To succeed today in email fundraising, you need to do more than just email your donors. You need to tell a compelling story that moves the reader emotionally to give. Raise More Money with Email will equip you to do just that. In this book, Jeremy shows you how to: Understand the elements of what goes into an email appeal Write an effective email appeal Create a repeatable process for producing high quality nonprofit fundraising campaigns Generate more email addresses for your fundraising Build a nonprofit email marketing program that gets results You may be creating your first nonprofit fundraising email campaign, or perhaps you want to learn more so that your next effort generates improved results. Either way, this book will help you write more effective appeals that get results. This book will help your NGO get more results from your email marketing program. What Others Say About Raise More Money with Email Jeremy Reis brilliantly reveals the secret to crafting an email appeal that inspires response. Breaking down each component and presenting clear examples, he delivers exactly what you and your marketing team need to know. Understand this type of appeal in the context of other activities. Learn about how to measure results and genuinely thank all those who respond. You need to buy the book and apply these proven best practices immediately! - Tami Heim, President & CEO, Christian Leadership Alliance It has been my privilege to work with Jeremy for quite a few years.

We, at BBS, do respect Jeremy's high degree of professionalism and ability. Jeremy is unusual not just in his skills and perspective, but his willingness to keep his focus on his responses and relationships clear - not overwhelmed by fancy graphics or catering only to one generation. In this practical easy-to-use book, Jeremy will teach you how to write and work for response - he will help you communicate missionally with your donors and new friends while maximizing the bottom line. - Dale Berkey, President, BBS & Associates

Jeremy's new book, *Raise More Money with Email: Activate Digital Giving at Your Nonprofit*, is a must read for any nonprofit leader seeking to find that digital stream of revenue that has escaped them to this point. I can highly recommend this book. His ideas around the importance of email to fundraising, urgency and the key to keeping the donor as the hero and at the center of the story will empower the reader to lift their response rates immediately. - Timothy L. Smith, former CDO, Museum of the Bible

This book is gold; full of real-world insights and actionable items that is sure to give any non-profit the tools and resources needed to effectively use email to fundraise. - Kyle Chowning, Full Cycle Marketing

Jeremy Reis provides important information in email marketing trends and practical, easily implemented steps for the understaffed nonprofit marketer. He builds his case for why his methods work and then gives checklists and step-by-step directions to create effective campaigns. I plan to use his book to train staff and as a working reference to keep on track with creating well-performing email campaigns. - Renee Targos, Nonprofit Marketing Director

known Jeremy to be relentless in his pursuit of understanding the methodologies of communicating to various audiences. This work has nuggets that can take many ministries into a new platforms of development, measurement and growth. I can endorse Raise More Money with Email without reservation and hesitation. I encourage all those engaged in the work we call ministry to engage with these concepts as positive change will be the result. - Ossie Mills, VP of Communications and Marketing, ORU

Practice exercises for the Language Book activities, intended for homework or quiet class time. Practice Book pages should be done when the corresponding page in the Language Book has been finished. If time allows teachers may like to go through some or all of the exercises orally before children work independently.

Dedicated to creating effective communicators through a careful balance of grammar and writing, this series helps students obtain the skills instrumental to personal expression.

Follows Elsie Sherman as she finally acts on the crush she's had on her brother's best friend since she was a little girl.

This popular book examines the growing diversity in schools in a constructive, empowering manner. The authors identify various forms of cultural diversity and suggest ways that teachers can build inclusive classroom environments. Each of the 7 topical chapters deals with a different form of diversity in school: a) racial/ethnic, b) religious, c) ability, d) socioeconomic class, e) linguistic, f) gender diversity, and g) activities. Ways for enabling students to discard existing stereotypes and actively question and reject attitudes and actions not congruent with a pluralistic society are suggested.

Nonprofit fundraising leader Jeremy Reis shines the light on the barriers nonprofits face attracting and retaining donors, volunteers, and staff. In this book, you'll learn what separates declining nonprofits from extraordinary ones.

Grandad Mandela

A textbook of power plant engineering

"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad - the

global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

A pocket-sized book that is designed as a quick reference for the drugs most commonly used in dental practice. It includes practical, practice-oriented suggestions made by dental professionals and a section on prescription writing and prescription requirements. It also covers specific medical situations and the appropriate medications to be used.

This book consists of 13 papers developed by participants in the ICME 13 Topic Study Group 40 on Classroom Assessment. The individual papers discuss various aspects of classroom assessment, focusing particularly on formative assessment as

assessment for learning, and are grouped into four main sections: Examples of Classroom Assessment in Action, Technology as a Tool for Classroom Assessment, Statistical Models for Formative Assessment, and Engaging Teachers in Formative Assessment. The book opens with a brief discussion of the use of formative assessment as a critical component of the teaching-learning process and concludes with an overview of lessons learned and ideas for future research. It is of interest to classroom teachers, university teacher educators, professional development providers and school supervisors.

Honeyball and Bowers' Textbook on Employment Law is an approach to employment law with strong critical analysis whilst placing it in its wider contexts, in a concise and user-friendly format. Fully updated to

take into account the recent significant developments in this area, including the Equality Act 2010, the key topics on most employment law courses are addressed in detail. An extremely clear writing style allows this text to remain accessible and student-focussed, while providing detailed explanations and analysis of the law. The text also includes diagrams and chapter summaries throughout to aid student understanding, while further reading suggestions assist with essaypreparation and research. Setting employment law in context, this book considers both industrial and collective issues as well as examining the increasing role of the EU in UK employment law. A separate chapter on human rights also enables students to understand the role human rights legislation plays in the development of employment law. This book also contains cross referencing to Painter & Holmes' Cases & Materials on Employment Law, ensuring that these two texts continue to complement one another and provide the perfect combination of textbook analysis and the most up-to-date cases and materials. This text is accompanied by a free Online Resource Centre (www.oxfordtextbooks.co.uk/orc/honeyball12e/) which contains

updates to the law and useful weblinks.

Helps students prepare and practise for their school-leaving exams and equips them with lifelong learning and study skills. "Love is an emotion that will destroy you if you let it. It can ruin your life or create a new one. Jealousy isn't much different." Jennifer Downs treads in dangerous waters. Finnley Felton is unaware. With the help of Lady Luck, they will make it through. Or will they? Texas is nothing compared to Vegas but among the bright lights and busy streets, Jennifer discovers who she is. Her life has changed, and for better or worse, she continues to live like tomorrow will never come. Sabotage. Hatred. Betrayal.

Although love is beautiful and kind, it comes with consequences. Jennifer finds herself fighting. Fighting for her rights, for love, for Finnley, and for her life. Hearts may be broken. Lives will change. But the ultimate question remains: can love win all?

Past Simple: Learning English through History Past Simple is a fascinating introduction to British history and culture, designed to improve the language skills of adult learners of English but suitable also for use in sixth-forms and FE colleges in Britain. The authors, both practising teachers, succeed in delivering a wealth of historical facts and improving students' language and critical thinking skills all in an engaging, entertaining and often humorous way. Past Simple comprises 22 chapters, 12 on key episodes or periods of British history (such as the First World War), 10 on significant themes (imperialism, the growth of democracy, etc.) that run through the story of these islands. Each chapter is based around a central reading text, followed by comprehension and critical thinking exercises, additional primary source material and a focus on relevant language points. There is a clear emphasis on skills development and follow-up extension tasks to encourage Internet and library research. [Click here for the Past Simple answer sheets.](#)

Prepared in conjunction with the Center for the Study of Mathematics Curriculum and with support from the National Science Foundation, Perspectives on the Design and Development of School Mathematics Curricula offers multiple perspectives on the design and development of Standards-based curricula by fifteen comprehensive curriculum development projects. The book represents more than fifteen years of work on the part of teams of mathematics curriculum developers in designing, developing, testing and revising innovative curriculum materials for grades K – 12. The curricula that evolved out of these projects represent an approach to mathematics teaching and learning that is qualitatively different from conventional practise in content, priorities, organisation and approaches. The insight in this volume provides invaluable guidance to current and future curriculum developers and curriculum users.

This introductory text provides readers with a robust understanding of tourism and its industries, including how destinations are developed, marketed and managed, and how tourism impacts communities, environments and economies. The authors discuss the critical issues affecting 21st century tourism, such as sustainability, the climate crisis, globalisation, community, technology, the environment and the sharing economy. The text has been fully updated in light of the Covid-19 pandemic and its notable, and in some cases lasting, impacts on the tourism industry. The text features new mini-case studies (snapshots) and international case studies from countries

around the globe including USA, Saudi Arabia, India, China, New Zealand, Australia, Namibia and the UK. It discusses the latest trends in transport, hospitality, attractions and the travel trade and includes examples from major tourism companies including Trip.com, TUI and Airbnb. The book is suitable for students who are starting their tourism studies as part of their college or university education. Clare Inkson is a Senior Lecturer in Tourism and Course Leader of BA Tourism with Business at the University of Westminster, London. Perspectives on the Design and Development of School Mathematics Curricula

Perspectives from Around the Globe

Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology,

biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing. All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course.

Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.

Can a company be cool, socially responsible ... and still make money? Welcome to the looptail. This is the extraordinary true story of Bruce Poon Tip and how, with nothing more than two credit cards and a burning desire to create an authentic, sustainable travel experience like nothing the world had ever seen, he created G Adventures, the world's most successful adventure travel company. G Adventures operates in more than 100 countries, on all seven continents, serves more than 100,000 customers every year - and is now a significant player in Australia. In this unique first-person account, Poon Tip reveals his unusual management secrets that allowed him to keep growing his company, his employees fully engaged and energised, and his customers extremely happy. This is a singularly stunning story of why community, culture and karma matter in business, and how one man's desire to do the right thing and generate profits can be blended into a win-win for all involved. In this special Australian edition, Bruce Poon

Tip writes about the unique experiences and lessons learned which have fuelled the growth of his Australian business, and also about how Australia really could be better at presenting itself to the world's travellers. www.gadventures.com.au
