This work examines novels from Caribbean, North American, and European literatures of the second half of the twentieth century, both Anglophone and in translation, with focus on the chronotopes of slavery, colonialism, the Holocaust, and war. Historical traumata have found their reconstruction in literary works written by either traumatized or vicariously traumatized authors, such as Jean Rhys, Alejo Carpentier, Maryse Conde ?, Salman Rushdie, Gabriel Garcí ?a Ma ?rquez, Bernard Malamud, Joseph Skibell, Gu ?nter Grass, and Tim O'Brien. The traumatic imagination accounts for the relative prevalence of magical realist writing in postmodernist fiction. As a singular phenomenon of postmodern aporia, magical realist texts write the silence imposed by trauma, and convert it into history.--publisher.

The Science of Self-healing : a Practical Guide

One of the most important Italian poets of the last century, Vittorio Sereni (1913-83) wrote with a historical awareness unlike that of any of his contemporaries. A poet of both personal and political responsibility, his work sensitively explores life under fascism, military defeat and imprisonment, and the resurgence of extreme right-wing politics, as well as the roles played by love and friendship in the survival of humanity. The first substantial translation of Sereni's oeuvre published anywhere in the world, The Selected Poetry and Prose of Vittorio Sereni is a unique guide to this twentieth-century poet. A bilingual edition, reissued in paperback for the poet's centenary, it collects Sereni's poems, criticism, and short fiction with a full chronology, commentary, bibliography, and learned introduction by British poet and scholar Peter Robinson. Move over, Junie B. Jones and Ivy & Bean! Here comes a lovably energetic little sister with a BIG personality—and an imagination to match! As the youngest in her family, Dory really wants attention, and more than anything she wants her brother and sister to play with her. But she's too much of a baby for them, so she's left to her own devices—including her wild imagination and untiring energy. Her siblings may roll their eyes at her childish games, but Dory has lots of things to do: outsmarting the monsters all over the house, moving into the closet, and exacting revenge on her sister's favorite doll. And when they really need her, daring Dory will prove her bravery, and finally get exactly what she has been looking for. With plenty of pictures bursting with charm and character, this hilarious book about an irresistible rascal is the new must-read for the chapter book set.

"Now fully updated and revised throughout, Pete Egoscue's breakthrough system for eliminating chronic pain without drugs, surgery, or expensive physical therapy. In Part 1, the book describes the very latest thinking on solar physics in (mostly non-mathematical) detail, incorporating the latest results from research concerning the structure and behaviour of the Sun. There is particular emphasis on the surface features visible from the Earth, and how these are the result of the extraordinary processes that are taking place within the Sun. In Part 2, the book details the techniques for observing and imaging the Sun with commercially-available equipment. The many recent advances in optical equipment now allow amateur astronomers to observe phenomena that until recently could only be seen with the extremely expensive equipment available at universities and research observatories - notably H-alpha and Calcium-K telescopes. This is a completely up-to-date solar observing book, while providing the science background necessary for an understanding of the observations with the latest equipment. It also features the most complete solar observing and imaging guide available.

Sauca, purificazione e "pulizia", è il primo niyama degli Yogasutra di Patanjali, un fattore ineliminabile del percorso yogico. Il lavoro riporta alcuni significativi stralci dai testi della Tradizione e dai Maestri, fino al protocollo AYUSH del Ministero indiano. Il processo di purificazione riguarda tutti e cinque i Kosha, involucri o guaine. Nel testo sono approfonditi alcuni aspetti di Sauca rispetto al Pranayama, la tecnica che permette di far circolare liberamente il Prana o energia universale, e alla relazione tra Yoga e Ayurveda, "la scienza della vita o della longevità" che offre degli strumenti concreti per attuare pulizia e purificazione. Il lavoro include la descrizione dei 6 shat karman, la pratica di Shank Prankshlana o purificazione dell'intestino, la pratica di Kapalabhata (pulizia del cranio), che attraverso il respiro raggiunge l'obiettivo di purificare la mente.

Core Awareness, Revised Edition: Enhancing Yoga, Pilates, Exercise, and Dance offers a guide to Core Awareness, a body-oriented approach that explores the practice of bringing focus and attention to inner sensation as the means of cultivating an innate capacity for expressive movement. Developed by somatic educator and author Liz Koch, the book's Core Awareness movements, stretches, and mindfulness explorations are designed to enhance sensory development and shift readers from the standard paradigm of the body as an "isolated object" to a holistic paradigm of the human being as part of a living process of dynamic expression. This shift in perspective offers practitioners and teachers of movement, yoga, pilates, bodywork, exercise, and dance an empowering model for self-healing and the key to increasing strength, gaining flexibility, preventing injury, and improving resiliency. Describing the practice of moving from one's core, Koch highlights the importance of engaging the psoas muscle—located on either side of the spine—to integrate the body, mind, emotion, and spirit. Koch also discusses the pelvis as the foundation of our physical core and the vital connection with our bones to gain a sense of support, nourishment, joint integrity, skeletal balance, and healthy muscle tone. Rewritten with updated information, this revised edition includes 247 new photos and 25 new Core Awareness explorations—with 64 in total. A suggested reading list at the end of the book provides resources for continuing the development of the ideas presented within the book. From the Trade Paperback edition.

Praise For Zero Limits "This riveting book can awaken humanity. It reveals the simple power of four phrases to transform your life. It's all based in love by an author spreading love. You should get ten copies of it----one for you and nine to give away. It's that good." ---- Debbie Ford, New York Times bestselling author of The Dark Side of the Light Chasers "I love this book! I feel it will be the definitive personal-change/self-help book for at least a generation and viewed as a watershed event by historians. There is real potential for this book to start a movement that will end war, poverty, and the environmental devastation of our beloved planet." ---- Marc Gitterle, MD, www.CardioSecret.com "This book is like a stick of dynamite, and the moment you start reading, the fuse is lit. It blows away all the complex and confusing success paradigms of the past and reveals a refreshing and clear path to transform your life with just one simple step. As you explore Zero Limits with Vitale, be prepared for a journey that is both challenging and inspiring beyond anything you've imagined." ---- Craig Perrine, www.MaverickMarketer.com "There are more than 6 billion different manifestations of human existence on the planet?and only one of us here. In Zero Limits, Vitale has captured the truth that all great spiritual, scientific, and psychological principles teach at the most fundamental level. Boil it all down to the basics and the keys are quite simple---- the answer to all life's challenges is profound love and gratitude. Read this book; it's a reminder of the truth and ability you already possess." ---- James Arthur Ray, philosopher and bestselling author of Practical Spirituality and The Science of Success "Wow! This is the best and most important book Vitale has ever written!" ---- Cindy Cashman, www.FirstSpaceWedding.com "I couldn't put it down. This book elegantly sketches what I've learned and learned about in twenty-one years of personal study, and then it takes it to the next level. If you're looking for true peace along with 'the good stuff,' then this book is for you." ---- David Garfinkel, author of Advertising Headlines That Make You Rich "Zero Limits is Vitale's adventure into the most mind-altering reading experience of your life." ---- Joseph Sugarman, President, BluBlocker Sunglasses, Inc.

A new, revised edition of the first book for students and practitioners which explains how to do TCM style acupuncture. This book explains in depth how to do a complex, individualized TCM pattern discrimination, how to arrange and make sense of a welter of confusing signs and symptoms, and how to think using TCM terms and statement of fact. Western students and beginning practitioners will find this book an invaluable aid in honing their ability to understand and use TCM. Although specifically about acupuncture, the method presented in this book can be used to erect a TCM treatment plan using any Chinese

modality Chinese herbs, Chinese dietary therapy, tui na or Chinese massage, or qi gong, Chinese energy exercises. Included in this book are the functions of the main points of acupuncture and the functions of the main two and three point combinations.

In Yoga: The Science of the Soul, one of the greatest spiritual teachers of the twentieth century presents the history and philosophy of this timeless health practice. Much of what is known as yoga today emphasizes physical postures and exercises to increase flexibility and help relaxation. But in fact, yoga has its roots in centuries of rigorous investigation and research in the East to develop an understanding of human consciousness and its potential. In Yoga, Osho explains the meaning of some of the most important Yoga Sutras of Patanjali, an early “scientist of the soul” who is credited with being the father of Raja Yoga, or the “royal path” of yoga that uses physical postures and breath primarily as a means to achieve higher states of consciousness. With a fresh translation of these ancient texts, and unique Osho insights into the modern mind and its psychology, Patanjali comes to life on the pages with an approach to using yoga for greaterself-understanding that is absolutely relevant to our times. An invaluable resource for beginning or experienced yoga practitioners, and for anyone who seeks to better understand the intricate and powerful relationshipthat exists between body and mind. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages invirtually every country of the world.

Dear Friend,Are you struggling to get pregnant? Are you frustrated, or feeling angry for not being able to conceive despite all your efforts?If you answered yes, then let me tell you that I know exactly how you feel, because I personally had gone through the same experience years ago.I have battled with my so called infertility for more than a decade until I have finally found a cure, got pregnant twice and now am a proud mother of two beautiful healthy children.You’re about to discover what might be the most powerful Infertility cure system ever developed. It’s the same system thousands of women, just like you, used to permanently reverse their infertility, get pregnant quickly and give birth to healthy children.My name is Lisa Olson and over the past 14 years, through a long process of trial, error and experimentation, I have developed a sure-fire, 100% guaranteed, clinically researched system that is backed by 65,000+ hours of alternative medicine expertise with holistic and Chinese medicine research for getting pregnant quickly and naturally. This is a very rare, highly unique and potently powerful Infertility healing system, which very few women even know exists...If you would like to learn how to reverse infertility and get pregnant quickly and safely... without drugs, without risky surgery, without any typical Infertility treatments, and without any side effects, then this will be the most important letter you will ever read. I guarantee it and I’ve got the results to prove it!

Dien Chan - Vietnamese facial multi-reflexology '' is a method born in 1980 in Ho Chi Minh city (Viet Nam), thanks to the studies and experiments of prof. Bui Quoc Chau and his collaborators. It is a method that allows people to recover or maintain good health without resorting to the use of medicines, scalpels and needles but simply by massaging, pressing, tapping or heating certain points on the face, or parts of the body, which reflect the organs or areas of dysFunction. It is a natural therapy that aims to restore the energy balance of the body, stimulating a response from the latter, through reflex points. - It's simple - It's effective - It's cheap - It can also be done with fingers or knuckles - It can be done anytime and anywhere You can check the effectiveness of this technique through the different kinds of massage shown in this booklet, precisely in situations of acute discomfort.

’ Sometimes called coining, spooning or scraping, Gua sha is defined as instrument-assisted unidirectional press-stroking of a lubricated area of the body surface that intentionally creates ‘ transitory therapeutic petechiae ’ representing extravasation of blood in the subcutis. ’ Gua sha has been used for centuries in Asia, in Asian immigrant communities and by acupuncturists and practitioners of traditional East Asian medicine worldwide. With the expansion of traditional East Asian medicine, Gua sha has been used over broad geographic areas and by millions of people. It is valuable in the treatment of pain and for functional problems with impaired movement, the prevention and treatment of acute infectious illness, upper respiratory and digestive problems, and many acute or chronic disorders. Research has demonstrated Gua sha radically increases surface microperfusion that stimulates immune and anti-inflammatory responses that persist for days after treatment. The second edition expands on the history of Gua sha and similar techniques used in early Western Medicine, detailing traditional theory, purpose and application and illuminated by science that focuses its relevance to modern clinical practice as well as scholarly inquiry. This book brings the technique alive for practitioners, with clear discussion of how to do it – including correct technique, appropriate application, individualization of treatment – and when to use it, with over 50 case examples, and superb color photographs and line drawings that demonstrate the technique. NEW TO THIS EDITION • New chapter on immediate and significant Tongue changes as a direct result of Gua sha • Research and biomechanisms • Literature review from Chinese language as well as English language medical journal database • New case studies • Over 30 color photographs
