Back in a new printing is this original vision of a forest filled with cute horny winged little fairies in tight fetish leather outfits. In Kondom's fairy-world, when a fairy turns 100 years old they become keepers and caretakers of the forest and all the little critters who live in the woods. While searching for a missing Stag Beetle, Pfil comes across an isolated house with three evil fairies who drug, bind and take her prisoner for their own sexual purposes. Where is Pamila and how does Pfil get out of this one?

"Because we are sick they take away our liberty. We have obeyed the law. We have done no wrong. And yet they would put us in prison. Molokai is a prison. That you know. Niuli, there, his sister was sent to Molokai seven years ago. He has not seen her since. Nor will he ever see her. She must stay there until she dies. This is not her will. It is not Niuli's will. It is the will of the white men who rule the land. And who are these white men?"

"This alphabetically arranged dictionary of artists known to have produced works depicting sexual imagery profiles the artists from ancient times to the present. Each entry offers biographical information, including the artist's name and any variants, birth and death dates, geographic focus, a description of the artist's media, training and the nature of their artistic output"--Provided by publisher.

*That I want to spend some time with you, but I don't want it to be an exclusive thing. We both need to see other people Robert is happily married to Rebecca for eleven years - he considers it the best years of his life and he's pretty convinced that the marriage is rock solid. But something's telling him something's not right. He accidentally overhears disturbing remarks from his colleagues at work involving Rebecca. Add to that, Rebecca's responses to him when he asks about her card nights are darkly suspicious. A phone call to one of Rebecca's friends and card night buddy reveals that his wife has been lying all along for three months. Robert embarks on a plan to confirm his suspicions and what he sees one night while spying at his house just bares it all. Now, it's time to get even - not only with Rebecca but also with his degenerate colleagues. What you're about to find out next are beautifully crafted pieces of pure revenge... SAMPLE 1: I sat there watching and five minutes later Charlie pulled up and got out of his car with a woman who wasn't his wife. Next came Mel and his lovely wife Judy followed by another two couples I didn't recognize. The next arrival was the one I hoped I wouldn't see. Phil pulled up, parked and went into the house. Two more couples showed up and they appeared to be the last. By the time the last couples had shown, it was starting to get dark out. I waited another thirty minutes and then I got out of the rental and approached the house. I hoped that there weren't any nosey neighbors looking out their windows as I made my way around the house that everyone had entered. I finally found a window where the blinds had a gap in them and I peeked in and saw a sight I had never seen before. It was a full-blown orgy. SAMPLE 2: My eighteenth birthday was on the twenty-ninth of October and my parents surprised me by giving me a car for a birthday present. That freed me up to date more often and having a car made me a little more appealing to some of the girls and I started getting more dates. It wasn't until my fourth date with Pauline French that life got interesting. The first two were nothing out of the ordinary. I did get kissed goodnight and on the third we made out hot and heavy and I was definitely hoping for more. The fourth we went to the Burger Barn for burgers and fries and then went and played miniature golf. We had just finished the last hole and I asked Pauline what she would like to do next. She looked me right in the eye and asked: "Do you eat pussy, Rob?"*

*Lightweight Electric/Hybrid Vehicle Design, covers the particular automotive design approach required for hybrid/electrical drive vehicles. There is currently huge investment world-wide in electric vehicle propulsion, driven by concern for pollution control and depleting oil resources. The radically different design demands of these new vehicles requires a completely new approach that is covered comprehensively in this book. The book explores the rather dramatic departures in structural configuration necessary for purpose-designed electric vehicle including weight removal in the mechanical systems. It also provides a comprehensive review of the design process in the electric hybrid drive and energy storage systems. Ideal for automotive engineering students and professionals Lightweight Electric/Hybrid Vehicle Design provides a complete introduction to this important new sector of the industry. comprehensive coverage of all design aspects of electric/hybrid cars in a single volume packed with case studies and applications in-depth treatment written in a text book style (rather than a theoretical specialist text style)*

*"Kiss me, my love, and go if you must. Shall I see you tomorrow? There!" she cried as with a curse, "I've given myself away: I can't help it; oh, how I want*

*you always: how I shall long for you and count the dull dreary hours! Go, go or I'll never let you-" and she kissed and clung to me to the door. "Sweet-tomorrow!" I said, and tore off. Of course it is manifest that my liaison with Mrs. Mayhew had little or nothing to do with love. It was demoniac youthful sex-urge in me and much the same hunger in her, and as soon as the desire was satisfied my judgment of her was as impartial, cool as if she had always been indifferent to me. But with her I think there was a certain attachment and considerable tenderness. In intimate relations between the sexes it is rare indeed that the man gives as much to love as the woman. Frank Harris is one of America's literary luminaries, and whether you consider him a Walter Mittyesque fantasist or a man who wrote just as he lived, there is no doubt that he had a very extraordinary life indeed. In his four volume work My Life and Loves he recounts with unrestrained abandon how he went from English School border to deck hand, to rancher, and then from student to Lawyer. And at every turn of his life how he falls head over heels in lust with a bevy of naive but eager beauties. Whether it be the wife of his employer, or the daughter of another, young or old, black or white, Frank does not discriminate when it comes to enjoying the many fruits of his labors. Lilly, Rose, Mrs. Mayhew and Sophy are about to get a very thorough education from a very keen and knowledgeable young man of the world. Mixing historical fact with a sprinkling of artistic license, Frank Harris paints a romantic picture of the late nineteenth century booming USA, where ambition knew no limits and money could buy anyone and anything. Between rubbing shoulders with figures such as Walt Whitman, and witnessing the Great Fire of Chicago, Frank regales use in the lewdest of couplings in a wonderfully graphic prose that bounds along at the insatiable pace of its protagonist and author. Locus Elm Press is proud to present this first volume, considerately presented and carefully edited for your reading pleasure. Volumes II, III, and IV, also available.*

Joe Sacco is renowned for his non-fiction books of comics journalism like Palestine, Safe Area Gorazde and Footnotes in Gaza. Now in Bumf he returns to his early days as a satirist and underground cartoonist. In the vein of the old underground comix like ZAP or Weirdo, Bumf will be puerile, disgusting, and beyond redemption. It will go where it wants to go, and do what it wants to do. It will also be very funny.

Both volumes of the WWII aerial combat classic now in one complete softcover edition! A WAR IS A DIFFICULT THING TO KILL The Second World War is almost over, but no one seems to have told the Germans - as Royal Air Force pilot Jamie McKenzie finds out when he's assigned to deadly shipping strikes along the enemy coast. Flying the Mosquito fighter-bomber against heavily armed targets is dangerous enough at the best of times, but after incurring the wrath of his vengeful commanding officer, Jamie is assigned the most unpopular navigator in the unit- not to mention the least reliable aircraft. Worse still, the commander's sights are firmly set on Jamie's beautiful young wife, Beth. Writer Garth Ennis (Preacher, The Boys) and artist Keith Burns (War Stories) re-unite after the success of their series Johnny Red, presenting another tale of World War Two aerial combat - featuring skies black with flak and enemy fighters, nail-biting low-level action, and the dark humor of men whose lives can be snatched away at any second... Out of the Blue.

Not quite pastiche, certainly not parody, LITTLE EGO appropriates the look and feel of Winsor McCay's transcendent masterpiece, LITTLE NEMO IN SLUMBERLAND. Like McCay, Giardino uses the dream formula to free the narrative from the logical strictures a cruelly earth bound reader might seek to impose. But that's not all; in a single, deft stroke, Giardino also shakes off any moral strictures as well. Who could object to Ego's erotic frolics- with men, women, the occasional reptile or household implement, or whatever is handiest - when it's all just a dream?
