

## Little Sid

*In this charming and accessible picture book, Ian Lendler and Xanthe Bouma offer a heart-warming account of the childhood of the Buddha. A spoiled young prince, Siddhartha got everything he ever asked for, until he asked for what couldn't be given—happiness. Join Little Sid as he sets off on a journey of discovery and encounters mysterious wise-folk, terrifying tigers, and one very annoying mouse. With Lendler's delightful prose and Bouma's lyrical artwork, Little Sid weaves traditional Buddhist fables into a classic new tale of mindfulness, the meaning of life, and an awakening that is as profound today as it was 2,500 years ago. Baby's First is a new series of board books that introduces children to basic concepts through simple text and bold artwork. Baby's First ABC introduces little ones to letters with bold, bright artwork. The thick and colorful pages have rounded edges and are perfect for tiny hands.*

*Sid is a school going boy living in a big city. Kosho, a special toy with extraordinary powers, is his friend. Together, they travel the magic rainbow to different places, without mother finding out. In this adventure, they go down the yellow road. Where does it lead? Read on to find out.*

From the creators of Little Pea and Little Hoot comes this tidy tale of a decidedly different pig. Little Oink is a neat little fellow. Clean, clean, clean, that's all he wants to do. But Mama and Papa won't have it! They say in order to be a proper pig, he has to learn to make a proper mess. "Don't come out until your room is a pigsty," says Papa Pig. "I won't have any child of mine going out looking so neat and clean. It's just not acceptable," says Mama Pig. Readers who hate to clean up will love this humorous twist on a universal dilemma.

Swearing is an art form, and with this handy collection of obscenities you can be the Picasso of profanity. Bursting with obnoxious insults and filthy names for unmentionable acts, 'The Little Book of Rude Words' will leave you shocked and tickled by how creatively crude our language can be.

In the years since Sid Watkins' first bestselling book of Formula One memoirs, *Life at the Limit*, was published the sport has seen enormous changes. The FIA's President, Max Mosley, has launched a zero option policy with the goal of zero mortality and much research and development has gone into technical changes to the cars, circuit design, safety barrier development and personal protection in the cockpit. The Prof has been intimately involved with this work, and discusses it in detail here, but as he knows only too well, uncertainty and unpredictability provide the thrills both the fans and the drivers crave. In *Beyond the Limit*, Watkins also looks at some of the extraordinary Grands Prix the sport has seen in the last four years, including Schumacher's epic crash at Silverstone in 1999. He also looks back over his twenty or more years in the sport and discusses some of the great drivers he has known. Here, too, is a race-by-race account of the Millennium season offering a completely up-to-date picture of Formula One at the beginning of the 21st century. The first fifty years of America's most popular spectator sport have been strangely neglected by historians claiming to tell the "complete story" of pro football. Well, here are the early stories that "complete story" has left out. What about the awful secret carried around by Sid Luckman, the Bears' Hall of Fame quarterback whose father was a mobster and a murderer? Or Steve Hamas, who briefly played in the NFL then turned to boxing and beat Max Schmeling, conqueror of Joe Louis? Or the two one-armed players who suited up for NFL teams in 1945? Or Steelers owner Art Rooney postponing a game in 1938 because of injuries? These are just a few of the little-known facts Dan Daly unearths in recounting the untold history of pro football in its first half century. These decades were also full of ideas and experimentation, such as the invention of the modern T formation that revolutionized offense, unlimited player substitution, and soccer-style kicking, as well as the emergence of televised pro football as prime-time entertainment. Relying on obscure sources, original interviews, old game films and statistical databases, Daly's extensive research and engaging stories bring the NFL's formative years--and pro football's folk roots--to life.

**H.R. Pufnstuf, Lidsville, Sigmund and the Sea Monsters, Land of the Lost:** For a generation of children growing up in the late sixties and early seventies, these were some of the most memorable shows on Saturday morning television. At a time when television cartoons had lost some of their luster, two puppeteers named Sid and Marty Krofft put together a series of shows that captivated children. Using colorful sets and mysterious lands full of characters that had boundless energy, the Kroffts created a new form of children's television, rooted in the medium's earliest shows but nevertheless original in its concept. This work first provides a history of the Kroffts' pretelevision career, then offers discussions of their 11 Saturday morning shows. Complete cast and credit information is enhanced by interviews with many of the actors and actresses, behind-the-scenes information, print reviews of the series, and plot listings of the individual episodes. The H.R. Pufnstuf feature film, the brothers' other television work, and their short-lived indoor theme park are also detailed.
