This book reconsiders the relationship between race and nation in Argentina during the twentieth and twenty-first centuries and places Argentina firmly in dialog with the literature on race and nation in Latin America, from where it has long been excluded or marginalized for being a white, European exception in a mixed-race region. The contributors, based both in North America and Argentina, hail from the fields of history, anthropology, and literary and cultural studies. Their essays collectively destabilize widespread certainties about Argentina, showing that whiteness in that country has more in common with practices and ideologies of Mestizaje and 'racial democracy' elsewhere in the region than has typically been acknowledged. The essays also situate Argentina within the well-established literature on race, nation, and whiteness in world regions beyond Latin America (particularly, other European 'settler societies'). The collection thus contributes to rethinking race for other global contexts as well.

«You shall not kill, son, you shall not kill, because no man can be the same after taking another man's life.» Fernando, a young literary editor and the son of a persecuted Spanish Republican, decides to flee a Spain battered by the Civil War. His friends, Catalina and Eulogio, escaping their own circumstances, join him in the adventure. The three young friends live a great story of unwavering friendship and loyalty which takes them on a journey through Second World War Alexandria, occupied Paris, Lisbon, Prague, Boston and Chile. An ode to friendship Fernando, Catalina and Eulogio

have grown together in a Madrid neighborhood close to the Encarnación convent. The Spanish Civil War has just ended and the young trio try to recover from the impact it had on their lives and those of their families. Fernando lives with his mother, Isabel, awaiting his father's liberation -incarcerated because of his Republican ideals-, hoping for an absolution that never arrives. Catalina lives on the same street. Her family has come to ruins during the Civil War and in order to confront their debts, her father plans to marry her to a man she despises. Eulogio is the one whose war losses are greatest. His father died in combat and he himself returned from war a cripple after a heroic act which saved Marvin's life, a young American who arrived in Spain in 1936 to study literature, and when war broke, decided to stay and portray the pain of conflict in a celebrated poem anthology. The future's perspectives look grimmer each day for the three friends. They decide to unite their destinies and embark on a new life away from Madrid to save the little that they have left.

Demasiados autores consideran a Kindle como la meta final de sus libros. Exiled on a deserted island, a Christ-haunted journalist-turned-filmmaker attempts to persuade a married

women from his past to help him produce a science-fiction-themed pastiche to the 1960s French New Wave classic, "Last Year at Marienbad." Through this act of artistic creation, he expects to carry out the will of God by prophesizing the death of time and the birth of a new religion. If only he can make the woman remember him... "Marienbad My Love" is the world's longest novel, a multi-million-word, multiple-volume work meticulously assembled through calculation and chance from fragments of pre-existing texts both written and appropriated by Mark Leach over the course of 30 years - "the movie," as Leach calls it, "of all my labors and all my inspirations."

Prehistory is all around us. We just need to know where to look. Juan José Millás has always felt like he doesn't quite fit into human society. Sometimes he wonders if he is even a Homo sapiens at all, or something simpler. Perhaps he is a Neanderthal who somehow survived? So he turns to Juan Luis Arsuaga, one of the world's leading palaeontologists and a super-smart sapiens, to explain why we are the way we are and where we come from. Over the course of many months, the two visit different places, many of them common scenes of our daily lives, and others unique archaeological sites. Arsuaga tries to teach the Neanderthal how to think like a sapiens and, above all, that prehistory is not a thing of the past: that traces of humanity through the millennia can be found anywhere, from a cave or a landscape to a children's playground or a toy shop. Millás and Arsuaga invite you on a journey of wonder that unites scientific discovery with the greatest human invention of all: the art of storytelling.

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's Red, White & Royal Blue proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Ever since, Emily and Madison have tried to forget what happened that night--until an eerily similar murder brings it all back. It also brings FBI special agent Zander Wells to the Oregon logging town. As eager as he is to solve the brutal double slaying, he is just as intrigued with the mystery of Emily's and her sisters' past. When more blood is shed, Zander suspects there's a secret buried in this town no one wants unearthed. Is it something Emily and Madison don't know? Or aren't telling? And Tara? Maybe Emily can't bear to find her. Because when Tara disappeared, she took a secret of her own with her.*

NEW YORK TIMES BESTSELLER • From the author of *The House of the Spirits*, this epic novel spanning decades and crossing continents follows two young people as they flee the aftermath of the Spanish Civil War in search of a place to call home. “One of the most richly imagined portrayals of the Spanish Civil War to date, and one of the strongest and most affecting works in [Isabel Allende’s] long career.”—The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Esquire • Good Housekeeping • Parade In the late 1930s, civil war grips Spain. When General Franco and his Fascists succeed in overthrowing the government, hundreds of thousands are forced to flee in a treacherous journey over the mountains to the French border. Among them is Roser, a pregnant young widow, who finds her life intertwined with that of Victor Dalmau, an army doctor and the brother of her deceased love. In order to survive, the two must unite in a marriage neither of them desires. Together with two thousand other refugees, Roser and Victor embark on the SS Winnipeg, a ship chartered by the poet Pablo Neruda, to Chile: “the long petal of sea and wine and snow.” As unlikely partners, the couple embraces exile as the rest of Europe erupts in world war. Starting over on a new continent, they face trial after trial, but they will also find joy as they patiently await the day when they might go home. Through it all, their hope of returning to Spain keeps them going. Destined to witness the battle between freedom and repression as it plays out across the world, Roser and Victor will find that home might have been closer than they thought all along. A masterful work of historical fiction about hope, exile, and belonging, *A Long Petal of the Sea* shows Isabel Allende at the height of her powers. Praise for *A Long Petal of the Sea* “Both an intimate look at the relationship between one man and one woman and an epic story of love, war, family, and the search for home, this gorgeous novel,

like all the best novels, transports the reader to another time and place, and also sheds light on the way we live now.”—J. Courtney Sullivan, author of Saints for All Occasions “This is a novel not just for those of us who have been Allende fans for decades, but also for those who are brand-new to her work: What a joy it must be to come upon Allende for the first time. She knows that all stories are love stories, and the greatest love stories are told by time.”—Colum McCann, National Book Award-winning author of Let the Great World Spin

Discusses the obstacles women have had to overcome in order to become writers, and identifies the sexist rationalizations used to trivialize their contributions

Following the rise and fall of a great love, this intimate family novel is also a moving tribute to the generation that struggled to survive in Spain after the Civil War. In Open Heart, Elvira Lindo tells the story of her parents, which is the story of an excessive love, a passionate and unstable love story forged through constant anger and reconciliation, with an entire family’s mood dependent on it. Her father’s outsized personality, his caprices, his decisions mark the rhythms of a life characterized by drifting: after the wedding, Manuel’s job in the Dredging and Construction Company obliges him to change cities time after time, preventing him, his wife, and their children from settling down roots. Places pass by while their love disintegrates and their children grow up in a family history marked by her father’s character and the tragic illness and early death of her mother.

In the Depression-era Deep South, a destitute farmer struggles to raise a family on his own: The bestselling classic by the author of *Tobacco Road*. Single father and poor Southern farmer Ty Ty Walden has a plan to save his farm and his family: He will tear his fields apart until he finds gold. While Ty Ty obsesses over his fool's quest, his sons

and daughters search in vain for their own dreams of instant happiness—whether from money, violence, or sex. *God's Little Acre* is a classic dark comedy, a satire that lampoons a broken South while holding a light to the toll that poverty takes on the hopes and dreams of the poor themselves. This ebook features an illustrated biography of Erskine Caldwell including rare photos and never-before-seen documents courtesy of the Dartmouth College Library.

#1 New York Times Bestseller Oprah's Book Club Selection The “extraordinary . . . monumental masterpiece” (Booklist) that changed the course of Ken Follett's already phenomenal career—and begins where its prequel, *The Evening and the Morning*, ended. “Follett risks all and comes out a clear winner,” extolled *Publishers Weekly* on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

Pulitzer Prize-winning poet Anne Sexton morphs classic fairy tales into dark critiques of the cultural myths underpinning modern society Anne Sexton breathes new life into sixteen age-old Brothers Grimm fairy tales, reimagining them as poems infused with contemporary references, feminist ideals, and morbid humor. Grounded by nods to the ordinary—a witch's blood “began to boil up/like Coca-Cola” and Snow White's bodice is “as tight as an Ace bandage”—Sexton brings the stories out of the realm of the fantastical and into the everyday world. Stripping away their magical sheen, she exposes the flawed notions of family, gender, and morality within the stories that continue to pervade our collective psyche. Sexton is especially critical of what follows these tales' happily-ever-after endings, noting that Cinderella never has to face the mundane struggles of marriage and growing old, such as “diapers and dust,” “telling the same story twice,” or “getting a middle-aged spread,” and that after being awakened Sleeping Beauty would likely be plagued by insomnia, taking “knock-out drops” behind the prince's back. Deconstructed into vivid, visceral, and often highly amusing poems, these fairy tales reflect themes that have long fascinated Sexton—the claustrophobic anxiety of domestic life, the limited role of women in society, and a psychological strife more dangerous than any wicked witch or poisoned apple.
