The Cosmic Doctrine is a condensed blueprint outline of God's manifestation in this creation. Complex indeed! But what has tended to bother some about the Cosmic Doctrine teaching has been the almost total emphasis in explaining evolution simply as being the psychic nuts and bolts of God. Leaving one with the impression that God may be reduced from a Great and Infinite Being to a kind of mechanical Newtonian clockwork. However there is much more to it than that. The higher up the planes you go, although esoteric theory tends to describe it as all more abstract, in actual fact things become so much more complex, vibrant, vivid, bursting, and brimming with life in incredible profusion. It is another form of experience however. The broadest, though simple, analogy would be to liken the existence on the higher levels as something after the order of a Bach fugue - which could indeed seem to some a rather dry abstraction, but which to the attuned and educated ear is a revelation of divinity, harmony and celestial order. *We "live" on the solidified edges of the astral/spirit world. A sea of personified forces. Anything, and I mean literally anything is possible. The bye-goners spoke of a world without psychic boundaries. It is time to prepare for life in this new world where 'the self enlightened will seek, and find a direct access to the awesome powers of the amplified will, and others will have only ignorance and superstition to misguide them. This book answers questions about one of the most secret and patently misunderstood occult (hidden) instruments of magick, the so-called magick wand. Many of the old school occult/metaphysical teachers could not or would not, for obvious reasons, reveal and teach the truth about this powerful, liberating and yes, potentially "dangerous" esoteric/scientific instrument. This book reveals, matter of factly, what you need to know to accomplish the seemingly miraculous effects attributed not only to the "black and white" magicians of myth and legend, but successful men and women of modern times: the manipulation of volatile elemental strata, lightning, rain, touching, manipulating and influencing others from a distance. Self healing, and uniquely original ways to attract and influence the living energies of wealth and prosperity. You can also protect yourself from psychic intrusion and manipulation with aggressive psychic self defense. The religious conglomerate will never openly admit to the possibility of man "even as a sinner" to vibrantly petition "the cosmic knowable" for a specific transcendental "cosmic feedback". With passion, magicians license, and an easy to assemble, universal psionic wand, you can consciously interact with the quantum ethereal and hyperspace realms and literally "broadcast" outwards to God itself. You won't need priests and other superfluous middlemen to reach for and touch the ultimate reality. This is a profusely illustrated ultimate how-to manual and guide for the making, charging and using of hand-held metaphysical power tools: the simple wands, the universal wand of power, and the revolutionary money-tine wands © in particular. These unique tools, and others will allow you to successfully navigate the etheric energy streams at the edges of our "physical" reality. The very real and powerful tides, and streams that ebb and flow to and from the source of all things created, imagined and spoken into existence, "the sea of personified forces". The definition of this magick is now: "the art and science of causing changes to occur in conformity with*

Once upon a time the practice of storytelling was about collecting interesting stories about the past, and converting them into soundbite pitches. Now it is more about foretelling the ways the future is approaching the present, prompting a re-storying of the past. Storytelling has progressed and is about a diversity of voices, not just one teller of one past; it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present. With the changes in storytelling practices and theory there is a growing need to look at new and different methodologies. Within this exciting new book, David M. Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future. This, after all, is where management practice concentrates its storytelling, while much of the theory and method work is all about how the past might recur in the future. Storytelling Organizational Practices takes the reader on a journey: from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompts a re-storying of the past.

**A Book of Shadows** is a book containing religious texts and instructions for magical rituals found within the Neo-pagan

religion of Wicca. The first Book of Shadows was created by Gerald B. Gardner, (an author as well as an amateur archaeologist and anthropologist), in the late 1940's or early 1950's, which he used in his Bricket Wood coven and then in later covens which he founded. The concept was adopted by other traditions. The current Book of Shadows is a compilation of manuscripts found in his museum after his death.

Is everything that goes on in your mind really you? Perhaps not, says Australian psychic researcher Robert Bruce. Drawing on more than two decades of firsthand research and experience, Bruce reports that our minds are subject to influences from many unseen spiritual sources. Some of these can influence how we think, feel, act, and even how our bodies function. They can make us unhappy, irritable, confused, sick, unstable, even crazy. This is why we need practical tools and countermeasures for psychic self-defense, all of which Bruce provides. This is the ultimate guide to combating the influences of earthbound spirits, deranged ghosts, astral snakes and spiders, demonic spirits, and poltergeists. This is a highly anecdotal and comprehensive practical guide to the dark side of the psychic universe.

What is the relationship between democracy and critical thinking? What must a citizen in a democracy know to make the word democracy meaningful? In *A Short Course in Intellectual Self-Defense*, historian and educator Normand Baillargeon provides readers with the tools to see through the spin and jargon of everyday politics and news reporting in order to decide for themselves what is at stake and how to ask the necessary questions to protect themselves from the manipulations of the government and the media. Whether the issue be the call to what we're told will be a bloodless war, the "debate" around Intelligent Design, or the meaning of a military expenditure, Baillargeon teaches readers to evaluate information and sort fact from official and media spin.

For a moment, imagine being totally free of any constraints. You can visit any point in time, any point in space. And imagine that you can do this easily, anytime you want. Many people thought that Witches could do this by riding on a broom. The broom ride was only symbolic, but Witches do know how to travel on the astral plane. So who better than a Wiccan to explain how you can travel just like a Witch? Author D. J. Conway will teach you how to visit the astral plane and more in *Flying Without a Broom*. In this book you will learn that astral travel is natural. You do it whenever you sleep. You will learn how to meditate, and then astral travel from within the meditative state. It's fun and easy. But what really sets this book apart is that it shows you many of the amazing things you can do while on the astral plane. You will learn how to do astral healing of others. You will discover how to let other people see your astral body (bi-location). You will be able to choose any time and any place to visit: the oracle at Delphi, the Mystery School at Dodona, the Acropolis at Athens— with this experience you can deepen your own spirituality. The book also tells you how to do magick while on the astral plane. Several rituals are described, including rituals for success, divination, spiritual growth and more. You will

also discover that you are not alone on the astral plane. You will meet other travelers and other entities. Some of them you may not like, so the book gives you ways to defend yourself against them. If you want to learn astral projection from a Wiccan viewpoint, this is the book for you.

*So... you want to live forever? This book can show you how! It was 1994 when we went to see Interview With the Vampire, which turned out to be a major catalyst in my life, awakening the awareness that I was a mortal who was going to die if I didn't do something. But what to do? While I would love to say I went looking for Lestat & found him, that would be a pleasant fantasy. What I did was to open to the realm of all possibility, asking questions which are crucial to any spiritual journey. It begins with "Who are you?" It's impossible to describe the spiritual longing I experienced as the deeper insights from Interview With the Vampire began to haunt me. It wasn't an obsession with the movie. It was an inescapable fascination with the darker truths which forced me to question the very reality in which I lived, until I eventually came to see that the world is nothing like we've been taught to believe. Believe what you will. Tell yourself this is all only a writer's fantasy if it will make you sleep better. The simple truth is that we began to receive letters on the computer in my home. Letters from an immortal. The letters were not just beautiful seductions. They were teachings, outlining a systematic undoing of the belief systems which hold us prisoner to the consensual mortal world - the dayshine world. Over a period of years, we were instructed via these letters as well as through gnosis-channelings. What we were being taught was the process of evolution from mortal to immortal, the transmutation of human to other-than-human. Our own mind*

*creates reality, but the hardest part is undoing the programming that tells us we are impotent children in meat suits at the whim of some cloud-bound deity. The hardest part is giving ourselves permission to explore outside of the matrix, past the confines of Plato's cave. What we were being taught, ultimately, was how to nurture, create, & manifest our immortal twin, the eternal other, the shaman's double. There are dozens of names for it, but it all comes down to this: we have within ourselves the ability to be anything we choose - including immortal, eternal & infinite. This revised second edition includes excerpts from The Darker Teachings, which pick up where The Matrix leaves off. Intense instruction from the author assists the seeker in transcending the limitations which are really only obstacles in the mind. You are becoming YOURSELF! You are taking upon yourself the power to Be the immortal spirit which has been whispering in your ear for longer than you can remember. TWO REVIEWS FROM THE FIRST EDITION 5.0 out of 5 stars Where the night never ends., April 15, 2012 By Donald Anderson (SAN ANTONIO, TEXAS, US) This book can be very informative to some and nothing but babble to the closed minded. To venture outside of the box is always full of new situations to look at. To keep one's self open is to explore where the "program" won't affect you. Have you ever felt as if you did not belong? Read this book and open to it's message. \* 5.0 out of 5 stars My book of life., October 15, 2011 By Sam Bleuel (Rio Rancho, New Mexico) This is the best book I've EVER read! I'm not much of a reader, but I bought the kindle edition of this and couldn't be happier. Though some of what it says I've thought myself, it contains a lot of interesting, new, and useful information. It's scary how true this book is, most people could not fathom it. Basically, I live by this book. It explains my thinking in every way possible and more. I've suggested this book to SO many people! I also love that on the actual site of this book, you can talk to the author and ask questions. He is very intelligent and knowledgeable. Anything is possible, we hold ourselves back from living/evolving to our true potential. That's something to remember! This book is the best of its kind and the most realistic.*

***This life-changing book goes far beyond simple “money magic.” This is a tome of true financial sorcery that will show you how to ensure success no matter what life throws at you. Financial Sorcery will give you the step-by-step instructions on how to improve your fiscal situation. You will learn how to: Stop using magic to fix emergency problems and start using it to build your dream life. Use times of economic uncertainty to create new opportunities rather than cause problems. Work joyfully with money as part of your spiritual discipline rather than as a necessary evil. Make offerings to help increase the flow of prosperity around you. Ditch old concepts and retrain your mind to make money in today’s world. Use the interplay of macro- and micro-enchantment to find jobs and get promoted. Deploy strategic sorcery to kill your debt. Create secondary income streams that will ensure continued revenue.***

***This book is about real magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. The Sorcerer's Secrets is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, The Sorcerer's Secrets is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to: Attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings, into magickal intelligence-gathering. Influence the minds of other people. Work most effectively on behalf of others. The Sorcerer's Secrets will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.***

*The New Hermetics is a powerful spiritual technology of the mind. It is a course of study and practice that teaches the science of illumination and the ability to alter reality. The ancient Egyptian form of Hermetic philosophy was that the mind shapes reality. The New Hermetics extends that philosophy – the universe is a great mind or consciousness, and we are a part of that consciousness; therefore by learning to control the mind, we learn to control our part of the universe. With updated versions of the ancient Rosicrucian brotherhood's 10 levels of initiation, combined with ancient and modern mind-expanding techniques such as visualization and NLP (neuro-linguistic programming), The New Hermetics progressively gives initiates power over their minds and world. Practicing these elements simultaneously makes it possible to undergo initiation into the mysteries of consciousness in a fraction of the time it was ever before possible. The course offered in the book lets practitioners master their minds in such a way that they will be able to achieve anything and everything they want in life, spiritually and physically. The New Hermetics offers 10 levels of instruction to control the mind and control reality: Level 1–The Initiate teaches mastery over behavior and visualization in the Ether. Level 2–The Zealot bestows mastery over emotions, breathing, and Etheric energy. Level 3–The Practitioner gives mastery over mind, beliefs, and the ability to project Etheric energy. Level 4–The Philosopher masters creativity, values, and the ability to direct Etheric energy. Level 5–The Adept develops relationship with cosmic consciousness. Level 6–The Advanced Adept offers the power to direct the forces of cosmic consciousness. Level 7–The Perfect Adept gives wisdom and the ability to share these forces with others. Level 8–The Master bestows mastery of cosmic consciousness. Level 9–The Mage gains mastery of universal power. Level 10–The Ultimate Master*

*obtains mastery over the universal self. The New Hermetics is a powerful course of instruction that can help anyone master themselves to rule their world.*

*When we lie awake at night listening to mysterious sounds, we imagine all the things that could be making those strange noises. The rumbling is the sound of the refrigerator; the knocking is from the old furnace; the creaking is nothing more than the house settling...isn't it? Although the modern world has denied the existence of things that go bump in the night and has taught us that the occult couldn't possibly exist, we know there are things that science has yet to explain. Defense Against the Dark introduces the reader to many of those unsavory magickal creatures and occult happenings that exist outside of fairytales. Our ancestors knew these threats were real, and took precautions to protect themselves from whatever evil was lurking in the shadows. Defense Against the Dark will teach you: Common lore and mythology of predatory entities such as goblins, vampires, imps, and ghosts How to identify malevolent spirits and understand how curses actually work How to master different protection methods, including shielding, banishing, and hex breaking Easy, concrete methods for protecting yourself in everyday situations*
