We experience illness on a physical level, but in order to be healed, we must understand where true healing begins: within our hearts and minds. In *Ultimate Healing*, internationally renowned meditation master Lama Zopa Rinpoche helps us to recognize the root of illness and gives us the tools to create our future happiness. Beginning with stories of people who have recovered from disease through meditation, Rinpoche addresses the central role played by karma and by the mental habit of "labeling" in causing illness, and shows how meditation and other thought techniques for developing compassion and insight can eliminate the ultimate cause of all disease. *Ultimate Healing* shows us that by transforming our minds, especially through the development of compassion, we can eliminate the ultimate cause of all disease. In addition to relating stories of people who

In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

A practical guide for invoking the power and blessings of Tara, the beloved female buddha of Tibet Known as "the female Buddha" in Tibet and India, Tara connects us to the archetypal Divine Feminine—an energetic force that exists within us and all around us, has been available to all humans since our earliest origin. While there are many books on Tara, this practical guide shows us how those of any tradition can directly access her, through clear instruction and authentic Tibetan Buddhist teachings. Jungian analyst, scholar, and spiritual practitioner Dr. Rachael Wooten combines the ancient Tara tradition with depth psychology to help us connect with each of Tara's manifestations, access her blessings within ourselves and in the external world. In her myriad forms, Tara has the power to protect us from inner and outer negativity, illuminate our self-sabotaging habits, cleanse mental and physical poisons, address emotional trauma, open us to abundance, give us strength and peace, help us fulfill our life purposes, and more. Here you will explore all 22 manifestations of Tara. Each chapter begins with an epigraph that captures the spiritual and psychological essence of the emanation, explains her purpose, and teaches you specific visualizations, praises, mantra chants, and other ways of invoking her presence in yourself and the world. "If ever the voice of wisdom and compassion was needed in the form of an awakened female figure such as Tara," writes Dr. Wooten, "the time is now." This book illuminates the way to her healing, blessings, and aid.
