Level up your stargazing skills and learn to interpret your own astrological birth chart with this fun, accessible guide to the twelve houses of the zodiac, perfect for armchair astrologers everywhere! So you know your sun sign, rising sign, and moon sign...but what about the rest of your birth chart? It's no longer enough to just to know you're a Scorpio or read your horoscope. After all, delving deeper into our natal charts and the nuances of the astrological world can offer us a rich, exciting tapestry of our innate preferences, relationships, choices, and destiny. For those in the know, the zodiac calendar is divided into twelve houses, each ruled by a different sign (Aquarius, Scorpio, Gemini, etc.) and said to govern a particular set of traits. When we're born, where the planets were stationed relative to those houses inform our natural tendencies. Understanding each house can bring detailed insights about every aspect of your life: peoples' first impression of you, to your values, communication, pleasure, home and family, partnership, and beyond. In order to fully understand our place in the universe we need to understand the meaning of each planet, the house it's stationed in, and what that interaction means. Going house by house, practicing astrologer and artist Rachel Stuart-Haas teaches you how to create and interpret your unique birth chart, making this often dense and complicated layer of astrology accessible for newcomers and astrology enthusiasts alike. With her expert guidance, you will gain insight into questions like: -Where will I feel at home? -What career paths fulfill me? -What do I need in a partner? -What makes me feel abundant? Perfect for anyone who has ever been curious about their place in the world, *The House Your Stars Built* is a must-have and beautiful resource for astrology lovers.

In this complete, step-by-step guide to determining astrological compatibility between two people, the author reveals insights into love relationships as well as connections that are often overlooked in other astrology books such as friendships, working relationships, and parent-child relationships. By comparing the charts of ordinary as well as famous couples, *The Astrology of Whole Relationships* delves deeply into emotional, intellectual, and sexual compatibility, how karma determines planetary positions, and important indicators of a soul mate connection between two people.

This book provides a remarkably revealing picture of your total personality, by going beyond the simple twelve Sun signs and combining them with the twelve Moon signs. Sun Sign, Moon Sign gives you a deeper insight into your own-and your friends' and family's-true personality, and leaves you truly astounded at just how accurate astrology can be!

The Truth Behind Your Crappy Sun Sign This is a book for anyone who is irritated by the disconnect between the perky promises and mindlessly cheerfully affirmations that apply to a specific sun sign and the crappy week that ensues. It is the ultimate corrective to the plethora of happy sappy horoscope books and inane astrology columns that appear in daily newspapers around the world. Revealing the truth (whether you like it or not) about your star sign, Bad Birthdays uncovers the true quirks, oddities, and unpleasantries that characterize your unlucky sign of the zodiac and rule your destiny. When it comes to love, do you think that watery Pisces are naturally romantic lovers? Think again—if you're unfortunate enough to have a relationship with a Plagued Pisces or a Contemptible Cancer, you're in trouble. Reference the relationship sections to rate your compatibility with other star signs, or at least highlight where the cracks are going to show. With special sections detailing the unlucky personalities with whom you share your birthday, as well as unfortunate events that might have happened on your birthday, Bad Birthdays contains all you'll never need to know about your sign. So whether you're a Cursed Capricorn, a Tragic Taurus, or a Lousy Libra, we're all doomed to a destiny that is far less peachy than everyday astrologers would have us believe.

We've all done it: glanced casually at the horoscope pages, secretly hoping the stars will forecast our fame and fortune. Yet the zodiac can tell us far more than this, revealing even our most intimate secrets. Sextrology is a highly intelligent and enlightening guide to sex and the sexes using a wholly original astrological philosophy. In frank, sophisticated and uninhibited language, the authors profile each gender's zodiac sign and uncover the naked truth behind the make-up of each one. Sextrology will help you better comprehend your and others' sexual character, improve your understanding of relationship roles and find out what to expect from the special person in your life. From fantasies to favourite positions, erogenous zones to emotional needs, Starsky and Cox leave no stone unturned in their titillating examination that will once again have people asking, 'what's your sign?'
