*since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from the New York Times bestseller Fuzzy Mud.*

With the help of her Catholic friend, an eleven-year-old Jewish girl creates a provocative local tourist attraction to save her family's failing motel. Buying and moving into the run-down Jewel Motor Inn in upstate New York wasn't eleven-year-old Miriam Brockman's dream, but at least it's an adventure. Miriam befriends Kate, whose grandmother owns the diner next door, and finds comfort in the company of Maria, the motel's housekeeper, and her Uncle Mordy, who comes to help out for the summer. She spends her free time helping Kate's grandmother make her famous grape pies and begins to face her fears by taking swimming lessons in the motel's pool. But when it becomes clear that only a miracle is going to save the Jewel from bankruptcy, Jewish Miriam and Catholic Kate decide to create their own. Otherwise, the No Vacancy sign will come down for good, and Miriam will lose the life she's worked so hard to build. A classic Canadian story of the bravery and ingenuity of three animals who find their way home. First published in 1961, *The Incredible Journey* tells the story of three pets: a young Labrador retriever, an old bull terrier, and a Siamese cat. While their owners are away in England, they are being cared for by a family friend at his home in the country. But a miscommunication occurs between the friend and his housekeeper when he goes on a hunting trip, and the animals are left alone for a several hours, with a gnawing instinct that something has gone wrong. They soon set off on a journey to find home, which instinct tells them is to the west. They travel 400 kilometres across the Northern Ontario wilderness, facing many obstacles along the way: swift-flowing rivers and the rugged landscape; wild animals and unsympathetic humans; starvation, injuries and sheer exhaustion. Separately they would not have survived, but together this disparate group prevails, and they find their way home to the family they love.

Mann's mother has stopped eating and is obsessed with preserving Jason's memory, while his father is certain that presenting a hard edge is the only way to keep his remaining son from becoming a statistic. Mann used to paint and ride horseback, but now he's doing everything he can to escape his emotions: getting involved in fights at school, joyriding at midnight, and much worse. His father, at his wit's end, does the only thing he thinks will teach his son how to be a man he abandons him and his friend Kee Lee in the woods, leaving them to navigate their way home, alone.

Studying Fiction provides a clear rationale alongside ideas and methods for teaching literature in schools from a cognitive linguistic perspective. Written by experienced linguists, teachers and researchers, it offers an overview of recent studies on reading and the mind, providing a detailed guide to concepts such as attention, knowledge, empathy, immersion, authorial intention, characterisation and social justice. The book synthesises research from cognitive linguistics in an applied way so that teachers and those researching English in education can consider ways to approach literary reading in the classroom. Each chapter: draws on the latest research in cognitive stylistics and cognitive poetics;

A bold, brain-based teaching approach to culturally responsive instruction To close the achievement gap, diverse classrooms need a proven framework for optimizing student engagement. Culturally responsive instruction has shown promise, but many teachers have struggled with its implementation—until now. In this book, Zaretta Hammond draws on cutting-edge neuroscience research to offer an innovative approach for designing and implementing brain-compatible culturally responsive instruction. The book includes: Information on how one’s culture programs the brain to process data and affects learning relationships Ten “key moves” to build students’ learner operating systems and prepare them to become independent learners Prompts for action and valuable self-reflection

One of the four great tragedies—alongside Hamlet, King Lear, and Macbeth—Othello is among the darkest of Shakespeare’s plays, illuminating the shadows of the gloomiest recesses of the human psyche and serving as a damning indictment of the world in which it was written. A cautionary tale of the destructiveness of sin and the ruinous consequences of bad philosophy, Othello seems to express Shakespeare’s rage at the cynicism and brutality of

the age in which he lived. From the Machiavellian menace of Iago to the blind and prideful jealousy of Othello, this classic of world literature shows us the shadow falling over a society that has turned its back on the light and life of virtue. The Ignatius Critical Editions present a tradition-oriented approach to reading Western classics. While many critical editions view literature through the lens of modernism and post-modernism, this series offers critical examinations informed by the Judeo-Christian heritage as passed down through the ages—the same heritage that provided the crucible in which the great authors formed these classic works. Edited by acclaimed literary biographer Joseph Pearce, the Ignatius Critical Editions provide essays and footnotes that analyze works in light of the Western tradition, allowing the reader to meet the authors in their element. The series is ideal for academic study and for anyone wishing to understand the great literary works of Western civilization in the company of some of the finest literature professors alive today.
