest novel in the New York Times–bestselling series begun with Off Armageddon Reef, By Schism Rent Asunder, and By Heresies Distressed. Young Cayleb Ahrmahk has accomplished things few people could even dream of. Not yet even thirty years old, he's won the most crushing naval victories in human history. He's smashed a hostile alliance of no less than five princedoms and won the hand of the beautiful young Queen Sharleyan of Chisholm. Cayleb and Sharleyan have created the Charisian Empire, the greatest naval power in the history of Safehold, and they've turned Charis into a place of refuge for all who treasure freedom. Their success may prove short-lived. The Church of God Awaiting, which controls most of Safehold, has decreed their destruction. Mother Church's entire purpose is to prevent the very things to which Charis is committed. Since the first attempt to crush the heretics failed, the Church has no choice but to adopt some of the hated Charisian innovations for themselves. Soon a mighty fleet will sail against Cayleb, destroying everything in its path. But there are still matters about which the Church knows nothing, including Cayleb and Sharleyan's adviser, friend, and guardian—the mystic warrior-monk named Merlin Athrawes. Merlin knows all about battles against impossible odds, because he is in fact the cybernetic avatar of a young woman named Nimue Alban, who died a thousand years before. As Nimue, Merlin saw the entire Terran Federation go down in fire and slaughter at the hands of a foe it could not defeat. He knows that Safehold is the last human planet in existence, and that the stasis the Church was created to enforce will be the human race's death sentence if it is allowed to stand. The juggernaut is rumbling down on Charis, but Merlin Athrawes and a handful of extraordinary human beings stand in its path. In David Weber's How Firm a Foundation, the fifth book in the Safehold series, the Charisian Empire, born in war, has always known it must fight for its very survival. What most of its subjects don't know even now, however, is how much more it's fighting for. Emperor Cayleb, Empress Sharleyan, Merlin Athrawes, and their innermost circle of most trusted advisers do know. And because they do, they know the penalty if they lose will be far worse than their own deaths and the destruction of all they know and love. For five years, Charis has survived all the Church of God Awaiting and the corrupt men who control it have thrown at the island empire. The price has been high and paid in blood. Despite its chain of hard-fought naval victories, Charis is still on the defensive. It can hold its own at sea, but if it is to survive, it must defeat the Church upon its own ground. Yet how does it invade the mainland and take the war to a foe whose population outnumbers its own fifteen to one? How does it prevent that massive opponent from rebuilding its fleets and attacking yet again? Charis has no answer to those questions, but needs to find one...quickly. The Inquisition's brutal torture and hideous executions are claiming more and more innocent lives. Its agents are fomenting rebellion against the only mainland realms sympathetic to Charis. Religious terrorists have been dispatched to wreak havoc against the Empire's subjects. Assassins stalk the Emperor and Empress, their allies and advisers, and an innocent young boy, not yet eleven years old, whose father has already been murdered. And Merlin Athrawes, the cybernetic avatar of a young woman a thousand years dead, has finally learned what sleeps beneath the far-off Temple in the Church of God Awaiting's city of Zion. The men and women fighting for human freedom and tolerance have built a foundation for their struggle in the Empire of Charis with their own blood, but will that foundation be firm enough to survive? David Weber's New York Times bestselling Safehold series of military Science Fiction adventure, which began with Off Armageddon Reef, continues with *Midst Toil and Tribulation* WAR AND FAMINE Once the Church of God Awaiting dominated all the kingdoms of Safehold. Then, after centuries of stasis, the island kingdom of Charis began to defy the edicts of Mother Church--egged on, some say, by the mysterious warrior-monk Merlin Athrawes, who enjoys the Charisian royal family's absolute trust. What vanishingly few people know is that Merlin is the cybernetic avatar of a young woman a thousand years dead, felled in the war in which aliens destroyed Earth...and that since awakening, his task has been to restart the history of the long-hidden human race. Now, reeling from the wars and intrigues that have

cascaded from Charis's declaration of independence, the Republic of Siddermark slides into chaos. The Church has engineered a rebellion, and Siddermark's all-important harvest is at risk. King Cayleb and Queen Sharleyan struggle to stabilize their ally, which will mean sending troops--but, even more importantly, preventing famine. For mass starvation in Safehold's breadbasket is a threat even more ominous than civil war... Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. By Heresies Distressed 4. In David Weber's By Heresies Distressed, the battle for the soul of the planet Safehold has begun. The Kingdom of Charis and the Kingdom of Chisholm have joined together, pledged to stand against the tyranny of a corrupt Church. The youthful Queen Sharleyan of Chisholm has wed King Cayleb of Charis, forging a single dynasty, a single empire, dedicated to the defense of human freedom. Crowned Empress of that empire, Sharleyan has found in Cayleb's arms the love she never dared hope for in a "marriage of state." In Cayleb's cause, his defiance of the ruthless Group of Four who govern mother Church, she has found the task to which she can commit her mind and her courage. It is a cause for which she was born. Yet there are things Sharleyan still does not know. Secrets Cayleb has not been permitted to share, even with her. Secrets like the true story of humanity on Safehold. Like the intricate web of lies, deception, and fabricated "religion" which have chained humanity for almost a thousand years. Like the existence of the genocidal alien Gbaba, waiting to complete mankind's destruction should humans ever attract their attention once more. Like the existence of a young woman, Nimue Alban, nine hundred years dead, whose heart, mind, and memories live on within the android body of the warrior-monk she knows as Merlin. And so Empress Sharleyan faces the great challenge of her life unaware of all that task truly entails...or of how the secrets the man who loves her cannot share may threaten all they have achieved between them...and her own life. FIRST NEW HONOR HARRINGTON NOVEL IN FIVE YEARS! New York Times, USA Today, Wall Street Journal and international best-selling phenomenon David Weber delivers book #19 in the multiple New York Times best-selling Honor Harrington series, the first new Honor Harrington novel since 2013's Shadow of Freedom. HONOR'S FINISHING WHAT SHE STARTED The Solarian League's navy counts its superdreadnoughts by the thousands. Not even its own government knows how enormous its economy truly is. And for hundreds of years, the League has borne the banner of human civilization, been the ideal to which humanity aspires in its diaspora across the galaxy. But the bureaucrats known as the "Mandarins," who rule today's League, are not the men and women who founded it so long ago. They are corrupt, venal, accountable to no one . . . and they've decided the upstart Star Kingdom of Manticore must be destroyed. Honor Harrington has worn the Star Kingdom's uniform for half a century and served her monarch and her people well. In the course of those years, the woman the newsies call the Salamander has grown from a tactically brilliant but politically naïve junior officer to supreme fleet command and a seat on the highest military and political councils of the Grand Alliance. Very few people know war the way Honor Harrington does. Very few have lost as many men and women, as many friends, as much family, as she has. Yet despite that, hers has been a voice of caution. She knows the Mandarins and the Solarian League Navy are growing increasingly desperate as the truth of their technological inferiority sinks home, but she also knows the sheer size of the League. And she knows how its citizens will react if the Grand Alliance takes the war to the League, attacks its star systems, destroys its infrastructure . . . kills its civilians. Today's victory, bought on those terms, can only guarantee a future war of revenge against a resurgent Solarian League and its navy. Honor knows the Grand Alliance must find a victory that doesn't require incursions deep into Solarian space, doesn't leave a legacy of bottomless hatred, and the strategy she supports has been working. The League is sliding towards inglorious defeat as it steadily loses ground in the

Protectorates and the Verge. As its central government teeters towards bankruptcy and even some of its core systems opt to secede in the face of the Mandarins' corruption. As the Solarian Navy finally realizes it cannot face an Alliance battle fleet and win. But the Mandarins have embraced a desperate new strategy, and in pursuit of that strategy, the SLN has committed atrocities such as the galaxy has not known in a thousand years. The League have violated its own Eridani Edict against mass civilian casualties, violated the Deneb Accords prohibition on war crimes. And they have finally killed too many of the people Honor Harrington loves. Hers is the voice of caution and compromise no longer, and the galaxy is about to see something it has never imagined. The Salamander is coming for the Solarian League, and Hell is coming in her wake. At the publisher's request, this title is sold without DRM (Digital Rights Management).
