

Loti

Pierre Loti and the Theatricality of Desire offers an original analysis of patterns of unconscious desire observable in the life and work of the French orientalist writer Pierre Loti. It aims to reconcile attitudes and conduct that have been regarded as contradictory and not amenable to analysis by locating the unconscious urges that motivate them. It looks at the ambiguous feelings Loti expresses towards his mother, the conflicting desires inherent in his bisexuality, and his deeply ambiguous sense of a cultural identity as expressed through his cross-cultural transvestism. The political implications of this reappraisal are also considered, offering a potential reassessment of the apparently exploitative nature of much of Loti's writing. This new reading in terms of the unconscious not only serves as a way of understanding inconsistencies, but also suggests how such new interpretations can offer an alternative way of viewing the hierarchies of power his work portrays on both a sexual and political level. This volume is consequently of interest to those interested in gender studies and sexual politics, and offers a way of appreciating writing that might otherwise appear dated and embarrassingly sexist and colonialist in content to twenty-first century readers. Few authors have led lives as interesting as that enjoyed by French novelist and travel writer Pierre Loti (1850–1923)—and still fewer have worked so hard to make their lives appear even more romantic than they already were. As a career officer in the French navy, Loti participated in expeditions that took him to locales which even today seem exotic, giving rise to four decades of novels, travelogues, and autobiographical narratives, some of which went through hundreds of editions in France and were translated into dozens of languages. And as Richard M. Berrong reveals in this colorful biography, the extravagances of Loti's often very public private life were as interesting as his art.

With Loti's financial and artistic success came notoriety, which he delighted in enhancing by staging elaborate costume balls—to which (as one does) he invited the photographic press. The artistically inclined royalty of his day, including Princess Alice of Monaco and Queen Elizabeth of Rumania, sought him out as confidant. Sarah Bernhardt had him write plays for her. And although his parties and hobnobbing with titled nobility hurt his standing as a serious author in his later years, they can do nothing to diminish the legacy of an artist whom Henry James hailed as a “remarkable genius,” “the companion, beyond all others, of my own selection,” and whose writing led Willa Cather to confess “she would swoon with joy if anyone saw traces of Loti in her work.”

The purpose of this study was to examine Levels of Technology Implementation (LoTi) teacher self-ratings and Texas Assessment of Knowledge and Skills (TAKS) scores. The study assessed the relationship between LoTi ratings and TAKS scores of 3rd, 4th, and 5th grade students as reported in student records at Alamo Heights Independent School District (AHISD), San Antonio, Texas. The study determined

the degree to which teacher LoTi ratings were a predictor of success on TAKS exam scores as reported in student records at Alamo Heights Independent School District, San Antonio, Texas. In addition, the study determined whether a teacher's LoTi scores impacted students' achievement levels for the variable of socioeconomic status. School and student performance analysis included only Cambridge and Woodridge Elementary Schools in the Alamo Heights Independent School District. The student data in the study came from approximately 278 3rd graders, 268 4th graders, and 283 5th graders (829 total students). A total of 47 3rd, 4th, and 5th grade reading and math teachers from the two elementary campuses made up the population under study. The research findings of this study included: 1. There was no significant relationship at the elementary level between teacher LoTi ratings and TAKS scores for reading and math for grades 3, 4, 5 students. 2. The grade 4 reading analysis results demonstrate that teachers with a higher LoTi level do impact student achievement on the TAKS test

for students who are in the economically disadvantaged subpopulation. The following recommendations were made: 1. Additional research is needed to examine how technology is specifically implemented in both reading and math classrooms at the elementary level. 2. Additional research is needed to examine how staff development on the LoTi instrument affected classroom practice and teacher responses on the LoTi survey. 3. Continued support is needed to provide teachers with professional development regarding the integration of technology as a teaching tool and repeat the research procedures after this initial year of using the LoTi instrument.

This early, extensively illustrated work is a fascinating novel of the period and still an interesting read today. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Gary Leupp describes and analyzes intimate relationships between Western men and Japanese women throughout the entire early modern period and into the first few decades of the modern period, when Westerners came to reside in the Treaty Ports. This subject has been largely overlooked by Western scholars, until now.

**Between Two Opinions, Or The Romance of a Spahi, by Pierre Loti [pseud]
Western Men and Japanese Women, 1543-1900**

This text traces Pierre Loti's work from the miniature theatre of his childhood to the large stage productions of his later life. It includes an introduction focusing on the development in the French theatre around 1890. Following chapters with full notes deal with each of his plays in turn.

Eccentric! Decadent! The words pale when applied to Pierre Loti, the pseudonym of Julien Viaud, 1850-1923. Artist, naval officer, consort of countesses, & well-published author, his excesses & experimentation mirror those of such Decadent contemporaries as Rimbaud & Verlaine. First published in 1895 & finally available in English, THE DESERT has gone through dozens of French editions. Loti's book is the diary of a journey on camelback through the Sinai. He describes in detail the various sheikhs he encounters & the set up of the caravan, all crafted in poetic prose of gripping beauty. Loti's preface hints at the reason behind the journey; in an attempt to bolster his flagging faith, he chose to visit the desert Holy Land. Suffering (as he saw it) would prepare his soul for an awakened faith. Yet despite the perils of the open desert, the relative luxury of the trip is evident. This

The Legendary Romantic

Impressions by Pierre Loti

(Rarahu)

This volume consists of a lengthy introduction by Henry James and his selection of Loti's writings. The work is a gem of literary criticism and re-creates James's experience of surrendering to Loti's prose.

The definitive biography of the eccentric bisexual naval officer, traveller, amateur acrobat, and best-selling novelist who was given a state funeral in 1923, the only French writer to have received such an honour other than Victor Hugo. Pierre Loti (born Julien Viaud in 1850) was himself his own fictional creation and lived his picaresque fantasies instead of just imagining them. Everything he wrote, novels included, is partly autobiographical. He had a powerful influence on Marcel Proust and Henry James. Bohemian, exotic and fiercely romantic; adored and scorned by French society in equal measure, Loti spent his life escaping the constraints of bourgeois France — and in so doing redefined his age. He

travelled the South Seas, Asia and the Middle East (his great obsession) and loved with intense passion and freedom wherever he went. One of the first foreign correspondents, Loti ' s published work includes travel books and war reports from Indochina, Turkey, and China during the Boxer rebellion. Today, his house in Rochefort is a museum. One elaborately tiled room is a fantasia of a mosque. Another room evokes a medieval banqueting hall. NEW YORK REVIEW OF BOOKS “ Part Casanova, part René, and part Baron Müunchhausen [Loti got] out of scrapes and away with behaviour that would normally lead to disaster, disgrace, even death – as in the case of the Turkish lady whom he abducted from her husband ' s harem night after night and sometimes for days on end. This adventure forms the subject of his anonymously published novel, *Aziyadé* (1877). ”
