“Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed

In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family

Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same

He analyses difficulty rather than ignoring it, marrying his own academic understanding with real sensitivity to the pupils' reactions, and providing practical solutions. - Trevor Wright, Senior Lecturer in Secondary English, University of Worcester, and author of 'How to be a Brilliant English Teacher', also by Routledge. Providing a practical and critical discussion of the ways in which Shakespeare's plays present problems to the young reader, the book considers how these difficulties might be overcome. It provides guidance on: confronting language difficulties, including 'old words', meaning, grammar, rhetoric and allusion; reading the plays as scripts for performance at Key Stage 3 and beyond; using conversation analysis in helping to read and teach Shakespeare; reading the plays in contextual, interpretive and linguistic frameworks required by examinations at GCSE and A Level. At once practical and principled, analytical and
