

## Londons Hidden Walks Volume 1

***A captivating literary portrait of the writers who explore the city at night, and the people they met. "Cities, like cats, will reveal themselves at night," wrote the poet Rupert Brooke. Before the age of electricity, the nighttime city was a very different place to the one we know today - home to the lost, the vagrant and the noctambulant. Matthew Beaumont recounts an alternative history of London by focusing on those of its denizens who surface on the streets when the sun's down. If nightwalking is a matter of "going astray" in the streets of the metropolis after dark, then nightwalkers represent some of the most suggestive and revealing guides to the neglected and forgotten aspects of the city. In this brilliant work of literary investigation, Beaumont shines a light on the shadowy perambulations of poets, novelists and thinkers: Chaucer and Shakespeare; William Blake and his ecstatic peregrinations and the feverish ramblings of opium addict Thomas De Quincey; and, among the lamp-lit literary throng, the supreme nightwalker Charles Dickens. We discover how the nocturnal city has inspired some and served as a balm or narcotic to others. In each case, the city is revealed as a place divided between work and pleasure, the affluent and the indigent, where the entitled and the desperate jostle in the streets. With a foreword and afterword by Will Self, Nightwalking is a captivating literary portrait of the writers who explore the city at night and the people they meet.***

***Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.***

***An entertaining, revealing and beautifully illustrated walking guide to London's horrific history, Bloody London features walks that take in everything from Jack the Ripper's haunts, to the 'Route of the Damned' from Newgate Prison to Tyburn, to Gangland London, to the plague outbreak hotspots and burial pits, to the key places involved in the Great Fire of London, plus many many more iconic and delightfully gruesome moments in London's history. Each walk is beautifully illustrated with a map and gorgeous illustrations, and the book is perfectly pocket-sized so you can easily take it around with you as you go. David Fathers is the king of London walking guides, and Bloody London will delight both those who live in London and those visiting who are looking for a walking guide that's a little bit different.***

***What is a Victorian lady's formula for love? Mix one brilliant noblewoman and her enigmatic protection officer. Add in a measure of danger and attraction. Heat over the warmth of humor and friendship, and the result is more than simple chemistry--it's elemental. Lady Violet is keeping secrets. First, she founded a clandestine sanctuary for England's most brilliant female scientists. Second, she is using her genius on a confidential mission for the Crown. But the biggest secret of all? Her feelings for protection officer Arthur Kneland. Solitary and reserved, Arthur learned the hard way to put duty first. But the more time he spends in the company of Violet and the eccentric club members, the more his best intentions go up in flames. Literally. When a shadowy threat infiltrates Violet's laboratories, endangering her life and her work, scientist and bodyguard will find all their theories put to the test--and learn that the most important discoveries are those of the heart.***

London Walks is the award-winning original walking tour company. Written by the expert and knowledgeable guides who lead the walks, London Stories is the perfect way to discover the rich history of London and its hidden gems, including: Sinister London - haunted London and Jack the Ripper. Literary London - from Shakespeare to Dickens. Public Houses - the old pubs of Soho. Mystery and Secrets - the city's hidden past. A Tale of Two Cities - Westminster and the Square Mile. Perfect for tourists who want to experience London life beyond Trafalgar Square as well as for Londoners keen to step off the Circle Line and discover the secrets on their own doorstep, London Stories offers a fascinating glimpse into the capital's rich history. With photos, maps and illustrations to bring the stories to life, London Stories is for those who love London, written by those who know it best.

The New York Times Book Review Editor's Choice The flâneur is the quintessentially masculine figure of privilege and leisure who strides the capitals of the world with abandon. But it is the flâneuse who captures the imagination of the cultural critic Lauren Elkin. In her wonderfully gender-bending new book, the flâneuse is a "determined, resourceful individual keenly attuned to the creative potential of the city and the liberating possibilities of a good walk." Virginia Woolf called it "street haunting"; Holly Golightly epitomized it in Breakfast at Tiffany's; and Patti Smith did it in her own inimitable style in 1970s New York. Part cultural meander, part memoir, Flâneuse takes us on a distinctly cosmopolitan jaunt that begins in New York, where Elkin grew up, and transports us to Paris via Venice, Tokyo, and London, all cities in

which she's lived. We are shown the paths beaten by such flâneuses as the cross-dressing nineteenth-century novelist George Sand, the Parisian artist Sophie Calle, the wartime correspondent Martha Gellhorn, and the writer Jean Rhys. With tenacity and insight, Elkin creates a mosaic of what urban settings have meant to women, charting through literature, art, history, and film the sometimes exhilarating, sometimes fraught relationship that women have with the metropolis. Called "deliciously spiky and seditious" by The Guardian, *Flâneuse* will inspire you to light out for the great cities yourself.

Join John Rogers as he ventures out into an uncharted London like a redbrick Indiana Jones in search of the lost meaning of our metropolitan existence. Nursing two reluctant knees and a can of Stella, he perambulates through the seasons seeking adventure in our city's remote and forgotten reaches.

A brilliant voyage of discovery into the deeply unfashionable fringes of London. 'It isn't often that one reads a book and is convinced that it's an instant classic, but I'm sure that LONDON ORBITAL will be read 50 years from now. This account of his walk around the M25 is on one level a journey into the heart of darkness, that terrain of golf courses, retail parks and industrial estates which is Blair's Britain. It's a fascinating snapshot of who we are, lit by Sinclair's vivid prose, and on another level a warning that the mythological England of village greens and cycling aunts has been buried under the rush of a million radial tyres' J. G. Ballard, Observer

Baby Touch: Little Library

Nicomachean Ethics

A Lady's Formula for Love

London Adventure Walks for Families

Charles Dickens and London are inextricably linked. The world-famous English writer lived in London for much of his life and is buried in Westminster Abbey. And it was London and its inhabitants that provided Dickens with the inspiration for so many of his works. Walking Dickensian London allows you to visit the locations mentioned in his works and to see the development of Victorian London. Additional routes offer an escape to Cobham or Rochester for a longer country stroll and to discover more about the places where Dickens spent his happy early childhood and retired in his final years. This walk takes you through an area used as the setting for one or more of Dickens's novels, from the peaceful, cobblestoned, and lamp-lit Inns of Court featured in *Great Expectations* to the slums of Holborn portrayed in *Oliver Twist*. Along the way, you will see the homes of the Victorian great and good, as well as those of the lowlier characters, who made a lasting impression on Dickens in both his personal and professional life. There is also an opportunity to sample authentic fare at the public houses that Dickens frequented. Together with 19th-century engravings and pertinent excerpts from Dickens's works, Richard Jones takes you back in time to the once crowded Docklands, where the river thronged with clippers trading goods from around the world, and the elite of Holland Park with their garden parties and literary dinners. Illustrated with atmospheric color photographs, which capture the pockets of Dickensian London still evident today, *Walking Dickensian London* is the perfect companion to discovering the London that Dickens knew so well. ... Publish description.

Explore the boulevards and bistros of the City of Light with fifty walking tours highlighting both major landmarks and lesser-known gems. Paris is a perfect city to explore à pied, and this ebook is designed for just that. On each page you'll find an illustrated map and, along with it, insider info on where to eat, drink, stop, and shop. With these fifty self-guided walking adventures you can explore historic sites, from the Arc de Triomphe to the Musée du Louvre, as well as uncover lesser-known gems, from open-air markets and intimate cafes to small museums with world-class art. Choose any path and Paris is yours for the taking.

London Adventure Walks for Families offers 25 carefully devised, imaginative explorations of the city from its center to its suburbs, all accessible by public transport and specifically designed to appeal to the mindset of children. These intriguing explorations of the historic (Tudor London/Fire of London/Florence Nightingale), literary (Coraline, Dickens, Shakespeare, 101 Dalmatians, Paddington Bear) and famous sights of the capital draw children in and keep them actively involved and enthralled. For the parents, there is all the add-on information that families need, such as facilities, opening times, shops, food, transport, places for a sit-down, places for a run-around, I-spy lists, and other game ideas. Highly creative in its content and design, the format tempts children and adults as well as London natives and tourists alike. Packed with tantalizing facts and unusual places, the book draws on the urban culture as much as the countryside within the city, revealing secret facts, hidden places, and little explored treasures of London.

From open sunny squares to winding alleyways and quiet hidden corners, 13 off-the-beaten-path walks, rich in historical detail. People love walking the streets of London, but there are always more questions than answers after a stroll through the city. This book is packed with interesting details about London's history, offering both personal tales of those who have wandered the same streets in former years and a more general social and economic history of the different areas covered. Following any of the 13 walks will allow London visitors to walk in the footsteps of authors and statesmen, murderers and revolutionaries. Detailed maps illustrate the route and locations of buildings and points of interest.

Edinburgh's Hidden Walks

**'The perfect guide to the hidden history of London's streets.' BBC History Magazine In Cruickshank's London, Britain's favourite architectural historian describes thirteen walks through one of the greatest cities on earth. From the mysterious Anglo-Saxon origins of Hampstead Heath, via Christopher Wren's magisterial City churches, to the industrial bustle of Victorian Bermondsey, each walk explores a crucial moment in our history - and reveals how it helped forge the modern city. Along the way, Cruickshank peppers the book with vivid photographs, sketches and maps, so you can immediately follow in his footsteps. Every street in London contains a**

story. This book invites you to hear them. \_\_\_ 'An inspiringly illustrated guide to walks across London . . . It proves how much we can miss if we don't pay close attention to our surroundings.' Country Life 'All power to Cruickshank and his intrepid and knowledgeable kind. We need them.' Times Literary Supplement

Now a Starz® Original Series "Utterly convincing and engrossing---totally thought-through and frequently hilarious....Even this aging, jaded, attention-deficit-disordered critic was blown away." --Lev Grossman, Time Myfanwy Thomas awakens in a London park surrounded by dead bodies. With her memory gone, she must trust the instructions left by her former in order to survive. She quickly learns that she is a Rook, a high-level operative in a secret agency that protects the world from supernatural threats. But there is a mole inside the organization, and this person wants her dead. Battling to save herself, Myfanwy will encounter a person with four bodies, a woman who can enter her dreams, children transformed into deadly fighters, and terrifyingly vast conspiracy. Suspenseful and hilarious, THE ROOK is an outrageously imaginative thriller for readers who like their espionage with a dollop of purple slime. Follow the four walks in this book to discover things about the Tottenham you thought you knew, including important history, architectural surprises and incredible people, that shaped Tottenham then and now. With simplified maps and colour photographs to guide you, explore Tottenham's many green spaces, changing streets and some of the great places to eat and drink along the way. Walks cover: 1. Parks and Marshes: A pretty walk which takes you to Markfield Park's beam engine and the urban garden of the Lea Valley. 2. Hidden Tottenham: From Northumberland Park to Bruce Grove, a short walk for those curious about the history of the High Road. 3. Bruce Grove to Seven Sisters: A walk through the beautiful village-esque Bruce Castle area to the Broadwater farm estate, with stops along Tottenham's historical High Rd and Bruce Grove. 4. Seven Sisters to St. Ann's: A short stroll exploring some of the main historical sites of Tottenham High Road and the residential West Green area.

A classic novel of adventure, drawn from London's own experiences as a Klondike adventurer, relating the story of a heroic dog caught in the brutal life of the Alaska Gold Rush. Note.

New York Offbeat Walks is a pocket-size guide containing 13 walks covering Manhattan. It is not a guide to the mainstream, but the quirkier side of Manhattan, for jaded residents who want to rediscover their city and explore areas they often overlook. Each walk will cover lesser-known architectural, historical, and cultural highlights and everything in between: from movie locations to hidden rivers; where Warhol and the Beats hung out to where Billie Holliday lived, and Mafia hits carried out. It explores the relics of Dutch and British rule, where Sid killed Nancy and Bowie made his home. You will be led to community gardens, learn why parks got their name, and the curious stories behind obscure statutes. Accompanied by full-color photographs and maps, the walks will take readers in the footsteps of celebrities, pioneering women, poets, rock stars, murders, anarchists, and the people who helped shape this great city.

This beautiful collection of images will take you past London's famous landmarks, and into the pretty hidden gems beyond. From secluded mews to undiscovered cafes, flower markets and tree-lined streets, prettycitylondon champions the quiet, gentle moments that allow you to escape in a huge capital city like London. If you know where to look, you will find that traditional shop fronts, vintage transport, artisan bakeries, florists and bookstores are but a hop skip and a jump from the centre, and some right bang in the middle. Curated by founder and editor of Instagram's @prettycitylondon, this stunning guide also includes tips on how to photograph and plan your own prettycitylondon experience, whether on foot or from afar.

Guaranteed to breathe life into even the most jaded walker, these are glorious walks through the scenic countryside near London. Time Out Country Walks, Volume 2 contains easy-to-use, detailed maps and photos to keep travelers on the right path. There are options for shortening or varying the walks, and recommendations for pubs and cafés are also included.

Walking is an essentially human activity. From a basic means of transport and opportunity for leisure through to being a religious act, walking has served as a significant philosophical, literary and historical subject.

Thoreau's 1851 lecture on Walking or the Romantic walks of the Wordsworths at Grasmere in the early 19th Century, for example, helped create a philosophical foundation for the importance of the act of walking as an act of engagement with nature. Similarly, and sometimes inseparable from secular appreciation, pilgrimage trails provide opportunities for finding self and others in the travails of the walk. More recently, walking has been embraced as a means of encouraging greater health and well-being, community improvement and more sustainable means of travel. Yet despite the significance of the subject of walking there is as yet no integrated treatment of the subject in the social science literature. This handbook therefore brings together a number of the main themes on the study of walking from different disciplines and literatures into a single volume that can be accessed from across the social sciences. It is divided into five main sections: culture, society and historical context; social practices, perceptions and behaviours; hiking trails and pilgrimage routes; health, well-being and psychology; and method, planning and design. Each of these highlights current approaches and major themes in research on walking in a range of different environments. This handbook carves out a unique niche in the study of walking. The international and cross-disciplinary nature of the contributions of the book are expected to be of interest to numerous academic fields in the social and health sciences, as well as to urban and regional planners and those in charge of the management of outdoor recreation and tourism globally.

London Labour and the London Poor  
Discovering the Forgotten Underground  
25 Walks by London Writers  
Walking Dickensian London

*"A walking guide with a difference, taking you off the beaten tourist track to discover London's hidden and lesser-known (but no less fascinating) sights. Step beyond the chaos, clichés and queues of London's tourist-clogged attractions and explore its secretive, enigmatic side. Discover the city's hidden ancient buildings, secret gardens, beautiful and poignant sculptures and monuments, bizarre street art and trivia, ancient pubs, historic shops and much, much more. Contains 25 walks from Putney to Spitalfields, Paddington to Borough, Kensington to Clerkenwell, taking in most of central London."--Publisher's description.*

*Travel under the streets of London with this lavishly illustrated exploration of abandoned, modified, and reused Underground tunnels, stations, and architecture.*

*No city in the world has such a rich diversity of beautiful green spaces as London, which provide a wealth of opportunities to exercise and commune with nature year round. Whether you're a nature lover, amateur horticulturist or an enthusiastic walker, or all three - or just seeking a bit of peace and quiet away from the stresses of life - you'll find our 20 green walks immensely rewarding.*

*A second volume featuring 13 further walks for visitors to London, all off the beaten path, and rich in historical detail. People love walking the streets of London, but there are always more questions than answers after a stroll through the city. This book is packed with interesting details about London's history, offering both personal tales of those that wandered the same streets in former years and a more general social and economic history of the different areas covered. Following any of the 13 walks will allow London visitors to walk in the footsteps of authors and statesmen, murderers and revolutionaries. *London Walks: London Stories*

*\* Fully illustrated with more than 250 color photographs and 33 maps\* Part of the international 111 Places/111 Shops series with over 150 titles and 1 million copies in print worldwide Experience the less explored nooks and pockets of Britain's capital through the eyes of a passionate local. With its labyrinth of characterful streets and alleys, charming squares, open green spaces, monuments and museums, public artworks, bustling markets, and tempting boutiques and restaurants, London is a walker's paradise. Whether you're a first time visitor or longtime local, the city offers endless surprises - fascinating sights and stories, both ancient and modern, hidden in plain view. London insider and native Nicola Perry leads you away from the famed attractions on 33 strolls through the city's most interesting enclaves, sharing entertaining insights, historical anecdotes, and engaging tips at every cobblestoned turn. Each walk burrows its way into the heart of a neighborhood, crafting and curating a path that reveals its individual essence and personality.*

*From the sources of the Fleet in Hampstead's ponds to the mouth of the Effra in Vauxhall, via the meander of the Westbourne through 'Knight's Bridge' and the Tyburn's curve along Marylebone Lane, London's Lost Rivers unearths the hidden waterways that flow beneath the streets of the capital. Paul Talling investigates how these rivers shaped the city - forming borough boundaries and transport networks, fashionable spas and stagnant slums - and how they all eventually gave way to railways, roads and sewers. Armed with his camera, he traces their routes and reveals their often overlooked remains: riverside pubs on the Old Kent Road, healing wells in King's Cross, 'stink pipes' in Hammersmith and gurgling gutters on streets across the city. Packed with maps and over 100 colour photographs, London's Lost Rivers uncovers the watery history of the city's most famous sights, bringing to life the very different London that lies beneath our feet.*

*London is a great city for walking, whether for pleasure, exercise or simply to get from A to B. Despite the city's extensive transport system, walking is also often the quickest way to get around - at least in the centre - and it's also free and healthy! London has grown organically over 2,000 years rather than being planned logically like some modern cities (such as New York). As a result many attractions are off the beaten track, away from the major thoroughfares and public transport hubs. This favours walking as the best way to explore the city, which contains a wealth of interesting sights in every 'nook and cranny'.*

*Walking London is the essential companion for any urban explorer—visitor or native—committed to discovering the true heart of one of the world's greatest capital cities. In 30 original walks, distinguished historian Andrew Duncan reveals miles of London's endlessly surprising landscape. From wild heathland to formal gardens, cobbled mews to elegant squares and arcades, bustling markets to tranquil villages—Duncan reveals the pick of the famous sights, but also steers walkers off the tourist track and into the city's hidden corners. Handsomely illustrated with specially commissioned color photographs and complete route maps, the book provides full details of addresses, opening times and the best bars and restaurants to visit en route.*

*Celebrates the city's church heritage with a guide to its structures, providing a description, history, date of construction, location, and operating hours for each building.*

*A series of walks along the routes of eight lost rivers in London, with richly detailed anecdotes outlining the history of each river's route,*

*origins and decline. When we think of London's river, the vast thoroughfare of the Thames immediately springs to mind. But this ancient city was built around other rivers too – and traces of these still remain, for those who know where to look. London's Lost Rivers takes the reader on a series of walks along the routes of eight lost rivers, combining directions for walkers with richly detailed anecdotes outlining the history of each river's route, origins and decline. Tom Bolton reveals a secret network that spreads across the city, from picturesque Hampstead in the North to the hidden suburbs of South London, and runs beneath some of London's most iconic and historic sites. These London pasts are brought to vivid life, populated by characters both famous and infamous, including politicians, forgers, actors, architects, athletes, monarchs and murderers. Evocative, witty and engaging, London's Lost Rivers invites both visitors to the city and lifelong Londoners to explore another side of London and its rich history, whether on foot or in the imagination.*

*The radical response to conservative heritage tours and banal day-tripper guides, Rebel Footprints brings to life the history of social movements in the capital. Transporting readers from well-known landmarks to history-making hidden corners, David Rosenberg tells the story of protest and struggle in London from the early nineteenth to the mid-twentieth century. From the suffragettes to the socialists, from the Chartists to the trade unionists, the book invites us to step into the footprints of a diverse cast of dedicated fighters for social justice. Self-directed walks pair with narratives that seamlessly blend history, politics and geography, and beautifully illustrated maps immerse the reader in the story of the city. Whether you are visiting it for the first time, or born and raised in it, Rosenberg invites you to see London as you never have before: the nation's capital as its radical centre.*
